WAR ON NEGRO

TRUTH: For 323 years a war of prejudice, discrimination, lynching and abuses has been waged against us. I began to fight this battle wren I discovered that I was a 'made fool.' Mark you, not a fool but a 'made one', like many intellectuls.

Thinking people are asking: What are we—Negroes, colored People or what? What is a NEGRO? No educator has ever given a satisfactory answer. They haven't the courage. The truth has never been told. Why is NEGRO the most disputed name? Because the truth is not known. Truth is The Basis of Education. I went to a university: spent 5 years in law school in Boston, became counsellor in public schools. Worked in educational sociology at New York University.

After 15 years' investigation, study and research, I found the facts, the History, the truth about the race.

With my discovery, I made money, and gained world respect.

It can do the same for you. I have compiled it in the great book: "HUMAN SIDE OF PEOPLE." 399 pages, 84 pictures by myself. Raphael P. Powell. The demand for this book by thousands proves that it shows the way to success and is helping to win the war against race prejudice. Price $3. Send orders to: PHILEMON CO., 224 West 135th St., New York City. GUARANTEED: The only book which gives the TRUTH about our race.

BROTHER RE-ENACTS LENZA SMITH KILLING!

RE-ENACTMENT of the pursuit which led up to the shooting of defense worker Lenza Smith in the above house, 852 East 52nd place, shows the dead man's brother, William Smith, demonstrating how Lenza fled plainclothes Officer Paul Van DeBogart Sunday afternoon, May 23. Only eye-witness to this action saw Officer Van DeBogart draw his gun while still in the street, as photo above reveals.

FIRST BULLET WAS IN SMITH'S BACK!

by c. a. b.

It has come to my attention that some of our good Republicans,—for the sake of clarity, those of the Herbert Hoover band,—object to the showing of "Mission to Moscow." In fact, this mob has influenced the Republican National Committee to issue a statement condemning the picture in terms of high moral indignation.

The attitude of these Republicans reminds me of Pharoah in that ancient period of history when the Children of Israel were held in bondage.

History records that even after Egypt had been visited by seven plagues, Pharoah refused to release God's chosen from bondage.

God then commissioned Moses to go down in Egypt land and tell Pharoah "to let my children go."

I have seen the play, "Mission to Moscow." I have read carefully Willkie's book, "One World." I consider both reports on Russia and China true, accurate and impartial.

The history, background and traditions of the Republican party are all hypothetical on freedom for all.

The doctrine of freedom is easy enough preached. It only becomes difficult afterward. It seems to me that freedom of speech, freedom of press and freedom of worship are things for which to hope.

In his address at the World Christianity meeting of the Presbyterian General Assembly May 31, Wendell Willkie said, "One of the effects of the strug-

Dorsey High Principal Wants No 'Zoot Suits'

"I don't want any of that low zoot suit stuff from the Eastside on this campus!"

That's Principal G. M. Montgomery, of Dorsey High School recently addressing an auditorium full of young Americans supposedly in the process of being taught "the democratic life."

At the protest of Dorsey High school students, the Junior Council of the National Association for the Advancement of Colored People last Friday night adopted plans to organize a delegation of campus youth and community figures to call upon Montgomery to challenge his statements smearing zoot suits and the Eastside.

Recognizing the daily press campaign against zoot suits as a part of a drive to stigmatize minorities with whom the long-coated garb is popular, the Council issued a sharp statement denouncing the Dorsey principal's derogatory reference to the "zoot suits from the Eastside" and charged that this was an open attempt to attack Negro students of the school.

It was only prompt acting of Dorsey mothers and the Negro community at large which prevented exclusion of Negro students from the palatial new school.

FIERY MEET

At an enthusiastic youth session Friday night, a three point program to combat the "zoot suit" smear of minority youth was adopted by the Council.

Eye-Witness Refutes Policeman's Testimony

Two black facts jutted sternly out of the whitewash of the killing of 36-year-old Negro defense worker Lenza Smith by officer Paul Van DeBogart today and tore gaping holes in the "justifiable homicide" verdict of a coroner's inquest held Friday morning at the Hall of Justice.

1—A California EAGLE reporter secured statements from the only eye-witness of the altercation between Smith and Van DeBogart which directly refutes the policeman's testimony under oath in the coroner's court.

2—The County Coroner testified Friday that the first bullet to crash into Lenza Smith's body ENTERED HIS BACK!

Regardless of the coroner's inquest cover-up, it was authoritatively reported today that county grand jury investigators have launched an all-out probe of the case. It is believed that grand jury representatives attended a vast gathering called together at Independent Church of Christ Sunday to protest police brutality in the arrest of citizens following the shooting of Lenza Smith.

The Negro defense worker was killed Sunday, May 23, in a house at 852 East 52nd place by Officer Paul Van DeBogart following an auto mishap in which Smith's car grazed a police vehicle, which was parked in the illegal red zone close to the corner of 52nd place and McKinley avenue.

After Smith had been shot four times and rushed to Georgia Street Receiving hospital, a crowd gathered around the East 52nd place residence in which Van DeBogart hid pending the arrival of police reserves. Police charge that irate citizens here approached riot stage.

Three Negroes were arrested and jailed for "inciting a riot."

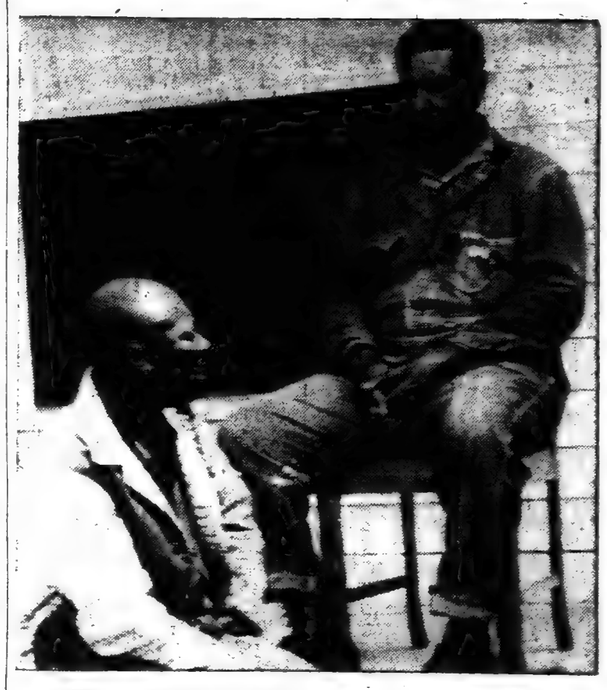
Congress In Tribute To Barclay



WASHINGTON, June 3.—Edwin Barclay, president of the Liberian republic, grandson of American slaves, last week became the first Negro in history to appear before the U. S. Congress and be officially introduced from its rostroms.

The Senate and House, in connection with his visit here, welcomed the chief executive of the little West African country founded in 1822 by American Freedmen. He is repaying the call which President Roosevelt made to Liberia last January after his Casablanca conference with Prime Minister Winston Churchill.

He arrived at the Senate chamber first and was escorted to the rostrom by four Senators—Lister Hill (D., Ala.), Charles L. Mc-

ONLY EYE-WITNESS

ONLY KNOWN EYE-WITNESS of the entire altercation between Officer Paul Van DeBogart and Lenza Smith which occurred outside the house at 852 East 52nd place, Sunday, May 23, is George Mills, seated above in the spot on his porch from which he saw the policeman pull his gun while Smith ran into the death house.

William Smith, brother of Lenza, discusses the tragedy with Mills.

Mills was unearthed by EAGLE reporters.

Mass Meet Charges Attempt To 'Goad' Riot!

The trade union movement, both CIO and AFL, and our city's Mexican populace rallied to the cause of the Negro community this week as a unified demand for grand jury investigation of the police slaying of a Negro defense worker, Lenza Smith, was raised Sunday before 1,500 determined Negro and white citizens Sunday at a mass meet at Independent Church of Christ.

Speakers, left to right, Atty. Thomas L. Griffith, NAACP prexy; William Harrison, world war veteran beaten by Newton Street police following his arrest on an "inciting riot" charge after the Smith killing; a view of one section of the huge audience on hand Sunday; State President of the CIO Phil Connelly and seated in same photo, Joe Marty, of the Mexican Defense Committee; and Norman O. Houston, militant executive of the Golden State Mutual Life Insurance Company.

Fifteen hundred citizens gathered Sunday in mass meeting at Independent Church of Christ stormed their approval of a demand for full grand jury investigation of the police shooting of Negro defense worker Lenza Smith and accused "fascists, disrupters and appeasers" for brewing "a deliberate effort to goad the Negro and Mexican people into rioting and bloodshed" here.

Called by the National Association for the Advancement of Colored People and the Negro Victory Committee, the meet also called for grand jury action against a Newton Street officer who beat one of three Negroes arrested for "inciting riot" after the Smith killing.

Charging that powerful interests in Los Angeles are desperately attempting to provoke a mass race clash in the city through piling grievance after grievance upon the Negro and Mexican community, on the one hand, and through smearing Mexicans and Negroes as "zoot suit killers" on the other, the gathering went on record with the resounding statement, "There will be no riot in this community to divide and disrupt the war effort which must carry weapons to the black and white soldiers who offer blood sacrifices on every continent of the world."

The riot-baiters of metropolitan papers and large industries here, it was charged, wish a racial outburst to camouflage a wholesale importation of Southern restrictions and segregation against the Negro and Mexican people.

NO RIOT—PLENTY ACTION

Aware of the disastrous affects of a provoked riot, the Negro community closed ranks Sunday in a spectacular demonstration of unity in its demand for action against police brutality on the Eastside.

With the NAACP and the Negro Victory Committee, the California EAGLE and the Neighborhood News, the CIO and the AFL, the Mexican Defense Committee and scores of white workers on hand to pledge unified action to head off disruptive police brutality and to strike at underlying causes of racial unless, discrimination in the defense industries and deplorable Eastside housing conditions, the gathering witnessed an historic coalition of city-wide forces take shape.

State president of the CIO, Phil Connelly, was present, along with Frank Green, AFL Building Service Employees executive, and Joe Marty, representative of the Mexican Committee.

Salient points in the afternoon's fighting speeches are listed:

REV. CLAYTON D. RUSSELL, Chairman, Negro Victory Committee:

"We're here to unite. We are here to say there will be no riot on this Memorial Day to smear Old Glory.

"But we're here to say that this community will not tolerate police brutality. We're here to tell the officer who beat and cursed Deacon William Harrison that we don't need any "Reds" to tell us that white folks sometimes don't treat us right.

"All we have to do is to go down to the Los Angeles Railway Co., and apply for a job as a conductor!"

ATTY. THOMAS L. GRIFFITH, president, NAACP:

"The NAACP and the Negro Victory Committee stand solidly behind this fight.

"We cannot afford to permit such a thing to happen in our community without uniting all forces behind an effort to secure justice.

"Police on the Eastside must understand that we

DOUGLAS AIRCRAFT COMPANY BEGINS 'ADD-A WORKER' DRIVE

SANTA MONICA, Calif., May— the face of constantly keener mpetition for available war orkers, Douglas Aircraft com- ny today directed an urgent peal to its employes for help enlisting the services of their nemployed relatives and iends.

On other occasions during the ast year of great expansion the mpany has resorted to this ex- edient with considerable suc- ess, according to S. O. Porter, irector of personnel.

"In fact," says Porter, "we have ound our own people our most ffective recruiting agency in hese days of dwindling labor upply."

However, Douglas is also spending thousands of dollars monthly in classified and display newspaper columns, in radio, bill-board and all other forms of advertising, he declared.

Backing up the company's appeal to employes, plant newspapers yesterday carried details of an "Add-a-Worker" drive to be stimulated by substantial weekly war-bond awards for those bringing in bonafide applicants, plus a $500 monthly top prize in each factory.

Eligible for the thausands of jobs open are boys of 17, business and professional people on a part-time basis, men and women of all ages, Porter said.

No Co. Union —Randolph

NEW YORK CITY, May 28—The contest now being waged in the Sun Shipbuilding Yards is Chester, Pennsylvania, for the right of self-organization and collective bargaining without intimidation, coercion or interference by the workers is one that should secure the interest and attention of the Negro workers in this industry.

As between the efforts of the company union seeking the allegiance of the Negro workers and bona fide trade unions, wisdom and experience and sound race relations dictate that the Negroes vote with the bona fide trade union and against the company union, stated A. Philip Randolph, International President of the Brotherhood of Sleeping Car Porters.

People's Equality League is Sponsor of Benefit at Masonic Hall, 50th & Central

MRS. M. V. MILLER, President

A Fair Trial for Festus Coleman, San Francisco Negro who is in San Quentin Prison, is the purpose of which the People's Equality League will give a benefit at the Masonic Hall, 1050 East 50th Street at Central Avenue, Sunday, June 6. Proceeds from the dance will be given to the Coleman Defense Co-Ordinating Committee in San Ffancisco to build up the fund for carrying on the fight for Coleman's release.

Prince Hall Masons Holding Association has donated the spacious and beautiful Masonic Hall. Art Whiting and his Sixters will furnish the music for this dance. Guest artists for this occasion will be Ollie McDonald, dramatic tenor and June Harding, operatic soprano. Our theme dance song will be "Where Old Glory Waves the Red, White and Blue."

Co-operating in sponsoring the benefit dance is Civil Liberties of the "Improved Benevolent and Protective Order of Elks of the World" and the International Workers Order of Southern California.

Festus Coleman's imprisonment on a basis of prejudice and unfair trial procedure is one of the greatest travesties against free men's rights in the history of California. It is strongly suggested that for further information, all should write Coleman Defense Co-ordinating Committee, 83 Sixth Street, San Francisco, California.

Witness Refutes Testimony

(Continued from Page 1)

defense worker of 859 East 52nd place, found by an EAGLE reporter, was sitting on his front porch Sunday afternoon, May 23—just across the street from 852—when a police car pulled around the corner of 52nd place and McKinley avenue and parked in the red zone painted on a curb which fronts the duplex house divided into 850 and 852.

A car driven by Lenza Smith soon rounded the corner and grazed the police vehicle. Stopping, Smith alighted from his car.

Officer Van DeBogart grabbed him by the arm. Smith shook loose, according to Mills—aside from Van DeBogart the only eye-witness to this action—Smith said, "Turn me loose. I want to go get my money!"

Van DeBogart's coroner's court testimony held that Smith had said, "The hell with you, I am going to kill the guy that stole my $20.00."

At any rate, Smith eluded the officer's grasp and ran toward the house, Officer Van DeBogart in hot pursuit.

Mills states that **he saw Van DeBogart pulling out his gun as he ran toward the house.**

Smith entered the house, allegedly tearing open a screen door to gain entrance. When the first shot from Officer Van DeBogart's gun tore into his back, Smith was attempting to kick down the rear door of the house in an effort to escape.

Three more shots were fired in the house. Witnesses at the coroner's inquest testified that Smith grabbed at Van DeBogart's gun after the first shot.

Occupants of 852 were David Griffith, 36, its owner; Elizabeth Jackson, 4048½ Woodlawn avenue; Robert Merrill, of Hollywood; Robert Gooden, 323 East 42nd street; and another man, identified only as "Mex."

All these persons testified that they had not seen "the actual shooting." One dived out of a window, another behind an ice-box, and another stated she scurried under a bed.

Smith lurched out of 852 with four slugs in his body, Van DeBogart still pursuing. He attempted to beat his way into the adjoining apartment at 850, but, failing this, fell backward on the front lawn. He laid here until an ambulance removed him at the point of death.

NEAR RIOT DEVELOPS

Shocked at the story of the shooting, a large number of persons gathered around the corner of 52nd place and McKinley. Van DeBogart remained indoors rather than face the crowd.

Three Negroes were arrested for "inciting a riot."

One, William Harrison, 1832 East 115th street, a deacon at Calvary Baptist church, was beaten in the Newton street police station by an unidentified officer.

Others arrested were Chauncey Watson, 26, 859 East 52nd place, and Denard Earl Johnson, 469½ East 41st place.

WITNESSES DUMMY UP

Witnesses who were in the death house at the time of the shooting, where "a poker game and a crap game" had been in progress, dummied up before the coroner's inquest.

None of them testified that they had seen the actual shooting. All stated that Smith was "crazy drunk" and had said he wanted "to kill someone."

When asked why they were stricken with terror and jumped behind ice-boxes, under beds and out of windows, all replied, "I don't know."

GRAND JURY INVESTIGATES

Mednwhile, grand jury investigators are conducting an intensive investigation and the uncovering of sensational evidence not as yet revealed has been reported.

The coroner's inquest whitewash will not prevent a thorough probe by the grand jurors, reliable reports indicate.

VOICES COMMUNITY SENTIMENT

Solidly ringing the bell as a barometer of community sentiment, Atty. Thomas L. Griffith said yesterday, "We demand the fullest investigation in this case. I believe that there are many astonishing facts yet to come to light.

"We must make police officers understand that this community will not tolerate such practices."

Pacific Coast Sends Strong Delegation to Represent Dining Car Employees at Chicago Meeting May 26th, 27th and 28th

Responding to an urgent call from the Joint Council of Dining Car Employees at Chicago, Dining Car Locals on the Pacific Coast will be well represented at this important meeting. From the Union Pacific Local, No. 465, will be Regional Chairman John E. Hargrove, and District Secretary-Treasurer, F. Cunningham. From the Southern Pacific Local, No. 582 will be General Chairman James H. Anderson, President Thomas Rowlett and Treasurer Charles Rhodes. From Oakland, Local No. 456, will go President Clarence Brown and Vice-President Gallagher. The Joint Council is an over-all Organization for all Dining Car Employees and represents approximately 15,000 workers. Due to the War Emergency, many new problems have arisen with which the workers are confronted daily. According to Solon C. Bell, President of the Council, this promises to be the most important meeting in the History of the Joint Council. Representatives from all over the country have been urged to come and participate. All of the Los Angeles Delegates will be gone about twelve days, except General Chairman James H. Anderson who will proceed to Detroit where he will represent the Los Angeles Branch of the N. A. A. C. P. at the National Meeting which will convene in Detroit, June 3rd to the 6th.

Sea Food Situation Promising

Fish is becoming more plentiful at local markets this week and quality is better, although no one knows how long this condition will continue Local waters have not contributed much to the current supply. Mostly, the counters contain fresh salmon, cod, and halibut from the Northwest and Eastern coasts. Fish, so far, is not point rationed.

Fish, meat, and poultry—the flesh foods—are very similar in nutrition values. All are highly efficient in proteins. Therefore, the flesh foods can be interchanged in most family dietaries, depending on availability and price. One advantage fish possesses is in iodine.

The Federal Government is encouraging efforts to introduce steaks of the soup-fin shark as an article of human diet. These are being successfully marketed in Seattle, Washington, and may reach other localities. In the past, this shark was hunted for its liver, valuable in oil, and the carcass was discarded.

Nationally, the sea foods situation is not promising. There are brief periods of seasonal abundance but supply generally is not meeting demand. In California, Governor Earl Warren has been petitioned to lengthen the commercial fishing season off the Southern counties coast to insure food supply.

Granger Honored By New Jersey Organizations

New York City, New York, May 22, 1943.—Lester B. Granger, Executive Secretary of the National Urban League, was twice honored this month by New Jersey welfare and educational organizations. In recognition of his outstanding contributions in the field of race relations and social welfare during the past year, Granger was guest of honor at the 26th Annual Meeting of the New Jersey Urban League held last week at the Second Presbyterian Church in Newark.

Four hundred Negro and white citizens of Newark and neighboring cities joined with members of the League's Board of Directors and Staff in a fitting testimonial to the constructive leadership and fine statesmanship that he has demonstrated in his direction of the national organization's program during this critical period of the nation's history.

The Honorable Charles A. Edison, Governor of New Jersey, was guest speaker for the meeting. William R. Valentine, Principal of the Manual Training School at Bordentown, New Jersey, the Right Reverend Benjamin Washburn, and Dr. W. G. Alexander, member of the Board of the New Jersey Urban League and member of the New Jersey State Board of Health, commended Granger for his noteworthy activities and accomplishments in many fields of endeavor.

L. Hamilton Garner, President of the New Jersey Urban League, and Harold A. Lett, the League's Executive Secretary, reported on the League's work in 1942. On behalf of the Board of Directors, Doctor Alexander presented Granger a set a Kaywoodie pipes.

First League Work in Newark

Lester Granger's first assignment with the Urban League was in the Newark branch as Industrial Secretary. After two years of teaching and further study at New York University and at the New York School of Social Work, he joined the faculty of the New Jersey Training School where he served as Coach and Director of Extension Work. Returning to the Urban League in 1934, Mr. Granger has worked in every department of the organization. He was the first Executive of the Los Angeles, California, branch.

In the National Office, he has worked as Research Assistant; Business Manager of OPPORTUNITY, Journal of Negro Life, the official publication of the League; Director of the Workers' Bureau; Director of Industrial Relations; Assistant Executive Secretary; and Executive Secretary. For two years—1938 to 1940—he was on the staff of the Welfare Council of New York City, having been granted a leave of absence from his work with the Urban League to organize part of the Council's program.

Because of his early residence in Newark, where he attended the public schools and his extensive work with New Jersey educational and welfare activities, Granger is well known and highly regarded by citizens in all walks of life. His steady advancement to the high position which he now holds in his chosen profession was signally recognized by the New Jersey organization.

State Teachers Honor Granger

On May 8th at Whittier School in Camden, New Jersey, Mr. Granger was the recipient of the Annual Achievement Award given by the New Jersey State Teachers Association. This honor is extended each year to the citizen of the state whose work has contributed most to the progress and advancement of education and public welfare. The selection of Mr. Granger for the 1943 award was a timely recognition of his outstanding work during the year in connection with the nation's war effort. With the award, he was given an engraved plaque.

"If the habit of early rising could be bought, no price would be too high for its purchase."

Ho truly Dante spoke when he said, "He who knows most, grieves most for wasted time."

Released by U. S. War Department Bureau of Public Relations

SOMEWHERE OVERSEAS—Staff Sergeant Dee W. Andus, Carbondale, Illinois, has a double-barreled reason for that smile. Mail came from home while he was being decorated with the Purple Heart for wounds suffered when his camp was bombed. Sergeant Andus had just received the medal and entered the orderly room to show it to his company commander when the mail came in and Andus got his batch. "Never mind the medal, sir," he said, grinning. "Here's just what I've been looking for—mail from home."

AVIATION SQUADRON MAKES GOOD

COURTLAND, Ala. — The colored aviation squadron of Courtland Army Air Field has been setting the pace for squadron excellence these days in keen competition with other units here, capturing the highly prized Superior Pennant for four successive weeks.

After taking third place during April, the squadron got "on the beam" during the following week and jumped into top position in the standings.

This award is granted after each Sunday's inspection to the unit displaying outstanding merit. Squadrons are judged by the point system on twelve separate phases of military life, ranging from administrative duties of the orderly room to individual behavior and appearance of enlisted personnel.

The unit, commanded by First Lieutenant Herbert H. Gorman of Jacksonville, Florida, who has encouraged efforts of the squadron to retain its excellent reputation, has managed to remain in first place by dint of hard work, and a highly competitive spiritt.

"These men are in there pitching all the time to improve their own appearance and that of their squadron and are proud of their showing thus far," commented Lieutenant Gorman.

TAPS FOR THE 7TH REGIMENT

(Midnight, May 11, 1943)

As far down the Company Street
as the eye could sight,
Not a soul was seen, though
moonlight spilling on the
ground,
The Garrison was silent, no Soldiers voices through the night,
Not even a gun, or a murky
colored uniform was found.

Then suddenly appearing at the
end of the Regimental Mess,
A silent figure, whose very
presence was shrouded
with mystery.
He quickly glanced around him,
wary but advanced, never
the less.
With steady feet, reverently
pacing toward a goal we
could not see.

Quickly the figure stopped,
straight as a Soldier he stands,
With Lightning like motion he
brought to the light
An object which flashed in the
dark and held in his hand,
Brought tremors to the backs of
we who gazed at this sight.

A clear sound drifted to our
awaiting ears,
From his Bugle music came, as
if by Heaven sent,
But joyous as we were, we could
not sustain our tears,
This unknown Bugler was
blowing TAPS, for the 7TH
REGIMENT.

Evening Riveting Class at Jefferson High School

One of the most successful war classes being conducted at Jefferson Evening High School is the riveting and template making class, under the direction of Mr. Chas. E. Reuter. The success of the class is due to the spirit of the students and the cooperation rendered by the school and outside authorities, such as North American Aviation.

Because women are constantly replacing men on the home front, more trained workers are needed, and it was with this aim in mind that these classes were started for women as well as men.

The riveting course is by no means easy. In order that the students might train under actual work conditions, a special riveting stand has been constructed that very accurately simulates working on an airplane. Special riveting guns have been loaned the class by North American, and Mr. Gordon, a representative of this company, made the statement that this riveting stand and the course as a whole, was the best he has seen in the city, as yet. Standard Army-Navy rivets are used in class work, and recognition of rivets is necessary in order to pass the course.

In the template-making class, the students use actual airplane blueprints. Shears from the aircraft plants are used in order that the students may become experienced. In order that there may be blueprints for everyone, the drafting department of the day school has cooperated in making copies of the various prints. The blueprints are inclosed in metal holders, thus prolonging their life and usefulness.

The class as a whole has expressed enthusiasm for what they are able to do under the instruction of Mr. Chas. E. Reuter. The class at Jefferson Evening High School meets on Tuesday and Thursday evening from 6:30 to 9:30.

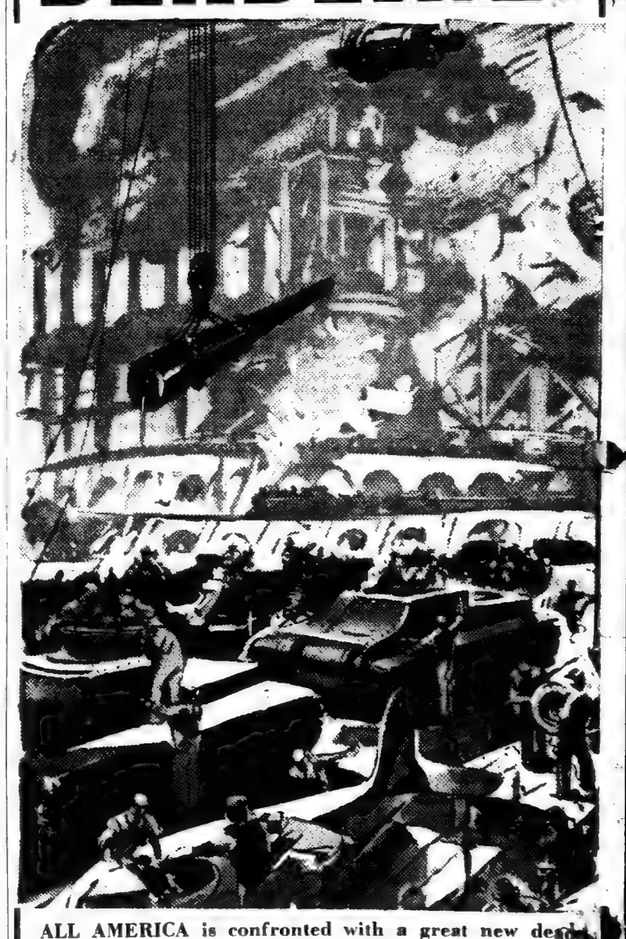
TEMPEST IN A TEAPOT

Vallejo Mayor Offends Citizens

SAN FRANCISCO.—Condemnation of the pro-Jim Crow sentiments voiced by Mayor John Stewart of Vallejo before Senator Sheridan Downey's Military Affairs subcommittee here this week continues with increasing fury.

Mayor Stewart insists that segregation must be practiced against Negroes in federal housing projects. Justifying his position, he called attention to race demonstrations and rioting of southern whites who object to sharing dwellings with their Negro brother-workers in the Mare Island community.



The recent demand for equal treatment of Negroes in federal housing projects by white San Pedro trade unionists is a striking challenge to Mayor Stewart's assertions.

This demonstration in San Pedro is victorious evidence of the determination of the American people to maintain national unity by eliminating Jim Crow, leading trade unionists of CIO and AFL have declared.

C. I. O. PLEDGES FULL SUPPORT TO N.A.A.C.P. DRIVE

Last Sunday, during the course of a huge mass meeting which the CIO organizations sponsored for the purpose of demanding a grand jury investigation into the death of Lenford Smith, State President, Phillip Connelly, speaking for the more than 600,000 members of this great labor organization, pledged full support to the membership drive now being launched by the N. A. A. C. P. Said Connelly, "Now is the time for all fighting organizations to stand together." The N. A. A. C. P. has proved, through the years, that it is, unquestionably, a "fighting organization."

Sailing under the banners of the Good Ship "Booker T. Washington," and "George W. Carver," the fleet got underway, officially, last week, with Commander-in-Chief Clayton D. Russell, charting the course.

To date, reports of the drive are very encouraging. All people who believe in "justice and equality for all men," regardless of race, color or creed, must join in this campaign. No Negro man or woman of the age of accountability should fail to become a paid up member during this membership drive. It is a distinct privilege and opportunity, and we owe it to ourselves to share in the outstanding accomplishments of this great organization.

Campaign headquarters is located at 1105 East Vernon Avenue. Attorney Thomas L. Griffith, the President of the Los Angeles Branch, will be glad to give any information regarding the drive and will welcome your interest and support.

The C. I. O., which never fails to take its place in the forefront of every fight for freedom and democracy, has set the pace. No Negro organization should fail to give wholehearted support to the National Association at this crucial period in the world's history when the fate of the Negro people, without a doubt, must be settled for all times. The N. A. A. C. P. is your organization. Do not fail to support it NOW!

JEWISH TOTS PLAN MONTH OF SELF-DENIAL

For the first time in the history of the United Jewish Welfare Fund campaign in Los Angeles, the Jewish children of the community will observe an entire month of self-denial, it was announced yesterday by Samuel Reichler, chairman of the Jewish Schools division of the Welfare Fund.

A full months of self-denial, which began June 1, will be observed by the youngsters. This means that they will forego their normal quota of movies, ice cream cones, candy and toys so that they can contribute their spending money to the Welfare Fund for use in bringing relief to the tots of Europe.

"In past years, children—especially those enrolled in Jewish schools in the community—observed a week of self-denial during the Welfare Fund campaign," said Reichler. "This year, however, because of the extreme urgency of the situation, when the bodies of Jewish tots are being piled higher and higher in the graves of Europe, a whole month of doing without small pleasures will be observed."

A dramatic childrens assembly of prayer and mourning will be one of the high spots of the month, to be held at the Wilshire Ebell Theatre on Sunday morning, June 20th at 10 o'clock. The pageant will emphasize the role children can play in rushing aid to the youthful victims of Hitlerism. At the last meeting of principals and teachers representing all the Jewish schools in the city, plans for the appropriate program were made.

The general campaign of the Welfare Fund proceeds apace, according to campaign chairman, Charles Brown.

"Eleven separate special events are scheduled for the next two weeks, during which time all the divisions will be carrying on intensive work in the most remote sections of the city," stated Brown. "We are sure of an enthusiastic response from the Jewish population for the Welfare Fund's drive to make the three R's of rescue, relief and rehabilitation a reality for thousands of persecuted European Jews."

Negro Ambulance Driver Dismissed

Just a few days before his temporary appointment would have expired, and before the time he was to have been recommended for a permanent appointment by the County as an ambulance driver, Richard Wollon, Negro, was dismissed.

Citizens of Los Angeles, especially the Negro community, are puzzled as to why Wallon, who established a good reputation with the county during the past few months, should be dismissed just when he thought his permanent appointment was assured, and would like to call this matter to the attention of the Los Angeles County Board of Supervisors, especially Supervisor Gordon McDonough.

7TH REGIMENT ENTHUSED OVER REORGANIZATION OF STATE GUARD

The officers and men of the 7th Regiment, California State Guard are rather enthusiastic over the reorganization of the State Guard. The new table of organization of the Guard is expected soon and those that have had a preview have said that it provides for a bigger and a better force. The details are not available for publication but the general idea is that the Guard will be bigger, more active and will get more recognition. As soon as the details are released, they will be passed on to the public.

It is also mentioned that high military authorities were very disappointed in seeing the active units of the State Guard disbanded. There were a lot of statements made highly commanding the work of the Guard, especially in the areas where the 7th Regiment was known such as Hawthorne, Corona, Riverside, Arlington and others that were not mentioned.

The plans, we understand are to start with the formation of a battalion, which it is hoped, will eventually grow into a regiment. The table of organization follows very closely that of the regular Army. The details of the new setup are a subject that will be used as the material for an article to follow. At the present time the reorganization that is taking place and which becomes effective on about July 1, 1943, means that there will be a lot of changes in the way of promotions, from the top on down, and the information concerning those promotions is not public property yet. The way we hear it now is that the guard wil be delfinitely a force of infantry only. It will start with battalions of three or more companies and a Headquarters, a Service and a Medical detachment. At a recent drill, period there were certain promises made to as to non-commissioned promotions. This proposition, however, is limited to the table of organization and it seems to be a very liberal offer, or should it be a challenge that should be accepted by all those who plan on joining. The promotions are not restricted to noncomms because as the future looks there will be plenty of opportunity for any one who can show something. The service detachment alone is a very encouraging unit.

And now to the citizens of California and especially Los Angeles, this should be, or rather is, the time to organize their postwar program and include in that program the support of others, that are planned for better conditions after this conflict is over. For those in command of the 7th Regiment, it IS their post-war program. It is the duty of every loyal Negro citizen of Los Angeles and the rest of California, who has any pride, ambition or hope for a better future to support this organization to the extent that it becomes a permanent fixture in the government of the State of California. The men who are responsible for the forming of the 7th Regiment were not interested in a temporary organization that was to be disbanded when the war is over but they hoped and still have the same hopes for an organization that lives on for the duration of the life of the United States of America. This is not an appeal for enlistments in the California State Guard alone, as a military organization. It is an appeal to the citizens of the State of California to take advantage of this opportunity, that is dropped into their lap, to strengthen and assure the progress that is being made in this and other fields of effort. An organization of the type of the 7th Regiment means just another organization that will command unlimited recognition for a long time after this present conflict has been forgotten. This article and all the others to follow calls for the support of the citizens of the State of California equally as much as for the enlistment in the 7th Regiment by those who are eligible. Both are necessary. Don't let us down. We need your support. You need our protection.

The recruiting office for the enlistment of men from 18 to 64 years of age inclusive, is now open daily at 4614 Central Ave.

Sales to Minors Penalty Boosted

Alcoholic beverage licensees found guilty of selling liquor to minors, now have their licenses suspended for 15 days instead of 10 days, Wm. G. Bonelli, fourth district member of the State Board of Equalization, announces in making known a determined effort by the board to reduce this type of violation to the lowest possible minimum.

"I have always recognized the sale to minors as serious offense, even when the sale was not deliberate," Bonelli stated. "Under war-time conditions such sales, and especially those to minors in the armed forces, becomes a most aggravating problem. I believe increasing the penalty is the most effective way to serve notice on licensees that they can expect no leniency from the board in violations of this type.

"As in the past, the penalty will be imposed whenever the fact of a sale to minor is established by the evidence presented at a board hearing, although the sale may have been made though carelessness of an employee without the knowledge of the licensee."

"Loss of half a month's business, Bonelli said, is intended only as punishment for a first offense. Repeaters, he declared, will be dealt with more severely, even to the extent of putting them out of business by revoking their licenses.

20,000 New Yorkers In Negro Freedom Rally

Twenty thousand New Yorkers will participate in the Negro Freedom Rally June 7 at Madison Square Garden to demand the fullest participation of 13,000,000 Americans in the war effort.

"For This We Fight," a dramatic spectacle written especially for the meeting by Langston Hughes and starring Paul Robeson, America's greatest voice for democracy, will be performed by more than 200 actors, and will vividly portray the contributions of Negro people to American history.

"Victory is impossible without total mobilization of every human and material resource," a statement issued today by the Negro Labor Victory Committee, one of the rally's sponsors, declared.

In order to achieve victory, the meeting will focus attention upon the evils that divide the American people and aid the enemy. These evils include discrimination in the armed forces and in war industry, the poll tax which robs the Negro and poor white people of the South of the opportunity to vote against representatives who thwart the win-the-war policies of the President, and the reorganization of the Fair Employment Practice Committee.

Speakers will include Rev. A. C. Clayton Powell, city councilman; Vito Marcantonio, member of the House of Representatives who introduced the anti-poll tax bill; Dr. Channing H. Tobias, member of the National Board of the Y. M. C. A.; Charles Collins, executive secretary of the Negro Labor Victory Committee and business agent of the Hotel and Club Employees Union, AFL, Rev. Thomas Harton, outstanding Brooklyn minister and Lester B. Granger, secretary of the National Urban League and others.

In spite of gas and tire rationing programs residents of Los Angeles County registered 967,887 automobiles during the first three months of 1943, the Department of Motor Vehicles revealed today.

The loss of 89,315 vehicles compared favorably with the statewide loss of 9.2 per cent announced by Director Gordon H. Garland.

Only three counties, Contra Costa, Marin and Solano, all centers showed gains for the quarterly period.

REVELS CAYTON TO ATTEND PARLEY

Revels Cayton, State vice-president of the CIO, will leave Los Angeles for the national convention of the International Longshoremen and Warehousemen's union in San Francisco June 4-6.

Specially invited by President Harry Bridges, Cayton will make a report on organization of minority groups into the CIO in California.

He will work with the ILWU officials to develop an effective program for the mobilization of thousands of Negro workers now for the first time eligible for ILWU membership.

Many Negro delegates are among those arriving from Chicago, the Gulf Coast and other sections of the East.

Trailblazer among the CIO unions on the Negro question, ILWU is the spearhead union today in effective organization for all-out war effort. Racial intolerance is quickly smashed wherever it crops up in the union and as a result the ILWU docks on the west coast have the finest loading records of the nation.

gle for the world freedom in which we are engaged has been to make everyone look forward.

"I have recently returned from a trip around the world. And one of my keenest impressions from that trip, after talking to hundreds of persons, important and unimportant, is that people all over the earth are awakening to a kind of individual leadership, all over the earth people are breaking the old bonds; the bonds, for instance of imperialistic domination."

The visits of both Mr. Davies and Mr. Willkie were trips arranged to establish universal goodwill between the United Nations.

The only strength left to the Axis is its potential power to disrupt the unity between our United Nations.

Therefore when the Hitler Republican gang shout down a film whose sole purpose was to cement United Nations unity, it is no mystery whose side THAT mob is on.

ACQUITTED AFTER TWO-DAY TRIAL

Cecil Thomas, 20-year-old Negro youth, arrested on the charge of robbing $316 from W. H. Gladden, a white California shipyard welder and former resident of Oklahoma, was recently acquitted after a two-day trial.

Gladden, accompanied by two colored lads he met on the street, attempted to purchase tickets at the Plantation Club for himself and his companions. Refused admittance because they had no women companions, Gladden asserted that while returning to his car, he was attacked and robbed by the two colored boys who had followed him.

Joseph Morris, proprietor of the Plantation Club testified that he recognized Thomas as one of Gladden's companions. The accused admitted having talked to Gladden, but denied that he attacked and robbed him. Thomas testified that one-half hour prior to the time the robbery was committed, he was driven home by Wynone Harris, popular night club singer, who later corroborated his testimony.

NO HIGHER FEES FOR MOTORISTS

When motor vehicle registration time rolls around again next year, motorists of Los Angeles, will pay no higher fees despite the big increase in the market value of all used pleasure cars and commercial vehicle.

The fees they will pay in 1944 and 1945 are set at exactly the same as were paid this year in Assembly Bill 796 which has been signed by Governor Earl Warren.

Gordon H. Garland, Director of Motor Vehicles, estimate the saving to the vehicle owners for the biennium will appropriate $9,000,000 because the old law required his department to fix the motor vehicle license fee, or "in lieu" tax as it is commonly known, on the basis of current motor vehicle market values.

"Assembly Bill 796 is in line with Governor Warren's policy of tax reduction," Director Garland said. "Its general effect will be to freeze motor vehicle license fees paid for the next two years but there is a saving clause in it to permit our department to levy a lower assessment in 1945, should market values fall meanwhile."

Urge Negroes Attend "Speed the Victory" Conference

The attendance of delegates from Negro organizations is strongly urged at the "Speed-the-Victory" Conference of the Los Angeles Chapter of the National Lawyers Guid at the Roosevelt Hotel on Sunday, June 6th, by Charles J. Katz, chairman of the arrangements committee.

"If we are to draw up a minimum win-the-war legislative program suitable to all sections of the people, it must have the support of different groups in the community," stated Katz. "For a unity legislative program can only be effective to the degree that it is backed up by the people."

Two prominent speakers have been announced for the Conference. Willis Sargent, Republican Assemblyman from Pasadena will address the guests at the luncheon, which will be held immediately preceding the Conference, and Professor Spencer D. Pollard, of the University of California at Berkeley, will speak at the Conference.

Sargent will discuss the feasibility of drawing up a Republican-Democratic unity Federal legiglation program, which is one of the major purposes of the meeting. Dr. Pollard, who is Senior Economist for the War Labor Board, will talk on the general question of inflation.

Other specific bills, such as the Anti-Poll Tax Bills and the Marcantonio Bill prohibiting discrimination in employment, the Pepper-iKlgore Tolan Bill and other maesures before Congress, will be subjected to a complete examination and discussion at the meeting.

No action taken at the Conference will bind any organization unless ratified by the organization itself.

Reservations and enrollments can be made through the secretary, Louis R. Stein, 906 William Fox Building, TUcker 2283.

Arrest Soldier On Dope Charge

William Kelly, soldier and member of the cast of "This is the Army" now shooting at a major studio, has been arrested and jailed by officers of the Central Narcotic Detail on a charge of possession of marihuana. Kelly, who, in private life is a professional dancer, denies the charge.

According to his attorney, the officers walked into a room in a Sixth Street hotel where Kelly was living and found a quantity of marihuana cigarettes which he claims are not the property of his client and were left there by another party who can easily be identified. A plea of not guilty has been entered and a hearing has been scheduled for early next week. Meanwhile the accused soldier is at liberty on bail posted by the popular Mex Desormes of the Liberty Bail Bond Co.

Wondrous Willie Wins Weapons Case

Willie Threats, 25, carried a gun with him on the night of April 29th, 1943.

There was no question about this fact in Division 7 of the Municipal Court when the trial commenced and the evidence was submitted Friday, May 28. There was also evidence introduced that someone had to take the gun away from him and that it contained dum dum bullets.

He also admitted to the officers that the gun was his and that he had no permit to carry the gun.

In fact, his attorney, Walter L. Gordon Jr., stipulated that the gun was Willie's. Gordon also stipulated that the holster was Willie's and that the holster and the gun went together.

Well, anyway, the prosecution rested with a belief that the case was a cinch.

But—the defense rested too, and put up no evidence. Gordon promptly moved for a dismissal because the prosecution failed to prove that the gun was concealed on Willie's person as the law requires.

Judge Rosenthal reopened the people's case and called a witness back and still there was no more evidence. Judge Rosenthal continued the case for his decision, because everyone was convinced that Willie was getting away with something.

However, the case was finally dismissed on a teck.

Urban League Launches Movement To Protect Negro's Post-War Job Status

NEW YORK CITY.—Hundreds of thousands of Negro workers, now engaged in essential war jobs, can look forward to holding their industrial employment after the war is over, the National Urban League declared this week in a report on its industrial relations program.

For six months, the league's industrial relations department has been engaged in a nation-wide campaign designed to protest and improve present war jobs of Negro workers and to insure their continuance in the post-war period.

Toward these objectives, National and local Urban League representatives have conferred with the management of war plants, heads of labor unions, governmental officials, and representatives of business and civic organizations.

In addition, the Urban League has sought to impress upon Negro workers themselves the need for efficient performance on the job as a necessary qualification for post-war retention.

In this latter connection, campaigns have been promoted in such cities as Chicago, Baltimore, St. Louis, Pittsburgh and Cleveland emphasizing the theme "Take Care of Your Job and Your Job Will Take Care of You." Negro workers have been urged to be dependable, improve their skills, and cooperate with fellow workers of the white as well as their own race.

The league has also called the attention of labor leadership in several states to the wisdom of establishing committees on racial problems such as the United Auto Workers set-up over a year ago. Following league suggestions, state labor organizations in six states have already established such committees charged with investigating, adjusting and preventing cases of racial discrimination within unions or on jobs controlled by union agreement.

Officials of some of the country's largest and best known industrial corporations have been interviewed by Urban League staff members and have committed themselves to retaining Negro labor after the war in as near proportion as possible to their present number.

In approaching industrial management, the league has been careful to respect seniority rulings and the agreements which industrial plants have made with bona fide labor unions. The league has made it clear that protection for the Negro worker is sought within the framework of the union's secure position rather than at its expense.

Ho truly Dante spoke when he said, "He who knows most, grieves most for wasted time."

Social as well as labor circles are aglow, atwitter and agog over news that Dootsie Williams groovy music will commence the swinging and the swaying at the Shipyard Workers benefit dance June 25 at Elks auditorium.

Sponsored to raise funds for the sharp struggle of Negro workers in the yards at Calship, Consolidated and Western Pipe and Steel to become full-fledged members of the Boilermakers International, AFL, which now jimcrows Negroes, the affair will be one of the season's highlights.

Tickets are on sale now.

ARTESIAN TEA, SOCIAL CLUB IN ANNUAL TEA

The Artesian Art and Social Club held its first annual tea at Camille's Den, Sunday, May 23. It was favored with a musical program of talent.

Mrs. Catherine Folkes whistled. Mrs. Valdia Anderson sang "Trees," both being accompanied by Mrs. Eloise Lee, pianist. Mrs. Bertha Wright gave a reading, Mrs. Nellie Lutcher sang and played. Others also participated in the program.

Many beautiful and artistic varieties of handicraft represented the individual efforts of the club. Not only the exhibit in itself, but the den, with lovely arrays of flowers, proved a pleasing color scheme to the hostesses beautifully dressed in evening attire, with white gardenias in their hair.

It was a gay social gathering and delicious, refreshing punch and cake was served the entire afternoon.

We, the Artesian Art Club girls, wish to thank the Jollyette, Altura, Classic Literary Social Clubs, and the many friends who graciously contributed so generously to the program, making it a unanimous success.

Grand Worthy Matron Honored

Mrs. Vivian Osborne Marsh, Grand Worthy Matron of the Golden State Chapter, Order of Eastern Star, California and its jurisdiction, is in our midst, in the discharge of the responsible duties that are attendant upon her important trust, the official visits to the Chapters of the jurisdiction.

The messages which she has brought to the various chapters have shown her solemn, profound and successful study of all phases of Chapter work and reflects the everlasting—the all conquering force which is now and will ever continue to be taught in this inspiring Order—the simple yet potent philosophy of the Golden Rule.

At the Masonic Temple, 1050 East 50th Street, on Tuesday afternoon, May 18, Queen of Sheba Chapter No. 7 as hostess Chapter, witnessed the official visitation of the Grand Worthy Matron to the seven chapters of the Los Angeles Area. These Chapters are Electra No. 3, Queen of Sheba No. 7, Deborah No. 13, Affectionate No. 18, Queen Vashti No. 29, Princess Oziel No. 32, and Victory No. 37.

The hall was appropriately decorated with baskets of white gladioli and red, white and blue ribbons. A background of American flags arranged in fan shape on the stage and baskets of Kentia palms and miniature flags on either side of the stage carried out the Victory theme. The Grand Worthy Matron and her official staff, beautifully gowned in formal white and the assembly of sisters in their white attire added to the picture and further enhanced the beauty of the afternoon.

The officers of the day were as follows: Sister Allie Busby, Queen of Sheba, Worthy Matron; Brother George City, Electra, Worthy Patron; Sister Louise Keyes, Deborah, Associate Matron; Sister Esther Mann, Affectionate, Conductress; Sister Lucille Spears, Queen Vashti, Associate Conductress; Sister Olivia Rowe, Queen of Sheba, Secretary; Sister Minnie Burton, Queen of Sheba, Treasurer: Sister Katie Young, Princess Oziel, Adah; Sister Bessie Prentice, Victory, Ruth; Sister Leola Wilson, Electra, Esther; Sister Rose Louise Norwood, Queen of Sheba, Martha; Sister Louise Fulghum, Deborah, Electra; Sister Leonard, Affectionate, Warder; Sister Frieda Taft, Queen Vashti, Marshal in the East; Sister Mary L. Kitt, Princess Oziel, Marshal in the West; Brother John N. Sellers, Queen of Sheba, Sentinel.

With her magnetic personality, brilliant mind and convincing speech, the Grand Worthy Matron offered words of commendation to each chapter for the many fine improvements and chapter accomplishments over those of the previous year and was more than elated over the delinquency decline.

"To Whom It May Concern" was the theme of a most inspiring message which Sister Marsh delivered on this occasion. Fraught with well chosen words of counsel and encouragement, it stressed the truths that there is work for each of us in helping to establish more firmly the principles of the Order of Eastern Star, to further enlarge our field of activity, to bear our share of benevolent work and let the Golden Rule guide us. Through the personal contact of the Grand Worthy Matron with the Governor of California, the head of the F. B. I. and other government agencies, the Golden State Grand Chapter has been pledged to all phases of war endeavors and this has led to the creation of a new department in the Grand Chapter, War Service, with Sister Cullie B. Herbert as chairman.

With a fitting tribute to the Grand Worthy Matron by Sister Busby and with two solos, "My Dearie" and "Today," so beautifully rendered by Sister Margaret Pett, the Grand Associate Matron, Sister Beatrice McCarroll presented a beautiful diamond Eastern Star ring to Sister Marsh and a diamond studded combination Masonic and Eastern Star lapel button to the Grand Worthy Patron, Brother H. H. Lampkins. Sister Geraldine Johnson, Grand Chairman of Finance, sponsored this beautiful tribute and the Grand Officers, Matrons Clubs and individual members of the Southland responded in a very fine measure as a token to such a fine leader, one who has exemplified the spirit of patience, charity, love, faith, tolerance and hope. Other gifts were showered uopn the Grand Worthy Matron and other Grand Officers. Many tears of joy were shed during the afternoon and the Grand Worthy Matron repledged herself to further whole-hearted service to Golden State Grand Chapter.

Dainty refreshments were served in the dining room by the reception committee. Sister Venita Evans was general chairman of the committee with Sister Ethel Page as general Page as general secretary.

POLITICAL STUDY CLUB MAKES PLANS

Renewed interest in the Women's Political Study Club's activities was evidenced by Presidents and delegates attending the monthly council meeting of the organization in the Y. W. C. A. Club Rooms last Thursday. Plans were perfected for a creditable representation of the body at the State Celebration of the birthday of the Republican Party, June 17th, in the Friday Morning Club Banquet Hall. Judge Goodwin Knight is the principal speaker.

A lively and interesting discussion followed a suggestion that the organization foster a mass meeting by representatives of a cross-section of the civic life of our group; at this meeting, plans to be presented to submit a practical means of solving the menacing problem of the deplorable behaviour of some members of our group in public places; this conduct, the result of newcomers to the war industries, is fast lowering the race's morale.

A substantial payment was made toward the organization's decreasing $500.00 pledge to the Y. W. C. A. Next council meeting, June 24th.

WEDDING BIDS ISSUE

Sunday, June 13th, the lovely Miss Cornelia Henrietta Lumpkin, will march down middle isle of historical Eighth and Towne Church and become the bride of Cpl. Frederick Scott.

The bride-elect, a finished violinist, is the daughter of Mr. and Mrs. Theodore Lumpkin Sr. She was graduated from Los Angeles High School and attended City College, majoring in Fine Arts.

Her fiance, is the son of Mrs. Pauline Scott of Oakland. He is a graduate of Coronado Heights, and attended the University of Southern California. Both are active church workers of Eighth and Towne, and are popular younger setters.

WHAT'S DOING IN THE YOUNGER SET

Jessie Mae Brown

The Jeff Democrats in their gold and green, marched down the Cinderpath last Saturday afternoon, for their seventh consecutive All City Track Victory. The star of the day was LeRoy Buddy Gay Captain of the Democrat sprinters. Gay brought a grand ovation from the crowd, when he ran the low hurdles in record breaking time, and took a second in the high hurdles. Melvin Whitfield, also of Jeff took first place in the 880.

Beside the High School kids, a few stars from a year or two back, were at the meet, edging the young blood on. Woody Strode, shot put ace, Billy Benfield, 880 man, McCoy, in a uniform, Bill Smith, broad jumper and LaVert Patterson. Regardless of what school the youngersetters attended all of their hearts were with Jeff, for a sure win. The trophy received by the democrats was a honey . . . Following the meet, the LA High Y gave the all-city jump, that was a solid success.

Over last Saturday and Sunday the town was practically empty, for more than 100 debs treked to Camp Lockett, long with Vye Aldrich and other chaperons for a patriotic week-end with the Cavalry, stationed in San Diego. The girls left the USO round 2 o'clock Saturday, arrived at Camp Lockett that night round 10 o'clock. After eating a delicious dinner, they danced till the wee hours Sunday morn. Beds were set up in the dance hall, and the debs had a gay time roughing it. Gwen Harris, Sarah Lumpkin, Wesleen Foster and Frances Smith were among the funmakers. Upon return from Camp Lockett lots of the girls journeyed to neighboring camps.

WELL, WELL, WELL

True to form, the gay month of June brings wedding bells, and showers, showers, showers. Cornelia Lumpkin is being feted on the 6th with a miscellaneous shower, while the Baby Shower scheduled for Hope Speights Giste, has been postponed till a later date . . . The Lincoln Theater seems to be the chosen spot for entertainment nowdays, with those riotous Pig Meat stage shows. By the way, Peggy Carlton is the latest addition in the chorus girl lineup. Does some fine dancing, too . . . Lt. Theodore Lumpkin will be home on the 13th, when his sis and Fred Scott become Mr. and Mrs. . . . No summer studies for Phyllis Kelson this year, she deserts the UCLA campus to spend a few weeks up north with her brother Jack and his wife. On return, she will join the Post Office crew till opening of Sept. semester at UCLA . . . Hear that Opal Simms is sporting a lovely bracelet, sent by her love, LeRoy Beavers, who is stationed in Utah . . . Doris Garrison has a very very bright smile when she sees me coming. Something tells me that old Dan Cupid is behind it all . . . By the way, Rosalia Safford will be taking her vows next Wednesday at 7 o'clock. Quite a number of the local debs are taking part in the ceremony . . . Cpt. Oscar Little departs for camp in New Mexico soon. Says he hates to leave all his LA friends . . . Booker Stevens, from all reports, is doing extra fine in Uncle's army . . . The Mrs. Muriel Spaulding blew in town t'other day to stay a while. Her hubby, Vernon, is still in camp . . . Paul Wynn has completely recovered his tonsil operation, and is back on the job at Douglas. Sis Taylor is still his heart . . .

Paulette DeJoie has plans for journeying back to home town in Louisiana soon to return at opening of fall semester at SC . . . If her plans are carried out, there will be no summer frolicking in LA for her this year. Bet Jack Terry, Catoe Robinson, Pyrom Taylor and a few other gents will miss the little glamour gal . . . Curtis Smith is in town from Tuskegee, fine uniform, wings and all. The latest has it that Ruth Williams will become the Mrs. Smith next week some time . . . Lenord Grimes, on the other hand, is wondering why a few behind timers continue to congratulate him . . . By the way, John Kinloch's been receiving congrats. He's still single, and wants the debs to know that he plans to take up his old stride comes Saturday night . . . Alice DeCuir did a bit of dining at the Biltmore Hotel last Wed afternoon. My, my . . . Albert Hicks sends hellos to all the sweet things of the city . . . Received a note from Lou and Herbie Boswell who will be home to see the gang in a few weeks . . . The popular Vion Les Belles are giving a matinee dance at Good Templars Hall on the 5th, tickets are now on sale . . . Sorry to hear that Boots Collins fell off her horse while cantoring down the Flying A bridle path. Here's hoping she'll have a speedy recovery . . . Deloris Hollins is chairman of Young People's Day at 8th and Towne this year. The well planned program is scheduled for the 13th of June . . .

Till next week . . .

GWBA Entertains For Distinguished Visitor

Too bad there was not an Arthrur Brisbane, or an O. O. McIntyre, or a Charlotta A. Bass (she was to be an honor guest) present at the Angel City's best prepared and best carried out banquet, given in honor of the Executive Secretary of the American Bridge Association, Mrs. Georgia L. Stevens, who has grace, charm and poise to spare. It was the grandest day in the history of the G. W. B. A.

What delicious food; what wonderful decorations; what enjoyable solos rendered by John Hale, Clyde J. Maddox, Mrs. Genevieve Wallace (wife of Dr. A. L.), and a piano number by the third generation of Veil's, now Arline Ellis, Jr. One word will suffice to describe the whole affair. So we say to the artistic Louisa Roan, Margaret Hale, May Denton, Elinor Floyd, and other members of the Entertainment Committee, "perfect."

Mrs. Ethelyn Gray of Chicago, Executive Secretary of the Midwest Bridge Association, was in our city for a two weeks' visit with her father. Mr. C. H. Scott, also of Chicago, as in our city winning in a 14 pair Howell game. Mr. Clay, of Chicago, Los Angeles—which?—is in and out.

Corporal John Stevens donated a beautiful trophy for our Tuesday night play. It is a semi-novice game. No member having a National Master Point is eligible to win this trophy. This play is donated to the lower-ranking players. This play is a brain child of Mesdames Canysbell and Henry. The generosity of the assistant secretary of the A. B. A. in doing his part to encourage those who have little or no experience at duplicate is greatly appreciated. It is named the "Georgia L. Stevens" trophy in honor of his wife.

Beatrice Reeves and Ellis L. Veil ran away in the first month's play for the Dr. A. L. Wallace trophy, finishing more than 35 points ahead of their nearest competitors, Viola and Joe Henry. Margaret Hale and Mr. Russ trailed.

R. J. City, with 90 M. P.'s leads the Tuesday play for the Georgia L. Stevens trophy. Al Matthews, 77 M. P.'s, Dr. Darthula Matthews, 5½ M. P.'s, Louisa Roan-Capi Robinson, 68½ M. P.'s, Mrs. Scott, 68 M. P.'s, Mr. and Mrs. Ellis, 6 M. P.'s.

Attend some or all of our plays Sunday and Tuesday at 8:00. Friday at 8:45, 1054-56 East 54th Street. ADams 5946.

Fat Thrift Lesson Heeded by Women New Checkup Shows

NEW YORK, N. Y.—American women are responding to editorial campaigns being conducted by newspapers throughout the country urging housewives to salvage waste kitchen fats. This statement by the Fat Salvage Committee of the Glycerine and Associated Industries is based upon a recent survey of the Office of War Information which shows that active participation of housewives in salvaging used kitchen fats for conversion into glycerine, urgently needed for war production of explosives and medicinals, has increased 29 per cent since January.

The polling disclosed that approximately 40 per cent of American hosewives are now making regular contributions of inedible fats through meat dealers as compared with 31 per cent five months ago.

Intensive cooperation on the part of housewives will be necessary if a shortage of glycerine is to be prevented," the committee spokesman added.

"On the sands of time lie the whitened bones of those who, at the dawn of victory, sat down to wait—and, waiting, died."

In Memoriam

Rev. E. E. Lightner, pastor of Lincoln Memorial Congregational Church from October, 1915 until his passing, June 10, 1942, was born in Henry County, Alabama. He was a graduate of Talladega College, Alabama in 1914 and finished U. S. C. graduate school. He was teacher and principal of Lake Charks High School, Louisiana. He was called to Lincoln Memorial, Los Angeles in 1915.

Rev. E. E. Lightner occupied a substantial place in the life, not only of his church, but of the community at large, having been on the Board of Management of the 28th Street Y. M. C. A., a vice president of the Interdenominational Ministers Alliance, a Mason, an Eastern Star, a K. of P., member of the Court of Calanthe, an official of the Community Chest set-up for Los Angeles, and president of The Congregational Ministers Union of Los Angeles county.

Our deceased pastor's influence in this community is immortal. Many there are who have been serviced by him in Baptisms, burials, marriages and Christian counsel even though they were not members of his church. His successor finds great advantage in the work of the church by drawing upon the friendships and high regard for the character and quality of service of Rev. E. E. Lightner.

His church was on the alert during the depression, utilizing the W. P. A. project—educational nursery, foods, and arts and crafts because of his interest in people—his people. He operated an Employment Bureau during the period of depression and was successful in getting work for many. He never turned away any who were in need of material or spiritual aid.

This Sunday, June 6, there will be a memorial service for our beloved pastor, deceased, at 11 a.m. His friends are invited to attend.

Kenneth Goode, famous advertising man, says that of his entire staff, only one or two of his executive assistants grab the phone to start in creative motion newly proposed idea—immediately. The rest of the staff like to begin "tomorrow."

MISSOURI ANNUAL CONFERENCE HAS RECORD BREAKING SESSION

By Wm. A. Starks, Reporter

The fifty-fourth annual session of the Missouri Annual Conference of the A. M. E. Zion Church opened at Kansas City, Mo., Wednesday morning, May 19, 1943, at 10 o'clock, at the Metropolitan A. M. E. Zion Church, 1805 Woodlawn, Bishop W. C. Brown, presiding.

The conference was more largely attended than it had been in several years and enjoyed visits from Dr. H. B. Shaw, secretary of home missions, ministerial relief and brotherhood departments and Dr. Buford F. Gordon, editor of the Church School Literature, and Rev. A. C. Pate of the Indiana Conference. The pastors were all round in their assessments and the conference raised $154.00 above the assessments. The financial secretary had received all general claims assessed the conference, except $197.75 before the conference opened.

Bishop Brown was in the pink of health and as witty as a sage and as deliberate as one could be through the conference and guided the affairs smoothly with his superb judgment.

Some of the highlights of the conference were: (1) The report of the delegate from the Metropolitan A. M. E. Zion Church, St. Louis, Mo., of which Dr. W. A. Cooper is pastor. The delegate reported all debts paid, including the mortgage indebtedness of the church and the interior of the church completely repaired and decorated. Much praise was given to Dr. Cooper for the successful year's work at Metropolitan A. M. E. Zion Church and he was unanimously endorsed as a candidate for the bishopric. (2) The address by Dr. H. B. Shaw and the approval of the revised pension plan as read by him and the resolution to work to put it in operation at the forthcoming general conference. (3) The opening sermon, preached by Rev Calvin Cotton, pastor of St. John A. M. E. Zion Church, East St. Louis, Ill. (4) The Home Mission sermon, preached by Rev. I. S. H. Curry, pastor of Blackwell Temple, Webster Groves, Mo. (5) The annual address by Mrs. Gertrude Brown, on the missionary night, when she thrilled the crowded house with her words of wisdom following from her rich experiences and Christian personality. (6) The address by Dr. Buford Gordan, when the conference voted him thanks for his wonderful contribution as an editor of our literature. (7) The sermon, Sunday morning, by the bishop, who held his audience under the spell as is so natural for him. (8) The closing sermon Sunday afternoon by Presiding Elder D. F. Martinez. The Sunday afternoon service was heightened by the soulful numbers sung by the two gospel singers, Mr. Gibbie Meeks of Brown Temple, A. M. E. Zion Church, St. Louis, Mo., and Mrs. Clara Madison of the Metropolitan A. M. E. Zion Church, St. Louis, Mo.

Mrs. Henrietta M. Davis, the general president of the Woman's Home and Foreign Missionary Society, who is a member of the conference, was present throughout each session, making her contribution to the success of the conference.

Perhaps one of the most exciting sessions was the one on Friday afternoon in which the delegates to the general conference were elected, after much anxiety, while fourteen ballots were cast. Dr. W. A. Cooper and Rev. S. D. Martin were elected on the first ballot by a comfortable margin.

The following delegates were elected: Ministerial delegates, Dr. W. A. Cooper, Rev. S. D. Martin, Dr. D. F. Martinez and Rev. James F. Gray. The lay delegates, Mr. Gibbie Meeks, Mrs. Lydia Cotton, Mrs. Birdie Brown, and Mrs. H. M. Davis. Dr. A. W. Cooper was unanimously elected leader of the delegation and member of the Episcopal Committee. The conference adjourned Sunday afternoon with the reading of the appointments, marking the close of the most peaceful and satisfactory conference we had witnessed. — Wm. A. Starks.

"HAVE FAITH," SAYS CHAPLAIN RICHARDSON

Taking the very broad subject of "Faith" as the basis for his address to the graduating class at Tuskegee, Rev. Harry V. Richardson, Chaplain of the Institute, discussed the subject from various angles, including "Faith in God," "Faith in Other Races," "Faith in the Present and Future," and "Faith in Yourself."

Some excerpts from his very stirring address are as follows: "We are often reminded that we live in a topsy-turvy world. Yet in the midst of all the turmoil, I urge that you hold fast to three things: your faith in God, your faith in your fellowman, and your deep, abiding faith in yourselves."

"When you hold faith in God, you hold faith in the ultimate triumph of right."

"Do not be too deeply offended at human weakness, and do not stand idly weeping like a child because much in man is bad. Know in your heart that there is enormous goodness in him, also, and try to find and work with that. If you can, yours will be the ultimate and the greater victory."

"Hold your faith, too," admonished Rev. Richardson, "in the present and in the future of your race. Right now we live in a tangle of relationships which we call the 'race problem,' but in spite of our sufferings, we can lead brethren into a better way, if we can work an end to prejudices and discrimination in this land of the dramatic ideal; if here in America we can make human brotherhood real, we shall have made a contribution to civilization as great as any yet known."

Concluding, he encouraged, "If you believe in yourself and ground faith in achievement instead of dreams, the possibilities before you are unlimited."

"WESTERN BEAUTY"

Suggester by Don Bizzell

I've seen a desert sunset
Like a gold mine in the sky
With purple clouds surrounding
Or mountains reaching high.

I've heard the cowboys ballad
Under starlit skys,
Mingled with the whistling wind
And cooing of a dove.

I've heard the moan of coyote
From a hill not so far away,
I've smelled the sage on the
prairie
Which alone would make you
stay.

When you're out on the prairie
Or on horse-back, or for a drive,
You'll know it the minute you
get there,
It's heaven to be alive.

Institute of Student Opinion

Jefferson high school has been issued a charter membership in the newly organized Scholastic Institute of Student Opinion, in which more than a thousand schools, with a total student body of nearly a million will participate. The institute is sponsored by the Scholastic Magazine and the results of the poll are expected to attract the interest of high school students all over the United States.

The first ballot was published in the Jeffersonian of May 21, and students voted on Friday and Monday. The Jeffersonian staff is acting as the Public Opinion committee and counting the votes and making reports to Scholastic.

There were five questions on the first ballot: whether young people of eighteen should vote, an expression of opinion of the United States Congress, an expression of the opinion as to the conduct of the war, regarding the effect of the war upon the future of young people, and an opinion of the effectiveness of the teaching of history in high schools.

Santa Barbara News

Mr. and Mrs. George Plumer of Santa Barbara were hosts Sunday afternoon, May 30, in the beautiful W. Beach Park. An enjoyable picnic dinner consisting of fried chicken, fruit, vegetables, cake and a variety of soft drinks. Taylor and grandaughter of S. B., Mr. Wm. Thomas of 123 Gray Ave., at whose residence the happy family reunion took place.

Mrs. Mayme Edwards returned home for several days. She will soon return to Burbank and continue her training. We were glad to see Mrs. Lizzie Brasher up and able to be out to Church again.

Louis Harold, reporter, paid a visit to the A. W. V. S., of this city. Mrs. Bernice Taylor, a resident of 303 East Montecito, is chairman of the A. W. V. S. She thanks everyone for their cooperation they have given to help make our service men happy. He also paid a visit to the Town House, strictly on social business.

BAHA'I FAITH TO PRESENT MRS. BISHOP

"Under the auspices of the Baha'i Faith, Mrs. Charles Reed Bishop will speak Sunday, June 6, 3 p.m., at 1709 West 8th street, taking for her subject "God Is the Lord of History." She asserts much conflict prevails among the followers of the great religions, because each following insists upon regarding the claims of their founder as unique and miraculous. "Baha'is consider this attitude a mistake," she says, "and believe one should consider religion as functional. Its purpose is to guide humanity and reveal the Will of God. Hence the accent of the great religions falls upon the spiritual and social needs of the people to whom a phophet is sent. "All the sacred scriptures of the world are divinely inspired" but some have been sent to peoples in their earlier primitive stages of development, and later revelations have been intended for mankind in its maturity or coming of age. The Baha'i faith teaches the doctrine of the prophetic cycle, and the advent of a revelator with a message that is adapted to a new cycle of human power. Today, Baha'u'llah, through his sacred writjngs, is teaching the unity of all mankind, and the unity of the great religions that have laid the foundations for the universal acceptance of a world federation and peace." June 22 Set for Mass Meeting At Hamilton M. E. Church By Defense Workers

On Sunday, June 22, at 3:00 p.m., Rev. S. W. Brister, defense worker and missionary, is rallying all defense workers and service men's wives to a mass meeting to be staged at Hamilton M. E. Church.

The object of the meeting is to promulgate a post-war program particularly in the interest of Negroes. Speakers of the day will be: Attorney Hugh E. McBeth, whose topic will be "How Shall We Build Tomorrow's World?" and Mrs. C. A. Bass, who will speak on "Tomorrow's World and Who Shall Build It?"

Looking forward to the future status of the Negro worker, in the interests of securing for him his rightful place in the post-war world, the rallying cry for support of this meeting is "The Negro's place in the defense industry of today and what will be his lot tomorrow, at the close of the war."

CHRISTIAN SCIENCE CHURCHES

"God the Only Cause and Creator" is the subject of the Sunday Lesson-Sermon in all branches of The Mother Church, The First Church of Christ, Scientist, in Boston. The Golden Text is from Ecclesiastes: "Whatsoever God doeth, it shall be for ever: nothing can be put to it, nor any thing taken from it."

"Stand upright on thy feet," are the words of Paul as recorded in Acts, when he healed the "man at Lystra, impotent in his feet, . . . who never had walked: . . . And" the passage continues, "he leaped and walked." The people who witnessed the healing sought to honor Paul and his companion, Barnabas, as gods, but Barnabas and Paul "rent their clothes, and ran in among the people, crying out, . . . Sirs, why do ye these things? We also are men of like passions with you, and preach unto you that ye should turn from these vanities unto the living God, which made heaven, and earth, and the sea, and all things that are therein."

Mary Baker Eddy writes in "Science and Health with Key to the Scriptures:" "Inasmuch as God is good and the fount of all being, He does not produce moral or physical deformity; therefore such deformity is not real, but is illusion, the mirage of error. Divine Science reveals these grand facts."

Interdenominational Minister's Wives Council of Los Angeles And Vicinity

Mrs. Margaret Rakestraw, wife of the pastor of Wesley Methodist Church, was the official hostess at the last meeting of the Ministers' Wives Council. Sharing with her as co-hostesses were Mesdames Louise Eldridge, Myrtle Bricker and Sarah Johnson. A delightful luncheon was served, following an interesting program. Mrs. E. Adelaide Ross, chairman, presented Mrs. Jessica Marshall, a newcomer to the organization, wife of the pastor of First A. M. E. Zion Church, who read a paper entitled: "Ministers' Wives and VV." She made many interesting points, some of which were vital in the lives of her listeners. Her discussion brought out her ideas of the place of a minister's wife in the varied situations in which she finds herself.

The meeting on June 9th will be at the home of Mrs. Gertrude Cherry. Serving with Mrs. Cherry as co-hostesses will be Mrs. Della Harrell, Mrs. Minnie Dean and Mrs. Aurelia Bell. The special feature of this meeting will be the Bible Games. The entire program for this year is under the direction of Mrs. E. Adelaide Ross. According to the president, Mrs. Edna Hammett Porter, there will be business of importance to each member and all are asked especially to be present. The address of the meeting is 1656 East 42nd Street.

USES OF ADVERSITY

Adversity is the trial of principle. Without it a man hardly knows whether he is honest or not. —Fielding.

It is only when the cold season comes that we know the pine and cypress to be evergreens. —Chinese.

Life's ills are its chief recompense; they develop hidden strength. —Mary Baker Eddy.

NOTE: A free correspondence course in the study of the Bible will be mailed upon request to readers of this column. The course consists of 25 printed lessons (sent consecutively) with outlines that can adapted very easily to the program of busy people. There is nothing to buy. The Bible is your only textbook. Valuable "helps" are included in the lessons themselves. On completion of the course you will receive a beautiful certificate of achievement. Send letter or post card to the Eagle Bible Question Corner, 4075 S. Central Ave., Los Angeles, Calif.

Dear Sirs:
In Matthew 5:48 we read: "Be ye therefore perfect, even as your Father which is in heaven is perfect." Please explain how a human being can be perfect.—John Williams, Los Angeles, Calif.

* * *

God never sets before man a low standard. He always sets before man that which is perfect. Therefore his admonition is: "Be ye therefore perfect as your heavenly Father is perfect."

We know that God's sphere of being is infinitely above us and we cannot be perfect in wisdom as God is perfect, neither can we be perfect in knowledge as he is perfect in knowledge or perfect in power as he is perfect. But we should love God perfectly with all the heart and mind and soul and strength.

"For the eyes of the Lord run to and fro throughout the whole earth, to show himself strong in behalf of them whose heart is perfect toward him." 2 Chronicles 16:9. It is possible for us to be perfect in our sphere of life by God's help even as God is perfect in his sphere.

Dear Question Box:
Is the conscience a safe guide?—Mrs. A. H. B., Long Beach, Calif.

* * *

No. The conscience is not a guide at all. Many people make the mistake in believing that whatever their conscience tells them is all right. The Bible teaches that God is man's only safe guide.

In Psalm 32:8 we read: "I will guide thee with mine eye." The conscience, like a watch, is good when it is kept regulated and runs according to standard time.

God's spirit, through his word is the spiritual regulator for conscience. The conscience is good as long as it is regulated by God's word, but when it is not regulated, it is worse than worthless, and the Bible states in Hebrews 10:22 that if becomes an evil conscience. If we want to be sure that our consciences are not evil, we must be sure that they are regulated by God's word.

Note To Disrupters: NO RIOT HERE!

The calculated effort of Los Angeles Big Business, spearheaded by the venal Hearst press and the Los Angeles Times, to goad the Negro and Mexican communities of our city into rioting and bloodshed backfired this week as the police slaying of a 36-year-old Negro defense worker wrought a miracle of unity among Negroes, Mexicans, trade unionists and patriotic white citizens determined to draw the stiletto of police brutality out of the back of Los Angeles' all-out war production.

Despite an attempted whitewash job by Friday's coroner's inquest, the brutal slaying of Lenza Smith, a California shipyard employee, will face blistering investigation by the county grand jury. The fact that witnesses unheard during the coroner's inquest but unearthed by vigilant California EAGLE reporters offer testimony which directly refutes statements of killer policeman Paul Van DeBogart will figure prominently in the death of this previously unknown shipyard worker.

The drive against police brutality on the Eastside is the first step of a vast and irrepressible mobilization of all the forces of the Negro people, their Mexican neighbors and fellow sufferers at the hands of terrorization, along with the progressive trade union movement in Los Angeles to wage unrelenting war against those elements of defeatism and disunity which have attempted to divide all of this city into belligerent national, racial and labor segments.

Grievances have been heaped upon the heads of Mexican and Negro war workers. They have been terrorized by the police. They have been herded into sub-standard ghetto housing conditions. They have been prevented from unbiased upgrading at all defense plants. In the case of Negroes, the Los Angeles Railway Company has hit upon a veritable bonanza of disruption,—its refusal to abide by the stipulations of the President's executive order 8802, which demands full and equal employment of Negroes in defense industries.

Further, the daily press has maintained a steady stream of colored news to hold up the Mexican and Negro communities as dens of corruption, vice, murder and sabotage. The smear of "zoot suits," for instance, is an organized effort to stimulate prejudice against minority groups through stigmatizing their popular dress.

The mass meeting held Sunday at Independent Church of Christ found a thumping unity of the masses of Los Angeles common citizenry rounded into a clear demand for the end of such "invitations to riot."

A statement from the meeting flung a challenge squarely in the face of government to protect minority communities from discrimination and segregation. A section of the statement read:

"There will be no riot in this community to divide and disrupt the war effort which must carry weapons to the black and white soldiers who offer blood sacrifice on every continent of the world. We will not fall into the appeasers' trap.

"We are citizens of a nation in all-out war.

"As citizens, we call our elected officials in city, state and nation to smack down the conspiracies of those who stab America in the back!"

DOUGLAS EL SEGUNDO, HISTORY WATCHES YOU!

With the history of Negro workers in Southern California labor organizations to be seriously affected whatever the outcome, Douglas aircraft's El Segundo plant will ballot Monday in a National Labor Relations Board election between the International Association of Machinists, AFL, and the United Automobile Workers of America, CIO.

A statement sponsored by the EAGLE and appearing in today's paper voices the unanimous sentiment of the leadership of the Negro community in urging all workers at Douglas El Segundo to VOTE CIO.

The persons who have signed the Douglas statement do not as a rule "take sides" in a labor controversy.

But the issues which glare out of this election are so sharp, so pregnant with meaning for Southern California's entire war production, for national unity and for the future of the Negro in labor organization that the men and women who have affixed their names to our document shout their determination to secure the success of the United Automobile Workers, CIO, and the defeat of the International Association of Machinists, AFL, in Monday's balloting.

For by constitutional order, the I. A. M. entirely excludes Negroes from membership in the union. All statements to the contrary are untrue.

So urgent is the necessity for acquainting every Douglas El Segundo worker with this I. A. M. policy, one of the chief boulders in the way of labor unity behind the war effort today, that the EAGLE herewith proposes a VOTE CIO Day Sunday in as many of our churches as will cooperate in such an effort.

Revs. Clayton D. Russell, J. Raymond Henderson and Frederick D. Jordan have already taken the fore in asking Negro workers at Douglas El Segundo to vote CIO.

The words of the statement signed by all community leaders elsewhere in this issue sum up perfectly the question presented by Monday's election,—the question of whether or not the exclusion of Negroes from labor organization will become a part of the tradition of the west coast.

"This policy," says the community statement, "is not only a dagger at the heart of the future of every Negro industrial worker in Southern California,—it not only proposes to leave Negro workers naked and unprotected, to be hired at will,—it is a bitter wedge driven into the national unity without which full production against the nation's enemies is impossible."

Negro workers at Douglas El Seguodn, your future is in your ballot,—VOTE CIO!

GHETTO HOUSING MUST GO!

The term "deplorable housing conditions" can no longer adequately describe the situation in which thousands of vital war workers whose skins are dark find themselves in Los Angeles today.

With only five percent of the city open for habitation by Negroes, with 95 percent of our town locked, bolted and barred against us, the Negro is bound into a ghetto as fast as any which binds the Jewish people in Germany today. In fact, we may learn a great lesson from ghettoes of the Jews, for they proved to be a stepping stone toward concentration camps.

Three years ago, housing on the Eastside, within the confines of the narrow legal sack in which Negroes may occupy homes here, was judged horribly congested. Since that time there has been an influx of about 30,000 Negroes from all parts of the country, increasing the colored population by nearly one-third. Yet there has been NO INCREASE whatsoever in the area of legal habitation for Negroes.

What does this mean?

In the light of wartime factors, that, for instance, our entire community is engaged in vital production of war materials, housing achieves an urgency previously undrempt of.

In the rancid, rat-infested area once known as "Little Tokyo," the great migration of Negroes from all over the nation is finding a home, one reeking with filth and delapidation.

Congested living conditions bring in their sway a sure train of health problems, problems of juvenile delinquency, vice, gambling, tragedy and death.

Yet those who are forced into sub-sub-standard houses of Los Angeles black ghetto are the men and women upon whose sweat and brawn depends our victory in this town's battle of production.

Living in unutterable mess, we find shipyard workers, aircraft employees, many of them skilled and advanced craftsmen new to the city and unable to locate elsewhere, eating and sleeping under the condemned roofs of Little Tokyo.

As Norman O. Houston, executive of the Golden State Mutual Life Insurance company, pointed out to 1,500 citizens gathered Sunday in a mass meeting at People's Independent Church, "this is our responsibility! It is our job to see that the influx of Negro war workers to Los Angeles is properly housed,—not tomorrow, but NOW!"

This community will not submit to longer delay from Housing authorities of city and country. We demand an immediate emergency conference with all authorities to determine means of breaking the disastrous race restrictions which ghettoize this American city, laying thousands of war workers open to disease and corruption.

W. J. WHEATON • I TAKE THE PEOPLE'S SIDE

By M. MORAN WESTON

We are writing this on Memorial Day; dedicated to the memory of the men who have made the supreme sacrifice for a cause which they deemed just and right. Families and relatives also journey to the graves of those who have preceded them on the Long Journey and lay there a tribute of flowers. This year the day is wrought with much significance and it is observed with a solemness, much of the hilarity of former years is missing. That is as it should be.

GEORGE WASHINGTON CARVER, "The Soul of a Free Man," was the subject of Dr. C. S. S. Dutton, pastor of the First Unitarian Church on this Memorial Day. Invitations had been extended ot the various civic bodies of Negroes including the Booker Washington Service Center, the Madame Walker Home, USO, and other organizations.

Those who failed to respond to the invitation missed a splendid biographical sketch of—as Dr. Dutton said—"one of the greatest Americans of his time." Dr. Dutton sketched the life of Dr. Carver from the time that he was found by the wayside, a puling babe, through his struggles for knowledge to the greatest of his attainments, when he was honored by the world as the man who had given unselfishly to all without regard to race, creed or color.

His aim was for the welfare of the world at large. Throughout it all, even though acclaimed by the world's greatest scientist and leaders of nations, he retained and maintained to the last that humble simplicity which clothes the great.

Material wealth was to Dr. Carver of no importance. When offered opportunities for wealth he spurned it. Fame was thrust on him and he bore the crown of greatness as if it were but a bauble. He did not care for wealth and fame. His only thought was for the betterment of mankind.

The Unitarian Church has ever been noted for its fight for freedom. It has and is still one of the bulwarks of what has been recently called the "Four Freedoms." On entering the ivy-clad church at Geary and Franklin our thoughts reverted to the great man who founded it and after whom it is named.

Star King was one of the courageous Californians who saved the state from becoming a slave infected domain. His courage and eloquence during the presidential campaign of the "60's" swung the pendulum toward that phrase which declares that "All men are free and equal."

Noting the wrapt attention of the audience, as Dr. Dutton depicted the struggles and attainments of Dr. Carver, we were convinced that many in that audience were unfamiliar with the inhibitions placed on the men and women of color; and because of that color are banned from the opportunities which should accrue to all alike, especially in a government which boasts of its democracy. The message was most appropriate. We know and they did not.

Fifteen years ago Mrs. Ethel Clark (then the executive secretary of the Booker T. Washington Service Center) called together a number of young girls, of the high school age, to form a club and enter in the community service for the betterment of civic conditions and the general welfare of all.

Those girls entered with zest in the work assigned them. Their monthly form became one of the outstanding meetings of the city. The subjects were varied and at all times educational. They brought to the forum many distinguished speakers from the schools and universities they came.

Then came the graduation! After the graduation came that little villain Dan Cupid with his bow and arrows he commenced to fire right, left and all quarters. We don't blame the rascal for that bunch Carpe Diems was a boquette of female pulchritude. We believe that most of the arrows found a lodgement in some hearts and club duties became secondary to home making.

But the desire for civic helpfulness could not be submerged and the girls, now comely matrons, cut a cake on the 15th birthday and presented to the public a worthwhile program on health and housing in its relation to health. The subjects were ably discussed by authorities from the different health and housing bureaus of the city.

These young ladies have broadened their ideas of life and while they have lost not one whit of their youthful pulchritude, they have gained much in tolerance and the knowledge of the problems which they must face. We have an absolute confidence in their ability to solve those problems and plan the strategy by which they can and will be solved. More Power to You Carpe Diems and we know that where the stronger (?) of the species have failed, the Women Will Succeed.

NEGRO FREEDOM RALLY

December 7 is Pearl Harbor Day. June 7 this year is NEGRO FREEDOM DAY. For on June 7 at Madison Square Garden in New York City, trade unions, church, civic, fraternal, patriotic and social organizations will hold a spectacular NEGRO FREEDOM RALLY. In addition to the support of these various organizations, such artists as Mr. Paul Robeson, Mr. Canada Lee, Miss Mercedes Gilbert, Miss Pearl Primus, Mr. Dick Campbell and others will take part in the pageant written for the occasion by Mr. Langston Hughes. This rally will have national significance. In a very real sense the eyes of the world will be upon it. A victory and a peace based upon the FOUR FREEDOMS demand that Negro Americans, that all Americans, shall have full citizenship, with no strings attached. Those who insist that the time is not ripe for equality and freedom are fools or hypocrites. Deep down inside they do not want Hitler and his way of life to be put out of business. What they really want is to make a deal to divide the right to oppress. It is the duty, then, of every patriotic American, Negro, white, Mexican, Jewish, Irish Italian—all—to be in Madison Square Garden on June 7. They must let the jail-keepers of the Negro people know that jimcrow, discrimination and race terror must go NOW. Those who live too far away to be present in person must make their support known by letters or telegrams to the NEGRO FREEDOM RALLY COMMITTEE, MADISON SQUARE SQUARE GARDEN, NYC. The "keep the N... in this place" gang will take their cue from this meeting. If they feel that the people of America mean business about ending jim crow they will call time out. If there is not a turn out which will block the streets in every direction, they will let loose a flood of terror which will put Himler to shame as an amateur. AMERICANS MUST FLOOD MADISON SQUARE GARDEN.

"A SWEET INTERLUDE"
Suggested by Don L. Bizzell, Jr.

As I sit and dream away the day
Out of the mist you came to me,
Bringing good cheer and tidings gay
Like a fairy you seem to brush the night away.

One so lovely as you are
I dream of you day and night,
I dream of your eyes shining like tiny stars
So big, so shining and so bright.

Oh Love, the only love for me
You are my world, my everything.
My love for you is true
For in my heart you're the one for me.

PICKANINNIES ARE NOT CUTE

The following excerpt from our letter to Macy's Department Store, the largest in the world, tells its own story. When I spoke to the Manager he was at pains to assure me he meant "no offense". He really thought the pickaninnies were "just too cute". After all, he had asked "the colored lad who works in this section and he too thought they were cute". Well, here's most of the letter:

"Dear Sir: This is to confirm the opinion just expressed to you by telephone.. The use of pickaninnies in your window display on Broadway ... has been indeed unfortunate. Pickaninnies are a traditional symbol of contempt and ridicule of Negro Americans. They represent the American counterpart of the fascinst racial theories which American soldiers of all races are fighting to destroy. Thoughtful Americans, Negro and white, resent the use of such symbols. The watermelon-eating motif, also included in this display, is particularly offensive. The use of these symbols helps spread feelings of contempt for Negro Americans in the minds of less thoughtful people. Their use helps prevent the growth of friendship and goodwill between white and Negro Americans which is so essential to victory and invincible unity ...the evidence of goodwill on the part of your organization shown by your agreement to withdraw the pickaninnies from the display at once as requested will be appreciated by all concerned..."

MISSION TO MOSCOW

I ran into BILL on Broadway last week. And here's what he poured into my ear. "Well, I just saw Mission to Moscow. I now know why the professional redbaiters are dead agin it. They know that if many Americans see it they (he meant the red baiters) may as well fold up and die. Yes, Mission makes liars out of Martin Dies, Norman Thomas, Dave Dubinsky and the whole bunch of "we hate Stalin worse than Hitler" gang of appeasers. What burns them up so is the fact that a good capitalist sponsored the picture, staunch capitalists produced it and our capitalist Government approved it. Remember how quiet these same boys were, while GONE WITH THE WIND made a corkscrew out of history with the lie that Negroes were happy and better off in slavery?" "Well (Bill added) I guess its kind of hard to like the truth when you make your living teling lies."

Bill's opinion pretty much expresses that of this Column. If the FOUR FREEDOMS ever come to life, it will be partly because enough people see MISSION TO MOSCOW.

AS I SEE IT!

By Jeanette Cohen

Mass indignation rang clear and loud at the meeting called by the Los Angeles Victory Committee and the NAACP at the Independent Church of Christ at 18th and Paloma Streets, on Sunday, May 30th. This indignation was directed against the monstrous wave of police brutality, the shooting of innocent war workers and the general campaign unleashed by the appeares elements of the population in our city to block the developing untiy in our efforts to win the war.

The brutal murder of Linza Smith, shipyard worker, by policeman Paul Van de Bogart, and the intimidation of the irate citizens who protested this murder, and the many acts of discrimination perpetuated against not only the Negro people, but the Mexicans and other minority peoples **is an indication of the panicky state of the pro-fascist forces in our country. They are afraid that we might win the war. They are afraid because this is a PEOPLE'S WAR.**

Philip Connelly, State President of the CIO, brought to this meeting the strong arm of organized labor and struck the keynote to action against the Negro-hating appeasers who must be wiped out at home just as surely, if we are to win the war, as the axis powers abroad must be crushed by our armed forces. He pointed out that **"while such discrimination and brutality has always been serious, it is more serious now because we are in a war."**

"It requires the maximum amount of unity," he went on, "If this war is to be won for all the people. Nothing can be tolerated that is going to contribute to our losing of the war. We will lose this war if we do not completely and totally work together. We cannot work together, we cannot expect that elements of the population of America will work together most effectively as long as such things as has been reported at this meeting is going to go on in our cities and states throughout the country.

"This problem cannot be solved if it rests on only a portion of the citizens of this city. I think we must broaden the scope of interest and influence which is brought to bear in this case. I think it is the issue of all the people, whether Negro or white. It should be brought home to the consciousness of all the people of Los Angeles. It is most important for all the people to realize that when such things occur this is Hitler's business, this is the thing that will best serve the axis.

"No better time is afforded to us than now to get this thought across. Now is the time we have to win the war. Whip it today."

Mr. Connelly informed the 1500 people gathered in the Church that due to the many protests against the fascist-like methods of Clyde Shoemaker, assistant district attorney in the case of the 17 Mexican-American youths convicted in the "Sleepy Lagoon" incident, he was dismissed from the District Attorney's office. Only the organized protests of the citizens of L. A. will bring to light the true facts of the case of Linza Smith and put an end to such brutality.

I know that when the State Presidents of the CIO pledged to the Negro community that "all elements of the CIO will readily join the task of publicizing these facts and will join yiu in the fight so that we can go ahead together and win the war", he was really speaking for his membership—because the CIO has always been in the forefront of this fight.

Spreading Joy.

By John Fowler

My Lord, what a morning!! were you there? The Pioneer Club No. 1 turned out in full Sunday morning at Second Baptist Church, where they joined with the pastor and members of the congregation in memorializing the early pioners and founders of the Church, in commemoration of its annual service.

The services were impressive as well as unique. The main feature was the inspiring singing of the Boostees Quartette and combined chorus of the Junior and Senior Choir.

To my way of thinking, the rendition of "Nobody Knows the Trouble I've Seen" by the Quartette, "I'm Tramping" by the Junior Choir, and "Steal Away" by the Senior Choir were the acmes of perfection. The singing evoked "amens" and "sing it" from all quarters of the church.

I was thrilled to see so many of the old pioneers, some of whom started with the church when it was organized fifty-eight years ago.

Among many of the first settlers seen in the congregation were Brothers Boggs, Hodges, Willingham, Bailey, and Coverington.

The Pioneer's Club contribution to the program was an original poem by Mrs. Martha Baw, read by Mrs. Esther B. Bruce, and a talk by the president of the Pioneers of Second Baptist Church.

Fifty-eight years ago this very month, five devout christians met in an upper room in the home of Rev. S. C. Pierce at 112 Requera Street, where they waited on their knees (not unlike Penticost) until the Holy Ghost came upon them, and there, in the highly spiritual atmosphere, the Second Baptist Church was born—the blood stained banner of Christ was unfurled.

It is interesting to note that the Sunday School is older than the church.

Rev. and Mrs. Pierce had gathered the children and Bible students every Sunday afternoon for Sunday School.

During the first year the Church had many trials and difficulties. The competition with worldly pleasures was keen. After one year of very discouraging progress, Rev. Pierce retired and left the church in charge of Rev. Duncan, leaving only 16 members.

It was then that out of the heart of Texas came that brilliant young orator, Rev. Chester H. Anderson. His preaching immediately attracted wide acclaim, and he was called to replace Rev. Duncan.

Under this new leader the membership of the church soon grew to 22. With this success they decided to build a church. Everyone pitched in and helped. They purchased a lot out on the edge of town in a Chinese Vegetable Garden, the cost of which was $75.

This lot is located on Maple Avenue between Seventh and Eight Street, its redeeming feature being that the horse car line passed the property. With the help of every able-bodied colored man in town, they erected a rough, straight up and down frame building, inside of which were rough, back-breaking camp benches.

If I Were a Negro

That the Negro is not alone in the fight against injustice, and has common cause with the oppressed everywhere, regardless of color, is the contention made by John P. Lewis, Editor of the newspaper P. M., in an article appearing in the June issue of NEGRO DIGEST, published in Chicago at 3507 South Parkway.

"If I were a Negro," writes Lewis, who has led many crusades for race improvements, "I would know that what happened to me was not just bound up with the Negro people, but with the progress of all little people everywhere.

"If I were a Negro, I would put education for my people first on my list of things necessary to reach the goal of real democratic equality for which all colored people and many white people are searching. Particularly, I would try to join a labor union, for of all organizations, a sound labor union has its roots deepest in democracy.

"If I were a Negro, those things I would know, but there are some I would not.

"If my little girl should come to me then and ask me as little Negro girls must ask their fathers: 'Why do they treat me like this?', I don't know what I could say."

"A DREAM"
By Don L. Bizzell, Jr.

I had a dream of you last night dear,
Singing the wonderful refrain
the melody of love,
It seemed that Angeles had kissed you without fear
And sent you down from above.

You were in my harbor of love dear heart
In your splendor looking sweet,
There you were playing a leading part
With my love and devotion at you rfeet.

Kinloch's Corner

By John S. K.

This is the story.

It is a real story, exciting, gripping. It is best, perhaps, because you have the biggest role to play in it.

The story begins on a street car, and you are seated on it on your way to your job in the shipyards or the aircraft plants. Or maybe you're riding in a motor car, and you are one of the pick-ups.

At any rate, he is sitting next to you.

Who is he?

He is the new fellow from Texas or Oklahoma or Mississippi or Georgia or Alabama who has come to Los Angeles in search of "a job in the defense." And he's found it.

You sit next to him and you think how green he is. You wish he wouldn't wear a loud suit with the hanging coat-tail. Maybe you sit there and think, "Texas! Humph!" or "Mississippi. Humph!" or whatever the state may be.

If you do this, you are wrong, for you are missing the story. The great story. The epic story.

He has a story, this man who sits next to you in the loud suit.

It has great stark outlines. They are:

Poverty.

Hunger.

Terror.

Disease.

That is the story of Texas, Oklahoma, Mississippi, Alabama, Georgia. Maybe not the story of the talented tenth or the upper-crust. But it is the real story.

It is the story of desperate yearning for small things: new pants, once a year; turkey, once a year; shoes, once a year, maybe; freedom, never.

Yes, that is his story, this neighbor of yours, with loud clothes and konked hair.

Can you imagine what this means to him? This fifty dollars a week? This going to the big shows and eating in the big restaurants and being dressed to KILL?

Do you know how FREE he feels?

Do you know that this is all he wants? To feel this freedom, to drink it up, to let it sing out of him, to dance with it, and laugh loud with it, and exploit it, and wring it dry?

But you know things that he doesn't know. You've had the breaks. You were raised here. This freedom does not intoxicate you. It is a flat drink in your mouth, for you know it is as yet a weak drink, not nearly strong enough to satisfy real men.

More than this. You know that things change, and always in one direction or another, toward better or worse.

And you can see the change about you . . . changes pointing worse . . . worse . . . worse.

Here are the dance halls formerly open to all who would come. CLOSED TO COLORED PATRONAGE.

Here is the union, trying to set itself at sea in two boats, one for black, one for white.

Here is the plant, with no upgrading for skilled black hands.

Here is the house we live in, falling to pieces. And five blocks away there is a fine house for rent, but we couldn't move in even if the people would sell to us. Deed restrictions.

And you can see the change about you . . . better . . . better . . . better.

The unions . . . the brave, new unions where Okies are learning that what was true at home is a lie here. That men ARE equal.

Here is the working together of Jew, Gentile, black man, white man.

Here is the war which takes all our sons and binds them together, black and white, and gives us the same thing to hate and the same thing to love.

You know there are two programs struggling. One, the big shots' program:

Isolate 'em!

Terrorize 'em!

The other, the people's program:

Unity! A man's a man—what the hell's the difference?

Organization . . . together . . . together . . . together.

Victory!

And here's your big job: You've got to make that guy next to you see it. That freedom's not something you GET, but something you FIGHT FOR.

And he's not so backward as you think.

He went to the meeting Sunday and heard Rev. Russell and Tom Griffith and Slim Connelley . . . and he felt the magic of 1,500 people mad because their rights were wronged. And he felt a great good feeling grow inside of him when the big white man said:

"We've got to lick Hitler together . . . or else we'll all be slaves together!"

CONTINUANCE OF RACIAL PREJUDICE A BARRIER TO NATIONAL UNITY

That the American Judiciary is beginning to become articulate and outspoken against racial prejudice against minority groups as a definite barrier to National Unity, and that its continuance is hampering America's war efforts and is playing into the hands of the Axis Powers is evidenced by two letters received recently by John H. Owens, from the Atlantic and Pacific Sectors of the Nation from two eminent jurists, Judge Jonah J. Goldstein of the New York Court of General Sessions and Judge Martin DeVries of the Municipal Court of Long Beach, California.

Judge DeVries released a colored young man who had been arrested by the Venice Police for defending his person against an unprovoked physical assault, and scored the arresting police for their prejudiced attitude.

Judge Goldstein resigned from the prejudiced American Bar Association for refusing to admit to membership the capable Attorney of color, Francis E. Rivers of New York, a public official.

John H. Owens, corresponding secretary of the Forum and former Assistant Clerk to United States Senate oCmmittees, had addressed letters of commendation both of these courageous jurists, upon motion made in the Forum on date of Sunday, May 9, by A. D. McMurray, former Forum president.

Says Judge DeVries in part: "I know that we are most anxious as a nation at this time to have the help of the Mexican Peon, the Filipino, the Indian, the Negro and all the other people who have a different complexion than some of us who belong to the so-called 'superior white race!' When we get out of our heads the idea that we are superior and recognize that other Nations have contributed so much to civilization, it will be a happy day and a blessing to all mankind."

Says Judge Goldstein of the New York Court of General Sessions in part: "My dear Mr. Owens: Thanks ever so much for your letter of May 2nd, regarding my resignation from the American Bar Association. It is indeed a san commentary on existing conditions that my action should be necessary and that it should be the occasion for commendation. A desire to maintain self-respect, compelled me to take the action which I did.

"Example is better than precept—the giving of lip service to democracy is not sufficient; we must affirm our faith and square our acts with our affirmations. The elimination of prejudice is achieved only through education and by giving it no quarter.

"I dislike the word 'tolerance'—I detest being tolerated—this is a batle for fairplay. In this fight to uphold American priniciples there must be no compromise. I am always mindful of the last words in the salute to the flag—'With Liberty and Justice for all' all means ALL. The indiivdual or minority group may be singled out for injustice—never for justice. Justice is only assured when it is meted out to all."

History is replete with famous examples of fatal delay; pauses that lost hours, indolent decisions that arrested human progress for centuries or otherwise altered the course of history.

"On the sands of time lie the whitened bones of those who, at the dawn of victory, sat down to wait—and, waiting, died."

USO Doings Hit New High; Hostesses Study

Special classes will begin on June 8th at 7:00 for all the junior hostesses that have not completed these courses. Miss Ruth Cowan from U. S. O. headquarters will conduct these classes. The purpose of these classes is to aid the girls to become better hotesses and to solve their problems that might arise out of their duties as junior hostesses.

The U.S.O. has been as busy as a bee's hive this week by going on various trips to army camps and planning for others. Some of the trips have been to Santa Monica, Camp Lockette and to San Bernardino. As usual a very enjoyable time was had by all on every occasion. To Camp Lockette there was an overnight trip at which over 83 charming girls with luggage and all left the U.S.O. Saturday at 3:00 to visit the 10th cavalry. The girls had a very delicious dinner of fried chicken after which they attended the beautiful dance. The girls experienced sleeping on army cots in the service club but because of the humorous chattering and wit, many of them were not able to sleep until time to arise. After luggage had been placed on the busses and the girls were ready to eat, they heard the tones of the 10th cavalry's bugle call. They hurried to see the magnificent sight of the entire cavalry coming to assembly from all directions to the Grove where special services were held in honor of the Junior hostesses.

At these services the Major General of that area, gave the address and many of the talented men also participated. After this service the girls returned to their delicious meal of egg, bacon, toast, and grapefruit. When the junior hostesses returned they were weary from the happiness they had enjoyed themselves and the happiness that they had given to the enjoyment of others.

At the same time many junior hostesses went to San Bernardino to visit to 365th Engineer Corps. where a very elaborate dinner dance was given for them. The Hall was decorated in red, white, and blue decorations, music was furnished by the 259th quartermaster Battalion orchestra, and tasty refreshments were served. Some of the other trips planned for the near future are to Santa Anna, Port Hueneme, Burbank, Palm Springs and Muroc.

This week service men were given tickets to see the fights, "Big Time" at Mayn and "Born Happy" with Bill Robinson.

Special donations for the week come from Mrs. Beatrice Sellers, Mrs. Florence Carter, Mrs. Leola B. Wilson, chairman of the Wed. Canteen, Bessie Hasmon, Mr. Harold Ory, Mrs. Pearl Tucker, Mr. Thomas Bellany, Mrs. Roberta Bellamy and Mrs. Clara McLemore. Those that donated food to Mrs. Wilson's Canteen services are Mary Nash, Mrs. Bessie Sparks, Mrs. Dorothy Jones, Mrs. Stevis Hawkhorne, Mrs. Charlet Higgs and Mrs. Mattee Strong.

The Excelsior Girls club gave eleven card tables to the U.S.O. The members of this organization are Lucille Bell, President, Anna M. Nash, Secretary, Ruby Williams, Pearl Fonsville, Lucille Jackson, Helen Crockett, Clifford Johnson, Rosena Johnson, Matilda Bagahin and Lavada Smith.

A special meeting the Eastside Board was held Wednesday at which all departments of the U.S.O. were represented. This meeting served to give every member present a better understanding of the U.S.O., its function and its purpose.

One of the interesting suggestions pointed out that parents should be informed of the purpose of the U.S.O. and in this way they would be more willing to participate and to have their daughters also take part. Those taking part on the programe were Mrs. Geraldine Sorrell, Miss Dorothy C. Quin, Mrs. Verner Gordon, Mrs. Cornelia Roberson, Mrs. Ernestine Davidson, Miss Mary Stamps, Miss Viola Aldridge, Mr. Norman O. Houston and Mr. Harold S. Prince. After the meeting refreshments were prepared by Mrs. George Hardiman and her canteen ladies. Also assisting were Mrs. Sammy Moore, Mrs. Gladys Thompson and Mr. Lloyd Thomas the assistant director of the U.S.O.

MAN HELD ON ASSAULT CHARGE

Elijah Garner, 1430 E. 20th St. a Cal ship employee, has been arrested by officers of the San Pedro police departmnt, upon complaint of Louis T. Battleson (white) and charged with assault with a deadly weapon growing out of an altercation on May 19th as Garner and four fellow employees were leaving the shipyard enroute home.

Garner, who is represented by Attorney Curtis C. Taylor, claims that he acted in self-defense and that as he was leaving the shipyard, the man blew at him to yield the right-of-way and that because he did not do so immediately due to crowded traffic conditions, the man called him a "d--- nigger".

Hot words ensued between the two and, according to Garner, the man alighted from his car with an automobile crank in his hand and as the two neared each other he lunged at him with the crank. Garner drew his knife and in the ensuing fight, his assailant was cut.

According to Garner's attorney, there are plenty of witnesses to corroborate the accused man's story. He is at liberty under $1500 bail and is scheduled to appear with his attorney for preliminary hearing in the San Pedro Municipal Court early next week.

Candidate Raps Race Prejudice

PASADENA, Calif.—Citing one of the major planks in his platform, "that there must be equal consideration for children of all minority groups," Howard E. Lambert, candidate for election to the Board of Education here, told reporters last week, that he is unquestionably opposed to any form of racial intolerance.

Calling upon his record to support his contention, Lambert, who is a member of the Board of Directors of the California State War Chest; the Los Angeles area USO and of the Executive Committee of the Los Angeles Area War Chest, said, "I did not not only voice my resentment to the "Rape of Ethiopia" by Italy, but I exhibited my protest by being numbered among those who picketed the Italian Embassy". Lambert also served as President of the Vanguard League in Pasadena in 1936 and in that capacity was active in the campaign against discrimination at the Brookside Park Municipal Plunge.

Interested in the problems of the common man, Lambert, who is at present War Relief Director for the CIO union of Southern California has given up his professional career as accountant and social worker, for the duration, to serve in a full time capacity in a war activities position.

Supported by labor and many liberal organizations, Lambert, in his address at the Scott Methodist Church here Sunday night told his audience that he did not see any reason why there was not Eegro representation on the Pasadena School Board.

"This should be the objective of every Negro who is resident of this town," he told his listeners.

Among those supporting Lambert, are: Mrs. Fay Allen, Revels Cayton, Rev. and Mrs. Karl Downs, Rev. Alfred Wilkins, Mrs. Charlotte A. Bass.

FIRST SO HONORED

Lt. Joseph M. Carr, Regimental Chaplain, 356th Engineers of San Bernardino, was the first Negro to graduate from The Los Angeles Baptist Theological Seminary.

Assistant pastor of St. Paul Baptist Church at one time and now chaplain in the Army, Lt. Carr was the first Negro ever selected to be speaker of the day at the Seminary.

It was on this occasion last month that the degree of Bachelor of Divinatis was awarded Chalmers Francis Gaithers, young Negro ministerial student.

BEHIND THE SCENES WITH HARRY

By HARRY LEVETTE — Theatrical Editor

Miss me last issue? Well, I'm very sorry, but was considerably under the weather, and the faithful "Girl Friday" gone with the big parade into defense work, else she could have pinch-hit for me as she did once before. Too bad for you and I have been meeting so regularly in this page for months. Guess I'll have "BEHIND THE SCENES" declared an essential war industry, so the next "Girl Friday" will be frozen to my desk. Well, at any rate, here's hoping it won't happen again within the next seventeen years. The Ol' Kolyum is seventeen years old this month you know. (Celebration scheduled for another date.)

MEMORIAL DAY NOW HISTORY, with celebrations and observances, minus street parades, picnics, etc—of peace time. . . . Nite spots, however, did good business, and many private parties held over the triple holiday. Finest radio speech: Undersecretary Sumner Welles at North Carolina College for Negroes, on post-war democracy, sans prejudice.

OPENING OF "AFRICANA" at the Music Box, most eagerly anticipated event. A long cherished dream of producer Earl Dancer, originator of the great Broadway success of the same name years ago, starring Ethel Waters. With the long experience of Earl, which resulted in a career of successes in America and Europe, added to the business ability and vision of his business manager, Ed. Hewlitt, the show should get going smoothly in a few days, and develop a long run. With such a shortage of talent that Noble Sissle postponed the organization of his musical comedy, Dancer and Hewlett were bold in their undertaking. At the time of his previous coast effort, the truly great musical comedy "Lucky Day," that had the daily reviewers raving the next morning after the opening, there was talent galore available. Leroy Prinz, director; Rodney Pantages, backer, and the whole Pantages family rubbing their hands in glee for many weeks after that wonderful first night at the Mayan.

PLEASANT PERSONALITIES MET OVER THE WEEK-END: The pretty, winsome, delightful Mrs. Louie Armstrong, in a long pleasant chat at Daisy Bufford's party, Satchmo has a real prize, as inspiring as his golden trumpet. She's a New Yorker, with all the polish, but unaffectedness, that foreign travel brings out of one who already had culture and a lovely disposition.—Met Leopold Stokowsky in a highly prized chat earlier the same evening at William Grant Still's. Found the internationally famous grand opera conductor, very gracious and not only willing to be plied with questions, but eager for more information about Negro folk songs. He was especially interested in the fact told by "Yours Truly," that there are a number of unwritten songs still sung by Negro workers, on the grading camps, in the turpentine orchards, the cane plantations, the railroad extra gangs, and what remains of the steamboat trade. Songs that have no spiritual relation, merely work. Some day I'm going to put them all on paper. Maybe Stokowsky or Still will immortalize them with music. They are too colorful to be allowed to become lost. Chants accompanied by the swing of muscular arms,—"When I get this long road levelled, I'm goin' home; I'me goin' home."—or "Lawd I brought this knee-high tampin' from up state, from up state," or "Don't you hear my hammer ringin', droppin' down, droppin' down," or the mournful "Little home." Then there's "Stuball the racehorse," "Coney and boy, little boy, ain't you sorry, evah lef' home, evah lef' Queenie," "Say ol' man can your houn' catch a rabbit," and many others.

VERBAL GASPS, POINT RATIONED.—Louise Franklin, Hollywood's prettiest, cleverest, most personable dancer has joined the WAACS; a break for the army, but a loss to motion pictures and stage and nite club circles. A native of Kansas City, trained early as a ballet dancer; has been in demand for every musical comedy made in Hollywood since she was brought here several years ago by Maceo Burch. Has played dialogue parts in a number of dramatic features, and recently was in the cast of both "Cabin in the Sky" and "Stormy Weather."—Cleo Herndon's hubby just returned after a brief furlough from camp in Texas, where he is on the training staff.—Norma Amato, young soprano protege of Hattie McDaniel, an excellent prospect with a lovely voice. Hattie made honorary First Lieutenant of 28th Infantry; also presented medals by white company of WAACS and a Red Cross up at Camp Minter last Sunday.

600 EXTRAS IN UNIVERSAL'S "HER'S TO HOLD"

Not exactly carrying out the proportion of "One-tenth of a nation" there were 600 extra or atmosphere players at Universal last week in its new comedy, "Her's to Hold," starring Deanna Durbin and Joseph Cotton, but only 30 of them colored. The scene was a big defense plant, with the line-up first at the gate, then action at the machines. Frank Ryan is the director with Mack Wright first assistant. There were 15 girls and 15 young men selected by Chas. Butler for the colored group. The girls were Inez Hatchett, Daisy Bufford, Grace Boone, Fanny Bufford, Katherine Sparks, Myrtle Fortune, Louise Franklin, Ruth Givens, Margaret Harrison, Cleo Herndon, Mae Johnson, Lena Torrance, Monica Carter, Anita Brown and Bertha Woolford. The young men were William Downs, Freddie Baker, Lucius Brooks, Rudolf Hunter, Eddie Deason, Wesley Gale, Chauncey Reynolds, Hilton Shockley, Andrew Taylor, Daniel Meyers, John Allen, Leroy Edwards, Wm. Davis, Cornelius Wicks and Milton Schockley. It is thought the proportion of colored players will be increased for the next call as the production continues.

FOUR BIGGEST MEN IN MONOGRAM'S "KING OF THE ZOMBIES"

Chosen for their height, all over six feet tall, and of husky proportions, four of the largest colored players in pictures were added to the large mixed cast of "King of the Zombies" at Monogram Studio last week. Mantan Moreland, under contract to Monogram has an important featured role. The sepia giants are Elias English, Thomas Sherman, Ed. (Papa Pat) Patrick, and Darby Jones, former champion high jumper, who played the "Zombie" in the recent RKO-Pathe thriller, "I Walked With a Zombie."

THEATRE WORLD

Vol. 64—No. 8 Los Angeles, Calif., Thursday, June 3, 1943 Page 2B

MOVIE SET PLAYER ENTERTAINS THREE BANDS AT PARTY

In one of the biggest as well as most enjoyable social events among the theatrical folk held recently was a party staged last Thursday evening by Daisy Bufford, pretty popular featured screen player, and star of the all-colored cast feature "Son of Ingagi." Welcomed to her dwelling place, 1438 West 30th street, were the leaders and complete bands of Louie Armstrong, Saunders King, and Lee Young. Armstrong and King played long engagements on band-stands No. 1 and No. 2, at the new Arragon Ball Room, Ocean Park, and Lee Young is at the Club Alabam.

Shows Motion Pictures

Aside from the big hot meal served at 2:00 a. m. after all the boys, off from their work had time to arrive, with their feminine companions, Miss Bufford surprised her guests by the innovation of a complete picture show, with a 60 minute feature, and a comedy short. This was presented by L. S. Booker, who in the special service of the war department tours the army camps with a portable projection machine and full sound equipment. The feature was a recent one in which Miss Bufford had been featured, and the comedy short, was "Slow Poke," staring Stepin Fetchit and Lethia Hill. Photographs of the merry party were made by William Westerfield, well known coast photographer.

Among those present besides the band members were Louise Franklin, Suzette Johnson, Doris Akes, Avanelle Harris, Cleo Herndon, and Vivian Dandridge, also Miss Helen Brown, Stuff Crouch, and many others. Miss Bufford just finished a bit in Warner's "This Is the Army," and is now in "Her's to Hold," at Universal.

Joe E. Brown Gives Negro Music Credit At Coliseum

"One of the greatest contributions America has made to the world has been its music, and it borrowed that from the Negro," was the bold surprising statement made by movie star, Joe E. Brown at the Los Angeles coliseum Sunday, May 17, before 75,000 persons. The famed comedian served as master of ceremonies, and his own speech was one of the highlights of "I am an American Day," the occasion of the celebration. Resounding applause followed Brown's statement about the Negroes' music, but unfortunately there were very few Negroes in the audience. The majority of those present were legionnaires called out by their post commanders.

During his speech, Brown said. "I have travelled all over this country trying to find out who are Americans. I have visited the coal mining regions, the vast farming regions, the factory districts, and the cotton fields of the south, where the Negroes raise this valuable and beautiful staple. Included were the Mexicans I have seen laying miles of railroads, and all the various nationalities that go to make up the melting-pot that is our great nation. So summing it all up, I have concluded that an American is one who says, "We the people, regardless of race, of creed, of color."

OHLA PLANS BIG "PAGEANT"

by JOHN FOWLER

At a recent meeting of Miss Pauline Slater's Committee on the Out Door Life and Health Association, plans were perfected for the much-talked of "Pageant" with August 15th set as the date.

It is going to be one of these gala First-Nighter affairs with movie stars, handsomely gowned ladies, Klieg lights, and loud-speakers.

BLUE NETWORK HONORS RACE HEROES AS STARS ENACT ROLES

Introducing a new radio program destined to portray the patriotism of the Negro, KECA was host to a large crowd of both colored and white guests in one of the large auditoriums of the station last Sunday afternoon.

Dedicated to Abraham Lincoln, the cast included Hattie McDaniel Lena Horne, Clarence Muse, Rex Ingram, Hazel Scott, Andrew Taylor, and a choir composed principally of Hall Johnson Singers.

Carrying out the setting in a unique manner the little scene opened in a canteen, when Lena Horne enters, and upon being asked her mission replied that she was looking for some sailors. Expressing the natural jealousy between the army and the Navy the soldiers asked, why look only for the sailors, to which she replied that all are her friends. She sang a song, and the action went into a narration by Rex Ingram as the minister, telling of the instances of heroism by colored soldiers and sailors.

But an argumentative dissenter, enacted by Andrew Taylor, declared that he wouldn't risk his life, that "He has been fighting all his life and got no where, etc. But when the minister starts to reprimand him, Miss McDaniel interrupts saying, "Wait a minute Reverend, Let me handle him. Then she gave the grouchy Taylor a good verbal going over including in her harangue, "I've been fighting this battle for Democracy for years and I'm going to keep on fighting it. Hazel Scott told one incident of a colored hero. Clarence Muse sang a number and the first performance of this theatre of the air made a sure-fire hit.

Polytechnic Presents Music Varieties Show

The music department of Polytechnic High School presented its semi-annual Musical Varieties on Wednesday, May 26. Proceeds from the show constitute the department's only means of financial support.

Featured on the program was Yvonne Cummings, lyric soprano, who sang "Springtime," accompanied on the piano by Don Lee White. Don also played "Rhapsody in Blue" on the organ. Lorenzo Holderness and Frederick Spencer presented a saxophone duet, "Song of India," accompanied by Alice Young. Members of the choral classes presented several numbers.

MGM Films Colored Sequence In "I Dood It"

Directed by Vincent Minelli, whose first feature at MGM was "Cabin in the Sky," its new comedy, "I Dood It," co-starring Eleanor Powell and Red Skelton, has included in it one of the most colorful, and tuneful all-colored sequences of any feature of the current season.

Built around Lena Horne, skyrocketed singing, dancing glamor girl, and Hazel Scott, nationally famous piano sylist, they dance and sing to a number titled "Jericho," arranged by a white composer, Kay Thompson. A large choir under the direction of Ben Carter, made the recordings and Carter also selected the actors who take part in the big sequence, supposed to depict an audition by Lena Hornes and others at a theater.

All are in evening dress, making it one of the classiest scenes in the picture. The girls included Doris Akes, Lena Torrance, Vivian Danridge, Avanelle Harris, Maggie Hathaway, Suzette Johnson, and Lois Hodnutt. The boys included: Joe Burch, Henry (Baby-Face) Roberts, Johnny Thohas, Andrew Jackson, George Harris, Joel Fluellyn, Clifford Holland, Leonard Bluett, and Buell Thomas. This big scene wound up the shooting on "I Dood It," which is now in the cutting room, with an early release expected. Mr. Minelli expressed himself as highly pleased with the colored actors.

Etta Moten's "Bess" Lauded By Coast Music Lovers

Their curiosity satisfied as to what kind of a "Bess" Etta Moten would prove to be, Los Angeles music and drama lovers settled back with a satisfied sigh, after watching her triumph in "Porgy and Bess" for two weeks at the Philharmonic Auditorium. With every seat sold out for the whole run, two weeks before the opening night, all recent records were broken for the first production of an annual Philharmonic Civic Light Opera season. And although the opera public here loves this work of George Gershwin and DuBose Heyward, it is the consensus of opinion among local producers and critics that it was the anticipation of this new "Bess" coupled with her international fame as a concert artist preceding her west, that accounted for complete advance sell-out even to matinees.

They were not disappointed. They found in Miss Moten's portrayal of this "Cat-Fish Row" figure around whom the melodrama of the story ebbs and flows in undying music, a woman who could not help her nature, but who in contrast, showed flashes of strength and determination lacking in previous interpretors. Her voice clear and sweet vibrated to the various emotions she expressed, like the strings of a Stradivarus. Though "Bess" herself was childless, her crooning to "Clara's" baby had all the tenderness of the eternal mother; yet there was fire in her "No, No, What You Want" with "Bess" in her scene in the palmetta jungle with "Crown," made all the more poignant by her sudden laughing surrender.

The ensemble murmurs were beautiful and organ-like, especially in the 'wake" scene over the body of "Robbins," also with Ruby Elzy following her song "My Man's Gone." As an added innovation the whole cast drew resounding applause after the finale with the national anthem. Other numbers were "Summertime," "They Pass By Singing," "Overflow," "Gone, Gone, Gone," "A Woman Is a Sometime Thing," "Leavin' fo' de Promis' Land," "Oh, Can't Sit Down,' Duncan's "I Got Plenty of Nuttin'," "It Ain't Necessarily So," "Oh, de Lawd Shake de Heaven," "A Red-Headed Woman," "Oh, Doctor Jesus," and others.

The Eva Jessye Choir was conducted by Alexander Smallens, the director, Rober Ross, Cheryl Crawford, producer, and John Wildberg, associate producer.

Stokowski Gets First Race Press Confab

By Harry Levette

"In spite of the war, the Negro influence in music is being felt, not only in America, but all over the world", declared Leopold Tschaikowsky in answer to a question asked him for the California Eagle, during an interview on Thursday of last week. I had the long hoped-for opportunity to personally meet and chat with the great conductor at the home of William Grant Still, recognized by Hollywood as the race's leading composer, during a brief press conference.

Although he is naturally of a retiring nature, and absolutely refused to permit Eagle photographers, Westerfield and Cutley, to snap even one picture of him, this internationally famous musical giant was very gracious and answered carefully all the questions we asked him. However I had many more to ask, that I felt the race would be interested in, but the interview had been granted by him on condition that it be brief, so condensation was the order of the evening. His visit at the beautiful, cozy home of the Stills was primarily a private one, to discuss matters pertaining to the colored composer's recently completed work, the beautiful choral, "Those Who Wait". This was written by him for Stowosky. Sensing the opportunity, the gracious Mrs. Still, had secured his permission to meet the press, following their personal conversation.

Continuing the noted Russian said, "One of the greatest things the influence of Negro music has done, has been to introduce the flexibility of rhythm, so characteristic of it. It tends to bring out the naturalness and ease, which makes it easier for musical compositions to reach the souls of the listeners". Concerning the spirituals and folk-songs originated in the slavery days of the Negro, he said that here is a fertile field for future composers, provided they are kept alive as America's only music, and one of the Negro's greatest contributions to America. "Haydn walked and talked with the peasants in the fields of Europe, listening to their labor songs, and folk-lore chants. These he wrote into his greatest symphonies. Equally great ones are hidden in the folk-songs of the Negro.

"Perhaps the present war will serve to turn the eyes of America more upon itself since Germany and Italy, under the heel of blood-thirsty leaders cannot be depended on as storehouses of musical culture as they have been for centuries. In fact America has been too dependent on Europe for its music. It is only during the past twenty years that it has begun to free itself from copying Europe," he continued. "You ask what will be the effect of this conflict on the culture of the countries of Europe after the war has ended. Well it all depends on whether they come out of it with a plan, and a spirit for universal brotherhood or a desire and determination for revenge. This lays the future in the hands of the United nations, which will undoubtedly win, and if the pattern for the new world is properly made out, culture too should have a new birth. However in Russia, there has been no suppression of the arts, and music is still being encouraged, in spite of the business of throwing back the invaders."

However the outlook for the future of music in America is not very encouraging, declared Stokowsky, because there is no national security for its orchestras. That is why their very existence is sometimes threatened, he said. With governmental support and jurisdiction this country could become the seat of musical culture, said he. And then he unfolded a plan that with America's great wealth, and the possibility of widening to unlimited proportions the people's appreciation of music, it seems a onder if it has not already been done. This is a Department of Fine Arts with a school for instrumental and vocal music, dancing, painting, sculpture, and other attendant avenues for the latent talents of American citizens of all races.

Outstanding Leaders Awarded Doctorate Degrees

TUSKEGEE INSTITUTE, Ala., May 24, 1943—Citations for Honorary Degrees, read by President Patterson, at Tuskegee, today, weer as follows:

"Crash Dive" And "Taxi, Mister" Now At United Artists

"Crash Dive," with Tyrone Power and Anne Baxter, now playing at the United Artists Theater, 933 South Broadway, is a picture of spectacular adventure, in which romance and action overshadow the war element, resulting in extraordinarily popular entertainment for the whole family.

"Taxi, Mister," the companion feature, is the third in the series about the Brooklyn McGuerins. It is a light pleasant comedy, handled via the flashback technique. William Bendix and Joe Sawyer as the partners in a taxi company, register as an amiable team of funsters.

D'ORR SAYS DESTROY EXPIRED RED AND BLUE COUPONS

Expired red and blue point ration stamps can breed black markets and Southland housewives who have not used up those stamps should view with suspicion any attempts to solicit their surrender, Paul Barksdale d'Orr, OPA Ration Chief for 9 Southland counties said today.

"If for one reason or another you find yourself with unused red or blue point stamps at the end of the month, destroy them yourself," d'Orr said.

Down in Front

With J. CULLEN FENTRESS

Lanky Bill Smith, the one-man track team who has been likened to the great Jesse Owens, competed in the Southern California Invitational Track and Field Championships at the Coliseum Saturday, but didn't fare so well. And there's a reason.

The former Belmont High and San Jose State ace who boasts of marks of 9.5s for the century, 6 ft. 6 in. in the high jump and 25 ft. in the broad jump, has been holding down a defense job at Cal-Ship.

His work doesn't allow him to get in as much practice as he must have. For that reason he didn't compete in the century Saturday. He went out almost 23 ft. in the broad jump and did finish in a three-way tie for first in the high jump.

Following the meet we chatted with Bill. He has made arrangements to change his department (he has been in layout) and also to practice on Belmont field. And that's good news, for Bill is the closest thing to the great Owens we have on the Coast.

As a parting shot, he told us: "I think I can do 26 feet this summer in the broad jump!"

NOTES FROM HERE AND THERE

Bob Kelley, U. of Illinois quarter and half-miler, and John Roxborough, Michigan half-miler, are big names in Big Ten track . . . So is Willis of Ohio State . . . Is he the footballer? . . . Sgt. Joe Louis Barrow impressed all and sundry at Ft. Huachuca some few days ago. There on tour, of the camp, Louis had this to be said about him by First Lieutenant Michael H. F. Mahoney, post public relations officer: ". . . the latter (Louis) has made long strides, where general all-around deportment is concerned. No longer do we see the downcast eyes and half-apologetic speech so common to the 'Joe Louis' of civilian life . . . Yes, Sergeant Barrow has moved up, and he may have a hard time finding 'Joe Louis' again when he returns to civilian life." . . . Ben Johnson, famous ex-Columbia U. sprinter, is a warrant officer at Camp Stewart, Ga.

A few columns over you'll see a couple of shots of the recent Montgomery-Jack title fight. NY fight writers are saying the Beau lost his first and only defense of his crown because he had been taught to box, something he can't do, being essentially, mentally, and physically, a fighter of the slugging type . . . The Kansas City Monarchs, world's Negro baseball champions and winners of the Negro American league title the last four years, are on a long road tour, paced by "name of names," Leroy "Satchel" Paige . . . Did you know: That Newell Eason, Shaw U. professor and son of Prof. C. L. Eason, held an intercollegiate boxing title back in the late '20s? . . . William "Big Bill" Bell, former Ohio State Big Ten lineman, is a private at the Tuskegee Army Air Field. Before entering the service he coached at Florida A&M. He garnered eight football championships in nine years coaching experience . . .

Hal Sinclair, former UCLA dash star, is a corporal at Camp Stoneman, Calif. . . . Ben Person, UCLA news bureau head, tells us that two Uclan athletes have been reported as casualties in this war. They are Bob Null and Bill Robinson . . .

Sitting in the Coliseum stands at the So. Calif. Invitational Track and Field Championships Saturday, we thumbed the program, looking at records. Here are a few: 100-yard dash, high school, all-City record, 9.7s: Allen, Jefferson, 1937, and Smith, Belmont, 1941; 880-yard run, Coliseum record, 1m. 51.3s: John Woodruff Pittsburgh, 1939; 180-yard low hurdles, all-City record, 19.5s: Collins, Los Angeles High, 1939, and Kirkpatrick, Venice, 1941; 220-yard dash, all-City record, 21.1s: Allen, Jefferson, 1936; 12-lb. shotput, all City record, 58 ft. 5⅛ in.: Direaux, Jefferson, 1938; high jump, all-City record, 6 ft. 5 in.: Smith and White, Belmont, 1941; broad jump, all-City record, 24 ft. 2¼ in.: Smith, Belmont, 1941; broad jump, Coliseum record, 25 ft. 5¾ in.: Jesse Owens, 1935.

INSIDE THE ROPES

Because Henry Armstrong has signed for a June 11 meeting with Sammy Angott in Madison Square Garden the Willie Joyce-Armstrong titanic, scheduled for Gilmore stadium, has to be put back at least a week, according to promoter Joe Lynch, former major domo at the Olympic auditorium.

It seems that Lynch feels he must have at least three weeks following the Armstrong-Angott go before staging his show.

Joyce, whose jaw was broken in his loss to Hammerin' Henry at the Olympic last March, has resumed light workouts at the gym.

* * *

Most of us who saw Elwood Romero, Sacramento bantam, stop Pee Wee Lewis, stablemate of Slugger White, in 15 seconds of the first round of the scheduled six-round semi at H'wood Friday night, are of the opinion that Pee Wee would do better if they would be rematched. Slugger's stablemate didn't have a chance to know what hit him.

And let it be noted that the Lynch promotion is definitely on!

* * *

And for our money, Slugger White comes pretty close to being the real boss of the world's lightweights. He can be had though as Julio Jiminez showed in the late rounds of their tiff Friday eve.

* * *

Tommy Farmer's fine bantam champ, Manuel Ortiz, the El Centra rancher, is the only active champion who holds a world's title. Or did you know?

* * *

Back to Friday night's bout at Legion stadium. When Jiminez gave Slugger a real scrap he ONLY landed right up there with the other lightweight biggies of So. California: John Thomas, Juan Zurita, Henry Armstrong, Willie Joyce.

* * *

State middleweight champion Archie Moore tangles with Jack Chase in San Francisco next Monday. It is not a title bout. Moore recently lifted the title from Chase in San Diego. Moore has a helluva rep, and L. A. fans want to see him in action.

* * *

When affable, portly Babe Mc Coy inked "Slugger" White and Juan Zurita he pulled a neat boxing coup. Dated for June 15 at the Olympic the bout will do sell-out business—and rightly so. Current odds have Zurita as a 2-1 long shot.—J. C. F.

"Slugger" Decisions Jiminez

"Slugger" White, Maryland's claimant to the lightweight championship of the world, won a hotly contested 10-round decision over Julio Jiminez of Mexico in the main event at Hollywood Legion stadium last Friday night.

The fast-punching White, always on the aggressive, had things pretty much his own way in the early stages of the bout, but had his hands full from the 7th heat to the 10th.

In the 7th, Jiminez took the aggressive and began throwing rights and lefts to the head and body and forced the "Slugger" to give ground. And for a lad who was figured for a knockout, Jiminez surprised everybody, including his tough opponent, Pee Wee Kayoed

Referee Reggie Gilmore gave White six rounds, called the 8th even as did this corner; and had White ahead by six points. Judge Frankie Van had the Slugger in front by 8 digits, Judge Johnny Indrisano by 17.

In the six-round semi, Elwood Romero, Sacramento bantam, knocked out White's stablemate, Pee Wee Lewis, 119½, in 15 seconds of the first round.

In the fours: Al Sanchez, 133, and Rudy Rivas, fought to a draw; Sgt. Gaston Miller, 165, scored a three round TKO over Sailor Billy McGrath, 160; Ike Blair, 142, TKOed Bobby Montoya, 145, in four stanzas; and Lane Hale, 163, stopped Phil Calzada, 171, in two.

ON THE TURF

By Geo. A. Ramsey

CALIENTE, Mexico.—The largest crowd, thus far, was on hand to witness another great program of twelve races at beautiful Caliente Sunday.

Close finishes were one of the features of the day. In most races it took the camera to establish the winner. In these events the crowd was thrilled with the excitement as the galloping thoroughbreds charged down the stretch to Generalissimo Eddie Nealis' payoff line.

It seemed like do or die for these game steeds. As the leader was about to cross the line, hearing the charging hoofs of the other horses at his flank, one would imagine seeing his ears pricking and nostrils wide open, exerting the last ounce of his strength, saying to himself, "They shall not pass!"

From the expression on the faces of the fans, the day's sport was enjoyed by all who love the sport of kings.

The entire official family of Caliente seemed well pleased with the way the public is taking to the come-back of the world's greatest sport. Mr. Zeke Caress, the world's greatest price maker, laid big prices for the boys on the lawn.

In the eighth race, Stanley Page, once a great jockey and now a layman at Caliente, nearly annihilated the books when they laid 30 to 1 on Perspicacity. The horse came from the clouds to win, paying the large price of $57.00 for two in the Mutuels.

Of the entire card of twelve races, only one favorite won, and that was Vain Grove in the feature race of the day. Although well-played, second and third choices romped in to pay good prices.

The biggest overlay of the day was Hadalad. He won as favorite two weeks ago and came back in nearly the same field, with Jockey Wilbourn, to win and pay $21.60.

Miss Paula Thorp scored a triple with her stable, while the little apprentice jockey, Duane Loop, was the outstanding star of the day, with three winners.

The daily double paid $113.00 and the Quiniela paid $30.80.

That's about it, folks . . . the highlights of the third Sunday's racing at Caliente.

So, until next week, when another fine card will be arranged by Judge Joe Walter for the lovers of the sport of kings, keep buying U. S. War Stamps and bonds. Have your winnings come back to you in ten years, with big interest. You won't need a photograph finish to collect.

'Sports Roundup at Benning'

By DON LESLIE BIZZELL

All Star Sport Program Planned

After providing the fight fans of Fort Benning at Doughboy Stadium May 14, 1943, with its most thrilling red hot action packed boxing bouts, the Benning Panthers of the Service Battalion, Third Student Training Regiment moves into the spotlight soon again with a bigger and better outdoor boxing show.

Sgt. Jackson has planned a new streamlined sports program in order that we may have the best outdoor boxing shows in the service camps. Getting fighters from all over to box on these gigantic boxing shows in the service camps. Time after time many amateur and professional ring stars will appear on these boxing shows at Doughboy Stadium and other camps, presenting to many thrilling action packed moments you always can enjoy and waited for a long time to see. The Benning Panthers intend to build boxing in the Fort Benning district to a peak unsurpassed by anyone, in order that you may have better outdoor shows. Boxing has reached a new peak in the service camps, growing more popular as the years go by. For instance, at Fort Benning we have men like Dynamite Daniels, New Jersey's sensational lightweight king who recently lost to the ever popular Georgie Pace, world's hard hitting bantam weight chaimpion. Terry Livingston, Timm Still (two tons of dynamite), Jimmy Mitchell, the light heavyweight sensation of the Pacific coast, Joe Noble, the litle hurricane of New Orleans, and many others. These men are the future champs, then too, we must not overlook men like Joe Louis, the greatest fighter of all times and a credit to the sports world. Through him many have learned the qualities of fine sportsmanship in being red-blooded Americans. As he once said, "We'll win because we are on God's side." That has been ringing in the hearts of every true American. Henry Armstrong, Jackie Wilson, Ray Robinson, Gene Tunney, Sol Abrams, Barney Ross, and many others like them in the armed forces doing their bit to make boxing what it is today.

Boxing has definitely built some of our country's greatest men and heroes playing an important part in their daily life. Sgt. Jackson's all-star program has been designed to create more interest among the fight fans in the armed services. He alone, with the cooperation of every man working with him should succeed in making these all-stars shows a huge success. Jackson has done much to develop boxing at Fort Benning coming up the hard way with a strong determination to achieve something for the benefit of the colored troops at Fort Benning district. Boxing has been the outstanding sport of the Service Battalion, 3rd Student Training Regiment. Under the careful guidance of Sgt. Eddie Jackson, men under him have come up to be future ring champs, going a long way to fame and fortune.

As time goes by they perform smoother and together always. Some time ago President Roosevelt stated in a message to the peoples, "United we stand, divided we fall." The Panthers have built themselves because they have stood together from a humble beginning to the present, performing magnificently with unquestionable pride and quality, challenging all teams.

The teams sports program will be given in full details in next week's issue. At present Sgt. Eddie Jackson is away in search of fighters from such places as Camp Wheeler, Camp Stewart, Georgia, Tuskegee, Alabama, and Camp Rucker, Alabama, and will return to his Training Hearquarters, Fort Benning, Georgia, with a host of ring stars for the next outdoor boxing show which he promises will be a bigger and better show that he has before. A million cheers for the Benning Panthers and their fine performance as a team.

HANK SIGNED TO MEET ANGOTT

NEW YORK.—(Calvin's News Service).—Henry Armstrong, former triple champion, was matched here last week with Sammy Angott, former lightweight king, for a 10 round bout in the Garden, June 11. Angott, who retired last fall giving up his lightweight crown because of an alleged injured hand, started his comeback March 17 by defeating Willie Pep in the Garden. He's regarded by the NBA as the No. 1 contender for the lightweight crown.

The National body, however, does not recoznige Bob Montgomery as champion. A lightweight championship match between Angott and Montgomery has been proposed by Abe Green, head of the NBA to determine the rightful champion. Armstrong, on the other hand, has had a more colorful comeback on his side. Out of 22 bouts he dropped only three, one of which was a very close decision to former Lightweight Champion Beau Jack. Hank stopped Maxie Shapiro in the seventh round in Philadelphia last Monday night.

For the June 11 fuss, both boys have agreed to weigh 140 or less.

Kenneth Goode, famous advertising man, says that of his entire staff, only one or two of his executive assistants grab the phone to start in creative motion newly proposed idea—immediately. The rest of the staff like to begin "tomorrow."

Democrats Rack Up 28 Points To Cop Meet

Rolling up 28 points without the benefit of their crack relay team, Jefferson High school's thinclad Democrats spread-eagled the city's preps Saturday at the Coliseum to win the 9th Annual All-City High School Track and Field Meet.

It was the Eastside institution's seventh consecutive city championship, and as a result the school was awarded the handsome Naval Aviation Cadet trophy.

Leroy Gay, hurdle ace, led the Green and Gold to their smashing victory by running second in the 120-yard high hurdles, and capturing the 180-yard lows in 19.6, just a tenth of a second back of the all-City record.

Other Democrat point-getters were Mel Whitfield, first in the 880 in 1m. 59.3s; Leo Stewart, third in the 100 and fourth in the 220. Hal Cage, third in the 440; H. Wells, second in the high jump, and Leroy Johnson, tied for third in the same event.

Jefferson's relay artists were eliminated in the preliminaries the week before.

James Wilson of Belmont walked away with the 440-yard dash in 49.9s. Surprise packages were Roosevelt's Norman Shivers, who took first in the high jump with a leap of 6ft. 2in.; and Ted Snow of Belmont who won the broad jump at 22ft. 1⅝in.

STRODE, SMITH PERFORM

Woodrow Strode, representing the March Field Flyers and former UCLA football and track star, placed second in the shotput with a heave of 48ft. 5in.

Not in the best of shape, Bill Smith, formerly of Belmont and San Jose State and now a representative of Cal-Ship, nabbed third place in the open broad jump when he leaped 22ft. 11¼ in. Although entered he did not compete in the 100-yard dash. (See "Down in Front.")

Smith wound up in a three-way tie for first place in the open high jump with a leap of 6ft. 2in.

The service men's 100-yard dash was won by Frank Batiste, ex-Pasadena Junior College star now stationed at March Field. Batiste's time was 10.2s.

BIRCH KO's DAVIS IN 2

Bobby Birch, 152, registered a second round knockout over Reecy Davis, 154, Monday night in the main event at Ocean Park.

A sharp right hand did the trick.

GOLDBERG, LOPEZ AT HOLLYWOOD

papers stop using "zoot suit" in coverage of crime news.

2—A counter-propaganda drive against the daily press campaign to make "zoot suits" indicate criminality.

3—A demand that the Office of Price Administration clarify legality of "zoot suits."

Youth members pointed out that every generation selects clothes different from preceeding ones. The ridicule and smear drive against "zoot suits", they contend, is a means by which daily papers stir up racial animosity.

Describing all crimes commited by members of minority groups as "zoot suits" attaches a false impression of degeneracy to those who prefer long coats.

It was also charged that an idea that "zoot suits" are illegal has been cleverly circulated. O.P.A. has made no such ruling. If the suits ARE unpatriotic, Council members state, O.P.A. should move against manufacturers and retailers rather than innocent purchasers, who are now stigmatized because of supposed illegality of the clothes.

Unity with Mexican youth in fighting waves of police brutality was pledged by the Council, which meets again tomorrow night at the 28th Street branch YMCA, as it also went on record in support of equal participation for Negroes in the Boilermakers International union, which holds Calship, Consolidated and Western Pipe and Steel contracts.

William Harrison, Negro deacon recently beaten by Newton street police after his arrest following the police slaying of a Negro defense worker on East 52nd place, related his experience to the group. Shock and determination to wipe out police brutality was the reaction.

will tolerate no double standard of law enforcement in Los Angeles!"

PHIL CONNELLY, State President, CIO:

"We are in a war that demands the utmost unity of our people. Incidents such as this cannot be permitted. When they happen again and again, Hitler's game is being played.

"This means that we must meet police brutality now, head on, and whip it.

"We have here no narrow issue for some citizens of the community. We must broaden the scope of interest and pressure brought to bear on this case.

"People in high places who tolerate or stimulate this kind of thing can no longer get away with it. Clyde Shoemaker, vicious persecutor of the Mexican people in the district attorney's office was fired this week because of the pressure brought against him.

'This is the way to fight. The ball is rolling. Let's keep it rolling!

"These people who play Hitler's game can be weeded out by the indignation of the whole commuity."

NORMAN O. HOUSTON, Golden State Mutual Life Insurance Company:

"There is a great internal pressure driving the Negro community today. Though our restricted living quarters have not been expanded in the last year, our Negro population has grown by 30,000!

"The congestion of housing difficulties for Negroes in Los Angeles is appalling. We owe a responsibility to the migrants who come here. We die for America; we must be able to live in America.

"Those who maintain housing restrictions against Negroes in Los Angeles contribute toward making this a tinderbox community, waiting for the first match."

JOE MARTY: Mexican Defense Committee:

"Mexican people are facing the same problem with which Negroes are confronted.

"Not only are we persecuted by the police on the Eastside or the Southside, but at Santa Monica and Venice. The Santa Monica police department has trained high school boys to fight Mexican youth who visit the beach. Last week 55 Mexican boys were arrested at the beach, in different places, for 'inciting a riot.'

"A police captain recently said, 'any Mexicaln is a good suspect.'

"We not only have enemies abroad, but we have them right here at home. And we had better beat them at home or else we won't win over there!"

FRANK GREEN, AFL, Building Service Employes:

"There is on this occasion unity between Mr. Connelley and myself; complete unity between the CIO and the AFL.

"Not only is the Smith case involved in this but our whole war effort.

"Hitler himself couldn't do a better job of disrupting the people than some of our police officers.

"At this moment when the meetings between Churchill and Roosevelt presage great military events, utmost unity of our whole people is doubly essential!"

JOHN KINLOCH, Junior Council, NAACP:

"Police brutality against Mexicans and Negroes; crime stories in the metropolitan press smearing minority groups because they wear 'zoot suits'—this is all part of a scheme to disrupt and divide the war workers of Los Angeles. Youth must join ranks to oppose this.

"If we're big enough to fight Hitler over there, we're big enough to fight his pals at home!"

Others who were seated on the platform included Augustus Hawkins, Dr. George Gleason of the Council for Church and Community cooperation, Dr. H. A. Whiteman, Revels Cayton, State vice-president, CIO; William Pollard, Dining Car Cooks and Waiters, AFL; and Lou Rosser, CIO.

NO DOUBLE STANDARD

The statement adopted enthusiastically by the hundreds present held, "We on the Eastside live in a community which demands law and order. We support the legitimate activities of the police department in combatting crime. But we will permit no double standard of police practice in Los Angeles—with a special Gestapo brand for the Eastside."

CORONER'S JURY OK'S NEGRO DEATH

Justifiable homicide was the verdict delivered by a Coroner's jury at the inquest of the fatal shooting last week of Howard Turner, Negro, by minister, Theodore M. Hofmeister.

The preacher, who is also air raid warden and owner of a 30-year-old revolver, testifying that he was awakened by unfamiliar noises outside his home at 750 Crocker Street, said he grabbed his flashlight, ran out on the street, saw a man lying on the pavement, over whose prostrate form bent a fellow, searching the victim's pockets. Running back into the house, Hofmeister returned in time to shoot the fleeing robber.

Turner's body, later found a short distance away from the scene of the robbery, revealed that he had been shot through the neck. Newspaperboy, Leo Bischoff of 758½ Crocker Street testified at the inquest that he had been slugged and robbed of $197, the amount found on the person of Turner, the night of the shooting.

Traffic Accidents

Last week, through carelessness, four human beings were killed in traffic accidents on the home front—a cost of 180 thousand dollars to Los Angeles citizens, and a sacrifice of 200 jeeps or 2,250 Garand rifles to our Nation's fighting forces and early victory.

Police enforcement activities are directed toward traffic violations whoch are known causes of accidents.

To off-set a 30 per cent reduction in police personnel, the City Council passed an ordinance providing 32 hours overtime for police officers of Los Angeles at straight-time pay. This loss was occasioned by entry of over 500 police officers into military service.

Members rose and applauded as he stepped up to the rostrum.

Nodding in acknowledgement, Barclay said:

"I wish to express my appreciation for the courtesy which has been shown me by the Senate of the United States."

Many members of the Senate walked over to shake his hand and exchange greetings while other members continued with debate on legislation. About half of the Senate's 96 members were present at the time.

Among the most notable absentees were many Southern Senators.

Barclay paid a similar visit to the House of Representatives.

ing the N. A. A. C. P. Senior Branch of Los Angeles and John Oscar Hayes is representing the organization's local Junior Council.

It is expected that Walter White, N. A. A. C. P. executive secretary who will deliver the keynote address at the opening session, Thursday night, June 3, will urge that Negroes not only keep their eyes focused on the contemporary scene but look forward to the end of the war, and see to it that at least one qualified Negro is named among the American delegates to the peace conference.

Speakers who are to deliver addresses of welcome are Albert E. Cobo, city treasurer of Detroit; Ramon Scruggs, Shelton Tappes, Fred X. Martel, Rabbi Morris Adler, L. C. Blount and Rev. R. L. Bradly.

Headquarters for the conference is Second Baptist Church, 441 Monroe street.

The highlight of the conference will be the monster mass meeting in the huge Olympia Stadium on Sunday, June 6. Here against a background of war time pageantry, accented by the music of the Charles Young Post, American Legion band and the drilling of the Junior Majorettes, Congressman Will Rogers Jr., of California will present the Spingarn award to Judge William H. Hastie. Hastie receives the Spingarn Medal for his refusal to temporize with racial bigotry in the War Department of the U. S. In protest against discrimination in the armed forces, particularly in the Air Force, he resigned last January as civilian aide ot Secretary of War Stimson.

Thirty-seven local choirs and independent choruses will sing at the June 6 meeting. Dorothy Maynor, nationally famous soprano, will lead an anticipated crowd of more than 20,000 in the singing of the national anthem. Philip Murray, CIO president, who will deliver one of the main addresses, will be introduced by R. J. Thomas, UAW-CIO.

Boilermakers Push Fight

(Continued from Page 1)

membership divides workers and drives deadly wedges into national unity, the Shipyard Workers Committee for Equal Participation has asked government action to smash the Boilermakers jim-crow policy.

No Negro worker at the plants mentioned is a bona fide member of his union. He is shunted into an all-Negro, unofficial auxiliary.

NAVY SPEAKS

Lieut. Ley, special investigator of production in the shipyards for Navy intelligence stated in a recent report, "Union jim-crowism is a **definite threat** to productoin." He promised prompt intervention by the Navy.

POLLARD, HAWKINS LASH OUT

Meanwhile efforts of hankeyhead Negroes to set up a jim-crow auxiliary in Los Angeles (the present one operates from way-off Kansas City) ran into a blistering attack from William Pollard, one of the ranking Negro AFL trade unionists in the West.

Pollard, progressive secretary of the Dining Car, Cooks and Waiters union, told the EAGLE Tuesday, "Any discrimination on the part of labor organizations, any attempt to jim-crow or segregate workers is undemocratic and detrimental to the trade union movement as a whole.

In a pointed reference to the sell-out of some Negroes to the proposed jim-crow auxiliary here, Pollard added, "We must be ready to make sacrifices in order to achieve full equality."

Another voice was added to the anti-jim-crow chorus when Assemblyman Augustus Hawkins lashed out against "the entrance of Negroes into jim-crow unions" in a speech Sunday.

The National Association for the Advancement of Colored People, the Negro Victory Committee and the Los Angeles Urban League are pledged to oppose establishment of an Uncle Tom auxiliary here.

Exciting developments in the Negro Boilermakers struggle for equal participation, which is actively supported by hundreds of rank-and-file white workers, are expected momentarily.

PLAN DANCE

A shipyard workers dance to raise funds is planned for June 25 under auspices of the Committee for Equal Participation at Elks auditorium. Dootsie Williams, bandleader now employed in the yards, will be on hand with his music makers.

El Segundo Must Vote CIO

(Continued from Page 1)

holds a contract at Lockheed, refuses point-blank to accept Negro membership, excluding colored workers by constitutional order.

So vital is the Monday election that the EAGLE today proposed a VOTE CIO Sunday in those progressive churches which recognize the life and death struggle of Negro workers at Douglas El Segundo against the rising tide of Southernism in California.

Interested ministers are urged to contact the EAGLE for information, at CE 2-4228.

Spokesmen for the National Association for the Advancement of Colored People, the Negro Victory Committee, the Los Angeles Urban League, the California EAGLE, the Los Angeles Sentinel, Neighborhood News, Second Baptist Church, Independent Church of Christ, First A. M. E. Church and many other groups and individuals signed a full-page statement which appears on 5-A of this edition of the EAGLE.

Imporance of the Douglas El Segundo election was stressed by all signers of the statement. The document termed I. A. M.'s anti-Negro policy . . . "not only a dagger at the heart of the future of every Negro industrial worker in Southern California—it not only proposes to leave Negro workers naked and unprotected, to be hired or fired at will—it is a bitter wedge driven into the unity without which full production against the nation's enemies is impossible."

"The United Automobile Workers, CIO," continued the statement, "has a long and distinguished record in race relations. Negroes participate fully and with equality in the union. The secretary of the largest single local in the world—a U. A. W. union—in Detroit, Mich., is a Negro, serving over 100,000 Negro and white workers."

MACHINISTS HAVE TROUBLES

On the day of the election, removal of the International Association of Machinists from the roster of AFL unions is supposed to take place.

The rupture between the AFL and the Machinists, which now becomes independent, matured after a 48-year alliance and grew out of controversy with the Carpenter's union over jurisdictional matters.

A national policy-forming group will meet in St. Louis, June 5, to formulate the new structure of the I. A. M.

An opportunity for prompt work of Negro workers to urge non-discriminatory entrance to the union is thus offered.

Community observers, however, believe that the only lesson which can teach the I. A. M. is a thorough lacing at the hands of Negro voters at Douglas El Segundo in Monday's election.

Ho truly Dante spoke when he said, "He who knows most, grieves most for wasted time."

"SPEED THE VICTORY" CONFERENCE AT ROOSEVELT HOTEL

The Anti-Poll Tax Bill will be placed on the floor for complete examination and discussion along with other "Win-the War" legislative measures at the "Speed-the-Victory" Conference to be held at the Roosevelt Hotel on Sunday, June 6th, by the Los Angeles Chapter of the National Lawyers Guild, it was announced today by Charles J. Katz, chairman of the arrangements committee.

"Legislation now before Congress has a vital bearing on the successful prosecution of the war, both on the production and on the military fronts," stated Katz. "The purpose of the Conference is to examine these proposals and to determine a minimum legislative program upon which all organizations and citizens in this area can unite. The Guild believes that such unified action is imperative if legislation advancing the war effort is to be enacted into law ,and legislation having a contrary effect is to be defeated."

A stimulating and varied agenda will be presented to the meeting, which will include discussion on vital measures affecting labor, civil rights, production, taxes and inflation and social security. Representatives of the Republican and Democratic parties will be present to argue the merits of the various bills and it is expected that a minimum legislative program acceptable to both parties will be adopted.

All organizations are urged to send official delegates to the Conference where possible. Officers and members are also welcome in their individual capacities. No action taken at the Conference will bind any organization unless ratified by the group itself.

A luncheon will be held at the hotel at 12:30 immediately preceding the Conference, at which outstanding persons in the city will speak. Reservations can be made through Louis R. Stein, secretary, 906 William Fox Building, Tucker 2283.

The NEWS REEL

By HARRY MORGAN

We probably won't know until the end of the war just how seriously hit the Germans were by the destruction of those dams in the Ruhr Valley. But you can bet your last "A" coupon that the job didn't take any wrinkles out of Hitler's Nordic noggin. That water behind the dams used to be a liquid asset—now it's a soggy liability. The flood caused thousands of workers to be driven out of the valley. Water always has been highly regarded as a chaser. The Ruhr dam attack can be rated as one of the most dripping dramas of the war. The R.A.F. fliers were probably working on the old theory of "Sweets to the sweet"—so they gave Germany's headman a big drip.

I heard about a man asking for a divorce because his wife put her pet monkey to sleep in her husband's bed. Maybe she was just near sighted.

Now that we have that off our minds—let's turn to another subject. June is the month of weddings and anniversaries and that usually calls for fun and frolic. To keep the parties going on high serve refreshing, stimulating refreshments from the fine selection at The House of Morgan, 729 Central Ave. Whether your taste runs to liquor, wine or beer we have the finest selection to offer you at the lowest cost.

Speaker Points To Lessons From the War

TUSKEGEE INSTITUTE, ALABAMA—Addressing the graduating classes of Tuskegee Institute, P. B. Young, publisher Norfolk Journal and Guide, pointed to the Atlantic Charter and Covenant of the United Nations as the bases for democratic action in the post-war world. These instruments, he said, "are not self-effectuating. We must first win the war, and to this effort we must dedicate the best that is in us."

Using as his subject "Some Lessons from the War," the speaker described the Atlantic Charter and the Covenant of the United Nations as unique and historic documents which those nations opposing the Axis powers regarded as representing the ideals for which they are fighting.

"The Covenant of the United Nations," said Mr. Young, "is the voice of a thousand million people of all races, cultures and religions, expressing their faith in the integrity of the Atlantic Charter. It pledged these peoples to employ their full resources, military or economic, on the side of the United States and Great Britain, in this global struggle for human freedom. Europeans of diverse racial stock, East Indians, South Africans, South Americans, Chinese, who differ in racial and cultural respects from the authors of the Atlantic Charter, joined in compact with them in one common purpose, to achieve victory over the enemies of freedom, to establish the right of self-government, and in the enjoyment of that right, to be free from fear and want."

Sees New Post-War World

Emphasizing what the war is teaching the present world, the speaker continued:

"This idea, embodied in the Atlantic Charter, envisages a new post-war world. It definitely discourages aggression — the overthrow and the absorption of the weak by the strong. It frowns upon imperialism, which is a less direct,, more civilized form of exploitation of the weak by the strong.

"It is recognition of the truth that a nation cannot survive in the present world by itself; that no nation, however rich in resources, is sufficient in itself. It is recognition of the truth that we cannot have peace and security in the world while some nations are rich and while others are poor; that we cannot have advancement in civilization while some nations are benighted and backward, while some others are enlightened and progressive.

"It is recognition of the truth that nations can no longer maintain in a position of isolation and derrivation a minority element of its own nationals and have the degree of solidarity and efficiency essential to its national defense, or its national prosperity."

The speaker illustrated this by saving that when it became necessary for the United States to raise an army the country found to its amazement that 40 per cent of all men of draft age of all races were rejected by the armed forces because they could not meet the required standards of physical and intellectual fitness.

"This," he said, "was due in part to governmental policies which tolerated different standards of living, different standards of education, and different standards of health."

"The war has taught us," he said, "that it is not only uneconomical but it is dangerous to the safety of our liberties to keep people poor and unhealthy. It has taught us that we cannot compete in war or in peace with nations that place a premium upon the development of virile and intelligent manpower and womanpower."

GEMINI
May 22—June 21

If you are born under "Gemini," you belong to the most individualistic Sign of the Zodiac—the sign which more than any other, places a premium on self-expression.

Life to you is one long opportunity to be yourself, to express in thought and emotion and action what you feel is most truly individualistic.

In the past you have been under influences that have, perhaps, narrowed the range and variety of your experiences, at the same time that they have deepened your penetration and insight into what has happened in your life. In the year ahead, especially right after your birthday, success and happiness are going to overshadow your misfortunes.

Your watchword for 1943 should be "Keep your head!" For there will be plenty of excellent opportunities to "lose it."

There is a way by which you can prevent this year's opportunity from being wasted, write to Prof. Herman for your 1943 Horoscope and read it carefully. Let it be your guiding star to success.

* * *

G. W. Dear Prof. Herman: I want to thank you for helping me to find happiness and peace of mind. I really can't express my gratitude in words. Before I wrote to you, I was so lonesome and worried, but now that is part of the past. I have found consolation and relief at last.

* * *

M. H. Will we ever marry?

Ans. Your lucky stars and guiding planet indicate that marriage may be the result of your relationship with this man. He cares for you a great deal, and you will find true love and happiness.

* * *

W. M. W. Will I have a child? Will the child live? Are my suspicions true about this roomer?

Ans. Only one question is answered in the column. I suggest that you write in for a private reply at your earliest convenience.

* * *

E. T. Does he love me?

Ans. Concentrating on your question, I find that you are a married woman and in love with your former boy friend. It is revealed to me that he is still fond of you, but he realizes that you are the wife of another man. I suggest that you try to forget about him, and concentrate on making your marriage a success.

* * *

A. B. Dear Sir: Your Hindu Charm Bag has helped me to gain friends and find success in my undertakings. I will tell my friends of the wonderful work you have done for me. I want you to continue to be my adviser and friend.

* * *

M. R. What become of my umbrella?

Ans.: After a careful study of your question, I find that you left your umbrella at the home of a friend. In all probability, you will locate it at your friend's house. I suggest that in the future you be more careful with your belongings.

* * *

J. W. What should I do?

Ans.: Probing into the matter, I find that you have broken off relations with the girl you love. My Phycho-Metalist Crystal reveals that you should try to win her love again, and in the future do not doubt her love for you.

* * *

G. U. When did Selective Service begin?

Ans.: On Sept. 16, 1940, Congress passed the Selective Training and Service Act. It was the first United States bill of its kind to be passed in peace time.

* * *

D. D. What does the future hold for me?

Ans.: Your Zodiacal Sign reveals that you will come in contact with influential people who will help you with the project you have in mind. It is necessary to concentrate upon your objective, study hard and even sacrifice to achieve the honor of being an officer of the U. S. Navy, but you can do it if you believe in yourself.

Asks Investigation Of Conditions at Camp Stewart, Ga.

J. Finley Wilson, Grand Exalted Ruler of the I. B. P. O. E. of W. this week called on President Roosevelt and Secretary of War Stimson to have a full and impartial investigation made at Camp Stewart, Ga., as to conditions affecting Negro soldiers. He urged that an investigtaing committee of civilians which should include at least one distinguished Negro such as Judge William H. Hastie be formed.

Wilson's letter in part stated: "We have had repeated and highly disturbing reports of viciously unjust treatment of Negro soldiers by southern white soldiers and officers at this camp. Two hundred officers and men from the 369 Infantry composed of Negro soldiers and officers from New York have been sent back from Hawaii, after seeing active service, to form a nucleus of a new Negro division.

According to numerous reports which have filtered out from the camp during the last month, these men have been subjected to studied, intentional and repeated insults and humiliations, and even intentional neglect of men who are sick or have been beaten.

These men are used to being treated in a decent way, as citizens, and as solders should be treated similarly; and this expectation on their part appears to be the cause of the insults and brutalities that have been inflicted upon them by white soldiers and officers at this camp. These soldiers and officers are prejudiced against Negroes and particularly hate Northern Negroes who have been used to enjoying citizenship rights."

"Such treatment has damaged seriously the morale of these trained soldiers and the reports concerning it, which will be used by Nazi agents and which are more than likely to be true because of the well known attitude of many southern whites toward Negroes, can seriously affect the morale of Negroes throughout the country and their faith in the justice with which their country treats them."

MY EXPERIENCE IN THE POST OFFICE

Most employes in the Post Office Department remind me of a man who is deeply in love with his wife but believes she is unfaithful. He will complain to everybody but her about the wrong that he feels she is doing him. This never gets him anywhere and neither will it get employes anywhere woofing to each other about what some supervisor did. Be man enough to tell anyone to "Straighten Up and Fly Right."

Any position which absorbs the physical and mental energy of an individual is certain to become an inseparable part of one's life. This is very noticable among post office emplayes. They discuss their work at their homes, at dances, poker games, and on the street. They dig each other, curse the supervisors, extol their own virtues, and give their idea of how the post office should be run.

All grievances should be thoroughly discussed and ironed out among employes then presented to the heads of departments with a solid front. The least important factor is who gets credit but the most important is the results are obtained. The idea that men are sticking their necks out when they ask for their rights is boloney. Keystone combinations have been broken up before and it can happen again. There are those who feel that they invulnerable but Time is an element that takes care of all things some time sooner than we expect.

Feeling that I was getting a little too enthusiastic and knowing what his past experiences had taught him, an old time railroad mail clerk related to me the following story:

He said that some years ago the drinking water in the mail cars was not very well protected. A certain clerk took it upon himself to make photographs of these containers showing flies, bugs, and what have you in them. These were published in a newspaper and caused quite a furor. Result: the clerk lost his job but the other clerks received better containers! This friend went on to say you know eventually you will be dismissed, think it over, is it worth while? You can't buck this thing by yourself, smarter men than you have tried and where are they now? You have a family to support and are buying a home. Have you the right to make this sacrifice for men who will say you are a fool or a radical?

My answer is this: The railway mail clerk though he lost his job made a worthwhile contribution to his fellow man. Christ was called a fool but we realize the sacrifice he made for man today. Billy Mitchell died in disgrace but today his name is immortal. There is no sacrifice when you fight for that which you believe to be right. You may have heartaches and headaches but that is compensated by the knowledge that you are trying to make some small contribution to your fellowmen. No one who fights on the right side is alone. There is a Supreme Power that will crush all opposition in due time. To God all things are possible. When we have more faith in the ability of God and less in the almighty dollar we will accomplish things.

As long as post office employes continue to complain about conditions among themselves but refuse to do anything about it because they hope to get a promotion some day there will be no change. Special favors, overtime, and promotions are types of bribes that keep men from having backbone. When, "Togetha we stand, divided we fall," becomes the motto of post office t will be a pleasure to work ther. This is your country, this is yor government, and your post offie. It is up to you to make it wht it should be.

If politics does not enter into the pocture and patronage do not exist, what has held up certain appointment so lnog?

Will someone tell me thes things, Mr. C. R.?

Colored Personnel First to Subscribe 100% War Savings

By S/SGT. CLARK R. COLEMAN

At long last a civilian payroll at Camp Gordon Johnston, Fla., has been riding the blue light Bond Buying Special long enough to reach the 100 per cent participation mark, according to figures released this week by Captain Philip R. Whitley, Post Bond Officer.

The all-colored civilian personnel at the Camp Coal Yard have the honor of being the first group to subscribe to War Savings Bonds purchases 100 per cent on this Post. Their salary being the lowest, ninety dollars per month, these workers have distinguished themselves by putting 11.16 per cent of their earnings into war bonds each pay day.

The workers, all citizens of Tallahassee, are John Adams, David Davis, Eddie Davis, John Davis, Allen Hayes, Hezekiah Jefferson, Dewey Jones, Gilbert Jones, Raymond Mitchell, Willie Oliver, Paul Pemberton, John Penney, H. C. Robinson, Samuel Turner, Dempsey Woody, Samuel N. Woody, and Charlie Zackey.

The workers working in close harmony daily with military personnel are staunch believers in the Bond Drive saying, "They give their lives, you lend your money" to the extent they have surpassed the usual 10 per cent subscription.

Under the command of Colonel Walter E. Smith, who launched the War Savings Bond Drive, Camp Gordon Johnston is located 59 miles southwest of Tallahassee, Floridas' capital, on the Gulf of Mexico, and is one of the nation's outstanding amphibious warfare training centers.

WAR ON NEGRO

TRUTH: For 333 years a war of prejudice, discrimination, lynching and abuses has been waged against us. I began to fight this battle wren I discovered that I was a 'made fool.' Mark you, not a fool but a 'made one', like many intellectuls.

Thinking people are asking: What are we—Negroes, colored People or what? What is a NEGRO? No educator has ever given a satisfactory answer. They haven't the courage. The truth has never been told. Why is NEGRO the most disputed name? Because the truth is not known. Truth is The Basis of Education. I went to a university: spent 5 years in law school in Boston, became counsellor in public schools. Worked in educational sociology at New York University.

After 15 years' investigation, study and research, I found the facts, the history, the truth about the race.

With my discovery, I made money, and gained world respect.

It can do the same for you. I have compiled it in the great book: "HUMAN SIDE OF PEOPLE." 399 pages, 84 pictures by myself. Raphael P. Powell. The demand for this book by thousands proves that it shows the way to success and is helping to win the war against race prejudice. Price $3. Send orders to: PHILEMON CO., 224 West 135th St., New York City, GUARANTEED: The only book which gives the TRUTH about our race.

TO ALL WORKERS

AT DOUGLAS VERNON AND EL SEGUNDO PLANTS

There will be an election called by the National Labor Relations Board at your plant next Monday. On the ballot will appear the International Association of Machinists, AFL, and the United Automobile Workers, CIO.

It is vital to your own personal destiny as an industrial worker; it is vital to the labor movement in Southern California; and it is vital to this nation's all-out war effort that you cast your ballot in favor of the United Automobile Workers, CIO.

It is not the policy of any signer of this letter to "take sides" in a labor election. We are all especially careful of provoking inter-union discord today because of the necessity for the fullest unity of the labor movement in carrying out its historic mission of total production against the fascist enemies of America.

But in this case it is necessary that we all speak out against the International Association of Machinists, AFL, in terms of sharpest condemnation.

For by constitutional order, the I. A. M. entirely excludes Negroes from membership in the union. All statements to the contrary are untrue.

This policy is not only a dagger at the heart of the future of every Negro industrial worker in Southern California,—it not only proposes to leave Negro workers naked and unprotected, to be hired or fired at will,—it is a bitter wedge driven into the national unity without which full production against the nation's enemies is impossible.

The United Automobile Workers, CIO, on the other hand, has a long and distinguished record in race relations. Negroes participate fully and with equality in the union. The secretary of the largest single Local in the world,—a U. A. W. union,—in Detroit, Mich., is a Negro, serving over 100,000 Negro and white workers.

To guarantee union protection for your job and your right of full participation in labor organization, to weld the bonds of national unity behind America's war for survival, we urge you to vote for the United Automobile Workers, CIO, on next Tuesday.

Screwball Serenade:—

COUNCIL FORBIDS ZOOT SUITS!

ON THE SIDEWALK

AN OPEN LETTER TO FLETCHER BOWRON

Dear Mayor Bowron:

We know the fierce pressure brought to bear upon you by the pro-fascist Big Business circles of this city to launch a civic offensive against the Mexican community.

We know that action by the police department in beating and antagonizing the Mexican people here over the last several months cannot be laid at your doorstep.

We have faith that you are an honest, capable executive determined that this city will produce its utmost for the victory over fascism everywhere in the world.

I am saying to you, Mr. Mayor, as a newspaper publisher for over thirty years, that nothing in my experience has been so vicious, deliberate or disruptive as the campaign of our city's metropolitan papers against what they call "zoot suit" Mexican youth.

A white heat of lynch fury has been whipped up by these newspapers. Very properly, you have condemned them. They are due more than condemnation. We must stop them in their tracks.

Second only to the newspapers, has been the performance of our police force. It aided the sailors and soldiers against the Mexicans. It looked the other way when the servicemen attacked Mexicans. Yet it militantly arrested scores of innocent Mexican youth, beat many, and sowed a whirl wind of disunity.

I cruised the streets all night Tuesday, often at risk. I know whereof I speak, Mr. Mayor.

I have great respect and appreciation for your Administration. This must be clear.

I want to support it with all my might in a move to give the Mexican people of Los Angeles FULL POLICE PROTECTION—not attack.

I want to support it with all my might as it plumbs

No Union At El Segundo; Vernon, CIO!

Negro workers at Douglas El Segundo plant and at Douglas Vernon voted solid CIO slates during National Labor Relations Board elections at both factories Tuesday.

With balloting to decide whether workers would support the CIO United Auto Workers, the independent International Association of Machinists, or no union at all, Negroes clung tenaciously to the UAW.

Vernon plant went over the top for CIO, with over 60 percent of all ballots cast.

El Segundo, however, found a majority of workers wanting no union at all.

Responsible labor observers feel that Negro votes piling up for CIO at El Segundo prevented a victory for the I.A.M., which led UAW by a wide margin. The no-union vote rolled in from large sections of white workers, many of them expressing disapproval of the strike tactics of John L. Lewis, which some were misled to believe represented the position of all organized labor.

RIOT STORY

RIOTING SKIRTS NEGRO COMMUNITY

BULLETIN

Telephone reports from Watts last nite picture a seething riot scene, as Negroes, Mexicans and servicemen engaged in bloody fisticuffs through streets. Issues of the race-baiting Los Angeles Times and Examiner were burned in Watts yesterday, it was said.

With sporadic disturbances still tearing loose throughout Southeast Los Angeles, a hectic six-days of zoot suit inflammation by daily papers found Los Angeles facing this morning one of the biggest headaches in its history.

Central avenue at 12th street has been the center of several outbreaks between Mexican groups, police officers, and bands of roving service men, both soldiers and sailors.

Negroes have been attacked throughout the downtown area by service men. No mass rioting by Negroes, however, has been reported.

Metropolitan newspapers continued disruptive egging-on of the so-called "zoot suit" crisis today in the face of statements from civic leaders, the Mexican consul, and the State Department condemning their activities.

CITY COUNCIL GOES NUTS

The City Council solemnly blew its top yesterday afternoon as it unanimously passed an ordinance barring the wearing of long coats and peg-drape pants!

White the City Fathers indulged in this claptrap, reports rolled into California EAGLE offices of beatings and riot provocations against Negroes as well as Mexicans throughout the city.

At two o'clock Sunday night, service men pounced upon John Zion, 1145 East 24th street, grandson of a Baptist minister, beat him, kicked him, and cursed him.

Stitches were taken in his mouth at Georgia Street Receiving hospital.

When he reported the incident

Boilermakers: Blackwell Blows Top!

"Regardless of whether you want it, you're going to have the auxiliary—and Buddy Grayson will be your business agent!"

That was the flat challenge which E. V. Blackwell, international representative of the Boilermakers International, flung in the face of a delegation from the Shipyard Workers, Committee for For Equal Participation, anti-jim-crow outfit at Calship, Consolidated and Western Pipe and Steel yards, which met with him at the union hall here Tuesday.

Enraged because the Negro workers at these shipyards have turned thumbs down on the Boilermakers' proposed Los Angeles jim-crow auxiliary, E. V. Blackwell found further food for fury when he learned that members of the Negro committee had appeared before a Congressional subcommittee investigating shipyard production meeting in Los Angeles last Friday.

Here workers, led by spokesman Walter Williams, charged that the Boilermakers' jim-crow policy disrupts national unity

Eagle Demands Full Police Protection!

Mayor Fletcher Bowron, Police Chief Horral's office, scores of Negro and white trade unionists and civic leaders as well as the Mexican Consul today accused metropolitan Los Angeles papers with inciting a riot situation which has gouged huge chunks out of the city's war effort during the last six hectic days.

Investigations are planned immediately by progressive State Attorney General Robert Kenny, who conferred yesterday with Gov. Earl Warren, by Sen. Sheridan Downey, who heads a Senate committee on home front production now working at San Francisco, by the Los Angeles County Grand Jury, and by the Civil Liberties Division of the Justice Department.

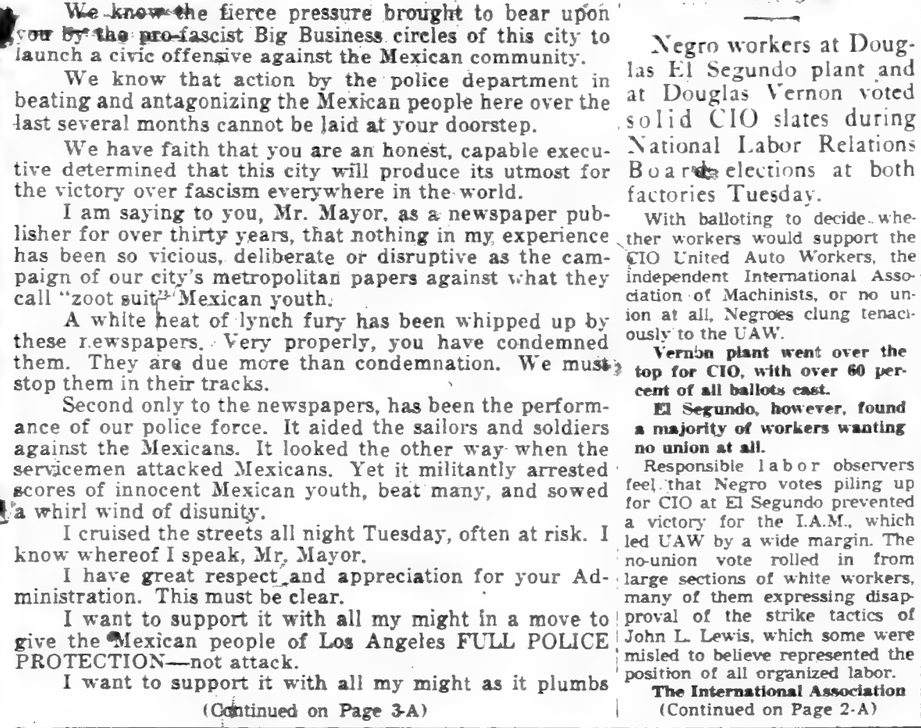
A large committee rallied by Carey McWilliams, Attorney Charles Katz, the California EAGLE, Harvey Braverman, Thomas L. Griffith and Clayton Russell yesterday waited upon Mayor Fletcher Bowron asking full police protection of the Mexican community and condemning the race-baiting of all Los Angeles newspapers.

The U. S. State Department, acting at the suggestion of the Mexican embassy in Washington, called Mayor Bowron yesterday demanding an explanation of the riot here.

That President Roosevelt's whole Good Neighbor policy may be endangered by the reckless abandon of the city's journalistic Fifth Column was hinted today as the Mexican Consul here vigorously pressed protests against police brutality and the attacks of servicemen against Mexicans.

NEGRO COMMUNITY SUPPORTS MEXICANS

Rev. Clayton Russell, spokesman of the Negro Victory Committee, today called upon the Negro community to support the demand for full police protection of the Mexican minority and urged citizens to permit no press provocation to throw our neighborhoods into the vortex of race riot.



DEFEATIST PLOT

"The whole riot situation," he said, "is part of a giant defeatist conspiracy to disrupt war production. It is certainly doing Hitler's job magnificently when the servicemen of this area can be organized to attack civilians whose brothers have fought gloriously on Bataan and Corregidor.

"The socalled zoot suit gangs do exist. But in no such exaggerated proportion to the whole Mexican population as the dailies would lead us to believe. It was only recently that Stephen J. Keating of the county probation department said, 'The astonishing thing (about Mexican youth delinquency) is that the percentage is so low when you consider the background out of which these boys come—the terrible housing, the poverty and dis-

Deacon Snags Cop Who Beat Him

DEACON WILLIAM HARRISON . . . identifies his assailant (circle), Det. Cecil Wood.

By JOHN KINLOCH

Deacon William Harrison marched into Newton Street police station Tuesday afternoon at 4:30 and put the finger on the detective who beat him following his arrest on a charge of 'inciting riot' after the slaying of defense worker Lenza Smith by a police officer three Sundays ago.

The prisoner-beating detective turned out to be Det. Cecil Wood, active on the Eastside for 16 years.

Nabbed as witnesses were Dets. Dimon and Toole.

Harrison's identification of Wood was backed up by Chauncey Watson, Negro, also arrested on the afternoon of the Smith killing on a charge similar to Harrison's.

Det. Wood will face the county grand jury today.

Drama there was a-plenty in Newton Street station as Harrison and Watson, one by one, entered a room in which thirty detectives were ranged solemnly around two walls.

Each man was instructed by Police Inspector Biffle and Lieut. Johnstone, both from City Hall headquarters, to count off the detectives to themselves until the guilty man was reached. Then they were to report which number, counting from which end, disclosed the "tough guy" officer.

Their choices matched in the person of Det. Wood. They did not know his name and, one by one, identified the man according to number.

No sooner than discovered, Wood was served with papers to appear before the grand jury this morning.

Atty. Crispus Wright, who represents both Harrison and Watson, spoke to Wood following his identification.

Wood nervously laughed off the accusation. He told Wright how long he had been an officer in the Negro neighborhood.

The attorney asked, "Well, I feel that IF a beating did take place, whoever did it should be prosecuted, don't you?"

"I certainly do!" said Wood forcefully.

He quickly left the room. He was very nice to me. He smiled sweetly.

This reporter was used throughout as a witness to the honesty with which the police department handled this investigation.

I can attest to the complete cooperation which Inspector Biffle and Lieut. Johnstone rendered the community in tracking down the officer who slugged Harrison three weeks ago and told him that the police force intended to "kill all you smart black n———s."

Successful discovery of the prisoner-beater followed a huge mass meeting called by the National Association for the Advancement of Colored People and the Negro Victory Committee at Independent Church of Christ, May 30.

Here a demand for full police investigation was raised.

On hand to greet the officers was Colonel Colonel Edwin N. Hardy, Post Commander, who greeted the officers as they came on the scene with handshakes and words of welcome.

We Can Lick The Poll Tax In The Senate—Here's How:

WIRE YOUR SENATOR NOW!

WASHINGTON.—The House of Representatives on May 25 passed H. R. 7, the Marcantonio bill to abolish payment of poll taxes as a pre-requisite to voting in federal elections, by a vote of 265 to 110.

The bill is now before the Senate, where it faces a series of filibusters which have already been initiated. A filibuster is a sit-down strike against democracy, a specialty of poll tax Senators. Last year the Senate killed the bill by acquiescing in the filibuster tactics of the members of the poll tax states. This year the conditions are more favorable to action by the people to break the filibuster, by reason of the early passage of the bill in the House of Representatives.

Last year the filibuster opened in the Senate Judiciary Committee, where lengthy hearings stretched over weeks and months so as to delay consideration as long as possible.

FILIBUSTER AGAIN

This year it would appear this tactic may be attempted again. The bill has been referred by Chairman Frederick Van Nuys to a sub-committee of the Judiciary Committee, to determine whether further hearings would be held.

No hearings are necessary in the Senate Committee. In the last Congress, hearings exhausted the subject, lasted from July 19, 1941, to September 23, 1943, and the bill was not reported out until October 27, 1943. The printed hearings are 475 pages long, mostly in small type. H. R. 7 as passed in the House is word for word the bill as reported out of the Senate Committee last year. There should, therefore, be no difference between the Senate Judiciary Committee and the majority of the House, as to the wording.

HOW TO BREAK FILIBUSTER

Let's break the filibuster step by step. Let's not permit it even to start. Immediately, wire Senator Van Nuys, Chairman, Senate Judiciary Committee, Senate Office Building, Washington, D. C., urging that the bill be reported out of committee for immediate action by the Senate. Send copies of these wires, of resolutions of your organization, of individual letters, on this subject to Your Own Two Senators.

Start right now breaking up the filibuster on the Senate floor. (Poll tax Senators have already promised it.) In order to break up a Senate floor filibuster, two-thirds of the Senate must vote cloture (to close debate). Democratic Majority Leader Alben W. Barclay, and Republican Minority Leader Senator Charles McNary have it in their power to bring about such a vote. Last year they refused ot do it.

Letters, telegrams, resolutions, should start pouring in right now to both McNary and Barkley, asking that they pledge themselves to vote cloture the minute a filibuster starts in the Senate. Copies of these messages should also go to Your Own Two Senators, with a message urging them to do the same.

and curtails full production in the shipyards.

The workers' beef was given wide publicity by metropolitan papers.

HECTIC MEET WITH BLACKWELL

Tuesday night's session with Blackwell tore the lid off that worthy's position on the Negro question in the yards. Posing for months as a helpless victim of International policy, Blackwell got off the following Hitlerite gems to the workers' committee, composed of Walter Williams, Eugene Nesbit, Isaac Washington and Reginald Morris.

Says Blackwell, quote:

"Well, boys, this is going to be short and sweet. I'm pressing charges against you (for what? where?) for the propaganda you are putting out against the Boilermakers.

"I know that your chairman, Walter Williams, is down there agitating for the CIO. (Williams has fought all efforts to raise jurisdictional questions against the Boilermakers, who hold Calship, Consolidated and Western Pipe contracts).

"I am going to file charges against you, but I know you won't be able to carry a case into court. We've got all the money, anyhow.

"YOU GUYS DON'T WANT RACIAL EQUALITY,—you want more than racial equality!"

(For instance? Equal participation in the union?)

"I could put you into the Boilermakers, but what good would it do you? You are only 1 1000ths of our membership of 40,000 (there are 2,000 Negro workers in the yards). You are such a small minority you would have nothing to say. (Smaller minorities, Chinese, Italians, Germans are accepted by Boilermakers, however.)

"Now, you mean to tell me, if you were given this auxiliary (Jim-Crow outfit to be organized by Negro Garner Grayson, deserter former chairman of Equal Participation group) which would permit you to select your own officers, your own girls,—you mean you wouldn't get along much better?

"Now, all this campaign you're putting on,—taking this thing to the N.A.A.C.P., the Victory Committee, Clarence Johnson,—won't do any good. You can't win. We got all the damn money!

"Regardless of whether you want it, you're going to have the auxiliary . . ."

"We're going to fight Jim-Crowism here and everywhere and when we're called upon by the government, we'll take up arms and fight it on the battlefront.

"This is an All-American war, and all Americans have to fight it."

The Shipyard Workers Committee, supported by the entire Negro community, and hundreds of white workers in the yards, will throw a big dance June 25 at the Elks to raise fight funds.

Friday night they meet at the Y. M. C. A., 28th Street branch, where Rev. Clayton D. Russell will be guest speaker at 8 o'clock.

of Machinists will not permit Negro membership. Holding contracts at Lockheed, where Negro workers have banded together to fight the union exclusion, I.A.M. has for fifty years remained a backward, anti-Negro bulwark in the labor movement.

The fact that its leadership has been aggressively pro-war and pro-Roosevelt, however, and that it recently broke with the AFL has led many observers to feel that the I.A.M. may soon forsake its lily-white pretensions.

CIO celebrated the Vernon victory be predicting similar triumphs in elections to come up at Douglas Santa Monica and Douglas Long Beach.

FIVE NEGROES GRADUATE AS FIELD M. D.'s

Five Negro physicians were graduated from the Medical Field Service School, Carlisle Barracks, last week, bringing to a total of 128 the number of Negro medical, dental, and veterinary officers to receive diplomas from this national training center, the Army's only school for training medical department officers for field duty.

In addition thirty-one Negroes had been commissioned as Second Lieutenants here, following their graduation from the Medical Administrative Corps Officer Candidate School which had functioned at this post until three months ago. They, with enlisted men who completed a sanitary technicians course, increased to 170 the total number of Negro graduates of the Medical Field Service school.

F. E. P. C. Must Spank Local Railway Co.

The new, strengthened Fair Employment Practice Committee will get urgent demands for action against the Los Angeles Railway Company, the Negro Victory Committee announced here today.

L. A. Ry. tossed President Roosevelt's executive order 8802 into a wastebasket several months ago when it brazenly determined to pursue its old anti-Negro policy rather than upgrade qualified Negro workers to posts as conductors and motormen on the firm's far-flung rail lines.

The Victory Committee points out that failure to employ available Negro workers has tied up vital war traffic in Los Angeles. L. A. Ry. itself reports that 47 cars a day do not leave their barns because of a "manpower shortage."

It was also pointed out that resentment of the Negro people against the street car company's policy is a grievance dangerous to national unity.

MONROVIA CHURCHES REPORT SPLENDID WORK

MONROVIA—The churches all enjoyed splendid services last Sunday.

Beginning with the Sunday School, the Community Baptist Church enjoyed a very full attendance. The pastor delivered the message at 11:15 A. M.

Brother John S. Allen conducted the Covenant meeting at 8 p.m., after which there was fellowshipping of one member, and the administering of the Lord's Supper by the pastor. Mrs. DeWitt was a visitor at this meeting.

In the Second Baptist Church the pastor was present last Sunday, delivering the morning message and administering the Lord's Supper in the evening. There were several fellowshipped into the church.

Rev. Reeves of the Bethel A. M. E. Church was at his post both morning and afternoon.

At Shiloh A. M. E. Z. Church the pastor, Rev. E. C. Walkins had a very busy day, preaching at both services.

Last Friday night the music class of the Adult Education Department, instructed by Mrs. Paulyn Garner, held its closing exercises with a very appreciative audience present. Solos were rendered by Mrs. M. W. Davis, Mmes. Jessie Mae Blount, Dora Brown and Florence Buchanan. There was an instrumental solo by Miss Loddie Buchanan. Mrs. Cole of Pasadena and Miss Kenvil Brown conducted the reading. The regular music was rendered by the chorus, a solo by Mrs. Alexander and remarks by Mrs. John Mitchell.

The funeral of Mr. Edward Woods of 419 Plum street, was held Monday afternoon. Mrs. Woods, after putting her husband to bed, arose the next morning to find him dead. He passed away in quiet sleep. It was a great shock to the family as well as to his many friends.

Note: All persons and churches wishing news to be published in this paper will please forward it to Rev. Davis by Monday morning of each week.

Keeping In Step With the Boys At MARCH FIELD

March Field—Introduction: Introducing myself as your March Field correspondent, I must say it is not only a pleasure but, also an honor to write a few lines about the boys here, and to tell of the things being done to boost the morale of our fighting men.

FESS JONES AND HIS WOLVES OF SWING: (thanks to Miss Laura Slayton for the monica) at this time wishes, to thank the Special Service Office and Staff, for the interest they have taken in the band thus far; and to tell them they have done a swell job.

DID YOU KNOW: that those fine chicks who ride the bus down the Midway from that place called L. A. are some of the finest chicks to ever cross the threshold of the service club, to swing and sway with us lads, and a tip to all you G. I. guys, in case you are not a bug who cuts a rug, I am sure that the ladys will two step, waltz, fox-trot, and even do the La-Conga . . . "try em".

WHILE I AM ON THE SUBJECT: all of us should join in thanking our junior hostesses, for the increase in the number of girls, who are now attending our frolics. Don't you think so? We all join in thanking you both, Miss Slayton and Miss Clausell.

I MUST AT THIS TIME STATE: that Californians say their fair state grows nothing but oranges and lovely women, but I see that the boys are sending back home for the girls, and wives they left behind. So evidently love comes before oranges to.

IN CLOSING THIS WEEK: I will tell you a hipped cats prayer . . . "Oh righteous jive above, if this cat should tip over and die'ss during the late darkness or the early brightness, would you please find parking space in you'r domee for his hips, do you collar George?

The boys over seas are fighting

Day after day,
Trying to keep the enemy
away . . .
So let us buy bonds, that's
Fighting in a different manner,
But it helps to keep it flying,
The Star Spangle Banner.

BEAT THE HEAT

RELIEVE THE BURN AND HOT FEELING OF SUNBURN, HEAT RASH, INSECT BITES (NON-POISONOUS)

In taking that hot feeling out of sunburn, heat rash and irritated chafed skin, thousands are finding out how to beat the heat with Mexsana, formerly Mexican Heat Powder. You, too, will enjoy the soothing relief Mexsana brings as it cools these burning sensations. Mexsana is the kind of medicated powder often recommended by specialists for just such skin miseries as these. Yet it costs little, and you make even greater savings when you buy one of the larger, more economical sizes.

Mexsana works on the skin like millions of tiny sponges to absorb moisture which is often the cause of irritation—and which so frequently leads to heat rash with its itching, burning feeling. So just sprinkle this clean, cooling, medicated powder well over the burning irritated skin. Use it as often as you need. It forms a medicated coat of protection between tender skin and clothing likely to chafe. Keep it handy for your whole family. Today, be sure to demand Mexsana.

SOLDIERS NEED HOUSING —GET BUSY, GANG!

Again an urgent call is sounded for housing facilities to accommodate servicemen's wives and families. Many mothers and wives are coming to the Coast to see their sons and husbands before they are sent abroad for active duty. If you have an unoccupied room in your house and would like to share it with officers or enlisted men's wives, please get in touch with the Eastside USO for further details.

Last Friday about forty-two junior and nine senior hostesses journied to the Naval Base at Port Hueneme where a delightful party was given by the sailors. Light refreshments were served and "real" jitterbug music was played by the camp's Naval Band in their huge recreation hall. Several sailors displayed remarkable ability to tap dance on a program, after which an exciting jitterbug contest was held. Miss Genard Worsham won first prize, which added to the entertainment.

Sunday two trips were held, one was to the dedication of the USO in Long Beach. At this meeting, according to Miss Vye Aldridge, USO director, an excellent spirit of cooperation between USO and other service men's centers was displayed. Miss Vye Aldridge was scheduled to be one of the speakers at this dedication, but, because of the demand of her time at the Eastside USO by various insistent representatives from nearby camps to arrange for more trips, she did not arrive until late.

The other trip held that day was to Inglewood where a delicious meal of fried chicken was served before the dance. That Monday another dinner dance was held at Burbank that also featured fried chicken.

Other trips for the month so far will be Wilmington, a week-end party at Palm Springs and a Special dance on the desert at Muroc. Service men were invited to the birthday dance given by Miss Lenoa Hamilton, one of our junior hostesses.

A ping-pong table with complete equipment plus, eight decks of playing cards were donated to the USO by the 28th Street school faculty members. The boys always are glad to receive this type of gift because they do like to participate in other activities besides dancing all the time, especially if there is not a sufficient number of junior hostesses out, as on week days, to accomodate the increasing amount of service men present.

Other donations that were appreciated come from Miss Clara McLemore, Mrs. Katie L. Thomas, Mrs. Erma Burt, Mr. Theodore Thomas, Mrs. Joselle Bryant, Mrs. Verda Robinson, Mrs. Paul McCarty, Mrs. Lemmie Lee, Mrs. William Dorsey, Mrs. Ella P. VanVotor, and Mrs. Sarah Rogers.

Every Sunday a different club takes over the duties of the canteen. The clubs that participated in the last two weeks are the Council of Catholic women, Mrs. Eddie Atkinson, Jr., acted as chairman; and the Women's Aux. 902 U. T. S. E. A. (C. I. O.), Mrs. Hazel Burch Gray acted as chairman.

RIOT ON EASTSIDE

WHAT THE VICTORY COMMITTEE THINKS

By REV. CLAYTON D. RUSSELL
Chairman Negro Victory Committee

As Chairman of The Negro Victory Committee, I wish to state to the community the organized protest held Sunday, May 30, against alleged police brutality in the slaying of L. Smith and the alleged manhandling of several Negroe citizens during the unfortunate incident has been heard by those in authority.

From our community's intelligent and unified protest, aided by the protest of labor, both the A. F. L. and the C. I. O., and white church groups and the Mexican people have developed the following:

First, an investigation by the Grand Jury is being conducted into the killing of L. Smith to determine whether the shooting of L. Smith was justified or whether his death was caused by brutality motivated by thoughtlessness, unjustifiable rage, or a combination of both.

Second, the police officer of the Newton Street Station who threatened and struck William Harrison, Negro War Veteran, one of the bystanders, and insulted the Negro people of this city and threatened race riot to be instigated by white police has been identified by two witnesses and the police department assures that proper action shall be taken.

Recently, our city has been the scene of great National disunity, which if it had developed further, would have greatly hampered our war effort. The slaying of L. Smith and the incidents which followed, considering the time element, could have catapulted the Negro people into the inter-city struggle. This was prevented. I am personally happy because of this and do feel that it was through the efforts of the N.A.A.C.P., and the Negro Victory Committee that the resentment of our community did not go unbridled, that we did not set the example or follow the example of those who feel that they must take the law into their hands to right seeming injustices done them.

It is unfortunate that I cannot say that our relations with the Police Department are of the best, but I can say and I do honestly feel that if in the future, we continue to unite and organize and channel our resentment and anger over injustices, we will be heard and not only will our relationship with the Police Department be better, but with all city agencies.

Again, let me state—we will not be goaded into a race riot—we will not be goaded by those within or those without our community—every Negro must be on guard—there must be no race riot in our city.

The N.A.A.C.P. has adopted a program of unity, of vigilance, and militant action.

The Negro Victory Committee, during its year of existence has, I think, proven itself along these lines. All problems have not been solved, mainly because of the lack of unity, but this unity is growing, and we, realizing that it is experience that binds men together, pledge ourselves to maintain vigilance, militant action, organized and presented in line with the Democratic Procedures which inherently is the property of the American People of all races, of all creeds.

Again, I repeat our protest was a symbol of unity and intelligence, for never once did we raise the question of the races of the people involved in the unfortunate incidents.

We never said the officer was guilty!

We never said L. Smith was innocent!

We did say there were doubts and confusions and we felt that as citizens, possessed, some with doubts, some with confusion, some with bitterness, some with reentment, we had the right to demand a fuller invetigation than the one conducted by the coroner in order to know the facts.

We did say that if it was true that a police officer had stated that white police were going to shoot up black N———s, on the Eastside, that that officer was going beyond his line of duty, and that if his words were the policy of the Police Force, then no Negro could feel safe in the city and the situation would have to be corrected.

This was the stand we took on the Smith Affair. Any statement ot the contrary is a distortion; and action is being secured on what we did say, because we said it together and in an organized fashion. Let us continue to organize together, united, intelligently.

Again, we must not be provoked into a race riot, we can right our wrongs if we are united, organized and strong and not provoked by enemies within or without our community.

the real cause of juvenile delinquency among all minority groups,—poverty, disease, bad housing, congestion, race discrimination.

The newspaper disrupters shout for blood.

But it is the blood of fellow Americans. It is blood to be drawn from national unity in support of the war effort.

I am confident that you will not play the role they have prepared for you.

I am confident you will remain, as ever, THE PEOPLE'S MAYOR.

Sincerely,

AFRICANA STRAIGHTENS OUT 1ST NITE JITTERS

The "Africana" scene in the big musical "Africana" is something to see at the Music Box theater these nights, as danced by that artist, Marie Bryant. It is primitive, haunting, colorful and vividly arresting. Chorus and Leon Warrick deserve credit in this number.

"Africana" played to a packed house opening night, with celebrities attending, but suffered from first night tension. Scenic effects, and timing were on the debit side, but these were smoothed out and Tuesday night's big crowd applauded the musical comedy loud and long.

"I liked the show," said one soldier enthusiastically. Other comments were equally satisfying.

Effective changes were made Tuesday night in the script.

Top performances are turned in by Marie Bryant, Anise Boyer, Alex Lovejoy, Sir Lancelot and Ritta, Miss Pepper Welch (watch this personality dancer), Ellarie Walker, Carolyn Richardson, and Myra Taylor. Harland Leonard's band and the beauty chorus also descerve credit.

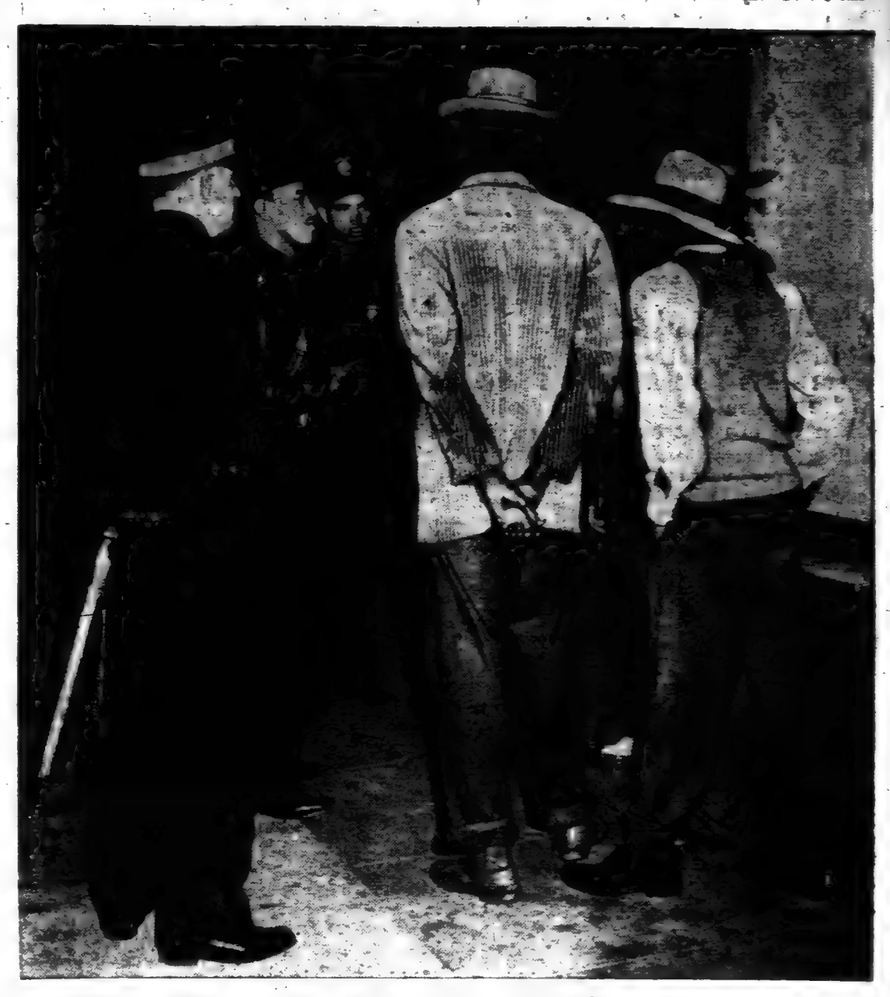
Camera Sees Wild Riot Nite

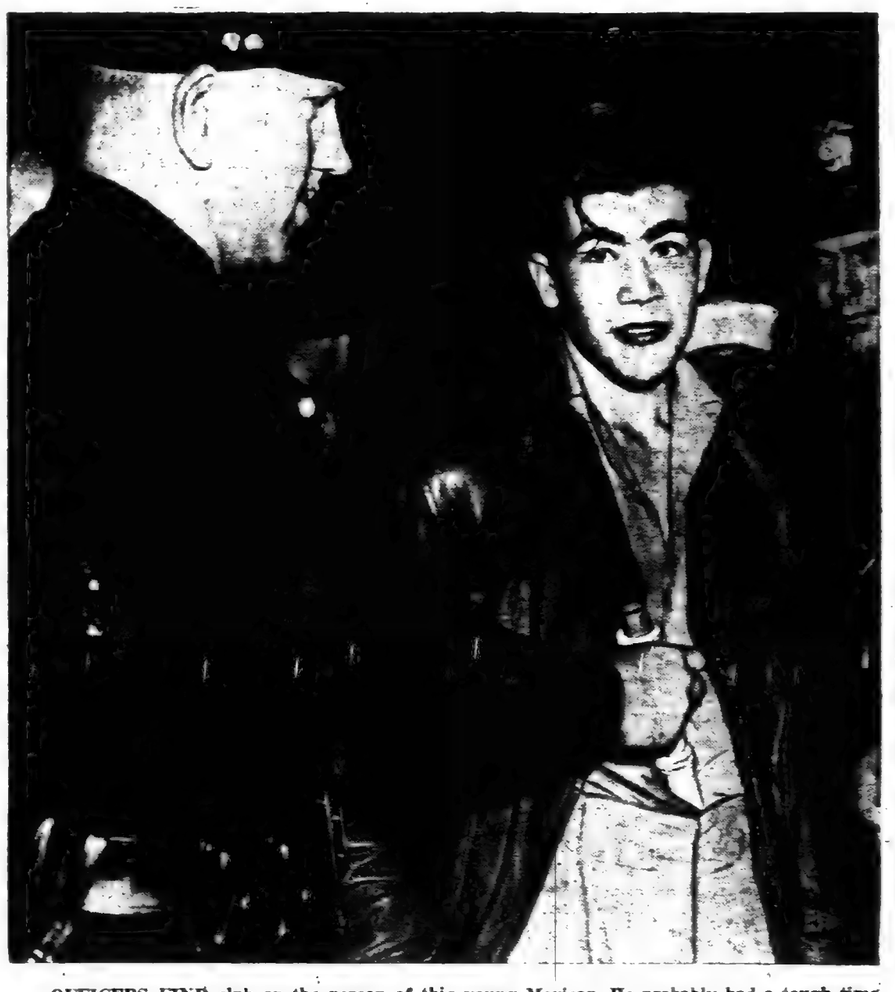
These are what the downtown sheets call "baby gangsters," and "murderous hoodlums." They are just kids, as you can see. Some of them are delinquent. Most of them, average American boys.

THE COURT OF JUSTICE . . . has these boys in tow. Justice has been a cockeyed dame in many cases involving Mexican youth,—the Sleepy Lagoon lynch trial, for instance.



PUBLIC CAN HELP HURRY MAIL SERVICE

You can advance the distribution and receipt of your own mail, as well as expedite the delivery of important military and war production mail, if you will include in your return address on every letter you write the zone number for your address, which will be supplied by your postmaster, your nearest postoffice or by your letter carrier.



The armed forces and important war production have taken from the postoffice many experienced distributors—distributors that cannot be easily replaced. Consequently it has become necessary to call on the general public to help with this distribution.

This plan can effectively be put into operation right here in Los Angeles with the cooperation of every citizen in placing this zone number on the return address of all mail sent out so that all his correspondents will include this number in the address when they communicate with him by mail.

Our city has grown to the point where we must place this plan in operation and expedite our important Los Angeles mail. Do your part by obtaining your zone number at your nearest postoffice or from your letter carrier, and begin using it today.

CENTRAL AVENUE . . . tastes riot tension as Negro cops above search lads for draft cards. Although Negroes have been molested by service men in the last several days, no rioting has broken out by Negroes here. However, Negro youth is solid in the demand for protection of the Mexican community.

OFFICERS FIND club on the person of this young Mexican. He probably had a tough time at police headquarters later.

1000 Members Enroll In NAACP Equal Rights Fight

1000 New fighters for Negro equality joined the ranks of the local N. A. A. C. P. within the last two weeks, according to the report of the N. A. A. C. P. drive committee at its meeting Monday night, held at the office of Att'y Thomas L. Griffith, Jr., local prexy.

Setting their goal this year at 7,000 members, the drive committee os headed by the dynamic Rev. Clayton D. Russell, assisted by Thomas Duckett, and Clarence S. Smith.

The drive campaign this year is centered around two Liberty ships named after Booker T. Washington and George Washington Carver. Each of these ships is leading a convoy of ships named after Negro characters famous in the history of the Negro people in their fight for freedom. The convoy officers are Rev. Clayton D. Russell, Admiral of Fleet. Convoy: S. S. Booker T. Washington, Thomas Duckett, Rear Admirals Wm. C. Pollard—Commander of convoy—Rev. J. L. Caston— Lt. Commander.

Ships and Captains:

S. S. W. E. B. DuBoise, H. A. Reeves; Haili Selassi, E. Spencer; Dorie Miller, Ferrell Conner; Hattie McDaniels, Myra Parker; Mary McLeod Bethune, Noreen S. Forney; Paul Robeson, Thomas J. Duckett; Sojourner Truth L. G. Robinson; John Brown, L. V. Phelps; Walter White, G. A. Beavers; Toussaint L' Overture, John Hargrove.

Convoy: S. S. George Washington Carver: Clarence S. Smith; Rear Almiral; Clarence Muse, Commander of convoy; Clarence O. English, Lt. Commander.

Ships and Captains:

S. S. Frederick Douglas, Eddie Atkinson.

Peter Salem, Walter L. Gordon.

Joe Louis, Rosetta Davis.

Bessie Coleman, W. J. Marshall.

Several ships on the George Washington Carver convoy are un-named; volunteer organizers are urged to step forward to enroll new members in N.A.A.C.P.

The program of the N.A.A.C.P. this year, states Rev. Clayton D. Russell, "must be a people's program, and a people's program can only be developed if the people are enrolled in the ranks and their voices are heard."

Following out the pledged policy of the drive chairman, last week Attorney Thomas L. Griffith Jr., president of Los Angeles branch of N.A.A.C.P., in conjunction with other city leaders, pressed the matter of police brutality against minorities. The result is a pending investigation by the police department, concerning alleged statement made to a Negro by white policemen following the shooting of a Negro defense worker.

In the drive campaign Rev. J. L. Caston of the Trinity Baptist church, has proven himself the most skillful navigator in enrolling members in the fight for freedom. Close behind him in his group, is leader Thomas J. Duckett—Rear Admiral of Booker T. Washington convoy.

June 20, 1943, has been selected as N.A.A.C.P. Sunday at all local churches. To celebrate the role of the church and the Negro minister in the development of the Negro people, a gigantic mass meeting will be held at Second Baptist church—at the meeting, the theme will be "The Negro in the Military Life of the Nation"—as one drive worker with relatives in the armed forces said:

"They're driving for us—let us fight for them—and organize 7000 strong."

NO MERCY!

JOHN ZION . . . attacked Sunday night—no zoot-suit, either.

Eagle Demands Full Police Protection

crimination their families suffered until recently—the lack of facilities for proper recreation and education'."

The EAGLE today called upon the Negro community to hold fast in the face of attacks by servicemen and civilians.

Riot on our part is precisely what William Randolph Hearst and the other pro-fascist publishers of Los Angeles want, it was stated by this paper.

Such a riot will be used as an excuse to slap Dixie restrictions and segregation upon all Los Angeles.

We demand complete protection for the Mexican and Negro community and a stop ot the inflammatory race-baiting of the Los Angeles daily papers, the EAGLE stressed.

THIS SAILOR is one of the casualties of the war which the Los Angeles Examiner-Times-Herald-News has declared against the Mexican people in his name.

Bill Smallwood

Now that I think, its your eyes that do it!
When you look at me, I see not You,
But far-off lands, noon sun, wild orchids . . .
I hear not Your voice, but music of wind in tree-tops,
Water rushing o'er rocks, parakeets at play . . .
Think You my world ends if Your eyes look elsewhere?
Think You THAT?
You're right, my sweet, it will.

Bob Robinson, likeable guy that he is, was in the hospital some two weeks or more before we got to hear of it! Nothing serious he assures us. Well, one thing about Bob's bedding-down! For the first time since we've known the guy, we actually know where and when we can put our finger on him without calling out Simon Legree's hounds. . . In speculative reply to our amused inquiry, Cal Bailey hastens to assure fellow N'York cronies, thru this dept., the rumors they hear of his supposed drastic marital change are pure wills o' the wisp. Nothing more . . . heigh-ho!

Tell me, whatever came of that high 'n mighty Conciliation (?) Conference held back in April? What's been done? . . . In case you'd wondered, Porgy & Bess reopens for its '44 season on Sept. nineteenth on Bway, and despite harum-scarum newsgathering, Todd Duncan will continue as Porgy. Meanwhile, we're lighting a candle in the chapel for a Bess. . . The eldest son of Maj. and Mrs. York, now in Hawaii, is en route back here prior to going into the air force.

We so seldom see or hear or read of Judge Jefferson being hither and thither that when we do its with undisguised pleasure, for we long thought him almost shy in making appearances. . . Leigh Whipper has good cause for the wholesale beaming. His godson, Jack Quander, got his M. D. from Howard Univ. the other day, went into the army the next . . . gosh, we haven't seen Jack in several years. If ever a good fellow deserves everything swell, it's Jack. Swell guy! . . . mentioning Leigh: why hasn't Jessie Graves, who was the other tan tone actor in Mission To Moscow, gotten deserved mention from reviewers He has a scene with Davies, recall?

Shocking news, hearing of Marc Terrell's murder by bandits back East, recently! Marc was another prince of a swell fellow. He was brother-in-law to Byron Webb, who was in these parts last Fall from N'York. Byron is now en route to Parts Unknown after being stationed at Huachuca. His mother has been wintering here from Dee Cee. . . . We're still morose because we weren't free to make the recent Wm. Grant Still party for Stokowski. Wanted, among other things, to get a good scrutiny of the Stokowski hands, which we've long admired from our seat in concert hall and picture house and summer bowl. . .

Gwen Valentine Franklin calls: "Independent Church's three-day music festival, planned for June seventeenth, eighteenth and twentieth, is the first attempt for any group of ours to put on a large scale music event. Won't you wish us well? . . . Oh, that's fine, but won't you wish us well in the PAPER?"

Glen Lukens, over coffee in his kitchen, picks up his cup and says: "Negroes are wonderfully attuned to all art, more so than many so-called superior groups. I wish to God there was some way all could be trained!"

Ruby Elzy's recent presence in town fetches this incident to mind, recollectively! There was a brilliant party of we tan tones at an exclusive Hollywood spot, as guests. The emcee, doing his bit to honor (?) the guests, got up, sang Shortenin' Bread. Ruby, not dropping a spangle, kicked that train WAY back, honey, rose and sang flawlessly one of the most difficult Schumann arias, as HER acknowledgement. . . . Kelsey Pharr, who you listened to as a member of the Delta Rhythm Boys in Uncle Bill's Born Happy, will one day be a veddy wealthy lad. His Dad owns a lucrative hotel business in Fla., among other holdings. Kelsey, who we get much fun out of, is wed to English chanteuse Mabel Mercer, who we'd rather hear sing Sunday in Savannah than sip champagne—and we LOVE that dern stuff! La Mercer, who sang at a fashionable party for the Duke and Duchess of Windsor in N'York last week as a guest (she's at home on the continent just as much, if not more, than Wally Simpson), really doesn't know it, but her caroling of all the French love songs we love at Jimmie Daniels bistro is one reason it took us so long to quit New York last year! ! !

Fellow scribbler, just up the street, was in error when they highlighted B. Goodman as the first pale-face band leader to tour and make money with tan tone musicians. Paul Whiteman, years ago, hired Maurice Rocco as pianist, took him along on concerts. Rocco is now working at Le Ruban Bleu in N'York. . . . Juanita Miller, laughing sagely, remarks: "I really don't think you enjoy yourself as much as your column signifies!" . . . To the twitterpated lady who asked, its Fisk, not Atlanta Univ., whence Harold Jackman's Negro Collection of Programs, Manuscripts, etc., is housed. . . . Its about time for one of those frantic, periodic bursts-into-town of Gladys Hampton, 3 trunks and still haunting every dress shop in town, and screaming: "LI-OH-NELLLLL!" . . . why poor, poor, dear, DEAR Gladys doesn't have a stroke eludes me just this minute . . . ah, well . . . (yawn) . . . Jay Loftlin's birthday dinner for six, at Anita Brown's Sun., was delicious. Anita can bake a cake like Ma any ole day in the week!

Deltas pour coffee at Hylda Allen's Sund. Their confab will be in Phoenix. . . Betty Vaughn arrives around the first. . . Anne Brown, studying voice and living in Santa Barbara for two months, runs down to L. A. occasionally. She houseguests here with Catherine Garcia . . . shipyards gave Anne a magnificent appreciation token for launching that ship. 'Tis a breathtaking brooch of diamonds and sapphires and tied in knot-fashion. . . Betty Collins in town, we hear. . . . Dorothy Bryant's brilliant Sund. nite party on W. 35th Place was memorable! Charming hostess, Dorothy did a gracious job of it! . . . Reggie Arnaul stationed in Seattle . . . Cholly Moore ships out any day as a merchant marine. Happy sailin', Cholly!! . . . June twentieth will be a red-circle date: AKA's present Gladys Childress in recital debut at Assistance League Playhouse, and it bids fair to be terribly smaht and downright worth the time. Personally, we'd march ten miles to hear Gladys play, and that's sumpin if you know us!

Leave it to enterprising Phil Carter to think up something refreshing. His Manhattan supper hr. idea at the Flamingo sounds clickish, and should fetch out dashin' stock of villagers. We'll see . . . and let ya know . . . Mabel Hurd, fetching in a large cartwheel hat, at the Dowdys Sun. nite, says: "Adding a year onto a lady's age is criminal! You had Gladys Childress as twenty-two, when really she's twenty-one."

Grand Lecturer Is In Los Angeles

On Wednesday, May 26, 10:30 a.m., at the Masonic Hall, East 50th street in Los Angeles, the Grand Lecturer of the O.....S., Sister Martha E. Hardeman, held a "School of Instructions" for the seven various chapters of L. A. and all other chapters in the southern part of the state.

A large number of Stars attended in the morning and a still larger crowd in the afternoon.

This "School" has been long wanted and long looked for by the various matrons and their staff of officers. Service Grand Chapter has been called off this year due to war conditions. The attendance was exceptionally large. Seventeen chapters representing Los Angeles, San Diego, Bakersfield, Berkeley, San Francisco, Riverside, Pasadena, Long Beach, Santa Monica and Monrovia were present.

After general instructions were given by Grand Lecturer, the "Eastern Star" and "Queen of the South" degrees were demonstrated. Sister Hardeman was at her best. Having perfected her work, she was able to instruct her officers with efficiency.

The work was beautiful and she was highly commended for the quiet, pleasing manner of instructing the officers appointed by her from the various chapters.

Much was gleaned from this "School of Instructions" and each matron felt she had much to take back to her chapter and officers.

Many visiting "Stars" were present. The Grand Worthy Matron was present. The Grand Worthy Patron, Brother H. H. Lampkin of Pasadena was also present and spoke briefly on the instructions, seemed well pleased with the Grand Lecturer's teaching. These were clarified and approved by the Grand Chapter last year. Sister Ida Hill, G.M.A.M. of H. of J. was present.

Luncheon was served at 12:45 in the dining hall. Work was resumed at 1:35 p.m.

Sister Hardeman has been G.L. of O.E.S. for over seven years and has always taught the work satisfactorily to each chapter or chapters, when making her official visits or when in "School of Instruction," all over the Jurisdiction. She is loved by many friends and is held in high respect and esteem by all who know her.

In the very near future, the "School" will be held for the chapters up north. We wish for the Grand Lecturer much success.

PEANUT AND CARROT LOAF

Another meat substitute, nutritious and easy to make, is peanut and carrot loaf, made tasty with green pepper and onion. You can use your leftover breadcrumbs and fat drippings for this recipe, which is inexpensive, too.

Peanut and Carrot Loaf
(Serves Eight)

1 cup chopped raw carrots
1 cup coarsely ground toasted peanuts
1 cup tomato pulp
1 cup stale bread or cracker crumbs
2 tablespoons fat drippings
2 eggs slightly beaten
1 teaspoon finely cut parsley
1 tablespoon chopped onion
1 tablespoon chopped green pepper
1 teaspoon salt

Combine all ingredients and put into a greased loaf pan. Bake in a moderate oven (350 Deg.F.) for an hour. Cost per serving, four cents. (This recipe tried and tested in the Hampton Institute Foods Laboratory.

Shown above in his office at Suite 312 Blodgett Bldg., 2510 S. Central Ave., is Attorney Curtis C. Taylor at his dictaphone, dictating a plea to his colleagues of the legal profession in support of the great War Bond drive now being conducted by the Phi Beta Sigma Fraternity to raise $175,000.00 for the purpose of purchasing a bomber. Attorney Taylor has been named as Chairman of the Legal Committee and announces that he proposes to sell $10,000.00 worth of bonds to the members of his profession.

San Francisco Notes

Mr. Samuel Randolph, U. S. Merchant Marine from Compti, Louisiana and Miss Lucille Love Tolbert, formerly of Cleveland, Ohio, were united in marriage by Rev. H. B. Gant, last month, at his Parsonage, 2390 Post Street, San Francisco, California.

Conditions seem to be improving in San Francisco for our group. We do have some good people here who are fairminded and Negroes of San Francisco are demanding fair treatment from all in power. By conducting ourselves as we should, we will continue to be in a position to demand respect.

The First A. M. E. Zion Church is celebrating Men's Day, Sunday, June 13 and they are looking forward to a memorable day. On Sunday, June 20, Mrs. H. B. Gant is sponsoring a State Rally. She has a captain for each State. Texas says that they will win the day, but Oklahoma, Louisiana, Arkansas and other States that are represented here are very much concerned about helping to put over this program. Send your financial contribution to represent your State and help these people to wipe out their debt.

All of the ministers and the churches in San Francisco are working in harmony. It is gratifying to see all cooperate, practically 100 per cent, when something is to be undertaken.

It speaks wonders for the pastors and churches here. May such continue until we become as one, and realize that all churches are good when Jesus Christ is in the heart.

Mrs. B. L. Stark, modiste, one of our most prominent business women, left San Francisco last September to visit her farm in North Carolina, consisting of 200 acres of land. Returning to New York, she attended the Academy of Designing and Trade Work. Back home again in San Francisco, she has brought her talent, combined with the latest training available, to serve the people again. She can be located at her beautiful home, 2972 Bush Street, San Francisco, Calif.

Rev. Toliver, pastor of Bethel A. M. E. Church is home again, after spending one month away on vacation. After visiting his mother in Texas, he returned to Kansas City and St. Louis, Mo., with Rev. Fred Hughes and others. Rev. Toliver, reporting that he enjoyed a very restful visit, is now back here, ready to carry the great A. M. E. Church on to success. A prominent gospel singer and preacher, people coming in contact with him seem to become Inspired. Bethel Church is located at 1207 Powell street.

Friends in Los Angeles will be glad to hear that Mrs. J. J. Christian, formerly of Los Angeles, but now residing in San Francisco, is recuperating from her illness rapidly. Mrs. Christian, who wishes to thank her many friends for the lovely cards sent to her while in the hospital, is looking forward to visiting Los Angeles during July. Cards or letters may be addressed to her at the Gaylord Hotel Apartments, 620 Jones street, apartment 902, where she lives comforted by her daughter, son and grandchildren.

Mrs. Alice Reece, a pioneer citizen of San Francisco, died last Friday. Her funeral, officiated by Rev. C. J. Robinson, was held at the Third Baptist Church, Monday morning, 11 a.m. Present at the funeral were Rev. Wilson, former pastor, Rev. Turned, Rev. Toliver and Rev. Gantt.

First A. M. E. Zion Church had a great day last Sunday, June 6. There was a most gratifying attendance in the morning. There were six accessions, one convent. Great numbers communed. Rev. Gantt delivered a message, using as his topic, "Hagar, a Homeless Mother," at the morning services. In the evening his subject was, "This Do in Remembrance of Me."

Rev. J. H. Dorn, pastor of Phillips Chapel C. M. E. Church, Berkeley, Calif., brought a powerful message to the Texas State Club Sunday afternoon.

It was truly a high day in Zion. Offering for the day was $230.26.

Next Sunday, June 13th, will be Men's Day. Guest speaker of the day will be Rev. J. Noble Pierce, D.D., white pastor, First Congregational Church. All are especially invited to hear him speak.

Hattie McDaniels, Louis Armstrong and many other movie and radio celebrities were in our city and appeared at the Scottish Right Masonic Temple, Van Ness avenue near Sutter street, Monday night; guests of the Booker T. Mother's Club. All who saw and heard him were happy.

Please send all news to Rev. H. B. Gantt, 2390 Post street, San Francisco, Calif., by Sunday evening of each week.

WHAT'S DOING IN THE YOUNGER SET

Jessie Mae Brown

The Alpha Kappa Alpha women held a vocational program last Sunday afternoon for the benefit of graduating high school girls. Several of the city's leading women representing the different professional fields were on program, helping the girls make up their minds, on what professions to follow. Mrs. Barnum headed the program, with popular AKA Ursla Adams, as mistress of ceremonies. Speakers included Mrs. Marjorie McPherson representing the High school teacher, Mrs. Katherine Graham Elementary School, Ruth Innes, the Business women, Dr. King, medicine, and many others. Ramona Robinson, Connie Smart, and Daun French were among the many girls attending the program.

The Jr. N.A.A.C.P. meeting is scheduled to be a jam up affair this Friday night, when the youth of the city come together to discuss the recent Zoot Suit situation. According to the council president, plans will be made to do something about this problem. All the El Drapo's long with the few and far between conservatives are urged to attend the meeting which is being held Friday night at 8 o'clock at the Y. M. C. A.

The Woodlawn Branch Girl Reserves are holding their annual Ring Ceremony at Independent Church this year. Due to the breaking up of the Central Branch, all the individual branches are holding separate Ring Ceremonials. The well planned program is scheduled for Sunday afternoon at 4 o'clock.

Marjorie Williams entertained Saturday night, with a solid dancing party honoring her house guest. The affair was well attended by the college crowd, who only had a gay time. Jack Terry and pal Catoe Robinson were in their prime. Elinore Lee, Jacqulyn Wilson and the rest of the SC kids were on hand. The affair lasted till the wee hours.

MERIT PROMENADE OF WEEK

Heroldetta Garrison, making the Debate squad at LA High school . . . Corrine Jones, Melonee Temple, Gloria Tribble, Mary Coleman, and Leonell Hutton, receiving sheep skin from UCLA last Wednesday . . . Odessa James completing Lincoln High School in Kansas City with a perfect record . . . Marlyn Williams LA tri-Y prexey, second time . . . and Joye Speights Goodwin, entering northern hospital for nurses training on 12th of June.

Wednesday night at 8 o'clock Rosalie Saffold became Mrs. Harry Smith. The popular bride wore a picturesque gown of white satin and lace, made by her aunt. The wedding was carried out in patriotic colors. Mrs. Franzanna Saffold, the bride's sister-in-law, was matron of honor, Doris Garrison maid of honor, Norma Lee McDaniel and Ernestine McNeal were brides maids. The reception immediately followed the ceremony. A dinner party for the bridal party followed the reception.

WELL, WELL, WELL!

Elweis James has nodded a happy "I do" to Second Lieut. Russell Lacey. The reception will be held next Sunday at Casa Rafael Wedding Chapel . . . Ucla basketball ace, Bill Terry, is in town on one of those fine furloughs, wearing wings received while training at Tuskegee . . . I gather that marriage rumor for he and Weni Allen was just a bit of side chatter . . . Saw Marion Henderson coming home on week-end from the hospital, where she is in nurses training. She will complete the course in a few months.

Joye Speights Goodwin made a quick jump to LA last week, after completing finals up Berkeley way. Her sister Hope, left for Frisco Monday, and plans to make her home there for a while . . . The old rumor "always a brides maid, and never a bride," won't ring true for Paulyn Garner, for she plans to tie the knot very soon. In fact, the big day is scheduled for this month, if the army doesn't interfere . . . While attending "Born Happy," at the Biltmore theater last Saturday night saw Bob Edwards, long with Mary Emily and Eugene Johnson, Doris Colley with a party of friends, and the Mildred Rice, John Simmons combination.

While leaving campus after last final, ran into Frank the Notorious Tripper of the Light Fantastics, Dupas, and judging from his trend of conversation the gay lad doesn't have Uncle Sam on his mind. I tried to get a little more definite information concerning the Statun, Trent engagement rumor, but the Tripper seems to know nothing . . . Happy to learn that Naomi Davis will be spending a few days in LA, en route to 'Frisco.

What's this! A long distance telephone call from New York, and Bernice Cook is on her way to the big city. Wonder if she and Caleb Peterson will make it a June ceremony . . . Above, Marva Barrow, wife of Heavyweight Champion Joe Louis, signs for delivery of Educational Contract with the Golden State Mutual Life Insurance Company, for her daughter Jacqueline, right. The contract is being delivered by Curtis J. Poree, Chicago superintendent of the insurance company.

Education of Louis' Daughter Assured

Mrs. Marva L. Barrow, wife of the famous world champion, Joe Louis, has just completed arrangements that will guarantee that their daughter, Jacqueline, will receive all of the advantages afforded by higher education. She has secured from Golden State Mutual Life Insurance Company a contract for baby Jacqueline that is especially designed for educational purposes. Under the plan, when Jacqueline is ready to enter college, ample funds will be available to care for all expenses of whatever course of study desired. Prior to that time, the contract is in force as a life insurance estate in favor of the beneficiary.

According to Mr. Curtis Pores, superintendent of the Chicago agency of Golden State Mutual, who placed the contract, the plan was selected because in addition to the economic, cultural and social advantages which result from higher education, it encourages thrift and systematic saving over a period of years.

Mrs. Barrow believes that now more than ever it is important for parents to make sure that their children will receive adequate education and training, and that early in life they be taught the value of thrift and saving through life insurance. Justification of this belief is strikingly demonstrated in the present tremendous demands for college trained men and women. The action taken by Mrs. Barrow is, therefore, worthy of emulation by other parents.

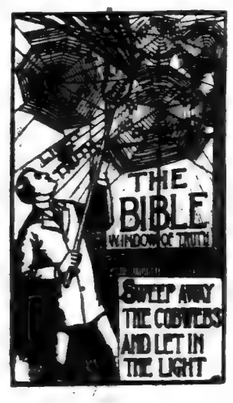
The EAGLE BIBLE QUESTION CORNER

Conducted by
THE SWEET CHARIOT HOUR
BIBLE CORRESPONDENCE SCHOOL
Address All Questions to Eagle Question Corner
4075 S. Central Ave., Los Angeles, Calif.

NOTE: A free correspondence course in the study of the Bible will be mailed upon request to readers of this column. The course consists of 25 printed lessons (sent consecutively) with outlines that can adapted very easily to the program of busy people. There is nothing to buy. The Bible is your only textbook. Valuable "helps" are included in the lessons themselves. On completion of the course you will receive a beautiful certificate of achievement. Send letter or post card to the Eagle Bible Question Corner, 4075 S. Central Ave., Los Angeles, Calif.

Dear Sirs:

Last week I had a friendly argument with a neighbor of mine about living the Christian life. I said that I was doing the best I could to be a Christian and that I felt that God understood that I couldn't live like a saint in this old wicked world. My friend disagreed with me and said that I was wrong. Please tell me in your Question Box whether I am right or wrong. Corp. A. G. H., Fort Huachuca, Ariz.



A verse in Titus 2:11 will answer your question clearly. It reads: "For the grace of God that bringeth salvation hath appeared to all men, teaching us that denying ungodliness and worldly lusts, we should live godly in this present world."

Dear Question Box:

How can we really know the value of the Bible?
R. S. J., Pomona, Calif.

The Apostle Paul taught a young prospective minister once how to value his Bible. He said to Timothy: "Give attention to your reading." We may own a vast library of books, but we can never know how much that library is worth until we study those books. Paul gave Timothy advice which we all need. We all own Bibles, or can own them for a few cents; now we need to give careful attention to reading and studying them. It was the careful study of the Bible that made Timothy one of the wise men in the annals of religious history.

So many people do not understand the Bible because they do not read and study it. The Sweet Chariot Hour Bible Course will help you to understand the Bible and its great teachings. This course which is absolutely free will be of real help to you. Just address a card to us asking to be enrolled in the course.

Dear Sirs:

Please explain Mark 4:28.
Mrs. J. B. D., Chico, Calif.

Mark 4:28 reads: "For the ear bringeth forth fruit of herse first, the blade, then the e after that the full corn in t ear."

This is an expression tak from one of the parables of Jesu He was likening the world of G to a seed sown. There is li within the seed and that life w cause the seed to grow and bri forth fruit. But the seed gro naturally; it first puts forth t blade, then the ear, after that t full corn in the ear. So it is wi God's word. The spiritual se has life within, and when t word of God is planted with the heart, that life causes t seed to grow and bring forth fru in one's life. That fruit is pr duced as naturally as a pla develops. Peter tells of th growth in 2 Peter 1:5-7: "Add your faith virtue, and to virtu knowledge, and to knowledg temperance, and to temperanc patience, and to patience, godli ness, and to godliness brotherl kindness, and to brotherly kin ness, charity." This is what i known as spiritual growth.

The Papers Are Responsible

For the past six days, Los Angeles and environs has closely resembled that period of history which produced the slogan "Nero Fiddled While Rome Burned."

Not only Mexican and Negro so-called "Zoot-Suiters," but innocent citizens, working in the defense plants of the city (in the struggle for victory of the United Nations), have been victims of the terrorizing mob violence of sailors, soldiers and marines, who have been ably assisted by the police.

The servicemen were misled, egged-on and victimized by a press smear campaign of vast proportions.

It is led by the openly fascist Herald and Express. Only a few paces behind is the Times, and the pseudo-liberal Daily News has cavorted during the last few days in a fashion to qualify it eternally for the Big League Disrupters Circle.

These papers have become the organs of Hitler within our midst.

They set group against group.

They divide so that we may be conquered.

The suppression of their race-baiting has become essential to the production efficiency of this vital war working community!

How To Do It: CIO Blazes Trail

Two lessons may be learned from the forthright position taken by the United Automobile Workers in Detroit this week.

White CIO workers at Packard Motor Car Company struck against having to work with Negroes.

The union has determined to do two things:

Prosecute all agitators involved in the strike because they held up essential war production.

Prosecute all agitators involved in the strike because they attacked the Negro people.

A dispatch from the Ford Council of the CIO, adjacent to Packard, urged "the trial and expulsion of all members of the United Automobile Workers (CIO) guilty of leading the Packard strike last week."

At the same time, the Ford Local urged President Roosevelt and Donald M. Nelson, director of the War Production Board, to demand removal of any Packard Motor Car Co. official responsible for the strike, "and bring them to trial, charging them with working against the United States."

A few hours before the walkout began Thursday, Thomas accused C. E. Weiss, company industrial relations officer, of urging white employes to refuse to work beside Negroes. Weiss has declined to answer the charge.

What To Do About Mexican Youth

1. Mexican-American youth must have opportunities for vocational training and equal opportunity for jobs. (Recently a trade school for Mexicans was opened on the east side of the city.)

2. Improvement of sanitation and housing conditions.

3. Widespread establishment of recreational facilities—playgrounds, nursery schools, swimming pools, dance halls, gymnasiums.

4. The organization of Mexican workers into trade unions and the real participation of the trade unions in the community life of the Mexican people.

5. An ultimatum by heads of the police and sheriff's departments to all officers that brutality, discrimination and persecution of the Mexican youth will not be tolerated.

6. Organization of social, cultural and athletic clubs among the youth, sponsored and assisted by unions, fraternal, youth and civic organizations.

7. Mexican-American youth and the entire Mexican population must be involved in the war effort. Special efforts must be made to explain the war to them, to organize them on the civilian front in all the war services.

8. The fifth column in the Mexican community, the Sinarchista movement, must be exposed and isolated.

Dark Laughter . . . . . BY OL HARRINGTON

"Mister Bootsie, thanks for the night club an' the dinner an' ev'rything but aint no use in oversportin' yourself . . . in other words its time for you to leave.

AS I SEE IT!

—By Jeanette Cohen—

A couple of weeks ago a letter addressed to the Mayor of our city, written by a Mexican mother appeared in this column. The writer of the letter works in the same war plant with the two young Mexican boys who were picked up by the police as "zoot-suiters." This young mother, deeply concerned with the problems of her people and the future of her two sons, urged the Mayor to take action against the police brutality in Los Angeles.

A member of the Armed Forces, having read the letter in **The Eagle**, wrote to the author to thank her for her stand against discrimination. Whether Mexican, Negro or any other minority, it must be heartening for the men in uniform to know there are people who are carrying on this fight on the Home Front. They know only too well how much there is to be done. Negro soldiers are still being segregated. There are still instances of men in uniform being beaten up because of their color.

Some of our American soldiers drafted from the Southern States, now fighting on the battlefronts to save our Democracy, are not yet assured that when this is all over they may come back home and be allowed to go to the polls to vote on election day. The Anti-Poll Tax Bill is still to be passed by the Senate. From past experience we know that only the utmost amount of pressure from the people upon their Senators will bring about the passage of this Bill which will give 10,000,000 Americans, black and white the right to vote.

The young people of America are not waiting until they don uniform to fight Hitler. A student at the University of Southern California who had read that letter condemning the police campaign against "zoot-suiters" also wrote to the Mexican mother extending his hand in solidarity against such fascist methods.

John Kinloch, Chairman of the Junior Council of the NAACP when he spoke at the mass meeting held at the Independent Church on the case of the Negro war worker Lenza Smith, victim of the rankest police brutality, summed up in a few words the determination of American youth. **He said: "If we're big enough to fight Hitler over there, we're big enough to fight his pals at home!"**

Negro-baiting, Anti-Semitism and discrimination against Mexicans is part and parcel of the growing drive by the appeasers and friends of Hitler to smash the united efforts of the people to win the war. We must stop this drive! We cannot do it as individuals—but we can do it if we all work together.

The NAACP is now carrying on a drive for membership and every person who is willing to fight discrimination and help to build it.

I want to thank the soldier and the student for their response to the letter published in this column.

THE WORLD THIS WEEK!

BLACK DRAGON

The Tokio radio has announced the appointment of Fumio Goto, former home minister, as Minister of State without portfolio. He promptly warned the people that they now face a grave situation, and that the total national strength of the domestic structure must be pooled for the decisive battle.

At the same time in Washington a Korean leader who prophesied the attack on Pearl Harbor eight weeks before it occurred, told the House Immigration Committee that the Japanese planned to offer China a separate peace not later than September and that officers to head invasion of the United States have already been chosen by Premier Tojo. The informer submitted to the Committee documents and maps his co-workers had gathered in the Orient. Committees say these show detailed plans of the Japanese for attacks in the Pacific.

We no longer toss such warnings aside with a smile of incredulity, but in view of this it is encouraging that our forces have made real progress in the Aleutians—progress which enables us to bomb Japanese-held territory rather than giving them a sure foothold so close to our own shores. On June 6, too, we celebrate the victory of Midway, the first taste of real victory in the Pacific. Since then there have been other smashing victories. We are ready now.

CEMENT OF PEACE

Establishment of an International Commission of 45 countries to assure a better-fed world was proposed to the United Nations Conference on Food and Agriculture last week by the U. S. delegation. "Bursting barns and hungry people, rotting surpluses and empty trade channels, starvation in the midst of plenty, either within or without the country of production, reflect no credit to a national or international economy.

They just don't make sense", declared Judge Marvin Jones, Conference Chairman, in his good southern drawl which broke down much of the formality of this meeting of strangers. He further pointed out that history revealed that in reality there has been no surplus of any edible commodity. What we have called surpluses are the results of accumulations caused by defects in the system of distribution and the inability of the masses to purchase the food they need, stated Judge Jones.

Until the establishment of multi-unit retailing with its streamline method of distribution and its ability to keep prices within the limits of modest incomes, widespread nutritional values were not known even in our country. The Food Conference aims to produce better understanding and promote the flow of farm commodities into the markets of the world.

Spreading Joy.

—By John Fowler

I was intrigued by an invitation from my good friend Rev. George Garner, former Minister of Music and America's ace tenor. When we entered the Garner Foundation Center, in the heart of dear old Pasadena, the Missus, Mrs. Laura Young, and I ran right smack into a round table discussion being carried on by four brilliant young Negro College Professors. Despite the fact that it was way over my head, I found it interesting and illuminating.

Our host afterwards informed me that the young gentlemen, Mr. R. E. Cureton of the Washington High School, Atlanta, Georgia, Mr. B. D. Jones, A. E. Manley of North Carolina, and our own Nowell Eason, son of Professor and Mrs. Charles L. Eason of Monterey Road, all are here making some sociological investigation in high schools and colleges in reference to the progress and lack of progress of colored students. Their trip is sponsored by the Rockerfeller Foundation.

Unfortunately, I came in late and did not get the opening part of the discussion, the results being that I never fully understood the whys and wherefores of many of the questions that came from the floor.

I was impressed by the conclusion reached by Mr. Jones, who stated in part, "It is very, very important that an effort be made to improve the condition of the group."

Certainly the committee is going to find division among us wherever they go. We of California are no nearer perfection than any other state or section. Were we to have reached perfection, we would have nothing further to strive for; no more frontiers. We must continue to meet problems and to attempt to solve them.

One of our major problems is that after we have fought and won certain rights, along comes unthinking members of the race who through their indifference disregard the rights of others.

Serving with Rev. and Mrs. Garner on the Committee sponsoring these gentlemen are the following well-known ladies: Mesdames M. E. Durham, Gertrude Wiggins, Eva Burton, Marie Gladden, Rose Garner (mother of Rev. Garner), Bessie Burke, and the Misses Pauline Slater and Esther Bruce.

Assisting Mrs. Garner in pouring and serving tea were Mesdames Battiste, Karl Downs and others.

Mesdames Coble, Blodgett Bruington, Georgia Robinson, Ethel Asbury-Bell, Bessie Bruington-Burke, and Misses Victoria Roland and Esther Bruce were among the many well-known people seen in the audience.

It is refreshing, indeed, to see these young masterminds dedicated to the task of helping to solve some of the complex, by-products of war.

I congratulate them and hope their stay will be pleasant and successful.

Mrs. Fowler and I carried greetings from the East One Hundred and Fifteenth Street Improvement Association to our sister community organization, The Woman's Civic Club of Blodgett Manor.

This is one of those progressive women's neighborhood clubs that organized to render service. They are doing just that, and very succesfully! Their contribution to the Red Cross and the war effort have been notable.

The question of contribution to the Pageant Program of Miss Pauline Slater's Committee for the Out Door Life and Health Association came up in their last meeting. I am sure they will play their part.

We enjoyed the program discussion on the origin of money, conducted by the ladies present, after which delightful refreshments were served by the hostess, Rev. Anna McMillan.

The officers are Rev. Anna McMillan, President, and Mrs. Desiree Clark, Secretary.

Mr. and Mrs. Homer Dean have invited the members of Pioneer Club No. 1 to be guest of honor at their Twenty-Fifth Wedding Anniversary next Sunday, June 13, at the Camille Den, 848 Adams Boulevard.

Homer Dean, you will remember, was the first colored chauffeur in Los Angeles, a real pioneer of whom we pioneers are justly proud.

Answer

The editor of this paper was in receipt of a letter this week from a woman who protests the exorbitant prices charged by a certain physician, of another race, who practices on Central Avenue. She suggests to us that something should be done about this condition. Since the lady did not put her address on the letter, the editor of this paper wishes to take this opportunity to advise that the only thing to do in this instance would be to find another physician who does not charge unusually high prices, and to encourage all others who feel that they are not justified in the fees they pay, to do likewise.

Sing, My People!

Black America,
Sing.
For we also bring
Soldiers to battle;
We fight
Through this dark night.

Yes, my people,
Sing!
Our voices, too, will ring
When peace has come,
So fight
For Freedom's light.

Black America,
Sing!
We, too, are in this thing;
We were born
On Freedom's shore,
Though it was rationed
in scanty store.

Yes, my people,
Sing!
For promised liberty we
cling,
Though hung in Georgia—
Fight on and on;
Never cease 'til victory is
won.

Dear Editor:

I have been taking the California Eagle for a number of years. I think every young American Negro should read your paper from cover to cover. They should know what their race is doing.

As a girl of twenty years of age, even I realize that now, more than ever, the American Negroes need to stick together.

We, as a race, could have so much more say-so than we have now if we would only unite together, completely. Unite we could, if we would only strike from our minds the thoughts of jealousy.

We seem to be so afraid that one will have more than another. We know that all of us cannot be leaders, so why not step back and boost those that have the will and ability to lead us?

This war should make us realize that we have to be a united body in order to accomplish anything.

"The Chinook Wind"

O mild but boisterous north-west
wind,
That broke the icy calm
Of some still winter night,
You puffed and roared, you
howled and whined,
Yet your breath was icy balm,
And you hurled your harmless
might
Against the drifts of hard packed
snow
Till they, overwhelmed, were
forced to go.
That majic spell you wove would
speak
Of far off wonderous lands,
Where salom crowd the streams
Where on the lofty mountain
peaks
The dark pine forest stands,
The sounding glaciers gleam,
Where dwelt the Indian tribes
Who's fame is kept securely in
your name.
You left, and sparkling pools
were seen
Where smutted drifts had lain;
You left a glad surprise
Of grass beneath, alive and
green,
While all the sage-brush plain
Sent perfume to the skys.
You broke the winters grip to
bring
A brief, exciting glimpse of
spring.

A Letter From Camp—Read It!

(Ed. Note: This letter was received from a local boy of our city who is stationed at a camp in a northwestern state. His name, of course, cannot be revealed, but his letter is a challenge to us all.)

Dear Editor:

I've been reading your paper and noticed in the last issue, an item referring to the prejudices in the Army. Knowing your influence, I am going to try and prevail upon you to organize a platform to fight this hell that has demoralized me and so many of our men in the Army.

The use of Dixie officers to train Negro troops, in their good old southern way, is, I believe, the base of the trouble. These officers try, in every conceivable way, to prevent the progress of Negro troops. One shining example of this was the breaking of our first sergeant, just as he was preparing to go to O. C. S.

The Dixie-land officers have repeatedly discouraged application of capable Negro soldiers so effectively, that here, in a camp of seven hundred Negroes, there is not a colored officer or a chaplain.

There is a deliberate attempt to ridicule us. Insulting remarks are often made about slaves and Negroes in general, in the determined battle to keep Negro soldiers from advancing.

This is the situation in my camp. From letters I have received from friends stationed in other parts of the country, I learn, with much distress, that the same conditions exist over the breadth and width of the nation.

Conditions finally led to a climax recently. Our company, after having worked until 11 p.m., in punishment of something for which we are not responsible, refused to fall out at 4 a.m. in the morning.

We are being half-trained by Dixie officers.

We were ordered to role a pack a certain way. We did. There was an inspection from headquarters. We were restricted to barracks because the officers claimed we did not follow orders, though we did exactly as instructed.

The Dixie officers, because they neglected their duties, were restricted for a week. Seeking revenge, they in turn restrict the enlisted men, who were guilty only of following and obeying instructions.

This is but an example of the petty, trifling things which we have to put up with. It might not seem important to you on the outside, but a dangerous feeling of animosity is growing day by day, with increasing fervor.

All of us, conscious of this serious threat and damage to our morale, urge—beg—plead—and demand that our leaders in the N. A. A. C. P.—N. N. C. —Y. C. L.—Urban League, and other organizations interested in the welfare of its people, step in and aid us in our struggle for whole-hearted participation in our country's battle for victory.

We do not ask for special privileges! We want no special considerations! We want only the right to enjoy those things for which we are fighting. Freedom! Equality! The right to live peaceably and progress. We want advancement when we are qualified.

We believe that if the public knows how its boys are being treated, they will rise up and protest, thus aiding us to gain advancement, but advancement when, and only when we deserve it.

In closing, I wish to say that I am still in here, pitching for what I am worth, in this battle against discrimination. I am, along with the other men of my company, on the carpet for what happened recently, and what will happen Sunday if we are ordered to fall out.

I am, as well as the rest of the men, resolved to die fighting for the right of complete freedom and equality of all people.

I await your immediate action and reply.

A SOLDIER.

FIGHTER NOW ENSIGN

Joseph Baker, 1st Radio Officer, while in Wilmington, was contacted by Mr. Lilly of the Norton and Lilly Company, San Francisco—owners of the U. S. S. Geo. Washington Carver—and asked to come to San Francisco for launching of the ship, scheduled for May 5.

Lt. Baker, a personal friend of the late Dr. Carver, arrived in San Francisco only to be informed by Mr. Lilly.

"The Carver is to have no African Officers."

Holding the rank of Lieutenant Junior Grade, Joseph Baker, who attended Tuskegee Institute during the years 1934-36, and then U. C. L. A. in 1939, is also licensed as 1st Radio Telephone and Telegraph Operators.

'BOOKER T.' ENSIGN SAYS

LIVING, FIGHTING AS ONE-RACES 'FORGET IT'

William Barker, alias "William Metcalfe," former amateur boxer, who during his short pugilistic career was extremely popular among sport fans as a clean, young leather-thrower and protege of Eddie Rochester Anderson, is all smiles over the fact that he has just completed, successfully, his first voyage as a member of the crew of the SS Booker T. Washington. Barker, at the present time, is enjoying a short furlough, after which he will be transferred to the new SS Frederick Douglass. His exact whereabouts aren't to be told.

Using his own words, William says: "I was on the Booker T. Washington when she first put out to sea and I saw the crew and colored officers harmonize like the pistons of a well-oiled machine . . . saw them grow to love the ship and each other and the kind, mild-mannered Captain Mulzac.

Many friendship pacts were made, involving colored and white boys . . . addresses were exchanged between a Texan white boy and a northern colored boy . . . between a California colored boy and a Mississippi white boy. I discovered, during my sojourn among the mixture of many races, that warm friendships are the result of colored and white living, fighting and playing together—that the only drawback rgcial equality has is the reluctance on the part of the races to associate with each other . . . that once they have done this for a period of time, they make a great discovery—chiefly, that the other guy is not half as bad as tradition has made them believe.

"That one actually felt himself being made wiser and more tolerant after a period of time spent with a mixture of races. The experience leaves him with a feeling of warmth and mellowness of knowledge; he sees the other members of a particular race in a different light; he becomes interested in them . . . thus the idea of the mixed crew on the Booker T. Washington found fertile ground. It was funny to watch the crew of many races grow from rank, suspicious strangers, to warm friends, brothers, under the exterior, fighting for a cause that only unity can accomplish."

Bill Barber, who is making an enviable record for himself, holds the rank of Ensign in U. S. Maritime Service, which is equivalent to Ensign in the U. S. Navy.

The many friends of Ensign Barber, and the editor and staff of the California Eagle, take this opportunity to congratulate him upon his fine record in the service of our country, and bid him "Godspeed" on his next voyage aboard the good ship Frederick Douglass.

First Warship Named For Negro

WASHINGTON. — Frank Knox, Secretary of the Navy, approved the naming of a destroyer-escort vessel for a Negro mess attendant who lost his life in the naval battle of Guadalcanal in mid-November here recently. The first American warship named for a Negro, it will be designated the "U. S. S. Harmon."

The mess attendant, first class, was Leonard Roy Harmon, who was aboard the cruiser San Francisco during the great sea battle. Twenty-six years old, he was the son of Mrs. Nuanita Harmon Carroll, of Cuero, Texas.

Harmon, who assisted throughout the engagement in caring for wounded men, removing them from battle stations to dressing stations aboard ship, was killed when he deliberately exposed himself to hostile gunfire to protect a shipmate. Secretary Knox has awarded the Navy Cross to him posthumously.

THRIFTY DRUG ANNOUNCE OPENING EMPLOYMENT OFFICE

The Thrifty Drug company, perhaps the largest suppliers of drugs in the city of Los Angeles, and owners of the chain of Thrifty Drug Stores centrally located throughout the city, has announced the opening of an Employment Office at 4272 Central avenue, in the very heart of the Negro community.

The democratic policy of this company, evidenced by the employment of Negroes and now the opening of an employment agency to supply its stores with workers, is indeed a step which others could well-afford to follow.

HENDERSON SPEAKS IN EL CENTRO

EL CENTRO, Calif.—Dr. J. Raymond Henderson, noted minister from Los Angeles, gave a splendid address, the subject of which

W. A. PAYNE,
El Centro Principal

was "A Plea for a Gentleman", last Thursday evening at the Douglass High School commencement.

Dr. Henderson, declaring in his preliminary remarks that he was not going to talk of war, of race problems, of minorities but rather of the time when there will be no war, made a stirring appeal to the graduates to so live their lives that they would merit the titles of ladies and gentlemen, outlining the virtues which these terms in their finest sense, imply.

Professor W. A. Payne is principal of Douglass High school.

HEY, GANG, LOOK!

We—and I mean YOU—are given a chance to put in our "two-cents"—at long last.

This page is going to be OUR section. As future leaders of our country, youth has demanded to be heard. Now, YOU will be heard!

You in the defense plants, in schools, in private industry . . . in all branches of the armed services, come on! Speak up! you have often felt that the older folks sort of mess things up sometimes, haven't you? Aw come on, 'fess up! If YOU had your way, the world would be a better place, wouldn't it?

We don't want wars, but there are wars. We, the youth, fight them!

We odn't want to be discriminated against, but we are. So, we'll fight that.

Let's get together and organize. The EAGLE has granted YOU this page on which to thunder protest, suggestions, complains, solutions, demands—khat YOU will.

The older folks started the job; we can finish it!

We—and I mean YOU—asked for it. It's ours.

Well we say a thing or two? You're darned tooting we will!

EAGLE S. M. REPORTER BEAT ARAGON BIAS!

By Willie Louise Gilmore

SANTA MONICA—The swank Aragon Ball-California, has indulged in racial discrimination, al-California has indulged in racial discriminaton, although engaging such outstanding "Orks" as Louis Armstrong. Count Basie is the current attraction of record breaking crowds. The discrimination is being aimed against Negroes and Mexicans—so-called zoot suiters. There were numbers of whites present similarly attired.

On opening night of Basie, last Friday, several of our group were told at the ticket window that orders were received not to sell tickets to Negroes. This is not the first occasion, for many were refused the preceding Sunday.

The issue was taken up by myself and Mr. G. E. Johnson of the K. C. Call, both of us having been refused. Mr. Johnson obtained names of those refused, including a Negro soldier of the 73rd Chemical Co., who was chief basis of our complaint.

I asked to see the manager, Harry Schooler, who was "unavailable."

However, evidently knowing what was taking place out front, and having visions of lawsuits, the Count cancelling his engagement, etc., while we were standing in an ominous huddle, I was suddenly tapped on the shoulder and told to go buy my ticket.

We all bought tickets, sincerely hoping that we had broken down this policy.

If any of our race are refused admittance in the future, please notify Mrs. Bass, editor of the EAGLE, the N. A. A. C. P., Mr. Johnson or myself. Such practices cannot continue against us.

FOLKES WAS FRAMED!

Robert Folkes, young Negro, accused of the murder of a white woman in lower berth 13 on the Southern Pacific Railroad several months ago, was framed.

The whole shocking story, revealing the intimidation and corruption which worked full blast in this trumped-up murder case, will appear in next week's Youth Section.

How Folkes was made drunk by Los Angeles' police—how he was threatened with lynching to secure a phony confession—will be unveiled in this gripping and tragic story.

Do not miss it, young people! It might have been your story.

RIOTING SKIRTS NEGRO COMMUNITY

(Continued from Page 1)

at Central station, stating he demanded protection "as a war worker," a police lieutenant told him that "war workers are entitled to no special privileges."

Two officers witnessed Zion's beating, he said.

A 16-year old Negro boy, Joseph Nelson was dragged from a "U" car at Fifth and Main streets. He was beaten and his pants cut. He attends McKinley Junior High school.

At the Orpheum theater and other downtown spots, service men charged into the auditoroum, removing citizens whose clothing they disapproved.

Many were beaten and trampled.

ARMY MOVES

All Los Angeles is out of bounds for Army and Navy men today. This belated action was a smashing blow to riot-inciters at the Hearst Examiner and Herald, Harry Chandler's Times, and the butterfly-liberal, Manchester Boddy's Daily News.

Each of these papers has encouraged mob spirit of the soldiers, viciously attacking the Mexican people and tending minute by minute to bring the Negro community into their range of attack.

POLICE EFFORT

That the police force has attempted to use Negro cops to brutalize Mexican youth was authoritatively reported today. This is a try at splitting the unity of Mexican and Negro minorities.

It was reported that police have asked local Negro Elks to bar mixed dancing between Negroes and Mexicans at the Elks Hall.

One police officer in Vernon has been seriously injured in a reprisal raid by a Mexican gang in which he was run-over by a car assertedly driven by Mexican youth.

Since last Thursday, rioting has spread over the Los Angeles area. It was cut down sharply Wednesday when the Army and Navy ruled Los Angeles out of bounds to service men.

In Watts, Mexicans are said to have stoned passing P. E. redcars. Several sailors have been cut.

During Tuesday night's rioting, severest of all, servicemen indiscriminately ran down Mexican and Negro youth who were garbed in clothes the metropolitan press has taught them to despise.

At press time last night, it was reported that further outbreaks were in progress at 12th and Central.

Indications are also noted that the riot has spread to Watts, Long Beach and San Diego.

In Santa Monica, the police department has been training High School kids as storm troopers against Mexican youth.

Striking are the facts: (1)—There has been no serious outbreak by the Negro people; (2)—All sections of the Negro community urgently demand full police protection of the Mexican minority; (3)—The pretense that zoot suits denote criminality is roundly condemned.

DRAMA AT HAMILTON

A drama entitled "I Made My Son a Criminal," will be presented at Hamilton Methodist Church, East 18th street and Naomi avenue, Monday, June 21st, 8 p.m.

This drama was presented at the general conference of the Methodist Church, and carries a great lesson. No one should miss this drama. The author of the play, Mr. Manley, and his son, will participate in the presentation. Admission is free.

EIGHT CALIFORNIA MEN TRAIN AS BLUEJACKETS

Eight California men, are among hundreds of Negro Bluejackets undergoing several weeks of recruit training at the U. S. Naval Training Station here.

While in "boot camp" the sailors will be put through an intensive training program, including physical conditioning, military drill, fundamentals of seamanship, and naval customs and procedure. Upon graduation they will each be given a nine-day leave, after which they will receive further specialized instruction at one of the Navy's service schools, or be sent directly to duty at sea or at a shore station.

The eight California recruits here are:

James Henry Ford, 18, son of Mattie Beamon, 227 East Truslow St.; James Wesley Cox, 24, 249 Truslow St., both are from Fullerton, Calif.; Nelson James Lee, 31, 558 South Hope St.; Boyd Kendricks, 32, 1415½ West 37th Place; Irving Joseph Lizanna, 21, 4027 Woodlawn St., all three are from Los Angeles, Calif.; Ernest McLaren Webb, 17, 380 Linden St., Oakland, Calif.; Herman B. Ford, 29, 1527 Seventh St., Sacramento, Calif., and George Lewis Mitchell, 17, 564 Olive St., San Francisco, Calif.

"B" Book Holders Reminded Of Tire Inspection Date

Southland motorists holding "B" gasoline coupon books have until the end of June to complete the second time inspection of 1943 as required under the nationwide rationing program, advises the Automobile Club of Southern California.

Tire inspection carried on at official OPA stations, garages and other centers must be met before rationing boards will approve renewal applications for gasoline-mileage coupons.

September 30 is the deadline for the next inspection required of "A" book holders, while "C" rationed motorists have until August 31 to fulfill their next inspection requirement.

Carter Stirs Las Vegas

Dr. W. P. Carter, pastor of the Calvary Baptist Church of Santa Monica, California, stirred Las Vegas in a soul-stirring revival meeting held at the Second Baptist Church, of which Rev. B. T. Mayfield is pastor.

Never before has this city witnessed such preaching. The church was crowded each night as this man of God poured out his soul. There were more than 40 accessions to the church of which 10 were candidates for baptism. Many reclaimed for the Lord. The meeting was of such calibre that the people wanted Dr. Carter to continue, but pressing church and convention business prevented his staying longer.

The Second Baptist Church boasts a membership of more than three hundred, with a new church edifice completely out of debt. This has all been done under the leadership of Dr. Mayfield.

Victory Gardening Made Easy

"You Stop the Risk When You Turn the Disk!" This is the slogan for a very handy garden guide which has recently become available. It consists of a revolving card in a stiff cover. This card is rotated until the name of the vegetable in which you are interested at the moment appears. Visible tables then answer most questions; how many seed packets for so many feet; how deep to plant; how far apart; how often to water; how frequently to add fertilizer; what insect pests to expect, and what to spray with.

The beauty of the "Victory Gardening Made Easy" chart is that it costs only fifteen cents—a price way out of proportion with its value to all Victory Gardeners. Buy one today, and insure yourself of better results by knowing what to do and when. You can obtain one at any Thrifty Drug Store.

BEHIND SCENES—I have just been assigned the pleasant duty of collecting a lot of autographed photos of our movie celebrities, to be sent thousands of miles away to the armed forces in the Southwest Pacific. Our ANP main office called for them in order to comply with the request of "Scoop" Jones, live, wideawake, fearless, ANP war correspondent located at present "somewhere in the Solomons," or other far-flung spot where there is plenty of action, and the news a continuous flow of choice morsels such as delight the heart of a real reporter. "Scoop" no doubt urged by the boys whose headquarters are at that particular camp, wrote for the pictures so they can be placed on the walls of the camp service club. This is one more evidence that the thoughts of a soldier in a foreign land are always on home, and it will be a great treat to those gallant fellows to stand before these photo stills and read the friendly greetings, written by the hands of their own stars. It will be one more boost to the morale, ever needed by them, in their grim task of keeping the Axis beasts from overrunning our shores.

So I will secure pictures of Lena Horne, Hattie McDaniel, Hazel Scott, Ethel Waters, Louise Beavers, Rochester, and others, so with a dozen or so more added, they will soon be on the way flying across the Pacific. One fine thing about modern radio, many of those brown warriors get to hear some of those same stars over the short wave radio programs that are broadcast from Hollywood to them. A regular one instituted several months ago is the Jubilee Hour, with Ernest Whitman M. C.

RACE HOLLYWOOD CANTEEN HOSTESSES LAUDED

By their careful supervision, and faithful performance of duty, even when personally inconvenienced, the eight colorful captains of hostesses serving the famous Hollywood Canteen, have drawn much commendation from both the servicemen, and the governing body of this important morale building institution. One of the heartiest in praise of them is Miss Florence Cadrez, members of the Board of Directors, and chairman of hostesses. She wishes them to know how greatly she appreciates their service and cooperation ever since the opening of the canteen on Oct. 3rd.

The captains are: Mesdames and Misses, Florence Covan, Billye Muse, wife of Clachee Muse, Renee Drake, Lucille Jenkins, Jane Spragin, Lois Bellamy, Fula Henderson, and Victoria Rice. Each of them is directly in charge of a group of young hostesses, from ten to twenty in number, who are to report on the one night a week, their captain is on duty.

Working under the strictest of Army regulations, both hostesses and captains are of known high standing, American citizens and carry finger printed identification cards. Their presence there has been a boon to the colored servicemen who drop in for a snack, a drink, and a dance, but in true democratic style, their presence brightens the atmosphere for soldier boys of all races.

Georgeous Ida Mae James, formerly with Erskine Hawkins Orchestra, will vocalize with Patsy Hunters Revue, "Jumpin' and Jivin'," at the new Club Alabam Theatre Cafe, Friday night, June 11.

"BLUEBERRY HILL" RACE PROGRAM TO HIT AIR

In one of the most important steps forward in the race's advancement in radio circles, Ben Carter, famous actor-agent succeeded in having a big all-Negro program signed up for C. B. S. last week. This will not only be one of the best salaried programs on the air but will furnish employment for a number of colored artists, and no doubt open the way for others at this and other stations.

It is to be called the "Blueberry Hill" hour, named after the beautiful westsides section, where the majority of the race screen stars and a number of affluent citizens reside in two and three-story mansions. Carter, Mantan Moreland, and Ernest Whitman are to head the program, which will include choirs, bands, individual artists, and players of various kinds. It is to succeed the famous Gracie Allen and George Burns program, which goes off the air next month and will be on the variety order.

Rehearsals have already started for the series, with the intention to make the initial presentation one that will have the thousands of listeners, eagerly awaiting the next broadcast. All three of the leading stars are already greatly popular on stage, screen and radio. Carter just finished starting new pictures at MGM, and Universal, Moreland, in a series of six at Monogram and Whitman, busy in radio and stage appearances.

BILL ROBINSON WINS FOOT-RACE AT VICTORY HOUSE

Pershing square where the bond selling Victory House and band stand is located between 5th and 6th on Hill street, was jamed with spectators last Friday afternoon to witness an event which they had heard announced for several days previous over the radio. This was that Bill Robinson, world's greatest tap dancer, would perform his long noted athletic feat, of running backwards against trained athletes running forward. The distance has always been 75 or 100 yards, but because of space, limits, this one was to be staged at 65 yards.

Polytechnic High School, which has an excellent track team, accepted the challenge of the 65 year old dancer, and entered two of its best dash men. Hatlin Morris, and Clyde Grimes. Traffic was stopped on sixth street, so the race could be run right past the Victory House. Under the terms of the contest, Bill was allowed a handicap of a number of yards, then it was up to the runners to catch and pass him, before the goal was reached. At the signal the two boys leaped from their marks, but Bongagles had also leaped backward, and was stepping off the yards, with the incredible speed he uses in some of his dance routines. He backed into the tape and passed it without them getting within touching distance of him, and the race was won in 10:05, to the responding cheers of the thousands watching it. The two losers then each bought $100 war bonds. Among the interested fans cheering Bill from the sidelines was his company of "Born Happy", now in its second big week at the Biltmore Theatre just around the corner from Pershing Square.

KIDS BUY JEEPS

Two Jeeps purchased by the children of 36th St. school arrived Friday, June 4th. A grand time was had by teachers and children alike. As all in turn were ridden around the grounds in the new Jeeps.

HATTIE NOW IN FRISCO FOR WAR PROGRAM

After persistent efforts for several days by the AWVS both of Los Angeles and San Francisco, a reservation was secured for Hattie McDaniel. "First Lady of Movieland, and a chairman of the Hollywood Victory committee so she could journey to Bay cities on another memorable War work mission. She embarked last Friday evening aboard the Luxurious Lark, to appear as honor guest on a program staged by the Booker T. Mothers Club next week. This is one of the livest, most representative organizations in San Francisco, and has the full cooperation of both races.

The trip will be doubly pleasant and important to the genial, increasingly popular stage, screen and radio celebrity, for she will get to visit her husband Lloyd Crawford, for a few days, since it has been impossible for him to get leaves for home visits recently. He is engaged in very confining government work here, and has been hoping that a recess from studio and Victory Committee work would permit her to come north to visit him. Arrangements have been made to entertain them at a number of social affairs, while she is in the city.

"LIEUT." McDANIEL GETS TWO MORE CITATIONS

Already elected the "Mother" of the 28th Regiment stationed at the border, and made an honorary First Lieutenant of the outfit, Miss McDaniel received two more citizens last week, both from white women's organizations. One was from the caducers Nurses Corps, the other from a Corps of WAAC'S both stationed at Camp Minter, near bakersfield. In each instance she was presented with a beautiful pin, bearing the emblem of the Corps.

Upon her return, Miss McDaniel may have to plunge again into hard work at Warner Bros. First National Studio. Warners has a contract for her services in three pictures to be made during 1943, and according to report, preparations for the first of these is well under way.

★ Scrappings In the Theater Whirl

A young Negro singer, whose magnificent voice has been heard in opera, on the concert stage, over the air and in the better night clubs, will be seen again on the screen in "Bataan," starring Robert Taylor.

The name of this thirty-year old young giant (he is six-feet-four) is Kenneth Spencer and he is already linked as an artist with that other illustrious colored singer, Paul Robeson. As a matter of fact, Robeson has been an inspiration to Spencer.

"I first met the great man some years ago when I was earnestly trying to get a foothold on the concert stage," he said. "Later I understudied him in 'John Henry', the Roark Bradford play which opened on Broadway in January 1940."

Unlike Robeson's meteoric rise in the theatre, however, Spencer has climbed painstakingly to the important place he now occupies as a singer and an actor.

In the absence of Noble Sissle, who is now on the West Coast for an indefinite period, Dick Campbell, actor, producer, director and concert manager, has assumed responsibility for the coordinating of Negro talent for USO-Camp Shows, Inc.

The announcement was made by Lawrence Phillips, executive vice-president of USO - Camp Shows, who stated that Mr. Campbell had been invited to assume the responsibility at the suggestion of Judge Hubert Delany, a director of the United Service Organizations and of Noble Sissle who is a director of USO-Camp Shows.

There is little doubt that Benny Carter, the internationally known musician and his band are the hottest thing in town. Doing the biggest business in the history of Joe Zucca's Hollywood Club, the multi-talented maestro is the talk of the flicker city.

Last week in a surprise move, Metro-Goldwyn-Mayer signed Carter and his crew for an important part in its lavish production "As Thousands Cheer."

For years, Dooley Wilson was just a bit player with the added advantage of being able to sing. He was completing work in "Cairo," starring Jeanette MacDonald at Metro-Goldwyn-Mayer, when Arthur Freed, who was producing "Cabin in the Sky" on the same lot walked over to the "Cairo" set and asked him if he would portray the lead role in the film which incidentally, was the same part he created in the stage version.

Pierce & Pierce 11 Weeks Hit At Bal Taboran

There is many a night lifer wishing for the return of Pierce and Pierce and Pierce, comedy dance team, to the Bal Taboran, one of the coast's best conducted and most popular cabarets, now that they have wound up eleven big weeks there and have to leave. But their departure is neither with the consent of the appreciative management, nor the guests that have packed the place nightly, but because they must fill previously contracted engagements back east from which they came.

Man and wife they are "Happy" and "Cleo" and according to friends close to them, they are not only a perfectdancing team,but their married life is ideal, which perhaps makes the happiness they display in their routines appear so natural. Attired in colorful costumes, they do an entirely original set of steps and gyrations, their slides, stumbles, falls, etc. carried out so naturally as to seem accidents, yet always in time to the music. This incidentally is by Cecle Burke's famous band, which has been featured at the Bal for more than six years. From the time the Pierces run out on the floor, until they have taken the last of a half dozen encores, the crowd is in a roar of laughter. Producer Leroy Broomfield casts his vote with the rest that they are the most amusing comedy dance team that has played there.

CAMP WOLTERS, Texas—Left to right, machine gunners, Private Victor C. Johnson, Greenshore, North Carolina; Private Ellis G. Johnson, Cleveland, Ohio, and Technical Sergeant, Haynes, Dallas, Texas, smile as they display the silver cup won by B Company, 67 Battalion.

These young Negroes strive hard to prepare themselves to meet the enemies of the United Nations honorably. Riots, disunity, discrimination? No thank you! Neither these lads, nor their people who work in the defense plants of the nation wish these things. All are working for peace, unity, equality—our victorious goal.

"The Crystal Ball" Now, United Artists

"The Crystal Ball" now playing at the United Artists Theater, 933 South Broadway, is a light, fast moving comedy that spells complete relaxation. Played to the hilt by an expert cast, this opus about phony crystal-gazers, and the gullible who fall for their abracadabra, comes as a relief to an overladen film market of war epics.

"Young and Willing," with William Holden, Eddie Bracken, and Susan Hayward, has to do with a mixed sextette of young stage aspirants, all living in one apartment being paid for by an endowed girl who is one of their number. They find themselves about to lose their meal ticket when she is visited by a girl friend from the home town, who becomes shocked at the mixed occupancy of the small flat, and informs the rich girl's father of conditions.

Choose New York Miss War Worker

NEW YORK.—After careful examination of the work and war activities records of candidates from many plants, factories and other defense establishments, Miss Belle Calhoun, chief wire operator of the Lincoln Manufacturing Company was chosen "Miss Negro War Worker."

Miss Calhoun is an example of a worker who was not specially trained for the job she is doing, but by applying herself diligently, through hard work and in the face of bitterness and discrimination, she was able to become proficient in her work so that when the time came for women workers to take over jobs left vacant by men who were called into the service, she responded immediately and has established a unique and enviable record.

"Victory" Is Key To "Double V"

RIVERSIDE, Calif., May 29.—"Victory on the War Front and Victory on the Home Front through participation of all Americans toward winning the war—and continued participation in American life after the war" was the explanation propounded by S. L. McCoy, reporter for the Double V Club of Riverside last Saturday fortnight.

There objectives were presented to an informal gathering which served as vehicle through which the newly-formed club was introduced to some fifty guests.

The officers of the club are Mr. Waters, president; J. Woods, vice-president; Eddie Streeter, secretary-treasurer, and S. L. McCoy, reporter. Membership includes Messrs. B. Valley, E. Renson, H. Jones, H. Ward, Ed Strickland, H. Hysmith, Ed Bereal and Carl Woods.

With J. CULLEN FENTRESS

With J. Cullen Fentress

Well, it looks like the jumbled lightweight picture is going to be cleared up considerably within the next few weeks.

Here's why!

Henry Armstrong, who once held the featherweight, lightweight, and welterweight titles simultaneously, goes to the post in Madison Square Garden tomorrow night against Sammy Angott, who was recognized as champion by the National Boxing Association before he retired and who is now staging a comeback. The N.B.A. vacated his throne.

One or the other will be eliminated from serious titular consideration.

Los Angeles follows with as juicy a fistic morsel as you could hope to lay eyes on Tuesday night at the Olympic Auditorium when Luther (Slugger) White, holder of Maryland's version of the lightweight championship, exchanges leather with Juan Zurita, of Mexico, also in the select group of lightweight biggies.

Just eleven days later at Gilmore Stadium, Armstrong mixes with Willie Joyce—a match that will be a twilight affair.

Just for sake of argument, suppose the "Slugger" takes Zurita Tuesday night. Suppose Hank pounds out a convincing win over Angott, and does the same over Joyce.

Not altogether improbable, and it leaves Hank and the "Slugger." Put 'em together; match the winner with Bob Montgomery, who holds New York's version of the lightweight championship.

If that can't be done, at least we are left with but two claimants to the right to wear the lightweight toga. And brother, the bird who wades through that kind of opposition deserves to be THE champion!

Tempted to Predict the Outcome

And with such enticing fistic morsels being served up by local promoters in the next few days, this column is tempted to predict the outcomes.

(1) White vs. Zurita: We like the "Slugger," by decision. He throws too many punches for Zurita. The latter's ambidextrous style appears to offer him a small advantage, and it could be close.

(2) Armstrong vs. Joyce: Armstrong by a knockout. Throw their last meeting out. Hank was not ready for so tough an opponent. He is now, though.

"Chalky's" Name Will Go Down in Ring History

Ancient "Chalky" Wright, former featherweight titleholder who has just won seven straight jousts in the East, five by the kayo route, has the so-called experts stumped.

They're calling him the ageless wonder. Fight men have been guessing about the "Chalk's" age as long as this column can remember. It has been estimated to be anywhere from 33 to 45.

Wright was a top-notcher when we started covering local boxing bouts back in 1931. When "Hank" Armstrong knocked him kicking at the Olympic before the former went East to garner three ring baubles, and then took him as a sparring partner, the smart boys here figured the "Chalk" was all but washed up.

What did he do? He went on to win the featherweight championship, lost it to Willie Pep. And now, after seven straight wins, he's right back at the top, with a second meeting with Pep imminent.

No wonder they're calling the "Chalk" the ageless wonder.

ON THE TURF

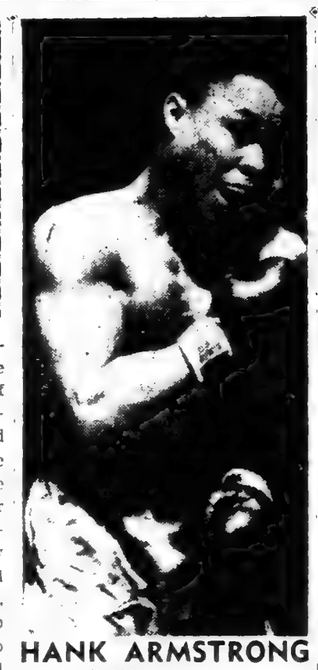
By Geo. A. Ramsey

CALIENTE, Mexico, June 10.—Sunday another crowd of more than 6000 lovers of the sport of kings was thrilled by an exciting stretch battle between Good Policy and Pilot Biscuit in the feature race of the day, at a mile and 70 yards. In the turn for home with the $800 purse waiting the winner, Jockey Ray Christensen on the former and Jockey C. Bianco on the latter, used every trick in the game to bring their mount home first to claim the spoils. As they battled down to the finish line, it was first Good Policy and then Pilot Biscuit. In fact, it was anybody's race until the last jump, when Christensen seemed to lift Good Policy across the line, the winner by an eyelash.

The race brought the goodly crowd to its feet and as the horses returned to the winning circle, both jockeys were given a great ovation from the winners as well as the losers.

The camera had to decide the victor. Good Policy paid in the mutuels $15.60 to win, while Pilot Biscuit returned second place holders $6.80 for two.

Form players took another beating. Only one favorite won in the twelve races and that was the old stand-by, Gohigh, in the ninth race, returning her backers $6.20.



The biggest daily double of the present season was rewarded to the lucky holders of the combination of Counsellor Pal, winner of the second race, and Drift On, winner of the third, paying $487.20. The nightcap, known as the Quiniela, paid $88.40.

Longshot players had their day when four of them greeted the judges, with the closing of Hipordomo de las Americas track in Mexico City.

Judge Joe Walter is expecting the best handicap horses to ship to Caliente.

Generalissimo Eddie Nealis was all smiles about the way the fans are taking to the reopening of the track. He is the man that dared and won the confidence of the public. We do not hesitate to say that he is the most popular generalissimo ever to have Caliente race track. He has a smile and takes time to talk to people in all walks of life. The horsemen, grooms and swipes, as well as all the employes are for him 100 per cent.

There you have it folks, another week at the world's greatest race course, just south of the border down Mexico way, where jittery nerves and tired feelings seem to vanish. So until next week, keep buying U. S. War Stamps and Bonds. We need the guns to get the Huns. So long. George.

HANK ARMSTRONG
. . . in fighting pose.

Joyce Opens Training For Hank

Interest in the forthcoming Henry Armstrong-Willie Joyce fistic titanic, scheduled for June 26 at Gilmore stadium, Beverly and Fairfax, stepped up no little this week as Joyce opened his training grind at Gig Rooney's San Fernando camp.

Joyce, whose jaw was broken in his winning tiff with Hank Mar. 3, has been pronounced fit mby a State Athletic commission surgeon.

Armstrong appears tomorrow night at Madison Square Garden in his last fight before the Joyce rematch when he engages Sammy Angott, the lightweight champion who is making a come-back.

Protomter Joe Lynch, formerly major domo at Olympic auditorium, opened offices at Gilmore this week and ticket sales have begun all over the city. Tickets may be purchased on the Eastside at the Dunbar hotel. They are scaled from $1.00 to $5.00.

BILLY HALE ON LEGION BOXING MILL

Bantamweights again take over the fistic spotlight at Hollywood Legion stadium tomorrow night as matchmaker Charley MacDonald offers a double 10-round main event.

Billy Hale, of Phoenix, clashes with Joe Robleto, of Pasadena, in one, and in the other, Elwood Romero, Fresno, tangles with Pedro Ramirez, Mexico.

One of Hale's best fights was the one with Donnie Maes at the film arena. Always busy, he is a crowd pleaser.

Robleto went 10 and 15 rounds with Manuel Ortiz, the champion.

Both Ramirez and Romero went by the half-way mark with the champion.

MIDGET WINS

Last Friday night, Benny Goldberg, 115, of Detroit, was lucky to get a draw with Leonardo Lopez, 118¼, in the main mix.

Willie Johnson, 173, dropped the semi-final to Ernie Rios, 183½ Ft. McArthur, mainly due to a late start.

In the fours, Midget Jones, 137, easily decisioned Torpedo Reed, 135-lb. substitute; Frank Remus, 145, TKOed Jimmy Mercier, 141, in four; Earl Maynard, 127¼, nodded Tino Ascasio, 124; and Charley Garcia, 126, twice decked Frenchy Rene, 125, to cop the opener.

INSIDE THE ROPES

Jack Chase, former State middleweight champion, appears in San Diego tomorrow night against Billy McCoy.
revenge against champion Archie Moore last week when the latter suffered an injured hand, necessitating postponement of their battle in San Francisco.

Working with Bandit Romero and Bobby Birch early this week at the Central A. C., Chase appeared as fit as the proverbial fiddle.

Going outdoors Saturday afternoon for Linn Platner in San Diego, Bobby Birch, hard-socking middleweight, holds down a semi-windup spot on the "Bandit" Johnny Romero-Chuck Crowell card.

Seasoned fight men claim that Odell Shepard, 18-year old preliminary boy, is the nearest thing in style to Henry Armstrong now extant.

Developed by likeable Smitty at the Central A. C., Sheppard has showed at both Ocean Park and Long Beach. He has had six scraps, winning all, and began fighting as a pro.

The likeness to Hank's style is natural with Shepard. He's not a copyist in that respect.

Midget Jones, who looked like a good thing at Hollywood Friday night went to the post again last night against Donnie Maes at Long Beach.

He has lost but three of 72 bouts.

Bobby Yaeger, flying the George Tolson banner, ran into bad luck in his northern junket and is laid up. Having four fights lined up, he injured his hand in the first stanze of his San Francisco engagement, and had to return home.

A tentative fistic date for Jimmy Brooks is June 18 in Juarez, Mexico. Opponent is Manuel Avila.

As you will see elsewhere on this page, Luther (Slugger) White and Juan Zurita are going through their paces daily at Main Street Gym for their natural next Tuesday night at the Olympic.—J. C. F.

Welterweight Cecil Hudson mixes with Carlos Malacara June 18 at H'wood Legion. It's a rematch, and Cecil seeks revenge.

Fans Crowd Gym to See Pair Train

The Slugger White-Juan Zurita natural set for Tuesday night, June 15, at Olympic Auditorium has ring addicts worked up to such a high pitch that the fans are fairly mobbing the Main street gymnasium each afternoon where the rivals are doing their training for the most important lightweight fight of the month for California.

Workouts are set for the entire week with White doing his boxing at 2 o'clock and Zurita starting an hour earlier.

Winner over Willie Joyce in 15 fast rounds at Baltimore last January to gain the Maryland version of the world lightweight title, the Human Buzz Saw from Baltimore is sparring with his stable mate, Jerry Moore.

RECORD TURN-OUT SEEN

Two other boxers will join White's sparring staff during the week.

Zurita, holder of the lightweight title of Mexico, works with Billy Hale, Cleo Shans and Donnie Maes.

The advance sale is an indication of a record turn-out for the Grand avenue arena.

The Olympic management reports a big reservation list and fans are urged to pick up their tickets early.

In rapid succession, here is what White has done since coming to the Coast several months ago:

Kayoed George Morelia of Mexico at the Olympic.

Stopped Jackie Byrd, who outweigher him by nine pounds, at the same club.

Defeated classy John Thomas in a blistering brawl at the Olympic before a packed crowd.

Stopped the clock for rugged Vern Bybee in San Francisco. This same Bybee won from Chalky Wright in San Francisco.

Knocked out Jose Zapatero Mendoza at Stockton and defeated Julio Cesar Jiminez at Hollywood Legion Stadium.

The busiest fighter to come out of the East in years, White has won a host of followers here by his never stop style of attack.

The Slugger has two speeds with his fists—fast and faster.

ZURITA TROUBLESOME

In the Joyce fight at Baltimore, Jesse Linthicum of the Baltimore Sun scored eight rounds for White, Joyce four and three even.

Zurita promises to give White trouble aplenty. The whirlwind Mexican steps at top speed all the while and in his recent clean cut victory over Henry Vasquez the champion from Mexico displayed plenty of class.

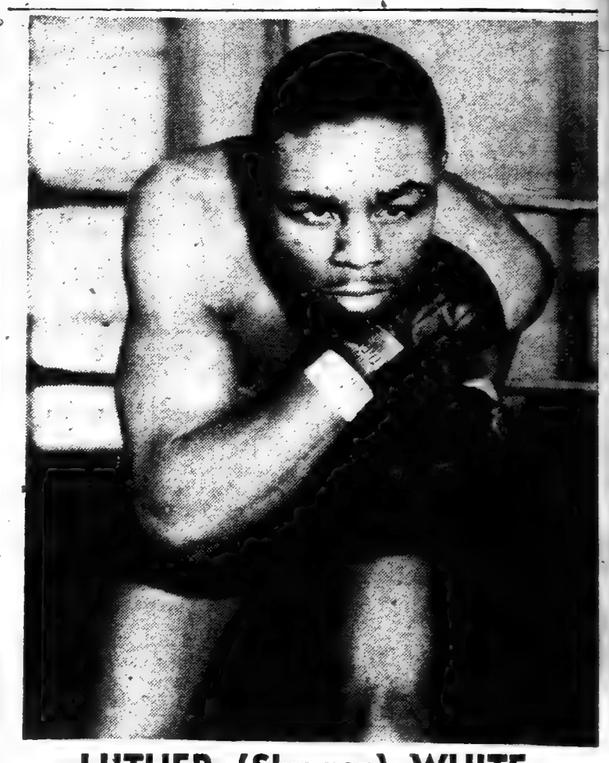
Vasquez gave Bob Montgomery a lot of trouble in the East not long ago, losing by the slim margin of two points, and Bobcat Bob went on to defeat Beau Jack for the New York version of the lightweight title.

Zurita punches often, and sharp, and has the heart of a lion. He is unbeaten in lightweight competition in the past two years. He gave away about eight pounds in his bout with Henry Armstrong at the Olympic. Juan won handily over George Latka and Joe Peralta; kayoed Billy Hale, Guy Serean and other capable ringmen and trounced Baby Breese, who had stopped aClifornia Jackie Wilson.

LOOKS LIKE REAL CONTEST

Matchmaker Babe McCoy was weeks in signing this lightweight classic. From any angle you look at int, the fight looks like a real contest.

White and Zurita have been rated in the lightweight bracket with other name fighters for many months.



White would be the choice if he were boxing Sammy Angott or Beau Jack in Los Angeles. Zurita would be no less than even money.

McCoy is trying to bring out Bob Montgomery for a summer shot against the White-Zurita winner.

An excellent set of supporting bouts are being arranged to back up the attractive main event.

Acy Hanesworth, free socking 170-pounder, who has waged many a thriller at the Olympic, meets Sgt. Gaston Miller in the semi-final.

Miller, a rip-roaring belter, staged two slam-bang fights against Babe Edwards at the Olympic in recent weeks.

LUTHER (Slugger) WHITE
Meets Juan Zurita Tuesday at Olympic

JEFFERSON WINS CITY TITLE

Sparked by Leroy Gay's nine points, the Jefferson wing-foots came from down under to carry off the highest honors on last Friday, in the annual all-city track meet held in the Memorial coliseum.

The latest win by the Democrat thin-clads marks a total of eight out of nine city track meets, Los Angeles high school winning one. Winning the city meet with 28 points was a retaliation for the Southern League set-back which Jefferson suffered at Fremont.

Despite the loss of the famous eight man relay team, which was disqualified in the prelims, the Demos tallied 28 points; the nearest opponent was University with 18 points; Marshall also had 18; Manual had 17; Belmont and Fremont each 16.

The thrilling battle of timber-toppers was between Jeff's Buddy Gay and the Toiler, Don Hunt, with Hunt skipping the highs to a tune of 14.5 to equal the city record, while Gay marched over the low hurdles at 19.6, only 1/10 off the all-city meter, finishing about four yards in front of his field.

Mel Whitfield and Harry Cage, Democrats, turned in examples of good track and field operations. Whitfield ran an easy win of 1.59.3 in the 880, and Harry came from almost last place to a very close third beside Alba of Roosevelt in the 440. Jimmy Wilson of Belmont skipped the 440 in 9.9 for an easy win.

Leslie Stewart chased Patton of University down the 100 for a 10 flat century, and the time of 21.8 in the 220. Mel Patton won both events easily. Norman Shivers of Roosevelt walked away with the high jump with a spring of 6ft. 2in., while Harry Wells of Jefferson copped second and Jefferson's Ernest Johnson took third. Ernie Johnson had broken the Southern League record by a jump of 6ft. 4in. this year.

The blessed event of the day was the presentation of the new Douglas trophy by the Naval committee to the Democrat coach, Clark de Groot.

The trophy is adorned by an airplane and will soon adorn the Jefferson trophy case. Standing almost 2ft. high the trophy is the most beautiful of its kind.

With the almost impossible winning of their eighth city meet, hats off to Coach de Groot and his nimble-legged operatives. They "Dood It" again.

Outdoor Life And Health to Stage Pageant

Looking forward to success and brilliancy in the staging of a pageant, the Outdoor Life and Health association reports that all plans are about completed.

Mrs. Pauline Slater, General Chairman and Mrs. McPherson, the script writer are being supported by a committee from the association units augmented by Mr. John Fowler and Mr. Floyd Covington, each of whom have had experience in this type of plays. Their aid assures success. The pageant will be entitled, "Sunshine Shadow." It will depict the rest home from a dream to a reality.

The date: Saturday evening, August 14. The place: Embassy theater, Ninth street and Grand avenue.

Solicitation of one thousand patrons is underway and there will be another thousand tickets in the possession of members of units for sale to the many well-wishers and friends.

JOHN THOMAS WHIPS FLORITA

OAKLAND, June 10—Clever, classy John Thomas, 134, of Los Angeles, pounded out an easy 10-round win over Jimmy Florita of Stockton here last Wednesday night at Civic auditorium.

Thomas won all but the 6th round, which was even. There were no knockdowns.

While he was up north last week, lightweight John Thomas unknowingly became the proud pater of his second boy. He was apprised of his second son's birth on his return a couple of days later. Felicitations, Mr. and Mrs.

Jeff Relay Aces Shine In Pasadena Track Meet

Composed of Mel Whitfield, Leroy Gay, Cage and Stewart, Jefferson High school's relay team marched off with both 440 and 880-yard relay events Saturday in the second annual Pasadena track and field games at Pasadena Junior college—setting new meet records in doing so.

Members of Jefferson's city championship track and field team, the foursome broke the tape in the 440-yard relay in 43.4s, the 880 in 1m. 30ls.

The Democrats were also outstanding in other events. Stewart took a third in both the 100 and 220-iyard dashes.

Batiste was fourth in the former event.

Cage and Cardreon, also of Jeff, were second and fourth, respectively, in the 440.

STRODE SECOND

Setting a new meet record, Whitfield snared the 880 in 2m. 8s. Gay took a third in the high hurdles, but bettered his position in the lows with a second.

Wells, Johnson and Bell, all of Jeff, finished in a 7-way tie in the high jump at 5ft. 11in., a new meet record.

Of the 13 events in the high school division all were new meet records.

Woodrow Strode, of March Field, put the shot 48ft. 8in. to take a second place in that event in the open division.

Barney McNeal—watch your step. Lucile, your wife is on your trail. She just missed you in the Havana Club with that convoy of pretties.

Miss Billy Davis, Mrs. Loura Bates, Dorothy ex-Smith and Ione Dorsy must be taking on new laurels as they look like a mil- lion.

Checking reports show that Jim Roberts enjoyed his stay in Los Angeles and was strictly on the loose. That's solid.

Tito Montgomery and wife, Carl Harris and wife, Clarence Dunford and wife, Vernon Brown and wife can be seen in and out of the best places, spending plenty of dough.

L. D. Benton, J. D. Charles, J. B. Brown, Vernon Long, Red Duvena, Leslie Armstrong and George Childs are all handling big dough.

Nathan (Jukebox) Robins is now in the army with plenty to tell the boys about 'Frisco.

Eugene Davis back on a fur- lough, getting a kick out of spending his dough on his wife Hazel.

If you can dig up on Slats Regan, Sweetwine Fred Pugh, Leon Alexander, Don Jones, Bud Lundy and Vernon, mixologists, when out looking the spots over, you can't lose anything.

Thelma Thompson, Dorothy Pitty, Mildred Iva, Myrtle Jones, Vera Marshall and Mary the new girl, at Jack's raking in so much cash each night they need a bodyguard to escort them home.

Eva Kelly—why play so hard your evenings out and where do you get so many live angels. Guess they all fall for that pretty mole. Lots of boobs.

Big Tex—man about town— got his notice to report to his draft board for physical exam- ination on June 2.

Miss Zemba, school teacher from Texas, and Clarence Es- telle's best girl, was on the verge of giving him the run-around be- fore he cut in 50-50 with the Ha- vana Cocktail Bar.

Leon Fields of jukebox fame is now in the army and left a beau- tiful wife to play hard. Some looker.

Veronica Lake checked in to a local hospital in Los Angeles for her blessed adventure around Au- gust 20th.

Bea Parker of beauty parlar fame—if there's anything in looks, she would be nice to come home to and love.

Miss Billy Star—there's nothing hen-house about that man who sent you the four hundred dollar diamond ring.

Clarence Ray—if you don't stop making those midnight creeps in around the Richbrook Hotel, it may not be so healthy for you.

Mr. Hollywood—see you have started playing the field with several different girls each night.

When you see Avis Bauman and Helen Smith on the 'Frisco side of the bridge, you can't lose anything if you can dig 'em as their money is no object.

Tom Schaffer, who trips to Chi- cago and New York twice yearly was at one time a heavy gang- ster around Harlem, and received many handshakes from his old pals.

Billy Richmond, John Willis, Percy Williams, L. D. Benton, Frank Winburn, Emery Haller, Ollie Boyd, Dave the tailor, Gil- bert Ayler, Cuba Davis, Rooster the pool player, Johnny Henry, Jumbo New York Browny and Earl Lundy, ringsiding all fights on each side of the bay.

Ether Carter and Georgie Ganes —glad to see you win a bet in Pickles' handbook on the nage.

Mae Thompson, owner of a beauty parlor on Fillmore near Bush—see your birthday party set you back a couple hundred. But you won't pay a dime for the Eagle or Defender with a publi- city stunt. Tee, hee.

Cornelius Clipper and Barney McNeal—the way you both are playing the cuties and lovelies, most people think you are on the loose.

Mrs. Garcia Lewis with a purse big as an umbrella stuffed full of bills, paying all checks at cocktail bars and giving away money—she's some looker.

Roy Gardner has sold his Cen- ter Hotel in Sacramento to Adell Ward for 4 Gs.

Cal Williams, bartender, and Jimmie Hudson always look around. Those two lovelies you were jiving at the fight t'other night, were with those two sol- diers sitting behind you listening in.

Thanks a lot to the two ladies inviting me to their private home for dinner but I never visited anyone's home or had dinner there in my life, as I never lived that way.

Mrs. Irene Watson Pitts—the two men that were all juiced up and came up just as I rang your bell to deliver the papers were not with this writer—please be- lieve me.

That certain nurse at a local hospital who walked out on her bartender boy friend was spotted in Club Alabam pondering and fretting over her drinks as if she was worried.

Mae Johnson, show charmer, who tripped to 'Frisco to say good-bye to her husband before he left for the army really comes on and solid.

Johnny Thomas and Jimmie Brooks, boxers, who won their fights in 'Frisco, were seen mid- nighting it until closing time and then playing the after hours spots.

Ruby Hammond can be spotted circulating herself around the city in her high priced car, col- lecting coins for Ella Robins' juke boxes.

Lucile Parker—who was your lady friend t'other night? You both stood out.

Mrs. Bobbie Walker—see you playing the cocktail bars all alone—where was the family?

Look out girls—here comes Tex Allen from Stockton. Pick up on him and have some fun playing the spots.

Lloyd Jones of 1716 Webster street—thanks for putting in a good word for this writer when he got his moving papers, which would have been sad as the house at 1716 is lucky.

There is no end to the big money handled in the Fillmore district in smokeshops, night clubs, theater rooms and cocktail bars.

Artille Burns, Myrtle Harris and Iva Spriggs are only play- ing the spots light nowadays. Wonder why?

Ruth Whitfield has gone through dress rehearsal several times before she Renos it with a certain lieutenant. They also have a cameraman all set to take snapshots, to hand out to their friends.

BAHAMAN WORKERS

Bahaman workers, brought here several weeks ago by the War Food Administration of the U. S. Department of Agriculture, are playing an important part in helping to save a 30,000 acre wartime bean crop in Florida. Coming here under an agreement drawn up between the United States and the Bahaman Government, the 2,000 workers are guaranteed a minimum wage of 30 cents an hour, government approved housing, subsistence for days when not em- ployed, and protection against war-job discrimination accorded by Executive Order No. 8802. Complaints have been received here, however, indicating that these workers have been sub- jected to Dixie-land race-baiting and daily increasing discrimination.

IN MEMORIAM

OF

Mrs. Oheida Odell

WHO DEPARTED THIS LIFE ON JUNE 3, 1942

You cannot say, you must not say
That she is dead. She is just away.
With a cheery smile, and a wave of the hand
She has wandered into an un- known land,
And left us dreaming how very fair
It needs must be, since she lingers there;
So think of her faring on, as dear
In the love of There as the love of Here,
Think of her still as the same, and say
She is not dead, she is just away.

Mrs. Ophelia Speaker was most pleasantly surprised last Sunday. As she entered the beautiful home of Mr. and Mrs. Tofnson, a well- groomed group of guests, hidden in various parts of the house, came out singing "Happy Birth- day to Mrs. Speaker."

Fun and laughter was the or- der of the day.

Mrs. Cypion provided the chick- en dinner. Mmes R. 0. Dupre, T. Peoples and E. Johnson all beau- tifully gowned, served as guest hostesses. Mrs. Pender was beau- tiful in her "Alice Blue Gown."

IVAN AUSTIN, NOTARY, OFFERS BILL PAYING SERVICE

Compelled by the particular shifts on which they are working to miss the shopping and business hours of the day, many defense workers, have been seriously handicapped, for time in which to pay bills at downtown offices, and other necessary obligations. Noting this Mr. Ivan Austin, well known Notary Public, located at 2534 S. Central Avenue has inserted an advertisement this issue, offering to come to the aid of workers whose personal affairs must lag, while they try to keep a record of punctuality at the war plants.

Thoroughly reliable, and bearing a high standing in the business world, Mr. Austin can be depended upon by workers to attend to many matters for them they do not have time, or the proper conduct of, they may not be well informed. These include making payments on cars, furniture, clothing, jewelry, or property: gas, power, and water, rent, taxes ,purchase of war bonds, or banking money for the busy worker. It would be a simple matter, he says to just call him at Adams 9032, or come to his office at the northeast corner of 25th and Central to shift these worries, on to his hands. He guarantees satisfaction.

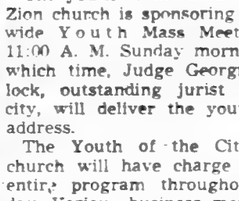
I don't know if we can breathe any easier, but at least we can go to sleep nights knowing that the tax problem has been met and solved by the nation's representatives. It is going to look like a cut in salaries to most folks on payday — but it will relieve a lot of that strained and pained expression along about March 15, 1944. Our wallets will be lighter—and maybe our hearts will be in time, too. A twenty per cent cut takes a big chunk of the icing off the top of the cake—but we can't have all our cake and keep the Axis away from the party at the same time. After what we've gone through in the past, next March 15th should seem like a holiday.

California legislature has just passed a law that says you can't drive a trolley car if you're drunk. Most people can't even drive one when they're sober.



Now we don't advise anyone to attempt to run a trolley—drunk or sober—but we do think when you work hard you've got to remember you'll find the finest choice of wines and liquors and mixers at The House of Morgan; 2729 Central Ave. Our cash and carry plans gives you finer liquor at less cost.

MY EXPERIENCE IN THE POST OFFICE

"Taxation Without Representation"

Recently I had quite a lengthy conversation with two postal employees. One was a member of the Federation and the other was a member of another postal employees local. Both of these brothers were white and they were discussing the attitude of the Federation toward the smaller post office organizations and the minority groups in the post office.

Officers of small locals are of the opinion that the Federation chooses to ignore them until such time as they might need their assistance. Seldom have they been called in on conferences when courses have been charted out. Only when the final plans have been made are they told what is expected of them. This may have been a contributing factor in the Federation failing to achieve some of their objectives. It might be well to review the story of the mouse who saved a lion's life by knawing him out of a trap. Cooperation and the good will of fellow employees is a mighty important thing.

With regret I heard the methods used to defeat race candidates in the last election for officers in the Federation. Many of the liberal minded brothers who believe in real democracy have condemned the underhand methods used. While on the surface everything seemed serene, a race baiting, whispering campaign was waged behind the scene. Too bad when we are dying to eliminate this old bugaboo.

Organizations must awaken to the fact that the Uncle Tom-type of Negro is taking a back seat. There is a new type of Negro who doesn't believe there is a Santa Claus just because you say so. You'll have to show him Santa Claus. He is not satisfied with the crums that you leave. He is willing to help you to bake the bread but he wants to help eat it after it is baked. Don't expect him to be so glad that he has a job that he is willing to take anything you hand him. He can and will produce the same as others do and expects to enjoy the same privileges.

His forefathers have helped to make America what it is today. With their brawn, sweat, tears, and blood, they labored to help give you the United States as it is today. Men are dying all over the world today that Democracy might be an actuality instead of a fallacy. How long will we continue to fight the Revolutionary War, Civil War, and World Wars? If the Federation does not desire Negro officers to participate in their organization they should not seek their membership for the sole idea of financial support or cats paws when they need them. "Remember the Boston Tea Party." It would be well to pattern after the Postal Laborers Local the most democratic setup in the whole post office.

It has been talked around that a cross section of old timers both Negro and white postal employees have been called up one by one to express their opinion about a certain much discussed supervisor. As one fellow expressed it, its like a judge who is going to sentence you asking you what you think about him. What can you say? A good old American custom to find out what people really think has been to cast a ballot. People can be candid without fear and no one is placed on that well known spot.

No matter which way the wind blows everybody will never be satisfied. Now that the appointment of the Postmaster has been settled let us hope that everyone will be big enough to let bygones be bygones. We hope that there will be no intimidations for those who have been frank enough to openly express their honest opinions. There has been persistent rumors for the last three months that action was being held up on several employees. I hope this rumor proves to be untrue for the sake of those in the department. Difference in opinion has made America the great nation that she is today. Let us continue to build by encouraging new ideas to expedite progress.

SPEED VS. HEALTH

In this modern age much stress is placed on power. Day in and day out this is brought to bear upon our minds and hearts. For all about us tells of a great expenditure of energy.

We are advancing faster because of this power. Comparing the present with the past, this period will be classed as outstanding. The human body however, not being adjusted to such speed and rapid movement is breaking down. Medical science has advanced with the progress of power, but not sufficiently to offset the nervous condition that arises from this speed we are now making. As a consequence we have more illness than ever. The hospitals are filled to capacity. New diseases are appearing, baffling medical science and the skill of renowned physicians.

Until society learns to control power, so that the results will be more beneficial, we may expect a continuation of the disadvantages of this most advantageous period. We can each help by being a little more careful . . . taking a little more rest and consulting a physician at least every three months for a thorough check on our health.

S. S. Dear Sir: I am writing to you to thank you for all you have done for me and my family. Your advice and the use of your products has helped me to find confidence within myself, and through that confidence, I have been able to help my family. Mere words can not express my gratitude, but I will tell my friends about your wonderful work.

* * *

F. W. Will I walk again?

Ans. The nature of your question requires a private reply, and I suggest that you send for one at your earliest convenience.

* * *

R. T. What does the future hold for me?

Ans. Your lucky stars and guiding planet reveals the fact that happiness is in store for you. Through your determination to help humanity as a social worker, you will be successful in your undertakings.

A. Y. Will he keep his promise?

Ans. Probing into the matter I find that a certain friend of yours asked you to marry him and you are wondering if he means to carry out this plan or was just kidding you. It appears to me that this man is sincere in his proposal and intends to complete plans for marriage if you consent.

* * *

T. T. What is an Estate Tax?

Ans. Estate Tax is an assessment levied on the estate of a decedent before any distribution thereof has been made. In this respect it differs from an inheritance tax which is an assessment levied on the share of a distributee in a decedent's estate after distribution thereof has been made.

* * *

R. E. Dear Prof. Herman: Just let me express in a few words my appreciation for all that you have done to help my daughter get her mind settled on the right things. Your advice to her helped her to make an important decision and she is much happier now.

* * *

F. E. Is he true to me?

Ans. Concentrating upon your question I find that your husband is indeed true to you. He loves you dearly and looks forward to the time when he will be seeing you again.

* * *

I. L. Will I make the grade?

Ans. Probing into the matter I find that you are studying to be a mechanic and are wondering if your grades and work will be acceptable for advancement. Dismiss your doubts as you have made good there and are up for promotion.

* * *

A. B. Will my mother approve of my plans?

Ans. My Psycho-Metalist Crystal reveals the fact that you wish to visit your boy friend in camp and are wondering if your mother will approve of your going. Since you are not of age, I don't think she will agree to this plan, unless it were possible for her to go with you.

* * *

D. W. Should I change jobs?

Ans. I do not recommend you change jobs at this time. I find that you are going to get a raise soon, and this will warrant your remaining there.

THE WORLD THIS WEEK!

By ROBERT PATTERSON

(Continued from Page 8A)

proved a final pay-as-you-go tax plan. This compromise erases a year's income tax for those whose total tax bill for the year is $50 or under. It "forgives" 75 per cent of a year's obligation for all other taxpayers whose tax bill exceeds $50. But the joker is the fact that the "forgiveness" will apply to the tax bill of either 1942 or 1943, whichever is the smaller.

The June 15 installment on 1942 taxes must be paid as usual. On July 1, a 20 per cent withholding tax against the taxable portions of wages and salaries will go into effect. Senator Vandenberg, the first member to emerge from the Conference chamber, greeted newspapermen with the statement, "The child is born!" These words marked the end of a four months' struggle in both the Senate and House over a plan for putting taxpayers on a pay-as-you-go basis.

YANKEE KNIGHTS

King George VI last week bestowed the honorary rank of knights upon Generals Dwight D. Eisenhower and Douglas MacArthur "in recognition of most valuable services in command of troops of the Allied nations." Ordinarily, British citizens receiving this appointment would be permitted the title, "Sir"; but American citizens holding public office are denied acceptance of foreign titles without the consent of Congress.

DAVIES STALIN

Perhaps no one will ever know the contents of the sealed letter which Joseph E. Davies delivered in person to Premier Stalin at the request of Prsident Roosevelt. But all of us feel happier over the prospect of alliance with a country sensible enough to dissolve the Third International.

AWVS NEWS

Friday evening, Mrs. Maurine Browning and Mrs. Marion Black, took a bus full of AWVS members and friends to Camp Anza in Arlington to a dinner-dance. During intermission an Amateur Show took place and Miss Margaret Williams, an AWVS Junior Hostess, won the second prize of $3.50. The same evening, a convoy of AWVS members made their weekly trip to March Field, accompanied by Miss Laura Slayton.

Sunday morning, Sister Ada Russell, with the help of Mrs. Lucille Henderson, Sarah Laws and several Junior Hostesses, served breakfast to fifty servicemen, at the Center.

Sunday P. M.

Sunday afternoon, Mrs. Marion Black and chaperones, took a convoy to Inglewood. The occasion was a dinner-dance, to celebrate the anniversary of one year, since the servicemen's arrival in California. It does not seem possible, it has been one full year since the 75th and 175th set up camp and at the same time became the pets of every Canteen! If, and when, they ever leave, we will always remember the grand times we always can depend on having, as their guests.

Later, Sunday evening, there was a dance at the Center. The Young Women's Club of Hamilton Methodist Church, took over the Snack Bar for the affair and served sandwiches, cookies, punch, coffee and cigarettes. Music was furnished by the March Field Swing Band, and I do mean, "Swing." Special guests for the evening were fifty servicemen from Camp Anza.

Rummage Sale

There will be a Rummage Sale at the Center, to provide funds for the Workshop. Mrs. Lena Kirk, the Workshop chairman, will announce the date later.

Plans are also being made for a gala affair for the servicemen, when several well known celebrities will take part. Watch this column for the date.

Many thanks to "Baby Mack" (Mrs. Les Hite) for her donation. Just a word to all celebrities; your services would be greatly appreciated by the servicemen. Call Mrs. Edyth Wilson, ADams 12806.

WAR ON NEGRO
TRUTH: For 323 years a war of prejudice, discrimination, lynching and abuses has been waged against us. I began to fight this battle when I discovered that I was a 'made fool.' Mark you, not a fool but a 'made one', like many intellectuals.
Thinking people are asking: What are we—Negroes, colored People or what? What is a NEGRO? No educator has ever given a satisfactory answer. They haven't the courage. The truth has never been told. Why is NEGRO the most disputed name? Because the truth is not known. Truth is The Basis of Education. I went to a university: spent 5 years in law school in Boston, became counsellor in public schools. Worked in educational sociology at New York University.
After 15 years' investigation, study and research, I found the facts, the history, the truth about the race.
With my discovery, I made money, and gained world respect.
It can do the same for you. I have compiled it in the great book: "HUMAN SIDE OF PEOPLE." 399 pages, 84 pictures by myself. Raphael P. Powell. The demand for this book by thousands proves that it shows the way to success and is helping to win the war against race prejudice. Price $3. Send orders to: PHILEMON CO., 224 West 135th St., New York City. GUARANTEED: The only book which gives the TRUTH about our race.

Real Estate business is a profession, and should be dealt with accordingly. So here are ten points that might help. (Quote:)

Ten Commandments of Selling
1.—BE Agreeable. If your voice is disagreeable and your manner of speech indistinct, see specialists. And remember I like to be sunny, but I don't want to get freckles.
2.—KNOW Your Goods. And when you tell me anything, talk plainly. Most salesmen lack imagination. They cannot conceive of the extent of my ignorance.
3.—DON'T Argue. When you argue with a man, you are trying to push him. He may be weak and pretend to be convinced. Overnight he will change.
4.—MAKE It Plain. Get a grasp on the fellow with whom you are talking. Do not get out that little book that will puzzle him. Answer his questions without looking at your books, charts and tables.
5.—TELL The Truth. By the law of average, honesty gives the greatest profits. If you are working for a concern where you cannot tell the truth, quit and go elsewhere.
6.—BE Dependable. If you tell a man you are going to do a thing, do it if it costs a leg.
7.—REMEMBER Names and Faces. Don't call me Green when my name is Crane. I am sensitive about my name. Don't call me Mister if my title is Doctor. Don't call me Colonel, Major.
8.—DON'T Be Egotistical. I am. You must not be. Don't show off. You came to sell me something, not to make a good impression. Magnify my ego, not yours.
9.—THINK Success. Radiate prosperity. Do not mention calamities, dirges, operations, funerals. Be a Pollyana—without however being a bore.
10.—BE Human. If the company merely wanted to disseminate information they would use a catalog—not you. (Unquote).

HOT OR COLD, WHAT HAS A GROCERY STORE GOT TO DO WITH A RIOT?

Well, friends, that's a fair question, and we'll do our level best to answer it.

To begin with, this full page advertisement started out as the first gun in a great publicity campaign we are launching to let you know that our store is expanding into a No. 2 major market on Central avenue in the near future.

Secondly, we are not just an ordinary GROCERY STORE. We are owned by the cooperative nickels and dimes of this community. We were born in the struggles and aspirations of this community. Because no single person or small group of people own us,–because EVERYBODY owns us, we are here to SERVE our customers, not to profit from them.

In the third place, our name, PEOPLE'S VICTORY MARKET means something. It means that we join all other patriotic Americans in the determination to sweep aside every obstacle between our nation and its victory in this war which decides whether we shall all live in a slave world or a free world.

YES, WE'LL HAVE NO RIOT HERE!

Despite extreme provocation, there has been no riot during these last hectic days within the Negro community. We are proud of this. We decided it that way at a great mass meeting in People's Independent Church of Christ Sunday before last.

We made up our minds there would be no riot in this community to disrupt the war effort, to divide us from the thousands of white workers who, side by side, are building the arms of victory in all our city's plants and shipyards.

BUT WE ARE CONFRONTED WITH A BIGGER TASK NOW!

Our neighbors, the Mexican people, have been shamefully attacked by the metropolitan press of this city. That press, led by the open Fifth column major domos of William Randolph Hearst, has played malevolently upon the mob spirit of service men stationed near Los Angeles.

The police force has conducted a long terror campaign against the Mexican minority in Los Angeles. In the last few days it has in many cases aided the disruptive rioting of sailors and soldiers.

There has been welcome indication of a change of policy on the part of the police force, however, in that the detective who recently beat a Negro deacon at Newton Street station has been disclosed by the department. It is also true that the Police Chief's office has correctly laid blame for the rioting at the doorstep of metropolitan papers. Further, some efforts have been made in the last two days to prevent one-sided law enforcement,–with the short end pointed toward Mexican and Negro people.

These efforts we hail and to them we offer our fullest cooperation.

The pretense that Mexican "zoot suit" gangs are solely responsible for the recent outbreaks is a bald-faced lie.

The attack upon wearing apparel popular with minority groups is an open, deliberate incitement to race friction. All wearers of zoot suits are not criminals. A bare minority of zoot suit wearers are criminals. And, even so, these are guilty of CRIMES; they are not guilty because they wear a certain style of clothing.

Juvenile delinquency in the Mexican as well as Negro community stems inevitably from poverty, congestion, discrimination and inequality.

Its solution lies in an intelligent rehabilitation program, fitting delinquent youth into America's war for survival, enabling them to understand that "the whole world" is not against them. The solution does not lie in "getting tough."

Because we in he Negro communiy are more unified and have greater political power, we must lead in the demand for FULL POLICE PROTECTION OF THE MEXICAN COMMUNITY IN LOS ANGELES.

We must demand FULL INVESTIGATION OF DISCRIMINATION PRACTICED AGAINST MEXICAN YOUTH IN LOS ANGELES.

We must refuse to permit the fascist-minded press of our city to drive US INTO RIOTING. For as soon as that happens, there will be an all-out effort to bring Dixie race-restrictions, en masse, to this great war center.

We must say to our great United Nations neighbor, Mexico,–SALUDOS AMIGOS! And, by Heaven, we must MEAN IT!

That's how we in this Grocery Store feel about things. What about you?

Yours for a community that's safe to shop in.

This is a moment when the forces of our enemies face military disaster.

The triumphs of Stalingrad and Tunisia lay before us the resplendent, though bloody path toward unconditional victory.

With the unflinching application of coalition warfare, with the unhesitant completion of our mighty task of two-front warfare, the Axis powers shall be utterly destroyed.

This fact is the essence of the present historical moment.

It is a fact, however, which is not lost upon Berlin, Rome or Tokyo. Our fascist enemies understand as clearly as our own general staff that military victory for them is out of the question—unless the liberating blow upon the continent of Europe can be averted.

Given a long enough breathing spell, Hitler may retool and once again launch blitz war.

The struggle to secure delay of decisive military action is thus the driving imperative of Axis military and political action today. What has been lost at Stalingrad and Tunisia Hitler would recover through propaganda and diplomacy.

Long ago the Fuehrer told us that he would defeat America through our own disunity.

On an international scale, Hitler must divide the United Nations, and the means to this end is the internal disruption of each member of the United Nations.

The great weapon which is in our hands, which Hitler would snatch from our fingers, is the age-old weapon of time, of delay, of waiting.

And now I come to the thing which I must say with all my conviction, and which I must shout aloud, for it endangers our whole existence.

On the home front in America, Hitler is scoring great triumphs.

By trade, I am the publisher of a newspaper. This has been my business for over thirty years. I know something about it.

In all sincerity, I can say to you that the greatest weapons of Hitler in America are the Hearst and Scripps-Howard newspaper syndicates. These newspapers, spread from one end of America to the other, peddle Berlin's propaganda line day after day. They provoke attacks against minority groups; they urge class dissensions; they oppose vital government programs to an extent that amounts to treason.

I am aware that these are harsh statements. I do not believe in spanking fascists with a feather duster. These newspaper chains threaten the very life of our country.

We have seen in Los Angeles during the last few weeks a sinister demonstration of the power of fascist propaganda in our midst.

More than a year ago, the Hearst papers of our city started a drive against "zoot suit" Mexican and Negro youth. It was simply done. As simple as this: Every crime story in which a Mexican or Negro youth was involved found the words "zoot suit" attached thereto.

Day after day and week after week, the campaign continued, mounting in fury and column inches per crime story. Our city became convinced that a reign of

"Brutal" Cop Goes Free

D. A. Fails To Act In Beater's Case

Failure of the District Attorney's office to act against Det. Cecil Wood, identified in a dramatic show-up at Newton street police station last week as the man who beat Negro Deacon William Harrison, was sharply criticized here today by the Los Angeles Negro Victory Committee.

Wood was identified by Harrison, 1832 East 115th street, and another Negro witness as the detective who beat him at Newton street station on the night of May 23. Chauncey Watson, 859 East 52nd place, corroborated Harrison's statement.

Both the men were arrested by police following the shooting of Negro defense worker Lenza Smith, May 3. Smith was killed in a house at 852 East 52nd place by Officer Paul Van DeBogart. Harrison and Watson were arrested on the scene of the shooting and charged with "attempting to incite to riot" against Officer Van DeBogart.

Harrison, taken to Newton street, was later cursed and beaten by Det. Wood, according to his statement.

COMMUNITY IRATE

The Negro community, indignant over the beating of Harrison, employed for 19 years by the city and a world war veteran, called a giant mass meeting under auspices of the NAACP and

Boilermakers' Bids Gets Real Battle

That up-and-at-'em gang of Negro workers at Calship, Consolidated and Western Pipe and Steel plants were banging away at the Boilermakers International union Jim-Crow policy this week with protest telegrams fired to the War Man-Power Commission, the newly strengthened Fair Employment Practice Committee and President Franklin Roosevelt.

Full aid to the Shipyard Workers Committee for Equal Participation, official handle of the Negro workers fighting organization (which includes many white workers) was extended this week from the national emergency convention of the NAACP in Detroit, Mich.

VICTORY DEMANDS THESE ACTIONS NOW!

STOP RIOT CAUSES!

"Riot in any American city must be stopped now . . . before it causes America to lose this war."—Walter White, at emergency national conference, NAACP, last week in Detroit, Mich.

The California EAGLE proposes the following six-point program as a guide to instant action against riot and the threat of riot in this city:

1. **—Immediate and full punishment of all who participated in last week's mob disturbance, whether civilians, military personnel, or police officers.**
2. **—Prompt action by the Office of War Information and other agencies to halt use of word "zoot suit" with crime stories in Los Angeles newspapers.**
3. **—An end to police brutality against youth of the Mexican community, and mass arrests of Mexican youth.**
4. **—Sweeping social reform in Mexican and Negro communities . . child-care centers, playgrounds . . . and housing projects.**
5. **—End of race discrimination in public facilities . . . action against Los Angeles Railway company anti-Negro hiring policy and immediate lifting of property race restrictions.**
6. **—Increased employment of Spanish-speaking police personnel and upgrading of qualified Negro officers in the department.**

CITY COUNCIL HAS

NO ANTI-Z-SUIT LAW

"It goes to show you to what lengths they'll go."

That was the somber comment yesterday of Councilman Karl Rasmussen upon the lie campaign of the daily press concerning a supposed ordinance against wearing zoot-suits by the City Council.

"Action against the kind of clothes people choose to wear is clearly unconstitutional," said Rasmussen.

The City Council has passed no such ordinance, he said, and does not intend to.

All the press hub-bub started when the proposal for such an ordinance was turned over to the City Attorney's office by the City Council.

There is, however, a Federal regulation against the SALE AND MANUFACTURE of zoot-suits, which waste needed material.

There's no more regulation against previously purchased z-suits than there is a law against driving previously purchased cars!

20,000 NEGROES IN

NEGRO FREEDOM RALLY!

NEW YORK—Twenty thousand Negroes jammed Madison Square Garden last Monday night and a few thousand were left outside unable to get in as Negro Freedom Rally held forth. An important message from Wendell Willkie, who was unable to attend the meeting, read:

"We are going to win this war. No one questions that. But the speed with which we achieve our goal of total victory depends largely upon the unity, determination and selflessness with which all of us attack the task ahead. Rallies such as yours, dedicated to inspiring unity and ever increasing effort, give the lie to the Axis propagandists, who would like nothing better than to divide and weaken us."

Among the prominent speakers were Adams Clayton Powell Jr., Dr. Channing Tobias, Dr. Max Yergan and Lester Granger of the Urban League. Mrs. Dorothy Labor Victory Committee read the resolutions which protested racial discrimination, assaulting Negroes in the U. S. Army uniform, discrimination in jobs and demanded reorganization of the FEPC. It also called for Mayor LaGuardia to revoke the city contract with the Metropolitan Life Insurance Company for its housing project.

The rally was also star-studded. They offered a historic pageant of the Negro in American history called "For This We Fight" which was written by Langston Hughes and directed by Dick Campbell. It included Duke Ellington, Canada Lee, Kenneth Spencer and Paul Robeson.

NAACP Meet: End Army J.-Crow Now!

With its local branch membership drive booming at nearly a thousand new members per week, the emergency national convention of the National Association for the Advancement of Colored People in Detroit last week-end took militant action against "a wave of Southernism" threatening to engulf the machinery of America's war for survival.

The Conference, which heard Paul Robeson, R. J. Thomas, president of the United Automobile Workers of America, CIO, saw Dean William Hastie awarded the Spingarn medal by California Rep. Will Rogers, Jr., voiced full support for the war effort, demanding abandonment of anti-Negro practices which wound war unity.

U. S. fascist forces working hand-in-glove throughout the nation precipitated a strike against Negro upgrading at the Packard Automobile plant during the confab, while at the same time Hearst papers in Los Angeles incited rioting between servicemen and Mexican and Negro communities.

R. J. Thomas, UAW-CIO president quickly condemned the strike, in which 25,000 CIO members were involved, and charged, 'I have conclusive evidence that this strike was precipitated by the Ku Klux Klan working with

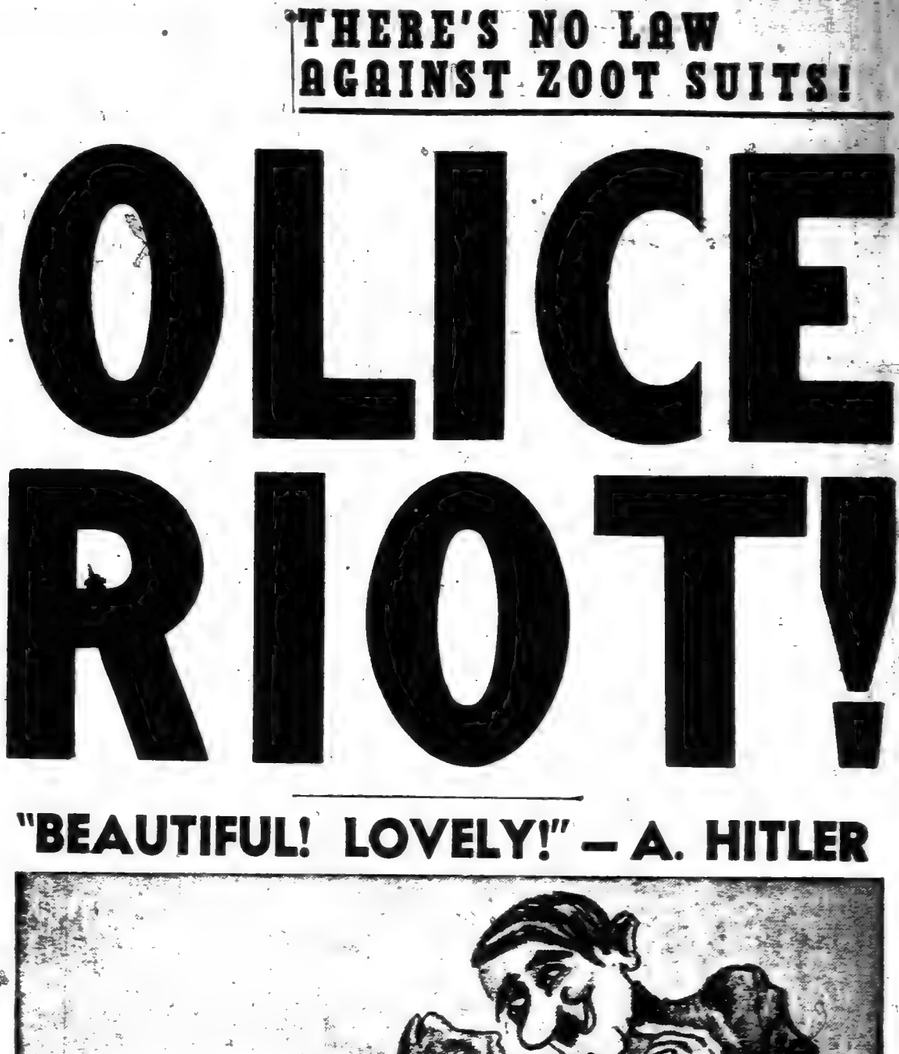
Lockheed, Attention!

I.A.M. Locals to Vote On Negro Question

After months of stalling, decisive action loomed this week in the battle to secure Negro acceptance in the International Association of Machinists, giant AFL union, which holds contracts at Lockheed aircraft company here.

Long promised, a national referendum of all machinists locals to determine whether the word "white" shall be struck out of a constitutional clause listing qualifications for union membership, appears underway this week.



Negro workers at Lockheed aircraft company, who first urged the referendum, are barred from membership in the union, which is their sole bargain agent.

Workers at the Los Angeles Local of the Machinists body, Local 311, report that a vote on the Negro-exclusion clause is scheduled for Tuesday night's membership meeting.

Nation Hits Los Angeles Rioting

Mexico, N.A.A.C.P., California CIO Demand Action

Nation-wide condemnation of rioting in Los Angeles, incited by a long press smear campaign, raged today.

Walter White spoke sharply for the National Office of the NAACP, although he hailed the prompt action of Atty. Gen. Robert Kenny in "quelling and curbing" zoot suit attacks on Mexicans and Negroes.

Striking pointedly even at those Negroes who have fallen for Hearst propaganda against wearing apparel popular with minority group youth, White stated, "It is superficial and childish to attribute acts of this character solely to modes of dress. Many zoot suiters wear such clothing to compensate a sense of being rejected by society. The wearers are almost invariably the victims of poverty, proscription and segregation."

The government of Mexico demanded of the U. S. State Department prompt action against "inciters of the riot" and urged "just indemnities" for those victimized by the outbreak.

Edward E. Strong, National Secretary of the National Negro Congress "joins with other patriotic Americans in protesting the current attack upon Mexican and Negro youths by the Los Angeles Police Department and members of the armed forces in California. Once again an unexpected victory has been contributed to the enemies of our country — the Rome-Berlin-Tokyo Axis. These attacks, provoked by the infamous press of the Nazi stooge, William Randolph Hearst, and fanned by other fascist minded elements, have already struck a foul and treacherous blow

Governor's Committee Charges Racial Bias

Full punishment of all who participated in six days of rioting in Los Angeles last week "regardless of what clothes they wear, whether they be zoot suits, police, army or navy uniforms," was the full-throated demand of a five-man investigating committee appointed by Gov. Earl Warren and guided by militant Attorney General Robert Kenny here this week.

As condemnation of the zoot suit disorders flooded into Los Angeles from all over the nation, the county grand jury plunged into investigations of "causative factors" and announced that prominent Central avenue businessmen will be called before the official body to determine the Negro community's attitude toward the disturbance.

MEXICO ACTS

The Mexican government has formally asked the United States government to punish persons responsible for the riots. Our southern Good Neighbor urged "just indemnities" for innocent victims of the rioting.

Gov. Warren's investigating committee solidly banged the bull's eye when in its first statement it held "the problems have been aggravated by misconceptions of the nature and extent of the outbreaks," misconceptions nursed by the daily press. Explaining difficulties in solving the minority youth problem, the report states "one of the causes has

Mob Victim's Eye Cut Out

Griffith Urges That Injured Sue City

His eye gouged out by a mob infuriated with the lynch-'em-quick incitement of Los Angeles daily papers, young defense worker Lewis W. Jackson, 23, rests "as well as can be expected" today at the General hospital.

Jackson, who lives at 112 Rose street, was attacked by a mob of soldiers and sailors Monday night, June 7, as he walked to his home down East First street.

Engulfed in a mass of two hundred or more servicemen, Jackson was beaten severely. While held in the grasp of other servicemen, his eye was knifed out by one of the mob. He was left on the streets to die.

Passersby, however, called an ambulance.

Jackson was not garbed in a "zoot suit".

One of the army of Los Angeles defense workers daily producing arms and ships for victory, Jackson was employed at the Los Angeles shipyards. He has been in Los Angeles since February, migrating here from Louisiana.

New York's Negroes Move To Block Metropolitan Co. 'Hate' City

New York's aroused Negro citizens took their first step to stop Stuyvesant Town today, June 8th. Mr. Joseph E. Ford, a policy holder and therefore a share holder in the Metropolitan Life Insurance Company issued summons against the Metropolitan Life Insurance Co., the Board of Estimate, the Comptroller of the City of New York and the City of New York. Mr. Ford is the administrator of the People's Committee.

This step is a direct result of the unprecedented mass meeting of 40 thousand Negroes who jammed Madison Square Garden, June 7th and overflowed 15 thousand strong into the streets. The meeting was held under the auspices of the People's Committee and one of its affiliated organizations, The Negro Labor Victory Committee.

Councilman Adam Clayton Powell Jr., the chairman, called for "stop Stuyvesant Town." Stuyvesant Town according to Councilman Powell "will be built with not only 25 million dollars of New York City's taxpayers money through tax exemption. But also with the money from those to a billion dollars worth of policies that Negroes hold in the Metropolitan."

The actions were begun by Harrison S. Jackson of 200 West 135th Street who is the chief of the legal staff of the People's Committee. Counselor Harrison Jackson said, "the complaints have been drawn and they set forth all of the issues pertaining to rank discrimination seeking injunctive remedy. There is no doubt in my mind that this is a quasi-public enterprise."

"A national committee," further Stated Dr. Powell Jr., "is in the process of being formed to enlist all policy holders of the Metropolitan Life Insurance Company in a people's movement to capture the Metropolitan Life Insurance Co. in the name of the millions of policy holders. Policy holders each have one vote regardless of amount of policy, and it's clear that any unity among policy holders would bring about more intelligent and sympathetic Board of Directors."

N. A. A. C. P. ARMY OF DEMOCRACY RECRUITS 2000 MEMBERS IN TWO WEEKS

June 20, N. A. A. C. P. Sunday in All Churches; Local Clubs Join 100% Membership

2000 Negroes fighting for the continuation of democracy! 2000 Negroes organized under one banner and striving to organize 5000 more is the result of the recent drive of the N. A. A. C. P. locally which has been under way for the last two weeks.

Under the slogan of "Mobilizing for more and greater democracy" the drive committee headed by the dynamic Rev. Clayton D. Russell is moving into its third week with the high hope of breaking all membership records for the local branch of The N. A. A. C. P., headed by Att'y. Thomas Griffith. By next Monday when weekly reports will again come into the headquarters at the office of Att'y Griffith, the drive committee hopes to have passed the 4000 membership mark.

Stressing the fact that a growing community facing daily new and more pressing social community problems, the local branch of the N. A. A. C. P. is building a gigantic vocal and militant people's organization and is caling upon all Negroes and friends of The Negro People to join hands and unite for the solution of the many problems that are rising from the war and will rise from the after war period.

Business houses and social clubs in the community have been joining in mass, with a full realization that a new period is upon the Negro in Los Angeles, demanding the fullest unity. Some of the organizations that have joined the organization, throwing their support behind a unified community are, The Victory Market, The Smart Set Club, The Western Dry Goods Store, Engine Co. No. 14 of the L. A. Fire Department.

This Sunday at all the local churches, will be N. A. A. C. P. Sunday, during which time, minister will devote some time during their service to allow their congregation to join the N. A. A. C. P. Emphasis this week will be placed upon recruiting as much as possible in all the churches of the community, for this year part of the program will be coordinated with the social action program of local churches to create a better community.

Also throughout the drive special attention is being paid to the thousands of new industrial workers, who are doing their share in winning the war and the four freedoms, by building ships, tanks, planes and guns for the armed forces.

June 27th, at the Second Baptist Chudch, the N. A. A. C. P. will hold a mass meeting on The Negro in the Armed Forces. This meeting will be the first of many that will be held in the community to mobilize the Negro people to take action in correcting many of the unfortunate incidents that befall young Negroes in the armed forces.

Rev. Downs Made Prexy Of College

Rev. Karl Downs, pastor of Scott Methodist Church, Pasadena, received notification this week of his election to the chair of Samuel Houston College at San Antonio, Texas.

Rev. Downs graduated from the institution to which he will return as president just nine years ago. At thirty, the militant young minister and educator thus takes over one of the South's highest rated Negro educational plants.

Unanimously elected by the college Board of Directors two weeks ago, Rev. Downs received notification of his triumph this week.

Samuel Houston college dates back to post-reconstruction days. Its physical plant is conceded to be one of the best in America. Its buildings are located about three blocks from the State capitol and five blocks from Texas University.

Rev. Downs has pastored Scott Methodist church for five years, during that period liquidating a $28,000 debt on the church. Under his administration, the edifice has been redecorated and equipped with a complete recreational project.

Considered one of the leading welfare service service organizations in Southern California, the church has maintained a Federal nursery and an extensive musical program, including one orchestra and four choirs.

Rev. Downs has forged ahead as one of the promising young Negro writers. His book, "Meet the Negro," comes off the press this week. Literary circles are widely impressed with the merit of this work and it is eagerly awaited.

A graduate of Samuel Houston college, Rev. Downs secured his B. D. from Gammon Theological Seminary and his masters from Boston university. Academic requirements for the young minister's Ph. D. have been fulfilled at the University of Southern California.

Watts Gets New USO Center

The Odd Fellows Hall, corner of 123rd and Beach has been leased and was taken over by the Government on June 1st, to be used by the U. S. O.

The building will be remodeled and refitted on both floors and beds and accommodations for visiting soldiers will be provided.

In general, for the duration, the Odd Fellows Hall will forsake its recent forlorn outlook and once again take a high place in service to the community.

Former custodian of the Hall, Ted Pride, has wanted to see the U. S. O. have this building for its most welcome and needed service to our armed forces, for some time, and is happy about the decision of the Government which has made this dream come true.

A combat soldier's daily food weighs about 5½ pounds, while a civilian's averages 3 pounds.

RIOT ON EASTSIDE

WHAT THE VICTORY COMMITTEE THINKS

By REV. CLAYTON D. RUSSELL
Chairman Negro Victory Committee

Following the recent outbreak of violence in our city between civilian youth and the armed forces, Governor Warren appointed a Citizens Committee for the purpose of investigating these outbreaks. This committee has done a very excellent job thus far.

It has called for immediate curative action demanded of it by the Governor. Says this committee "The streets of Los Angeles must be made safe for service men as well as civilians regardless of national origin. This curative action must be thorough and this means that the causes must be reached in order to prevent recurrance." I wish to fully endorse the recommendations made by this committee appearing elsewhere in this newspaper also having appeared in other daily papers. It might interest the committee to know that our local selective service boards are draining our city of playground directors, juvenile police, and probation officers. If we expect to cope with these situations effectively these directors, police, probation officers are vital. It has been called to my attention that the playground at Ascot and Vernon Ave., is being closed, that the 28th Street playground is being closed and that Wadsworth playground has already been closed. This means that between 50th Street and 14th Street on Hooper Ave., there are no playgrounds after school hours on the school grounds. Rather than closing playgrounds we should be opening more playgrounds.

There appears on the editorial page of the Los Angeles Daily News Tuesday, June 15th an editorial headed "Housing and Zootism". This editorial called to our attention the fact that the recent Zoot suit ring of hoodlumism in Los Angeles disclosed universal agreement on at least one point, local slum areas must be abolished. New housing with adequate community playgrounds provided. The article stated that local authorities might learn much from cities with similar problems on the Atlantic coast, namely, New York, where the Metropolitan Life Insurance Company is planning after the close of the war to erect a housing project that will care for 24,000 families. In the area of the proposed project all existing structures will be torn down and replaced by apartment houses with ample community facilities, eliminating some of the streets and widening others so as to give ample playground area and protection of the prospective population as far as traffic safety is concerned. The city will use its power to condemn present structures and to acquire the land and partial tax exemption. The Metropolitan Life Insurance Company was lauded for its very fine gesture toward helping people. I wonder if the writer of this editorial knew that at a hearing, The Metropolitan Life Insurance Company introduced letters stating that **Negroes would be barred from the project;** as a matter of fact they may be **forced to move from their present dwellings with no provisions for them to live elsewhere. Since this project has not begun, Negro and White Citizens of New York have banded themselves together for the purpose of blocking this un-democratic move.**

Such a project as this in Los Angeles, with the same spirit as exists in New York would do no good toward the solution of our local problem. As a matter of fact the present quota restriction on the already existing housing project pertaining to Mexicans and Negroes are doing no good.

A short time ago a group of Negro citizens appeared before the city Housing Authorities and were asked this question, "What do you Negroes want, more housing for Negroes or the lifting of quota restrictions against Negroes?" We of the committee told them, we want both, more housing and the lifting of quota restrictions for Negroes and for Mexicans. There are two sides to every dark subject. Here is the bright side, also an opportunity. If 100 democratic minded citizens of Los Angeles would band themselves together investing a thousand dollars each, we could use the $100,000 to establish and erect suitable living quarters at moderate prices for people of all races who are in need of housing. It might even be possible to secure priorities for building at this particular time. I already have 13 people with their money ready, I wonder if there are 87 more such citizens in Los Angeles, if so you may contact me by phoning PR. 7-9633 or writing to 736 E. 18th Street.

The Governors Committee recommended additional recreational and group work facilities in all neighborhoods and that the churches in Los Angeles should increase their program for youth.

In keeping with this suggestion, Independent Church had more than 600 members and friends to pledge one dollar or more per month for the establishment and maintenance of a number of youth opportunity centers with trained workers throughout the Eastside. A group of trained social workers are preparing an effective program for these centers and the program will be underway inside of two weeks. Would you like to help with time or money? If so mail your answer to this column at 736 E. 18th Street.

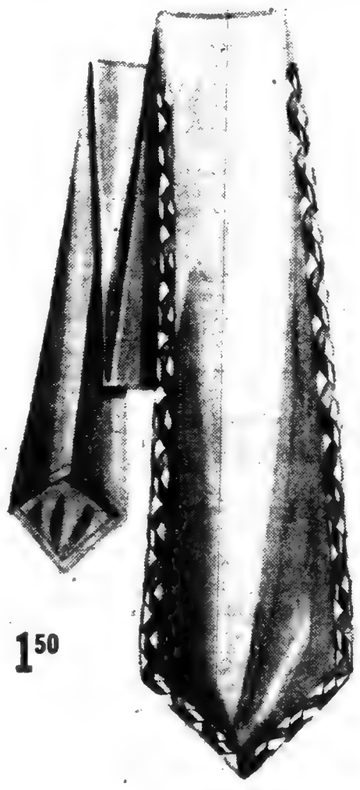
Get H. R. 7 Out Of Senate Judiciary Committee

H. R. 7, the Marcantonio bill to abolish the poll tax as a pre-requisite for voting in federal elections, is now in the Senate Judiciary Committee, which in the last Congress held a year and a half of hearings before it reported the bill out.

To break up the filibuster which poll tax Senators have promised against the bill when it comes on the floor, the Senate Judiciary Committee should report the bill out immediately. No further hearings are necessary. Speed all along the line is the watch-word.

Of the 18 members of the Senate Judiciary Committee, 10 represent states whose entire representation in the House voted for H. R. 7. These are: Chairman Frederick Van Nuys of Indiana, Pat McCarran of Nevada, Carl A. Hatch of New Mexico, Joseph C. O'Mahoney of Wyoming, Harley M. Kilgore and Chapman Revercomb of West Virginia, William Langer of North Dakota, Ernest McFarland of Arizona, John A. Danaher of Connecticut, Alexander Wiley of Wisconsin.

Organizations and individuals in those states especially, should wire the Senator involved to that effect. Also wires should be sent by his constituents to Senator Abe Murdock of Utah, also on the committee, and Senator Chandler of Kentucky.



Send copies of all these wires to the other Senator from your state. Add to your wire in all cases a request for a pledge to vote cloture to break up any filibuster on this bill on the Senate floor.

They tell me life at exclusive Alderest Country Club moved en masse to the tennis courts the other noon, when Joe Louis, attired in shorts, played a few sets with chums! Joe is honorary member at the site, and seemingly when he appears everything and everybody all but touch the floor in grateful salaam . . . can'tcha just see those high-bracketed folk rushing and hoppin' to get a look-see at our champ?

Meanwhile, Godspeed to the Downses, good luck, good cheer, and remember California has first claim on you, Texas will set over for a follow-up!

Alex Peoples returns to civilian life very soon, and dern glad. He and Kitty will resume life in their Westside apt. . . . Sam Delie writes from Honolulu: "Amerian whites, bringing their prejudices to the South Seas, have ruined Hawaii for Negro visitors, I'm afraid. Dixie soldiers are the worst offenders." . . . Ruth Ellington James may lose her hubby to Uncle Sam. He goes for his final next week, so my mail reads. Their son, Mike, has blue eyes, flaxon hair, and his uncle Duke's personality. Ruth's chum, Hilda Bearden, who was here with her one summer, weds Lawrence Whisonant (stationed at Huachuca) this month. If she weds in N. Y., or in Ariz., I know not, but I daresay she'll live in Ariz., to be near him. He's a singer of note, you know. And as I recall them from N. Y. last summer, they make a handsome pair to look upon . . . her ex-hubby, Barrett Johnson, teaches now at Prairie View, and I wonder how he's doin', one never hears of him any more. (Mentioning Lawrence Whisonant: he was understudy to Porgy last year.)

Ever so often our fellow renegade, Tommy Southern, calls us up and we run amuck for an hour, ignoring the telephone company's petulant request to limit calls. This time he cautioned us to tune in Nat Cole Saturday and hear his (Tommy's) new tunes. And, by golly, they are good! ! Tommy's another guy we always give the devil for neglecting his talents. . . . I've been running into Cliff Bennett around town, of late, and have been thinking about his marital bust-up. Somehow, I think Cliff still loves Hope, and always will! I watch him at parties, and detect a bit of wistfullness about his forced gayety. I hate to see them apart in such fashion, and hope things aren't too far gone. . . . Mrytle Anderson, honorably discharged from the WAAC's is in Harlem, not rushing home to L. A. . . . Lt. Cholly Gandy and his bride of three weeks honeymooned here last week from Huachuca. Full, Detailed Text of Kenny Body's Report

Under Governor Warren's call for an investigation for the purpose of curative action, the Citizens Committee has carefully investigated the outbreaks of violence in Los Angeles during the week of June 6, 1943.

One of the most important facts the Committee has found is that the problems have been aggravated by misconceptions of the nature and extent of the outbreaks. It is of the utmost importance, not simply as a matter of community education, but for the purpose of helping solve the difficulties involved that the public, as well as responsible authorities, should view the situation from its proper perspective.

IMMEDIATE ACTION

Immediate curative action, which was called for by the Governor in creating this Committee, demands that crimes of violence must be brought to justice, and the guilty must be punished regardless of what clothes they wear — whether they be zoot suits, police, army or navy uniforms. The streets of Los Angeles must be made safe for service men as well as civilians, regardless of national origins. The community as well as its visitors must learn that no group has the right to take the law into its own hands.

Curative action must, however, be thorough, and this means that the causes must be reached in order to prevent recurrences. One of the causes has been the failure properly to present the facts.

THE COMMITTEE HAS FOUND:

I.

That the problem is one of American youth, not confined to any racial group. The wearers of zoot suits are not necessarily persons of Mexican descent, criminals, or juveniles. Many young people today wear zoot suits.

II.

It is a mistake in fact and an aggravating practice to link the phrase "zoot suit" with the report of a crime. Repeated reports of this character tend to inflame public opinion on false premises and excite further outbreaks.

INCREASED DELINQUENCY

All juvenile delinquency has increased recently in Los Angeles. This includes crimes committed by youths of Mexican origin. But the fact is that the increase of delinquency in the case of youths of Mexican families has been less than in the case of other national or racial groups and less than the average increase for the community.

Between 1914 and 1929, all of California — and Los Angeles County in particular — had a rapid increase in Mexican population. The tremendous difficulties experienced by immigrants in making adjustments to their new surroundings are well known. We have learned that the problem is especially acute in the case of the second generation. The foreign born parent loses authority over his American born child; families tend to be broken up; and if the child by their neighbors, they are often without responsible guidance.

SHED LIGHT ON YOUTH

These facts shed light on the youths of Mexican descent in Los Angeles. Many of them are second generation. About 98% of them are American born.

III.

Of the serious crimes committed by persons of Mexican descent, only 25% are committed by minors. Most of the so-called "zoot suit" crime amounting to felony has been committed by persons who are fully and legally responsible for their acts.

IV.

ILL HOUSED, ILL CLOTHED

There are approximately 240,000 persons of Mexican descent in Los Angeles County. Living conditions among the majority of these people are far below the general level of the community. Housing is inadequate; sanitation is bad and is made worse by congestion. Recreational facilities for children are very poor; and there is insufficient supervision of the playgrounds, swimming pools and other youth centers. Such conditions are breeding places for juvenile delinquency.

V.

This Committee has found that there are approximately 35 neighborhood gangs in Los Angeles, many of whose members have criminal records. In addition to these well defined gangs, there are many small, unorganized neighborhood gangs. Some of the members of these gangs wear "zoot suits"; some do not. Some are Mexican, some Negro, and some are so-called Anglo-American, that is, they include all types or classifications of youth. Only a small percentage of these neighborhood groups have been involved in the recent outbreaks. Many of them are wholesome social groups, meeting in public schools, in sub-police stations, and under the supervision of responsible officials.

VI.

HIT MASS ARRESTS

Mass arrests, drag-net raids and other wholesale classifications of groups of people are based on false premises and tend merely to aggravate the situation. Any American citizen suspected of crime is entitled to be treated as an individual, to be indicted as such, and to be tried, both at law and in the forum of public opinion, on his merits or errors, regardless of race, color, creed or the kind of clothes he wears.

Group accusations foster race prejudice; the entire group accused want revenge and vindication. The public is led to believe that every person in the accused group is guilty of crime.

VII

It is significant that most of the persons mistreated during the recent incidents in Los Angeles were either persons of Mexican descent or Negroes. In undertaking to deal with the cause of these outbreaks, the existence of race prejudice cannot be ignored.

Youth is peculiarly sensitive; to be rejected by the community may throw the youth upon evil companions.

Any solution of the problems involves, among other things, an educational program throughout the community designed to combat race prejudice in all its forms.

RECOMMENDATIONS

Based on their findings and on the studies referred to, we make the following recommendations:

DELINQUENCY

1. Arrests for criminal or gang activity should be made without undue emphasis on members of minority groups.

2. The cooperation of the press should be solicited in minimizing the publication of the names or pictures of youthful delinquents.

3. The Central Juvenile File, covering Los Angeles County, now being established, should be properly financed and staffed.

4. Law enforcement agencies should provide special training for officers dealing with minority groups.

5. Law enforcement officers should be provided who speak Spanish and who understand the Spanish-speaking groups in Los Angeles.

6. Additional detention facilities should be provided for the care and study of delinquent youth.

7. A Juvenile Forestry Camp should be established by the Probation Department to care for delinquent youth under the age of sixteen.

8. The Youth Authority of California should at once provide additional facilities to aid all counties of the state in caring for the more seriously delinquent youth.

9. All law enforcement agencies should be provided with Spanish-speaking personnel.

10. Lawyers' associations should continue to enlist panels of attorneys to protect the rights of youth arrested for participation in gang activity.

JUVENILE COURT IN LOS ANGELES

The demands on the Los Angeles Juvenile Court have been increased heavily since the outbreak of the war. Unincorporated areas are becoming heavily populated; troop concentration, and the withdrawal of parents into war services have further complicated a community already complex. In the light of the increasing demands on our juvenile authorities, the community has the responsibility for evolving a policy which will adequately meet the situation.

Representatives of schools, churches, private and public agencies, and law enforcement officials should meet with the judges of the Juvenile Court and jointly work out a policy. These groups should hold themselves in readiness for further meetings with the court to make changes in policy and to deal with particular problems as they arise.

Final authority to decide policies should rest on a single Juvenile Court judge who should be thoroughly familiar with community needs and who will treat as an individual problem each juvenile delinquent who may come before the court. The judge selected for this onerous but important duty should be one who can command the co-operation of all officials charged with carrying out particular parts of the whole program.

MILITARY AND SHORE POLICE

Military and shore police should be increased. The areas in Los Angeles County which attract service men are far apart; and each area should be provided with sufficient military and shore police.

RECREATION

1. Additional recreational and group work facilities should be provided in all neighborhoods in a quantity sufficient to meet the needs of the community.

2. Churches in Los Angeles County should increase their program for youth.

GENERAL RECOMMNDATIONS

1. Discrimination against any race in the provision or use of public facilities should be abolished.

2. Additional public housing projects should be set up to meet the needs of minority groups.

3. A program of education should be undertaken to make the entire community understand the problems and background of the minority groups.

4. The leadership of minority groups should assume their responsibilities in meeting these community problems.

CONTINUATION OF WORK

1. The Governor's Citizens Committee should be regarded as remaining in session. As additional problems arise, the Committee will convene and will be able to utilize the results of this investigation and the studies that have been made.

2. The Chairman of the Committee should call upon the leaders of all groups, majority as well as minority, to mobilize public opinion and other citizens committees behind the recommendations which have been made.

Dated June 12, 1943.

Respectfully submitted,
JOSEPH T. McGUCKEN, Chairman, Auxiliary Bishop of Los Angeles
DR. WILLSIE MARTIN, Wilshire Methodist Church
KARL HOLTON, Member of the Youth Correction Authority.

Union Leader To Speak Here

Mr. Abram Flaxer, President of the International Union of State County and Municipal Workers—C.I.O. will arrive in Los Angeles Monday, June 21st. He will spend several days here in our city conferring with the numerous local leaders of the organization and will devote much of his time to making a survey of the organizational possibilities among the workers of the State, County, and Municipalities of the State of California.

Mr. Flaxer will address a mass meeting Sunday, June 27th, in the C.I.O. building at 5851 So. Avalon Blvd. This meeting will be held at 2 P. M. and will be open to the public. Anyone interested in hearing a first class speaker discussing an up to the minute subject, should plan on attending this meeting.

2,683 NEGRO OFFICERS

Three thousand colored officers, 2,683 of whom graduated from Officers Candidate School, the others formerly members of the Reserve and National Guard, serving in grades from Second Lieutenant to Brigadier General, are now on active duty, according to the latest information released by the War Department.

LOCAL BOY MAKES GOOD

Promotion of Clarence M. Brown, son of Mrs. M. E. Stockard, 4007 Wardsworth, Los Angeles, Calif. from private to corporal has been announced in the Fourth Regiment of the quartermaster replacement training center, Fort Warren, Wyo.

Former embalmer and funeral director, Corp. Brown is now service record clerk of the Fightin' Fourth. Prior to his induction he was a student of City College, and member of the James Weldon Johnson Club. He also held membership in the Jr. N.A.A.C.P.

Army Careers Boom For These!

Four sons of California are among the 118 enlisted men of the 96th Service Group who have recently gained promotions at Selfridge Field, for diligent service in the Army Air Forces.

Corporals Robert L. Boyd, 9314 Hooper Street; Richard Joel, 4524 Wadworth Street; Major L. Whitmore, 1241 E. Adams Street, all of Los Angeles; and Corporal Alfred T. Quinn, 1823 Michigan Avenue, Santa Monica, have been promoted to the rank of sergeant.

Congratulations, boys!

CAMP STEWART RIOT NO SURPRISE—NAACP

Camp Stewart, Ga.—The killing of a white MP on June 9 at Camp Stewart, Georgia, and the wounding of four others by bullets allegedly fired by Negro troops was seen this week by the NAACP as the culmination of unsatisfactory conditions which have existed at the camp for months.

The MP who was killed was Private First Class Ronie E. Lindsey of Valdosta, Ga. The wounded men were Staff Sergeant John L. McEacher, Homestead, Montana; Sergeant Charles W. Almand, Atlanta, Ga.; Sergeant William V. Brown, New York City and Private Merlin B. Hotchkill, Perry, N. Y.

The NAACP has submitted to the Department of Justice the report of an investigator immediately dispatched to the scene.

The NAACP report revealed these findings:

The transportation situation is, and for long has been a rasping issue. Separate buses are operated for white and Negro soldiers, in the ratio of about one for Negroes, six for whites, and this despite the fact Negro soldiers are approximately 40% of the camp personnel. The taxicabs in Hinesville (nearest town to Camp Stewart) refuse to ride Negro soldiers.

There is high resentment among Negro soldiers of the Nazi-racial attitude of the white officers in command. Interviewed Negro oficers and enlisted men all insisted that the situation could not be remedied so long as they remained under command of Colonels Gross and Ochs, both of German extraction, and General Spiller, who was characterized as being "definitely in sympathy with the whole policy of discrimination'.

Negro MP's are without authority. Negro soldiers and civilians resent this, and resent that all MP's stationed in Savannah are white, even those designated to patrol the most thickly settled Negro areas.

TENT CITY OPEN FOR ADVENTISTS

Several thousand Seventh-Day Adventists are expected to move into their temporary "tent city" today and tomorrow for their first war-time camp meeting in Southern California. The 10-day meeting begins Friday night at 7:30 in the denomination's huge auditorium on Imperial Blvd., four blocks west of Atlantic Blvd. Gasoline and tire rationing will limit the attendance to Adventists living in Los Angeles and nearby cities and communities, officials of the church announced.

The Rev. F. L. Peterson, pastor of the Wadsworth S. D. A. church, and Pastor Owen Troy of the Sunset Avenue church, will be active as spiritual counselors at the camp meeting. Choirs from these representative churches are scheduled to appear in sacred concert during the 10-day encampment.

The Rev. J. E. Fulton, pioneer missionary to the South Sea Islands, will deliver the opening address in the Lynwood auditorium. Acting as an advisory for his church in Japan, India and Australia during his early years as a missionary, the Rev. Mr. Fulton often warned of the Japanese menace to the Pacific. He will address his audience Friday night on "Our Heritage, the Advent Faith and Hope."

With a seating capacity of 8,000, the huge auditorium in which most of the meetings will be held during the ten days, is located in the center of the encampment. The city of nearly 700 tents and trailers will house 3,000 people, it was estimated. Meals will be served daily excepting on Saturday at the cafeteria and delicatessen. Young people's meetings will be held in the Rupp Memorial Chapel and large tents have been erected to accommodate the various children's meetings throughout the campus.

Meetings and business sessions will be held daily each morning at 6:00, 9:00 and 10:45. Afternoon meetings are scheduled for 2:45, 4:30 and 7:30. Leading speakers from official Adventist headquarters will be featured during the camp meeting. The main speaker Saturday morning (the Adventist's Sabbath) will be the Rev. L. K. Dickson, president of the Pacific Union Conference of Adventists. At 2:45 Saturday afternoon W. H. Branson, vice-president of the denomination at the Washington D. C. headquarters, is the main speaker. The Rev. F. D. Nichol, editor of the **Review and Herald**, leading Adventist journal, will address the camp on Saturday night. Sunday services will feature other prominent Adventist leaders. All services are open to the public.

Aside from several new selections which the choir itself will render, there will be a guest soloist, Miss Hortense Stroud, and a guest trio from Pleasant Hill Baptist Church. Mrs. Chas. Reed Baha'i Speaker

Under the auspices of the Baha'i Faith, Mrs. Charles Reed Bishop will speak Sunday, June 20, 3 p. m., at 1709 West 4th Street, on "Design for Harmony."

"The Design for Harmony," says Mrs. Bishop, "reveals the divine plan for a unity of religions and federation of nations. Revelation is that larger education which cultivates not only the individual, but the race.

"Baha'u'llah, the great world educator, brings to a maturing humanity doctrines which give the individual an apportunity to adapt himself to the divine plan for the human race.

"God's creation intends the harmonious interaction of all minorities and majorities of whatever color or evolutionary stage they may be. To this larger design, the individual should bring conscious participation."

Youth Should Remember God

By Gilbert Allen

Youth seeks youth. Their period of youth is the period of greatest pleasure. Thus the days of Youth are "happy days." Poets tell us that music is the greatest thing in life. To me, Youth is the highest greatness. Without Youth, there could be no artist, no philosopher, no genius, no master.

To retain Youth is our problem. We can retain Youth by living the life of beauty, by doing our best.

Youth is characterized as ambitions, which is interpreted as the natural urge for perfection. Youth builds air castles, dreams, beautiful dreams and lives in a world of romance.

"Remember now thy Creator in the days of thy Youth." The life of Youth is the blessed life. Youth instinctively seeks the best. If given the right influences, training, environment and opportunity, Youth offers the best.

Every man must educate himself— his books and teachers are but helps; the work is his.—Daniel Webster.

Rev. Jno. B. Isaacs

Quarterly Meeting will be observed on Sunday next. The Reverand L. G. Jordan will be the Guest Speaker at the 11 a. m. service.

At 3 p. m. the Reverand Jesse Boyd of San Bernardino will bring the message at the Union Quarterly meeting. The combined Choirs of the Churches will furnish the music.

Children's Day was fittingly observed on Sunday last. The Sunday School rendered a very interesting program, followed by an instructive message by the Pastor, Reverend J. B. Isaacs, who spoke on "Leading the Children." At the close of his address there weer four accessions to the Church.

Wesley Methodist Church, Choir and Pastor were guests of Second Church at the evening service. A very large and enthusiastic audience greeted Reverend E. W. Rakestraw and listened to his able sermon on "Patched Lives."

Tuesday evening, Reverend Marshall and congregation of the A. M. E. Zion Church will worship at Second Church. The sermon will be preached by Reverend Marshall.

You are cordially invited to take dinner with us at our Basket Dinner on Sunday next. There will be no charge for the dinner.

Pleasant Hill Baptist Church

"How beautiful are the feet of them that preach the gospel of peace, and bring glad tidings of good things."

Those precious feet that lead us to Christ and His eternal glory.

In this great world crisis, when the world is torn to pieces and nations are warring against nations, races against races, the Youth would be at a loss to meet the post-war situation but for the footprints of the pastor that leads him to Christ.

In the pastor's steps the youth is led to a better life in the community. He is taught to love his followman at any cost. As a race, he is taught that he

Rev. A. Wendell Ross . . Tribute paid him.

cannot win through bitterness and revenge. Young theologicians taking up ministry who are being prepared to LEAD people, but actually hate their fellowman. Such teaching cannot survive; the footsteps are not leading toward heaven and a better world.

In the pastor's steps youth finds marriage to be a holy estate, blessed by Jesus Christ, made in heaven. The pastor's steps have shown that unless both are anchored in Christ that marriage would be difficult to maintain, and especially trying during the world struggle.

In some cases it had almost been impossible to maintain the homes. Mothers were forced to work, and fathers were taken into the armed forces.

Pastor Ross visionized this catastrophe before the war and established a Nursery School where children are kept while their parents work. Thus he has kept home intact and the children under Godly influence; preparing youth to live after the war.

In the pastor's steps youth is lead away from juvenile delinquency to a life of usefulness and community betterment thus the Boy Scout Troop was organized where lives are built four-square, lives are built true. The only foundation upon which a nation can survive during times of peace or war.

When school books have been put away youth was faced with the problem, "What shall I do?" Summer Vocational Bible School was organized with a daily attendance of 100 children. Pastor Ross is preparing youth to meet the post-war crisis.

In the pastor's footsteps youth does not see success in beer bottles, bubbling champagne, and staggering rulers, but he sees success in a life of temperance, holiness, love, peace, and contentment.

Pastor Riss visionized that after this war as after World War No. 1 that people would be in a high-strung state of living, famines would come, many powers exhausted, loose morales, womanhood diminished. Young women think that it their duty to keep up the Army's morale by tearing down their own morals. In the pastor's steps youth sees the evils of the U. S. O. dancing hall.

Pastor Ross' steps make a straight road to glory. The youth of today are following closely behind. Some are a little farther behind.

No, we don't say that we are going to retrace every step in order. We are going to make some side steps because of temptations, but the steps will be strange and hard, and will cause heartaches; then we will return to the familiar path, the glory way.

We, the youth of Pleasant Hill Baptist Church, realizing that the youth of today are much more a problem than the youth of yesterday will watch the footprints of the pastor that lead to goodness, mercy, meekness, holiness, and last to immortal glory, and will take each step as it comes. We realize that the more we sidetrack the longer it will take us to reach our goal.

Pastor Ross, be assured that you have poured out your life for a great cause. We will be prepared to meet the post-war crisis.

Youth sees that through our pastor's many years of labor with his help-mate by his side, that they have kept alert, their tempers sweet, their sympathies broad; noble souls kept by the grace of God. Lives that shall never die.

Pastor Ross, youth says, "Preach on, your labor is not in vain."

Dear Sirs:

I have read a few chapters of the Bible in my life time and went to Sunday school as a boy. But I have often wondered what the real purpose of the Bible is after all. In other words, why was the Bible given to us?—A. C. J., San Diego, Calif.

Most Bible scholars agree that the Bible itself is its best expositor. So we turn to the Bible itself.

2 Timothy 3:16 and 17 says: "All scripture is given by inspiration of God, and is profitable for doctrine, for reproof, for correction, for instruction in righteousness: that the man of God may be perfect, thoroughly furnished unto all good works."

The Scriptures thus furnish mankind with the great framework of religious teaching—the great doctrines of religion. Doctrine is the framework of religious teaching. The Bible as we study it reproves us and corrects us by instructing us in that which is right.

In order to understand the Bible we must earnestly study it. We are told to "search the Scripture" in John 5:39.

Dear Bible Corner:

One hears so many different teachings these days about the Millennium. What does the Bible teach about it? Are we in the Millenium now? — Mrs. C. K. Monrovia, Calif.

You have asked a good question. But it is one that we can not answer fully in the brief space allotted us in this column.

The word "millennium" does not appear in the Bible. The word is a theological term meaning one thousand years. The most complete and basic account of this thousand-year period is found in the twentieth chapter of the Revelation, verses 1-9. And this thousand-year period, as such is found nowhere in the Bible except in Revelation 20.

The Bible does not teach that the Millennium is a time of peace and prosperity. And from the description in Rev. 20, it is evident that we are not now living in the Millennium.

For a very clear and easily understood explanation of this subject we refer you to lesson five of the Free Bible Correspondence Course which is available to readers of the Eagle Bible Question Corner.

DAILY PRESS MADE ZOOT WAR!

Guided by Attorney General Robert Kenny, Governor Earl Warren's Committee of investigation into recent zoot suit warfare in the streets of Los Angeles registered hammer-blows against metropolitan newspapers whose fake headlines and shouting incitement to riot nearly precipitated a major race disturbance here last week.

Right off the bat, the Committee's detailed report states:

"One of the most important facts the Committee has found is that the problems have been aggravated by misconceptions of the nature and extent of the outbreaks."

And who, pray, is responsible for these "misconceptions"?—misconceptions which almost turned our war-producing city into a storm center of civil strife and bloodshed?

Responsibility rests solidly upon the scare headlines of daily publications, upon their months-old drive to smear all crimes committed by delinquent minority group youth as "zoot suit" affairs.

The Committee report continues:

"The problem is one of American youth, not confined to any racial group. The wearers of zoot suits are not necessarily persons of Mexican descent, criminals or juveniles. Many young people today wear zoot suits.

"It is a mistake in fact and an aggravating practice to link the phrase "zoot suit" WITH THE REPORT OF A CRIME. Repeated reports of this character tend to inflame public opinion on false premises and excite further outbreaks."

Sharply attacking the basic fallacy of the press smear against "the reign of terror by zoot suit hoodlums," the Committee factually observes:

"All juvenile delinquency has increased recently in Los Angeles. This includes crimes committed by youths of Mexican origin. But the fact is that the increase of delinquency in the case of youths of Mexican families HAS BEEN LESS THAN IN THE CASE OF OTHER NATIONAL OR RACIAL GROUPS AND LESS THAN THE AVERAGE INCREASE FOR THE COMMUNITY."

And how does that statement square with the horror tales of the Hearst papers during the last several weeks? The innumerable stories of how "the long-coated gentry STRUCK AGAIN,"—bowling over some hapless "white woman," "serviceman," or "defense worker."

How does that statement match up alongside the crack-voiced croakings of Manchester Boddy, "progressive" editor of the Daily News, who wrote on June 8, "youth . . . organized in gangs . . . roaming the streets by night armed with spikes, bits of pipe, broken bottlenecks . . . terrorizing law abiding citizens . . ."

The unfounded zoot suit riot campaign was launched by the Hearst papers in Los Angeles. Following the entire pro-fascist line of these journals, the campaign was deliberately designed to crack national unity in support of the war effort.

The Times and the Daily News, generally pro-war papers, fell into the trap as reports from their circulation departments revealed that breaking the back of national unity with exaggerated crime stories paid off at newsstands.

A Daily News spokesman has said that the "entire treatment of these stories . . . was in the hands of our circulation department."

And this is how Los Angeles' dailies fight the war for survival . . .

Slums Manufacture Delinquency

Turning to basic causes of juvenile delinquency, the Kenny Committee turned a blatant spotlight upon the living conditions from which Hearst's beloved "baby gangsters" emerge.

"There are approximately 240,000 persons of Mexican descent in Los Angeles county. Living conditions among the majority of these people are far below the general level of the community. Housing is inadequate; sanitation is bad and is made worse by congestion. Recreational facilities for children are very poor; and there is insufficient supervision of the playgrounds, swimming pools and other youth centers. Such conditions are breeding places for juvenile delinquency."

Another sharp blow at fundamentals in the city delinquency problem was registered when the Committee flatly declared:

"Mass arrests, drag-net raids and other wholesale classifications of groups of people are based on false premises and tend merely to aggravate the situation. Any American citizen suspected of crime is entitled to be treated as an individual, to be indicted as such, and to be tried, both at law and in the forum of public opinion, on his merits or errors, regardless of race, color, creed OR THE KIND OF CLOTHES HE WEARS.

"Group accusations foster race prejudice; the entire group accused wants revenge and vindication. The public is led to believe that every person in the accused group is guilty of crime."

And here lies, neatly buried, the hysterical "reign of terror" which our daily press imagined was happening within the city.

Kenny's Committee laid its finger on the nerve-center of the anti-zoot suit drive when it further held:

"It is significant that most of the persons mistreated during the recent incidents in Los Angeles were either persons of Mexican descent or Negroes. In undertaking to deal with the cause of these outbreaks, the existence of race prejudice cannot be ignored.

"Youth is peculiarly sensitive; to be rejected by the community may throw the youth upon evil companions.

"Any solution of the problem involves, among other things, an educational program throughout the community designed to combat race prejudice in all its forms."

And What Is to Be Done Now?

Core of the committee's recommendations for action to combat delinquency was its primary insistence that "discrimination against any race in the provision or use of public facilities should be abolished" and that "additional public housing projects should be set up to meet the needs of minority groups."

Recent weeks have seen fresh indications of a blitz against the civil rights of California minorities. Thousands of Mexican and Negro war workers have recently found themselves barred from places of public entertainment previously open to them.

And even though the Negro community alone has increased by 30,000 in the last year, not one extra foot of Los Angeles real estate has been sliced out of the 95 per cent of our city which is forbidden to Negro occupancy.

Savage maintenance of racial property restrictions, in face of the demands for war housing by L. A. minority groups, amounts to nothing less than sabotage of the victory production which must become the central concern of all this city's citizens.

Significantly, the Governor's Committee asked "the cooperation of the press . . . in minimizing the publication of the names or pictures of youthful delinquents."

A final judgment of the outbreaks of last week may find that they have played a progressive role.

Prompt action of the Negro community and progressive white and Mexican groups secured for the city adequate police protection in time to avert the death and destruction for which the Hearst press clearly propagandized.

Secondly, the mobilization of all city forces to stamp out basic causes for juvenile delinquency, if vigorously prosecuted, may find, at last, the enactment of reforms for which minority spokesmen have begged over the years.

Whether this is possible now depends upon the militant action of all progressive and patriotic Americans.

The riot which we escaped still lies pregnant in the bosom of economic discrimination, housing shortages and a double standard of civil liberties.

The diligent midwives of the fascist press in Los Angeles, hushed for a moment, will spring to action as soon as they believe it possible to incite the delayed birth of the major race riot which they seek.

We must ACT now!

Production, vital to America's victory, hangs in the balance.

Unity, without which victory or a people's peace is impossible, hangs in the balance.

● LETTERS TO THE EDITOR

Dear Editor:

The war, as every other crisis, witnesses turbulent governmental changes that necessarily reconstruct the entire pattern of society. Some of these alterations are temporary; others will mark new courses of social, economic and political life. Some are necessary. Others are ill-advised and disastrous. Republican government is based on trial and error. It is the patriotic part of every loyal American to religiously adhere to the good and undertake by orderly process to eradicate the bad.

There is one invariable principle in prosperity and distress and supremely dominant in peace and war. This is a government of laws and not of men. Every American is entitled to the equal protection of those laws. Civil rights legislation following the Civil war to prevent the denial of privileges and advantages because of race, creed, or color are still alive. Their violation should be rigidly suppressed. But legal or other coercion are poor instruments for social order.

The best security for equal rights is the preservation of American institutions and the active interest of all people in good government regardless of color or personality.

The most inspiring proof of the American system is the rise of a race, that less than a century ago was in human bondage, to an enlightened, useful position. The most encouraging indication of the colored man's continued upliftment and progress is his determination to purge his own house and vindicate his precious liberty by his own merit.

The hope of free government is not in the state house, law book, of policeman's club but the human heart. The Negro race is daily demonstrating its realization of that eternal truth. Holding fast to that anchor all the gates of Hell and all the minions of intolerance cannot prevail against it. William C. Ring.

Dear Editor:

Although I am now serving in the U. S. Navy, stationed in Alaska, I have been reading the California Eagle, the West's Greatest Weekly, with much pleasure.

Through my friends, I have been receiving this paper, and to me, it is full of inspiration and information. I wish that every Negro in the world could read this Negro weekly.

I look forward to the time when I return to Los Angeles, hoping to be able to drop in at your office and exchange a few words with you.

Although I am the father of two sons (one in the Marine Corps) and a daughter, I resigned the pastorage of a Church in Ardmore, Oklahoma, to serve my country in its struggle for victory.

While a resident of St. Louis, Mo., several years ago, I saw your paper for the first time, and have been reading it, with pleasure, ever since.

We in the armed forces are doing all we can to aid our country in its hour of danger. We appreciate the work that your paper is doing, and wish to urge you to continue along the same lines.

With the full and complete support of our people behind us, we cannot lose.

THE WORLD THIS WEEK!

By Robert Patterson

THE COAL STRIKE

The complicated conditions between coal strikers, operators, leaders of the United Mine Workers, and the government, pile up hour by hour. Even if settled, will the fundamental issues be clear? Won't the question remain, "What causes strikes?" Is it operators, leaders, or conditions inherent in the lives of workers? The Soviet nation had the courage to disband the Third International — whether to augment friendliness between itself and its allies, or because it truly realized that such methods long had been outmoded. Although striking had its place in the origins of working out better relations between labor and capital, isn't it, too, outmoded as a method of obtaining rights? If our nation is intelligent enough to help plan for a post-war world that can live at peace, it is intelligent enough to deal with the fundamental causes of strikes in a democracy, and bid them cease.

LOWER INCOME

Reports drift in from many directions that those who were previously in the lower income group, are now investing in objects of art hitherto classed as the wealthy man's prerogative. A taste for art apparently is inherent rather than wholly a matter of education, for it is noteworthy that people with ready cash for the first time in their lives are buying antiques and paintings with relish. The lower income groups, according to L. M. Giannini, president of the Bank of America, now hold a vastly increased volume of "optional purchasing power." Mr. Giannini says we scarcely realize as yet what a tremendous shift in optional purchasing power has been occurring. Three quarters of the population who are in the lower income group now hold more than twice the power they had in 1936. For many years to come, predicts Mr. Giannini, the prosperity of the country will be based on the excess purchasing power of the lower income earners, as this group not only will have large aggregate savings, but will be in a position to spend more and save more than the larger income group. The pent-up purchasing power, he pointed out, and the continued earning power of California workkers will do much to stabilize conditions and speed the change from war to peacetime production.

BATTERY NO ASSAULT

The nation's "hearing ear" is in the doldrums! Increased breakdowns in the 59 million U. S. radio sets place everyone, but the farmer particularly, in a sorry plight. Supplies of new batteries are slim, and city folks find repair men far scarcer than an extra ration coupon. WPB has not been able to give manufacturers priorities to make new tubes, and had reduced the type of tubes made to 114 from 600. The farmer who must stay home and coax green sprouts from reluctant soil has been doing without government announcements and such weather reports as are permitted. Even his wife's favorite "soap opera" is silenced for lack of radio accoutrement! WPB, discovering the extent of the dilemma, began immediately the manufacture of 2 million tubes a month. The ears of the U. S. cannot be out of commission in this important period!

HEAVIEST RAID

In May, just a year after the RAF staged its "thousand-bomber raid" on Cologne, the heaviest raid of the war fell on Dortmund. Probably it was performed by a good many fewer than a thousand bombers, for the thousand-bomber raid, at least as a routine operation, belongs to the future. Dortmund, city of 550,000 people contains three blast-furnace steelworks. It is also the junction of important railway lines that criss-cross the Ruhr at its most easterly end. Thus, as well as a reduction of Dortmund's productive capacity, the RAF raid will hamper distribution and production capacity for the whole, vastly important, Ruhr Valley.

BETTER-FED WORLD

The United Nations Food Conference at Hot Springs, Va., ended its first conference last week and was reported to be well pleased with the Allied collaboration on post-war food problems. Actions of the conferences are not binding upon their countries, but it is certain that the plan for a permanent food organization will be approved in the various countries. Each government will have a representative on an interim commission to be established in Washington before July 15. The Conference's final report puts into official form recommendations for keeping the world better-fed.

AS I SEE IT!

By Jeanette Cohen

I can just picture Herr Hitler smacking his lips, rubbing his bloody hands and proudly thinking . . . what a swell job my agents have been doing in Los Angeles, California, U. S. A. . . . I have civilians and men in the armed forces in open conflict . . . fighting in the streets . . . that should take the minds of the people off the opening of the Second Front . . .

Hitler could not have done a better job had he been here himself.

This past week has seen the most outrageous crime against the war effort of the United Nations. As I write, the radio commentators and newspapers are still screaming reports of "riots" between Mexican youth and men in uniform. While they have been forced to admit the sinister workings of enemy agents among the minority peoples, their vicious headlines and stories playing up the "zoot-suit" angle only tends to keep the fire burning.

By the time this column is printed these incidents of violence may have subsided. But the damage done will be a blot on our democracy for a long time to come. Several hundred young Mexican-Americans, men and women have been jailed. Many lie in hospitals wounded, some maimed for life. On the other side of the fence we see Servicemen faced with possible court-martial "to set an example". **Precious manpower, military and civilian, crushed!**

It is no accident that these riots have taken place now. The reality of that Second Front in Europe looms ever closer to Hitler. His stooges in Europe looms ever closer to Hitler. His stooges in this country work fast and furiously to stave off that great offensive. Their best weapon is put into play—to stir up race prejudice—to divide the people—to hamper war production.

Every day that we delay the opening of that Second Front in Europe is another

Spreading Joy.

By John Fowler

I am glad I accepted Rev. Clayton Russell's invitation and attended the Independent Church Sunday morning.

Time and again I was thrilled. First there was the broadcast, the rendition of the spiritual "Amen" by the Soldier Quartette. Then, I was thrilled by the Grand Processional and the Anthem by choir, under the direction of the youthful Minister of Music, Albert McNeil.

Though I have never seen young McNeil direct before, I now hasten to agree that he is good. But then, with the inspiring interpretation at the organ by Mrs. Fannie Benjamin, he could not be otherwise.

Of course there is an especially warm spot in my heart for this church, because many of its founders were pioneers and some of my favorite people. Captain F. M. Crumbly, T. J. Hooper, James H. Shackleford and Rev. N. P. Greggs are especially outstanding, to me.

I am fully persuaded, in my own mind, that at his going, Reverend Gregg's mantle fell upon the youthful shoulders of his protege, Rev. Russell. None other but a man trained by Reverend Greggs could have stepped in at such a crucial time in the life of the Church and made the wonderful success that young Russell has made.

The secret of his success has been, I believe, the fact that he brought to the church the truth that it is more blessed to give than to receive.

When Rev. Russell established the Employment Service, the Welfare Department, and the Clinic, he demonstrated to the world that he was actually obeying the Command of the Master, who said, "Feed my lambs."

It is well known that the church is deeply interested in Community Welfare.

Then too, Rev. Russell took an idea, that has been the dream of Negroes ever since there have been free men, that of operating a Cooperative Grocery Store. He made a success of the first one and a second is soon to open.

Leaders, to be successful today, must practice what they preach. Words, words and still more words do not mean anything unless they are used to prove or demonstrate some truth.

By the way, Reverend Russell's text Sunday morning was "Know the Truth and the Truth will set you Free."

The Camille Den was the scene of a brilliant reception Sunday afternoon, celebrating the Twenty-fifth Wedding Anniversary of Mr. and Mrs. Homer Dean. In the receiving line with the bride and groom were Mr. and Mrs. Arthur Reese of Venice, Mr. and Mrs. White and Mrs. Fannie Benjamin. Mrs. Chiles presented the guests while Miss Mary Reed received the many gifts of silver.

Delicious punch and wafers were served. My heartiest congratulations to Mr. and Mrs. Homer Dean.

A cross section of the city's intelligensia, representing the home, church and schools assembled at the palatial home of Reverend and Mrs. George Garner, 440 North Westmoreland Thursday afternoon to listen to another of those round table discussions led by the Quartette of young college professors from the South.

Mr. Z. Newell Eason of Shaw University, North Carolina, Mr. B. A. Jones of Barbara Scotia College of North Carolina, Mr. A. E. Mauley, State Supervisor of Negro High Schools of North Carolina and Mr. R. E. Cureton, Principal of Washington High School, Atlanta, Georgia, are in California for the purpose of making investigation on the social and scientific progress of our school system as it effects the Negro student.

Mrs. Ursula Adams was designated co-chairman with Mr. Eason, who stated the purpose of the visit of the committee and opened the discussion.

Mr. Eason said the General Education Board of the Rockerfeller Foundation were sponsors of the investigation.

The question of the school children recently from the South and their attitude and conduct in our schools provided an interesting topic of debate. A prolonged discussion followed in which many educators, preachers and mothers participated.

Among those who spoke were the Mesdames, Marjorie McPherson, Graham, Hurd, Georgia Robinson, St. Clair Arnato Tyler, Mildred Blunt, William Morris, Miss Consuelo Bright, Messrs. Floyd Covington, Norman Houston, Buel Thomas Jr., Rev. A. C. Capers, Rev. J. D. Jordon and Rev. Baxter C. Dukes, and many others.

After a lengthy discussion of many subjects, problems and by-products of the war, a volunteer committee was appointed to put into practice some of the suggestions of the conference.

Volunteers include Mesdames Marjorie McPherson, Ursula Adams, St. Clair Amato, Esther Beck-Bruce, Grabaun, Mmes. Iva Washington, Birdelee and Consuelo Bright; Rev. George Garner, chairman, Messrs. Floyd Covington, Norman Houston, Whitfield, Thomas and Rev. Baxter C. Dukes.

As a prelude to a harmonious session, the assembly was favored with two numbers by the talented Madame St. Clair Amato, Miss Norma Amato, who more than justified her ambition to Grand Opera.

After the discussion, Mrs. Garner was assisted in serving tea and most delicious wafers by mothers and teachers present.

Some of those who were present and have not already been mentioned were Mesdames Nellie Conners, Willis O. Tyler, Dr. Nada Sommerville, Dr. Alice Garrott, Gertrude Christman, Laura Young, John Fowler, S. J. Bruington, Tom Webb, [illegible] ard Stoval, Ethel T[illegible], Buel Thomas Jr., Lucile Lamb, Minnie Tucker, Mmes. Virginia Prince, Norma Amato, Iva Washington, Mr. and Mrs. Homer Dean, Rev. and Mrs. Capers, Rev. Anderson of St. Paul's Baptist Church and Frank Quarles.

Kinloch's Corner

By John S. K.

Take the case of John Zion. There's a guy coming out of the show about 2 a. m. on a lovely spring morning and of a sudden somebody belts him one in the teeth and another mobster lays him low with several well-aimed kicks to the midriff.

Two cops stand by and look.

John goes to the police station and makes inquiries as to where in hell are his rights as a citizen and a defense worker.

And the officer in charge observes that John had better quit expecting special privileges because he's a defense worker.

This is no invention.

It happened last week during the disturbances here between servicemen and what the Herald calls "zoot suit hoodlums."

Only John wasn't wearing a zoot suit.

If he were, he still had a perfect right to walk the streets of Los Angeles unmolested.

All this goes to show that we young'uns had beter hoist off our you-know-whats and get some elemental things straightened out around here.

HOW DID IT START?

Well, let's begin on common ground.

There was some rioting in Los Angeles last week.

Now, the question: who started it and why?

And the answer: The Los Angeles metropolitan press started it.

Yeah.

Well, who says so?

The committee that Gov. Warren appointed to investigate the riot says so, for one. You can throw in the NAACP Jr. Council, the Seniors, the Negro Victory Committee and the State CIO.

You will admit these are sources which generally have their wits about 'em.

HOW'S IT DONE?

How do newspapers start a riot?

The first thing to remember is that nothing, so help me, NOTHING on a newspaper happens by accident except upside down lines and then somebody accidentally gets fired.

There are guys in the United States of America who own whole fleets of newspapers. Most of them come under the heading of BIG BUSINESS magnates.

Generally speaking, they are stinkers.

Two very important ones are William Randolph Hearst and Roy Howard and between 'em this deuce of jerks dominate a good proportion of U. S. newsprint.

Hearst owns the Los Angeles Examiner and the Los Angeles Herald-Express.

Unaccustomed as I am to public speaking, may I herewith state that Hearst is a fascist.

He is a pillar of the American Fifth Column and he operates hand in glove with the Berlin Propoganda machine.

Impossible?

So was Quisling impossible . . .and Laval and Benedict Arnold. And so were the Russian Trotskyites (see, Mission to Moscow), who, until duly shot, all but crumbed the Russian deal.

THE PARTY LINE

The Nazi Party line has one basic idea: to divide and conquer.

When Mr. Hearst's Herald and Examiner start shouting about what litle hoodlums the Mexican kids are, brother, that's the party line in action!

We produce planes in Los Angeles . . . planes and ships. A nice riot in the shipyards . . . or a free-for-all at Douglas: what a triumph for Hitler!

But aren't the pachucos a life and death menace to the city?

What does the Governor's investigating committee say? Ka-wote:

"All juvenile delinquency has increased recently in Los Angeles. This includes crimes committed by youths of Mexican origin. But the fact is that the increase of delinquency in the case of youths of Mexican families has been **less than in the case of other national or racial groups and less than the average increase for the community.**"

In other words, Mexican "zoot suit hoodlums" are behaving, on the whole, better than the average kids throughout the city. The newspapers were lying.

Wanna back up and hit that again?

The papers WERE LYING.

That is how you start mob hysteria against a minority. You lie, like Hitler says, over and over, until people believe it, and forget that Mexicans, Negroes and whites alike are dying this minute on a lot of battlefields so that guys JUST LIKE HEARST will never get to rule the whole world.

As for the zoot suit—it was just something to hang the blame on.

If Mexican youth, as well as Negroes, like peg-pants, and if Mexican youth is less delinquent than average Los Angeles kids, it stands to reason that the zoot suits which these Mexican kids inhabit hold no mystic affinity with crime.

HAPPY MEMORIES . . . surround this photo. Above world-famed Capt. High Mulzac poses with C. Townsend Tucker, president of the Anti-Prejudice Society, and one of fighters for Mulzac's captaincy elevation. This week Tucker hailed contribution to United Nations unity scored by dissolution of the Communist International.

BRYANT PARTY IS A WOW!

One of the most outstanding parties of the season was that given by Miss Dorothy Bryant of West 35th Place, in honor of the charming bride-elect, Miss Louise Shanks of West 6th Avenue, and Mr. and Mrs. Phil Fortier, nee Marcia Pruitt Bowman, Sunday evening, June 6, at the home of Mrs. Costella (sweetie) Andrews.

Mr Fortier was on his seven-day furlough from Uncle Sam's Army. Miss Shanks is the bride-elect of Mr. Charles Collier Jr., of Berkeley.

The lovely cocktail and dinner party was served in buffet style.

Highlight of the party was the rendering of his many melodious compositions by Mr. Leon Rene, the composer of "When the Swallows Come Back to Capistrano." As ever, Mr. Rene captivated his audience with such hits as "Mexico Joy," "The Dusty Road" and many other selections. Mrs. Thelma Pruitt sang for the occasion.

Miss Shanks was lovely in an evening gown of red crepe with a corsage of orchids. Mrs. Fortier looked stunning in a gown of mulberry crepe with gardenias.

Graciously attired in black metallic lace and assisted by debonair Cliff Bennett, Miss Bryant received, as guests for the evening, Mrs. Leon Rene, Mr. and Mrs. Jimmie Garratt, nee Helen Duncan, Mr. J. Thornton, artist from Argentina, Mr. and Mrs. Edward Hurd, Mr. Cholly Moore, Mr. and Mrs. LeRoy Hilliard, nee Mae Turner Brooks, Mr. and Mrs. Cosby Turner of the City Housing, Miss Ursula Pruitt Adams, Mr. and Mrs. Norman Archer, Mr. and Mrs. George Dowby, Mr. Jerome Hatcher, Miss Alberta Dawson, Mrs. Cortez Strange, nee Cortez Ferguson, Miss Lolita Edwards, Mr. and Mrs. James Sherwood, Mr. and Mrs. Weldon Atkins, nee Grace Fisher, Miss Betty Walker, Miss Ceclia Evans and company, Mr. and Mrs. Curtis Moore, Mr. Charles Williams, Mr. James Turner, Miss Essie Ecter and the news columnist, Mr. Bill Smallwood.

The guests departed at eight-thirty, thanking their hostess for a lovely evening.

Daughter of Rancher Is Graduate

Among the 275 January, June and August graduates receiving degrees from Santa Barbara State College last Friday, June 11th was Miss Earline Hopkins, a member of the January division. Miss Hopkins is the daughter of Mr. and Mrs. Otto Hopkins, owners of one of the largest hog ranches in Santa Barbara County.

Miss Hopkins, a very charming girl, has made an enviable record both scholastically and socially in Santa Barbara. She has also been very active in church activities, having been Superintendent of the Second Baptist Sunday School for the past seven years.

For the past two years Miss Hopkins has been one of the twelve counselors, the only Negro student so selected, assisting new women on campus in their college adjustments. She has also been Service Chairman of the College Y. W. C. A. In December she was the official delegate to "Asilimar", the Y. W.-Y. M. C. A. Conference held in Berkeley, California.

Elzy Entertains 'Boys'

As an anti-climax to a complete conquest of the City of Seattle, where she had just completed a 7-day run starring in Gershwin's "Porgy and Bess", Ruby Elzy gave out with an impromptu song-concert for soldiers at the only all-negro Post here last Sunday morning.

JUDGE BULLOCK SPEAKS

Judge Georgia Bullock, appearing at the Youth Mass Meeting of First A. M. E. Zion Church last Sunday, at 11 o'clock services, gave a comprehensive report, pointing out in her analysis, with absolute accuracy, the very cores of evil that tend to nourish the growth of juvenile and adult delinquency.

"Generally speaking, it is the concensus of opinion that the increase in delinquency over the period of the last year and a half can be attributed to, first, social and emotional tendencies induced by war conditions. The delinquent youth is not always sufficiently developed or integrated to absorb the shock of war news and war feelings without some disturbance to his social and emotional stability," stated Judge Bullock.

"Second, the large number of mothers and fathers who are employed and therefore out of the home during the leisure hours of the child represent the major problem in effective child care and supervision.

"Almost the whole emphasis these days is on political and economic problems rather than socialization of law, added Judge Bullock.

Urging that proper housing and sanitation, adequate recreational facilities and supervised leadership of youth be provided, Judge Bullock called attention to the tragedy that would 'make our victory turn to ashes in our mouths,' when we discovered that our children had become delinquents, while we were busily engaged in war.

Mexican, Negro, White Youth Meet

Calling together church, fraternal and progressive youth groups from all sections of Los Angeles, the Mexican Youth Defense Committee and the Junior Council of the National Association for the Advancement of Colored People will sponsor a giant youth meeting tomorrow night at 8 p. m. in parlor B of the Hotel Alexandria, Fifth and Spring streets.

Called to form plans for youth mobilization against spreading race prejudice in the city, the young people's bodies will draft an outline for militant action designed along the lines of the committee report by Gov. Earl Warren's riot investigating body.

Mass distribution of a leaflet among white, Mexican and Negro youth groups is scheduled to be one of the meet's chief projects.

Jeanette Salvis, spokesman for the Mexican Youth Defense body, stated today, "All Los Angeles youth, in the face of last week's racial outbreaks, must assume its responsibility in striking at every form of race discrimination, for this discrimination is a weapon in the hands of America's enemies.

The weekly meeting of the Junior Council of the NAACP, held usually at 8 p. m. at the YMCA has been cancelled for tomorrow and all members are urged to attend the Hotel Alexandria meet.

John Kinloch, Council president, stated, "This unification meeting of city-wide youth is the best way of fighting riot and provocation to riot. We are loyal Americans, and we have a long record of knowing how to fight for our rights. All youth members must show up tomorrow night, Hotel Alexandria. This is OUR job!"

OT SUIT WAR! THE FIRST TIME in American history that racial flareups developed from a bizarre or fan- ic type of clothing that originated in the fancy of an ntion seeker, or the profit craving brain of a manu- urer. Yet there came the eras of tight-legged pants 900, the peg-top trousers with short box-back coats of 7; the 22 inch bell-bottom trousers of the roaring twen- , and various localized departures from the sensible, servative and neat in masculine adornment. So there st have been an undercurrent of racial antipathy to t the bloody outbreak, and believe it or leave it, the ers are merely smouldering. On the least excuse the l populace may again flame into lawlessness, after ing how easy it is to give vent to animal passions un- ntified in a raging mob.

"Bataan" At United Artists

"Bataan" now playing at the United Artists Theatre, 933 So. Broadway, is a melodramatic re-enactment of the last ditch stand of an American patrol detailed to guard a road in the Philippines following the exacuation of Manila. This film stands in the fore-ranks of dramatic fictional masterpieces telling of Americans on the battle fronts.

The story concerns a single operation, the holding of a pass, to delay the Japanese advance while the Army is falling back on Corregidor.

"A Stranger in Town" with Frank Morgan in the role of an irascible Supreme Court justice who battles a small town political ring is the second feature. Comedy moments are many and include the difficulties Morgan undergoes when he refuses to bribe the local game warden.

ANDREW TAYLOR EAST FOR "RUN LITTLE CHILLUN" START

For the first time since he came here in 1935 as a member of the famed Hall Johnson Choir, for the screen version of "Green Pastures", Andrew Taylor, concert baritone returns to New York tomorrow. He was called back for rehearsals of "Run Little Chillun", which reopens there next month. Taylor is to interpret the role he had in the original "Run Little Chillun", which showed for 18 weeks on Broadway before taking the road for tour through New Jersey and other western states.

The 1943 version of the spiritual-filled production, is sponsored by George Jessel, with Clarence Muse as director. Hall Johnson has been in New York for the past several weeks making advance preparations and selecting his singers. Taylor plays the part of Ebenezer Allen the local preacher. He has been a member of the Hall Johnson singers since 1931, sharing in their triumphs with the stage version of "Green Pastures".

He was also in the original "Porgy and Bess" and in "Four Saints in Three Acts," sensational musical fantasy by Gertrude Stines and Virgil Thompson, which opened Hartford, Conn. before starting on a successful run on 42nd street, New York. He also scored with Otis Skinner in his last play "Uncle Tom's Cabin", in which Skinner played the title role.

After graduating from Morehouse College, Taylor was awarded the highly valued Walter Steinberg scholarship, upon the recommendation of Giacomo Bourg, and under whom he had studied in New York. He also studied at Frederick Hayward's studio in Steinway Hall. The scholarship took him to Europe, where he advanced steadily and won much success in recitals on his return. For a number of these appearances, Gilbert Allen, widely known coast choir director was his pianist.

In singing roles since he came here Taylor has been in "Run Little Chillun," "Lost Horizon", "Way Down South", at RKO; Universals "Swanee River", starring Bobby Breen, besides both "Stormy Weather" and "Cabin in the Sky". One of his best liked stage roles was "America Sings", with Jules Bledsoe, a member of the notable cast.

Race Screen Stars Idle While Hollywood Ponders on Roles

By Harry Levette

Although there has been no public acknowledgement of the fact, most of the famous colored character actors, or comedians are getting a little worried over the lack of movie work for them. The public has begun to notice also that for a year they have seen little of Louise Beavers, Clarence Muse, Lillian Randolph, Theresa Harris and others in films.

Hollywood at this writing is still filled with a growing curiosity about the race and motion pictures. They are asking if it is true that we do not want to see our movie actors playing any parts at all as butlers, maids, cooks, coachmen, etc. although they frequently do in real life. They say that they are trying to live up to the promise they made to the Negro public, that they would not keep them typed, but they are at a loss what to do when theer are no parts like Lena Horne's in "Panama Hattie" and "I Dood It". Kenneth Spencer as a soldier in "Bataan Patrol", Caleb Peterson as a soldier in "Stage Door Canteen" Dooley Wilson, entertainer in "Casablanca"; Rex Ingram as a Sudanese Sergt. Major, the role he just finished in Columbia's "Sahara." In fact they're wondering if when the script calls for a colored servant, they hadn't better, make the character an Irish, Swedish, English or any other nationality but Negro. It would be rather tragic for Rochester, for instance, with his heavy financial obligations if Paramount, Columbia, and the other studios decide to wait until they could find roles different from those which made him famous. After all he was Jack Benny's chauffeur in "Buck Benny Rides Again" not his college chum, his fellow club member, nor his social companion. If he had been, he might not be rated as one of movieland's funniest, and most popular comedians.

It's letters that are causing the wonderment. Our folks are going in for writing letters of denunciation to the producers and directors about pictures they have seen that were made two and three years ago, before the "sterotype" promise was made. One fine director David Butler, always especially appreciative of the race and its actors, received a rather insulting one recently. According to some one very close to him, he is said to have become very angry, declaring that he could get along without using any colored players at all.

Take the very important role played by Mantan Moreland in "Cosmo Jones" as the "Dr. Watson" to an amateur "Sherlock Holmes". In the feature he was an apartment house janitor first until the detective insisted upon him helping him. Well in the original script, that janitor was a Sweede. But with Frankie Darro in the army, Mantan, who was always with him in avery picture, would have had long idle intervals. So they made the character colored, carefully checking the dialogue, so nothing offensive to the race would be in it, and the very clever comedian had a chance to make some more money.

Hollywood is wondering what kind of pictures do we want, and if they let our stars remain idle while they decide, it looks like some of the race will have to start building a studio or two, if they want our actors and singers to continue to contribute to the world of entertainment. The letter writers (usually uninformed about movies) should consult the artist concerned, or some one who knows, as to the proper approach before writing a harsh accusing blast.

Hollywood Learns We Have Faults Too

But Hollywood is finding out some things, it were better if they could have been kept out of their sight—that a considerable percentage of our folks, who by the hand of Providence happen to be fair-skinned, are themselves prejudiced against the darker ones—that there is a world of jealousy, and successful figures become the targets for attacks for no other reason—that some will sell out the race for "mess of pottage"; that when Dick Kahn's Hollywood Productions, Wm. Hackel's Supreme Pictures, Million Dollar productions, Jed Buell's Dixie National, and at least two other independent producers tried to pioneer in making all-colored cast pictures with doctors, lawyers, society folk etc., they did not get the support from the race that would enable them to enlarge and continue. The common remark was "Heck no, I don't want to see no gig pictures".

In July, 1931, in an incident Clarence has probably forgotten long ago I succeeded in stopping a flood of letters. Scores of local citizens were writing to the Los Angeles Daily News denouncing Clarence Muse, and calling him the most handkerchief-headed of all "Uncle Toms". And Muse whom many players blame for attempting to put Billy Rowe in a censor seat was in a real jam.

You see Eleanor Barnes, theatrical editor then, and really a wellmeaning person had published a long editorial on the Negroe's contribution to art, quoting Muse as saying that the Negro is better off without a musical education, or special dramatic training. Muse was very worried, being also rather new to Hollywood. But without even taking time to investigate whether she had quoted him correctly or not, I got busy with a long 20 inch article defending him, and quoting expressions he had made at the Artists Club to the contrary.

But I don't know what I can do about this new type of letter that is going to drive our famous established race artists out of work, unless they write again and explain themselves more clearly about the servant angle. It's a lead pipe cinch studios are not going to shoot Betty Grable, Dorothy Lamour, Lana Turner or Veronica Lake, in Rochester's or or Ben Carter's arms. Nor are they going to have Lena Horne, pretty as she may be, swooning in the embraces and 1000 film feet kisses of Robert Taylor, Errol Flynn or any of their other screen idols. And they're making the pictures you see. So Hollywood wants to know, "What kind of pictures do the Negroes want? Maybe you can tell them. I'll stand by and look on. I'm only a news hound, scribbling what happens, not a one-man censor board.

Soldiers Brand Pabst Salute As A Racket

Only Interested In Making Money, Is Boys' Charge

By RICHARD ROBINSON

WASHINGTON — (ANP) — Negro soldiers stationed in three large southern camps attacked the Pabst Blue Ribbon salute as a streamlined racket designed as entertainment for servicemen but only showing to soldiers when convenient between commercial appearances.

Ralph Cooper

They added that Camel cigarettes and many other national concerns had been bringing shows to the camps very often and did not go in for commercialism in any respect. Pabst Pabst Blue Ribbon, they stated, is a large concern and should show all camps without working in one-night stands. These one-night performances are booked near the army reservations and depend largely upon patronage from soldiers.

When the Ralph Cooper, Earl Hines, Louis Jordan combine was slated to show in Fort Bragg, they called off the performance on account of inability to reach the point in time but they managed to be in Raleigh 60 miles away in plenty of time to play one night stand where the price was $1.10 and 85c per person.

The "salute" soldiers say, originally was scheduled to be a money-making attraction and included the soldier appearance idea to attract the servicemen to them to the one-night performances.

Salute has done more to break the morale of Negro soldiers in these camps than lift it. Soldiers want to see leading sepia stars but would like to see them on the same basis that the white movie, stage and radio personalities. The Pabst concern can put a permanent road show on tour at all camps independently without stopping to book commercial dates.

day for the pro-fascist forces to do their dirty work.

It is not too late to clean house. Only the strongest measures taken at this time will prevent any further outbreaks of such shameful events.

Immediate steps must be taken by the Military Authorities to ferret out the forces responsible for stirring up the sailors and marines.

The FBI and Los Angeles Civic and Police authorities must investigate the Sinarquista movement in the Mexican community, which is a branch of the Spanish Falangist fascist group.

The Trade Unions, Church and Civic groups must work together with the Authorities to solve this problem.

Discrimination against Mexicans, Negroes and Jews —axis weapons — must be done away with. Racial bigotry has no place in a Democracy.

Definite programs must be planned and PUT INTO ACTION for the integration of every able bodied man and woman of every nationality and color into the war effort. Men and women in war jobs must be given equal opportunities for skilled work regardless of national origin or color.

The problem of housing for both the civilian population and the Servicemen on leave must be met immediately.

All of these problems are certainly not conducive to UNITY and without Unity there can be no VICTORY. Let's keep that in mind and OPEN UP THAT SECOND FRONT!

Down in Front

With J. CULLEN FENTRESS

LET'S HAVE NO QUIBBLING

When—and if—staged, there are two bouts to be made which figure to do capacity business. And old friend Hank Armstrong figures in both.

They'll do good business because in the past few days both have received publicity promoters couldn't hope for in dollars and cents.

First and foremost is the Armstrong-Willie Joyce fight which was scheduled originally for June 26 at Gilmore stadium.

The second is the one Dame Rumor has it that Mike Jacobs would like to stage outdoors in New York—Armstrong vs. Bob Montgomery.

Up to Friday night Joe Lynch, promoter of the on-again-off-again Armstrong-Joyce tiff, was feeling mighty fine. Hadn't Hank told him over the air from New York following his clean-cut win over former lightweight champion Sammy Angott that he was on his way to the coast for his date here?

Promoter Lynch had the miseries Saturday, however, as he received a wire from co-manager George Moore stating that Hank had sustained a lacerated mouth in the Angott battle and the bout scheduled with Joyce had to be postponed indefinitely.

The fight mob here agrees that had Hank sustained eye-cuts his camp had a postponement coming, but a lacerated mouth? No; a thousand times no! They figure such injuries heal in a week's time.

And so, the State Athletic Commission of California steps into the breach and dispatches a wire to manager Moore advising him to return here with Armstrong and submit to an examination, and, furthermore, that the commission will insist that Hank fight Joyce here, when he has recovered from his injuries, or be barred from ever fighting in his home state.

That wire, sent by chairman Jules Covey, appeared to have done the trick, for at last reports (at the time this is written) Covey has received a wire from Moore stating that Armstrong will leave for Los Angeles today; that he had eight stitches taken in his lower lip.

Meanwhile protomet Lynch told the press that the contract for Armstrong and Joyce calls for them to meet June 26 or any one of four succeeding Saturdays.

Final disposal of the Armstrong-Joyce fight will be made after Hank's arrival. And let that final disposition be above-board, on the level, with fairness to all parties concerned.

If Dame Rumor was, and is, correct, in saying that Mike Jacobs is after a Montgomery-Armstrong match as Hank's next let's face that fact, squelch it, and not take a back seat to Jacobs and his henchmen.

If the Armstrong-Joyce contract, made before the Angott-Armstrong battle, calls for Hank and Willie to meet here June 26 or at such other time agreeable to all parties concerned let that contract take precedence over any other (made or otherwise) involving Armstrong.

Imagine what would happen to a proposed lightweight title tourney, California-sponsored with the blessings of the National Boxing Association, if it's true that Jacobs wants Armstrong for Montgomery and California would allow "Uncle" Mike to tie up Hank before he fought Joyce!

It would be a helluva note! The California tourney would be but an empty shell, meaningless, hollow!

The amazing Armstrong has not only come back but, in truth, dominates the lightweight picture. His ring earnings are on the hefty side since he has drawn approximately $500,000 at the gate since he began his comeback campaign.

Add the publicity buildup, such as has taken place in the last few days, including his clear-cut victory over Angott, to an Armstrong-Joyce and Armstrong-Montgomery battle and one has a couple of attractions which together figure to do around $400,000!

Last Round Clinches Go For Maryland's Champion

Some 9,000 tense, wild-eyed boxing fans Tuesday night saw Luther (Slugger) White, Maryland's nomination for the lightweight championship of the world, come down the stretch like Count Fleet to take a close 10-round decision over Juan Zurita of Mexico at the Olympic auditorium.

Going into the 10th and final stanza, the fight was either gladiator's. The EAGLE score-card had White ahead by one point at the time.

Maryland's claimant to the lightweight toga had the house in an uproar, however, as he threw his attack into high gear to literally blow Zurita out of the ring. Rapid-fire rights and lefts to head and body had the high-ranking Mexican holding on. Had the bout been for 12 rounds most ringsiders were of the opinion that White would have scored a knockout.

The "Slugger" piled up his margin of victory in close. Zurita was hardly a match for him at close range, landing one punch to White's three to five. The highly regarded Mexican, however, scored effectively at long range, and in the fifth stanza opened a gash over White's right eye.

Until the 10th heat, Zurita had landed the heavier punches. In fact, these punches gave him a 6-5 margin in three of the four rounds this corner scored for him. The Mexican ace's best heat was the second when he shook the "Slugger" up several times with rights and lefts to the head.

7TH STRAIGHT WIN

The slam-bang duel was toe to to and head to headall the way with White seldom taking a backward step. Ever coming forward, White's best rounds were the sixth and last. It was in the 10th that he poured on the heat, having Zurita on the verge of a knockout.

Our point tally had White ahead 57 digits to 53.

The decision of referee Mushy Callahan and judges Bill Kershner and Benny Whitman was unanimous.

It was "Slugger's" seventh straight win since debuting in a California ring last March and doubtless his sternest test to date.

Acey Haynesworth, 169¾, who went into the Navy yesterday, outclassed Sgt. Gaston Miller, 167, and stopped his opponent in the fifth round following two knockdowns. It was the six-round semi-windup.

In the fours Enrique Bolanos, 122, knocked out Buddy Spencer, 121½, in the first round; Clay Roman, 164, technically knocked out Gene Washington, 168, in the fourth; and Gene Ronstead, 149½, decisioned Ike Blair, 149½, in the show opener.—J.C.F.

ON THE TURF

By Geo. A. Ramsey

CALIENTE, Mexico.—A crowd of about six thousand lovers of the Sport of Kings saw the favorites run like trained pigs Sunday, after two weeks in which only two favorites won.

Of the twelve race program, seven of the choices greeted the judge's circle, to claim the spoils hung up by Generalissimo Eddie Nealis.

The boys on the lawn took one of the worse beatings since the track has been re-opened. It seemed as though the public just set it in on the winning favorites and played good second and third choices that won.

Two real goodies were cut loose which nearly wrecked the ring. They were first starters at the meeting. One wos OSO Mac and the other was Invoice. Both horses won with plenty to spare.

Tiny Tim, one of the marathon champions, just played with his field in winning the mile and a half race by five lengths.

Cohigh, who has won the heart of the public, made it four in a row when she captured the ninth race in a photo finish. It was a great battle between Miller, riding Cohigh, and Gray, riding Gold Sun. The former won it in the last stride. Cohigh was the favorite and Gold Sun was second choice.

Ipako's handler made no mistakes today. With Little Charley Bianco in the saddle, Ipako opened at 8 to 1 and the wise one really set it in. At post time he was played down to 2½ to 1, paying in the mutuels $6.80 for $2.

Slappy proved that he is now ready to meet Vain Grove, champion of the border course. In the feature race of the day, he whipped some of the best sprinters that munch at Generalissimo Eddie Nealis' boarding grounds.

The daily double paid $89.80, while the Quiniela rewarded its backers $24.40. All in all, Judge Joe Walter had a great card of twelve races arranged for the fans. Next Sunday he plans to have even a better one.

Jockey honors were divided between A. Gray, C. Bianco and C. Miller. All three boys rode a double.

Well, there you have it folks, the news from South of the Border down Mexico way, where Agua Caliente makes you feel young and gay.

So, until this Sunday; have a little fun and keep buying U. S. War Stamp and Bonds. We can't afford to lack, until we get every one of those Japs. From California to Alabam, let's do all we can for Uncle Sam.

So long,— GEORGE.

CONWELL, KELLY NCAA STARS

EVANSTON, Ill., June 17—Ed Conwell, New York university dash star, was the standout colored performer in the National Collegiate Athletic association track and field championships Saturday.

The NYU sprinter was third to Hal Dais, California, in the 100, the winning time being 10s. He placed fourth in the 220, also won by Davis in 21.4s.

Bob Kelly, Illinois, was second, and Paul Ware of Prairie View, sixth, in the 440, which was won by Cliff Bourland, Southern California, in 48.5s.

Leonard Bates, also of NYU, nabbed a sixth in the discus throw, with a heave of 135 ft. 7 in.

JACK CHASE TKO'S MC COY

SAN DIEGO, June 17 — Jack Chase, former California middleweight champion, won an easy six-round technical knockout victory over Billy McCoy, San Francisco, in a scheduled 10-round bout here last Friday night.

Both weighed 158 pounds.

Chase was punching McCoy around the ring at will when the referee stopped the bout.

HUDSON, DREW MIX AT LEGION

Substituting for Carlos Malacara, Ligе Drew of New Orleans faces Cecil Hudson in the 10-round main event at Hollywood Legion stadium tomorrow night.

Malacara sustained an eye cut in a Mexico City fight last week and will be on the shelf for a spell.

Drew, a stiff hitter, has come fast in recent months, boasting knockouts over Tony Canelli, Midget Mexico and Baby Ward. He drew with Big Boy Hogue.

In recent fights Hudson drew with Jimmy Garrison and holds a win over Rodolfo Ramirez.

Paul Guerrero meets Ceferino Robleto in the six-round semi-wind-up.

Last week's stadium results had Elwood Romero, 116, scored a fluke 8-round kayo over Pedro Ramirez, 119, and Joe Robleto, 120¾, decisioned Bil. Hale, 127, in a double 10-round main event.

In the fours Chito Hernandez, 143, TKOed Ike Blair, 148, in three; Tommy Cornwall, 188½, knocked out Jack McBride, 170, in the first round; Ely Galento, 120, won by a TKO in the second round over Buddy Spencer, 121, and Ray Arregon, 134, drew with Bobby Taylor, 132.

POST OFFICE FACTS

"Many will entreat the favor of the prince: and every man is a friend of him that giveth gifts." Proverbs 19:6.

When one sees the way that judgment is passed by man it makes you wonder if insignifi- cant man is capable of being just. It is small wonder that one prophet wrote, "Consist- ency thou art a jewel." There were two incidents that hap- pened while I was employed at the Terminal that gave me food for thought. Cases such as these cause resentment in men's hearts that sear like the touch of a red hot iron. Employees seldom speak of these things openly but com- plain about them bitterly among themselves.

The real strength of a govern- ment or an organization lies in the loyalty which men feel to- ward their leaders. Men will not give their all when working un- der a tension. Usually these men will not produce any more than it takes to retain their positions. When there is no appreciation shown for effort expended there is no desire for one to extend himself. How often have I heard men say, "To hell with working myself todeath; you don't get any credit for it. They don't ap- preciate what you do anyhow. Look at so-and-so, he doesn't do anything and gets away with murder, he gets the same pay as I do." Leaders who fail to recog- nize good workmanship slowly but surely break down the mo- rale of employees. If the govern- ment ever needed honest and in- telligent leadership it is now. With the grave shortage of man- power we must obtain the maxi- mum production with a mini- mum personnel.

During the Christmas rush it fell my lot to work with one of the characters from Main Street. He was one ofthose indi- viduals who had drunk so much until liquor had become a necessity. He could not sleep without partaking of it and had to haveán eyeopener to straighten himself out in the morning. This person in ques- tion would leave the office every morning about 10 o'clock and purchase a pint of potent liquid. He would nip on this until about 1 o'clock and then he needed another pint to set- tle his nerves so he could carry on. He told me he purchased another one on his way home so that he could sleep. These purchases were made on gov- ernment time in spite of the fact that one is not supposed to leave premises without per- mission. With the offensive breath and a never-ending ran- dom conversation it did not take a crystal gazer to tell what was wrong with him. In spite of all this no one ever questioned him. One day when he had about two pints under his belt he asked me, "Do you know Heine? He's a swell guy," he continued, "he and I used to soldier together; he's a personal friend of mine. No- body can't roust me around, all I got to do is to tell Heine and he'll tell them where to head in."

The disciplinary action in the case of this employee and two others that I knew was quite different. There were two employees who used to keep the outside and front of the Terminal clean. Their work consisted in washing the side- walks and steps of the build- ing, sweeping the walks, keep- ing all the paper picked up around the building, and cleaning and polishing the bronze.

Much of their assignments re- quired them to work in water. During certain seasons of the year it gets very chilly at 4 o'clock in the morning. These men were charged with negli- gence of duty because they were found resting out of the cold one morning. It was said, they rested their eyes for a few minutes, maybe they did, and maybe they didn't. Let us look at their side. For $1200 per year, they rise at 3 a. m. and encounter all kinds of weather.

It is very difficult to keep re- liable men onthis assignment. These men were very punctual, and keptt heir assignments up. Their efficiency rating was very high. Their salaries were so small that they had to do part time work to make ends meet.

It is any wonder that they would relax from the cold under these conditions. Does it seem fair to have given these men 100 demerits each? How do you think these men felt intheir hearts? "Why bat at a gnat and swallow a samel?" "Judge not lest ye be judged."

All Edison service in these wartimes is war service. In a total war in which everyone, fighter, war worker and civilian, is mobilized, all of the electricity we deliver helps out in the war effort.

Serving war production of all kinds, and including the many Southern California Army and Navy establishments, the Edison Com- pany in 1942 furnished the equivalent in electric power of at least 10,000,000 man- years of energy.

This company takes pride in its war service. We are proud that despite the greatly in- creased service load, increased wages and other higher operating costs—and a large in- crease in taxes—there has been no increase in the cost of power to our consumers.

And there has been no rationing of elec- tricity. In response to every call for electric service we have responded promptly, "Present and ready for duty."

Names in the news: If you did not notice you should have, for last Friday's dance at the Field, brought quite a few celebrities from here and there. . . . Mrs. Nicholas Dancer, mother of the Nicholas brothers dance team, motored from Elsinore with a car load of girls, among them was Ruby Golden, N. Y. dancer. Bernice Eblon, a favorite in sorority and social circles, who was weekend guest at the Field, also Gwen Valentine A. W. V. S. The Tuesday Night Organization dance given by a March Field unit went over with a bang. The dance ended with Miss Barbara Syville, and Private La-Verne Hunt doing some fine rug cutting. Also I must not forget to mention that Pvt. Hunt does some fine acrobatic hoof routines. . . . There has been an addition to the talent list at the Field. He is none other than Slim Gallard, formerly of the Slim and Slam Aggregation, who introduced to you such song hits as, Flat Foot Floogie, etc. . . . I am sure Slim will be just the right man for the Fess Jones Combo. . . . Allow me to make an abrupt end on our musical subject, and tell you of a few lads in the sport world. . . . Frank Batiste, orogin-ally from Tucson, Arizona, are doing a swell job in the track meets. So let us cheer them on. . . . "Oh" let me tell you about one of our forgotten lads out here. S Sgt. Wilford Webster, another leather pusher, chalked up five victims, and then hung up his gloves to give Uncle Sam a couple of months of his time. The Sgt. will again don the gloves Thursday of this week.

(Continued from Page 1)

terror had been launched by Mexican pachuco youth.

According to the county probation department, the Los Angeles juvenile court, and, more recently, according to Gov. Warren's riot investigating committee, juvenile delinquency in the Mexican community is below the average of the whole city.

Here, then, is the truth: Mexican youngsters are less delinquent than the average youth of the whole city. In the face of monstrous living conditions in the Mexican community, this is an accomplishment for which the youth of that community are to be congratulated. Instead, however, these young people were set upon in a deliberate press smear campaign.

It is shameful to note that the Los Angeles Times and the Daily News gleefully joined in the Hearst press drive against the Mexican and Negro zoot suiters.

Day after day, week after week, the lies of Hitler's Los Angeles propaganda organs were repeated.

Last week, the fascist objective was attained. Servicemen rioted against zoot suit Mexican and Negro youth.

While metropolitan papers assured the city that servicemen were restoring order, "taking over the situation"—"putting the zoot suit mobsters in their places"—while these elaborate lies were daily spun through column after column of disgraceful falsehood, the Mexican and Negro communities were subjected to a terror spree reminiscent of Nazi mobs or the lynch fiends of Dixie America.

I live in the heart of the Eastside so-called black belt. I did not secure my knowledge of the riot conditions from anybody's report. I saw it. I was in the middle of it.

Negro and Mexican boys were chased like rabbits through the streets of the Eastside. The city police aided soldiers and sailors and assaulted groups of Mexican boys. Youngsters were yanked off street cars, out of shows and off the streets for the awful crime of wearing the kind of clothes they want. A number were not dressed in zoot suits.

One of the most shocking cases was that of a young defense worker whose eye was gouged out by the mob.

Fortunately, the heroic efforts of the Negro and Mexican communities along with those public spirited citizens who came to their defense warded off the real objective of the Hitler riot campaign. What was desired was a major race riot. It was to have broken out within the shipyards and aircraft plants of the city. It was to have disrupted all war production in the county for an indefinite period.

It is also important to understand that our Los Angeles rioting was part and parcel of interracial disturbances provoked by fascist sources all over the nation: a Ku Klux Klan strike at the Detroit Packard plant; dissension between New York police and Negro "muggers"—the smear word used in the place of "zoot suit" by the New York Hearst papers . . . and so on down the line.

I am glad to state that Los Angeles' first reaction to the riot situation here has been a healthy, patriotic one. The governor's investigating committee has struck severe blows against press distortions and race prejudice generally.

However, the major task lays ahead. The disruption of our war effort is Hitler's game. Cementing of national unity is thus the responsibility of all patriotic citizens. We must vigorously sweep aside the violations of democracy upon which our fascist enemies build their whole program of disunity.

Employment discrimination against Mexican and Negro youth is a key boulder in the way of national unity in Los Angeles. Housing congestion in the Negro and Mexican community is another shocking menace. Race restrictions against occupancy of non-Caucasians exist in ninety-five per cent of Los Angeles' neighborhoods. This figure is no exaggeration.

A standing incitement to dissention and possibly riot is the policy of race discrimination practiced by the Los Angeles Railway company, which, in the face of presidential order, still refuses to hire Negro and Mexican motormen—preferring to tie up vital war traffic thruout the city.

Thees are a few of the jobs to be done so that Los Angeles may play its fullest role in this war for freedom.

The Axis barbarians lay open to the knock-out punch. We cannot, we must not permit our city to hold back the blow of all the anti-fascist peoples of the earth!

The NEWS REEL

By HARRY MORGAN

It used to be said that the hand that rocks the cradle rules the world—and the ladies are out to make this look like an understatement. They have put down their teacups and bridge cards and are taking over industry the way the United Nations' team took over the Axis in North Africa. On the military front the WAACS have done such a neat job the Army wants 350,000 military co-eds. There are 60,000 lady soldiers on the job now—and 90,000 are needed by July 1. If you have the qualifications and think you'd look good in khaki the WAAC recruiting offices have a big welcome mat in front of the door.

Locksmiths are urging people to hang on to their keys because of metal shortages. They say love laughs at locksmiths—but war seems to laugh even louder.

It's no laughing matter when you find yourself out on a limb when an unexpected gathering finds you without adequate refreshments. Prepare yourself for any impromptu event—keep well supplied with liquor, wine or beer from The House of Morgan, 2729 Central Ave. We have the largest selection in the city and our cash and carry plan assures you of higher quality at less cost.

Gov.'s Body Hits Bias

(Continued from Page 1)

been the failure properly to present the facts."

The city police department came in for its share of drubbing when the Governor's committee, including one Negro representative, Atty. Walter Gordon, of Berkeley, pointedly contended, "Mass arrests, drag-net raids and other wholesale classifications of groups of people are based on false premises and tend merely to aggravate the situation. Any American citizen suspected of crime is entitled to be treated as an individual, to be indicted as such, and to be tried, both at law and in the forum of public opinion, on his merits or errors, regardless of race, color, creed or the **kind of clothes he wears."**

The Committee report courageously charged that social conditions in the Mexican community were largely responsible for juvenile delinquency. However, it was pointed out that, despite special provocation, the increase in delinquency among young Mexicans has been **"less than the average increase of the community".**

Housing congestion, job discrimination and segregation were listed as causes behind anti-social actions of some wayward Mexican and Negro youth.

Basic recommendation of the committee report was the demand for the end of all racial discrimination in the use of "public facilities".

This assertion struck bodly at a wave of Southernism engulfing most of Los Angeles public entertainment projects. Discrimination against Mexican and Negro youth in places of public entertainment has recently bounded upward.

The first specific recommendations of the commitee struck the city police and press right between the eyes.

No. 1—Arrests for criminal or gang activity should be made without undue emphasis on members of minority groups.

No. 2—The cooperation of the press should be solicited in minimizing the publication of the names or pictures of youthful delinquents.

The report also asked an increase in Spanish speaking police personnel and encouraged Los Angeles lawyers to continue free defense of minority group youth whose civil liberties may be violated in police zoot suit arrests.

Full text of the sensational committee report will be found on page 3-A.

Members of the five-man investigating body included Joseph T. McGucken, chairman, auxiliary Bishop of Los Angeles; Dr. Willsie Martin, of Wilshire Methodist church; Karl Holton, member of the Youth Correction Authority; Atty. Walter Gordon; and motion picture actor, Leo Carillo.

the Packard Company management."

Walter White accused fascist forces of attempting to stir riots in Detroit, uttering words which became overnight applicable to Los Angeles.

He said, "A riot today in Detroit or any other American city would not only injure morale at home, but would be broadcast throughout the Pacific to colored peoples there to turn them further toward Japan and against ourselves. That is why those in high place or low who are responsible for strikes, work stoppages or slowdowns to keep qualified Negroes from working or being upgraded must be stopped now before they cause AMERICA TO LOSE THIS WAR."

ARMY IS MAIN TARGET

Main target of the special meet was the demand for swift action to end discrimination and segregation in the armed forces.

Dean William Hastie, who resigned from the office of Gen. Marshall in protest against Jim-Crow in the army air corps, struck boldly at the Jim-Crow practice.

A Statement to the Nation from the conference was drafted. National officers of the organization intend to present it personally to President Rooveselt.

Salient points of the epic statement follow:

"The treatment of Negroes in the Armed Services is marked by daily subjection to the indignities of segregation and discrimination, with a constant recurrence of brutalities by civilian and military police. This evil condition reaches into the homes and hearts of every American Negro. It constitutes a serious and continuously existing breach in our national unity and is naturally reducing the spirit and morale of the Negro citizen. It also furnishes material for Axis propaganda.

"The continued ill treatment of Negroes in uniform both on military reservations and in many civilian communities is disgraceful. Negroes in the uniform of the nation have been beaten, mobbed, killed, and lynched.

"Discrimination is serious and rampant. In spite of the need for flyers only a few Negroes have been accepted in a segregated section of the Air Corps. There are no Negro commissioned officers in the Navy, Marine Corps and Coast Guard. Negro women have not been admitted to the WAVES and SPARS in spite of their excellent showing as WAAC's. Negro soldiers frequently are denied equal opportunities for transportation facilities, although this is strictly contrary to law.

"Segregation is the iron clad rule in the armed forces except in the officers candidate school. Yet it is practiced against no other racial group.

The NAACP stands wholeheartedly behind the government of the United States for the prosecution of the war to compleet victory and an enduring peace. Among the rights guaranteed by its Constitution to all citizens of the United States is equality of opportunity which includes the right to work and to earn a living, qualified only by fitness for the job with no exception based on race, creed, color, or national origin. The government of our United States must observe this right and set the example through its own employment policies and the policies of Federal agencies.

We condemn the practice of our government in permitting both direct and indirect violations of the letter and spirit of the rules of the Civil Service Commission resulting in employment discriminating because of race, creed, color or national origin. We equally condemn the policy of the United States Employment Service in aiding and abetting discrimination through the application of sections three, four, and five of the U.S.E.S. Bulletin C-45 issued July 1, 1942. We further deplore the failure of the Office of Education and other Federal agencies to accord to Negro youths opportunities for defense training on an equal basis with all other youth.

We believe that the spirit and letter of Executive Order 8802 as amended by Order 9346 should be fully enforced. To that end, we urge that the Fair Employment Practice Committee shall make adequate appropriations for the enlargement of its field personnel who shall be subject only to the committee. We urge the establishment of Regional offices, under the committee, throughout the nation. We urge the immediate appointment of competent, fair-minded persons to the committee. We further urge the holding of public hearings on discrimination in transportation and war industries including the rescheduling of the railroad, Washington Capital Transit and Detroit hearings.

We commend the upgrading policies established by some unions for full integration of Negro labor in industry. We urge similar action on the part of other unions for the preservation of unity in labor ranks now threatened by interests inimical to the war efforts of our country and its allies.

We condemn those branches of organized labor which, whether by constitutional prescription or ritualistic practice, deny membership to persons on account of race, color, creed or national origin.

Likewise we condemn the abominable practice of some labor organizations in setting up "auxiliary" unions for Negro workers. As a means of protecting their rights as workers we urge Negroes everywhere to become full-fledged members of organized labor on a basis of equality with all other workers.

We feel that at present there is no need for conscription of labor because there are still thousands of men and women of various minority groups in the country who have not yet been given jobs commensurate with their skills. We oppose specifically the Austin-Wadsworth bill now pending in Congress.

We condemn the policies and directives of Federal agencies which authorize the freezing of industrial and agricultural workers in a manner which permits arbitrary and discriminatory application of such policies and directives solely on the basis of race, color, creed, and national origin."

Representing the senior branch of the Los Angeles branch at Detroit was James Anderson, AFL figure; while the Junior Council sent its vice-president, John Oscar Hayes.

Negro Victory Committee at Independent Church of Christ, Sunday, May 30, where a pointed demand for identification and prosecution of the brutal officer was raised.

Tuesday of last week there was a show-up of all detectives at Newton street police station. Harrison pointed out Det. Wood. Watson, who witnessed the beating, went into the show-up room after Harrison, without speaking a word to him, and identified the same detective.

Since that time no action against Wood has been carried through by the District Attorney's office, Victory Committee spokesmen stressed today.

"A guarantee of civil peace in this community is the demand for proper, legal punishment of those who violate the law—whether they are Negroes or police detectives. Thousands of patriotic Negro citizens demand real action in this case!" said a Victory Committee statement.

ting their rights as workers, we urge Negroes everywhere to become full fledged mem- bers of organized labor on a basis of equality with all other workers, we urge Negroes everywhere to become full fledged members of organized labor on a basis of equality with all other workers."

That statement, coming from the national confab of America's major Negro-rights body, ought to bury the hankey-head handful of Jim-Crow Negroes on the Boilermakers 'auxiliary' pay-roll once and for all, observers here believe.

URGENT TELEGRAMS

Wires to the President, the War Manpower Commission and the FEPC sent this week by the shipyard workers group follow:

"Gentlemen we are caling your attention to critical con- ditions developing in Californ- nia Ship, Western Pipe and Steel, and consolidated Ship- Yards all located Wilmington, California. Executives of Boiler Makers Local 92, AF of L, mainly E. V. Blackwell, Fi- nancial Secretary and Interna- tional Representative are res- ponsible for promoting policies of flagrant racial discrimina- tion against negro workers em- ployed in the above mentioned ship yards. Negroes employed in the boiler makers trade are required to pay dues and ini- tiation fees at the Boiler Makers Union as a condition of remaining on the job but are denied entrance into regu- lar Boiler Makers meeting, the right to vote and express opin- ion in those meetings. Mexi- cans, Chinese, Italians, Ger- mans, and Phillipinos, etc., are awarded full membership privi- leges while American Negroes are denied such privileges. This policy is demoralizing and confusing to Negro work- ers, and also white workers.

This policy is in direct oppo- sition to executive order 8802. A crisis is rapidly developing because Negro Boiler Makers are spontaneously refusing to pay dues into the Union be- cause of aforementioned Union discrimination against their race. We are sincere in our position that we do not want to see production in the ship yard industry interrupted. We are alarmed at the arbitrary position of E. V. Blackwell, who declared on June 8th that the Negroes will be removed from the job for refusing to pay membership dues into Boiler Makers Union.

There are several thousand Negroes employed in the three yards. This condition raises the threat of a serious man- power shortage and disruption of ship production. We beg that your agency intervene in the situation immediately. This committee is a representative body of Negro workers em- ployed in Calship, Western Pipe and Steel, Consolidated Ship Yards.

Please answer at earliest convenience.

I TAKE THE PEOPLE'S SIDE

By M. Moran Weston

The following is a synopsis of two addresses delivered by this columnist in Rochester, N. Y., in connection with Memorial Day Celebrations of the 18th Annual Convention of the New York State Association of the ELKS. One was at the Douglass Mem- orial in Lilac Park. The subject: THE ROAD TO VICTORY IS THE ROAD TO FREEDOM.

"On this Memorial Day, 'the mystic chords of memory' stretch into the distant past and fill our hearts and minds with pride and appreciation for the honored dead who have not mounted their lives, so precious to themselves, too, great a sacrifice to help cre- ate the America we love, the America we are fighting to build into a democracy of peace, friendship and security. We can feel a pride which no other na- tion can, because the graves of our hallowed dead are filled with heroes of every race . . . Today we rededicate ourselves to finish the job they have so nobly begun. . . . That is to create a nation of liberty, justice and equality for all . . . Crispus Attucks, the run- away slave, the Boston long- shoreman, who won his own freedom as are thousands of "refugees" from Hitler's Europe today, the first American to give his life for a free America, is a lasting symbol of the friendship for which America at its best stands . . . Our re-dedication to- day means we give uncondition- ally of ourselves, our lives, our fortunes, our all for uncondition- al victory . . .

"Our American Revolution of 1775 touched off a wave of revo- lutions of the Common People of many nations for freedom, for democracy . . . France in 1891 . . . Germany and South America in the 1848's . . . our own Civil War of 1861 . . . Russia in 1917 . . . Each pushed out the frontiers of free- dom to include more and more of the little people like ourselves . . . This inspiring thought is match- ed by another, which should in- spire all Americans. That thought is that black Americans, from Boston Common to Guadal- canal and Tunisia, have paid their full price to make this ideal of liberty a living fact. They have done this despite jimcrow, despite painful humiliations of forced segregation and ignor- ance. . . . This global war is be- ing fought on the one side by men who believe in this ideal, however imperfectly they follow it; and on the other side by men who seek to rule the world by force and violence . . . These evil foes of freedom and humanity seek to divide and conquer, using their devilish theories of racial supremacy to justify their hate- ful ambitions.

"Victory of our country in this great war against Hitlerism is the first concern of all loyal Americans. And we are second to none in our proven loyalty . . . However, we know that uncondi- tional victory and lasting peace can be won only if all Americans unite, undivided by lines of race, class, religion or nationality, to produce the guns, planes, tanks and food which will enable our armed forces and those of our Allies to whip Hitler, Tojo and Mussolini to their knees. Those men in America who stand in the way of such invincible unity, who seek to divide Americans ac- cording to race, color or creed, they aid Hitler. They must be swept aside in the interest of the common good . . . Negro Ameri- cans know that this is their war. They are fighting it as such. But they know that many things are wrong in America. They also know that they together with other Americans must change these things . . . We have a pro- gram to help build this unity, to help win the war. We aim to remove, with the help chiefly of organized labor, with the aid of all Americans who learn that all must be free or all slaves, the bottlenecks of discrimination, jimcrow, violence which bear so heavily upon Negro Americans, which isolate them from the full war effort. . . . We have, there- fore, our seven-point program: a Fair Employment Practice Com- mittee which will get rid of dis- crimination in war industries and training; immediate passage of the anti-poll tax bill and of an anti-lynching bill; prosecu- tion of the pro-fascist 'White Su- premacy' Leagues and Ku Klux Klan for treason; abolition of ra- cial bias in the armed forces, the press, radio, movies; end of po- lice brutality; end of discrimina- tion in jobs, training and hous- ing . . . We say action on this program must go hand in hand with buying bonds, enforcing price regulations . . . with win- ning the war.

"Many changes are taking place as our country organizes for victory, changes which are bringing new freedoms to Negro Americans, to all Americans . . . The passage of the anti-poll tax bill in the House on May 25 was such a change . . . In President Roosevelt's and our Government's invitation to President Barclay, in the cordial reception and hon- ors accorded Mr. Barclay, we, the people, won a great victory for decency, for equality. We struck terror in the heart of Hitler for these acts spell the doom of ra- cial supremacy baloney . . . We rebuked with the eloquence of action those here in America who sympathize with Hitler and follow his racial theories . . . The statue of the great humanitarian, Frederick Douglass, standing on this sloping hill in Lilac Park is a symbol of the nobler traditions of unity and friendship between black and white America . . . for this statue was placed there by ALL of the citizens of Rochester not by Negroes alone . . . and as I stand in front of this statue of a great American and look out to you who have come to honor ourselves by paying tribute to the Great Liberator, I know that the changing America of our day is an America whose feet are firmly driving down the road to victory which is the road to freedom . . ."

"Facing the rising sun
Of our new day begun
Let us march on
Till Victory is won."

against America's war for survival".

The National Federation for Constitutional Liberties said to- day that the "poison press" of fascist elements in Los Angeles had provoked the riot condition and asked the Office of War Information for immediate action against the papers.

The Labor Herald, State organ of the California CIO, had this to say:

"It must be great news in Berlin, Rome and Tokyo. To bal- ance the reports of Allied lam- basting of the Mediterranean is- lands, the Axis can happily scan reports of a great blow against United Nations unity — the so- caled "zoot suit" race riots rag- ing in and about Los Angeles.

"The lynch-minded mobs in- vading the Mexican and Negro districts are destroying national unity and have endangered our relationship with the Mexican government.

"We have a war to fight against the hatemongers of other lands. The prerequisite for win- ning it is complete eradication

"We have a war to fight against the hate-mongers of other lands. The prerequisite for winning it is complete eradication of racial discrimi- nation. Let's get on with the job!"

NEGRO YOUTH SYMPHONY ORGANIZES

An invitation to join the Negro Youth Symphony Orchestra, of- fering a rare cultural opportunity to the youth of Los Angeles and vicinity, comes from Laura Arch- era, young virtuosa who made her American debut at Carnegie Hall where she was featured soloist with the New ork Wom- en's Symphony Orchestra.

Now in America after a suc- cessful tour of Europe, widely ac- claimed by our foremost critics, Laura Archera, who has had ex- tensive experience as a conductor of classical music, is convinced that the abundant musical talent of Negroes should embrace all types of music. She has chosen California because it is a fertile source of talent and because it offers, through motion picture studios and radio, the best op- portunities for the advancement of this project.

Only young people with suf- ficient musical background and training will be admitted into the Negro Youth Symphony.

All interested young people are asked to send a post card with name, address, telephone and instrument played to Negro Youth Symphony, 3210 Deronda Drive, Hollywood 28, California.

ATMOSPHERE

God's wonders are many, but have we ever stopped to consider the "Air" we breathe? This is the name given to the element in which all humans, plants, and animals would perish and cease to exist if it were to be removed from this earth.

This important element is a mixture of several gasses, and can be weighed, compressed and expanded. A person can go weeks without food, days without water, but only a few minutes without air. Nothing could grow, therefore we would have no substance.

"Air," when put under extreme pressure is transformed into a liquid, but is so cold that a kettle of it placed on a cake of ice will boil. When air is in motion it is termed "Wind." Although invisible, air in motion can be very destructive, such as tornadoes and wind storms. It can propel machinery, turn mills to pump water and grind feed.

• • •

R. T.—Dear Prof. Herman: My marriage was becoming a complete failure and I was on the verge of obtaining a divorce, until a friend of mine advised me to write to you. Through your guidance and help, I have been able to salvage my marriage and find happiness with my husband. I will be eternally grateful to you for the help you have given me.

• • •

B. W.—Should I carry out my plans?

Ans.—Concentrating upon your question, I find that you are planning to marry in the near future. Your lucky stars and guiding planet indicate a bright future for you, so carry out your plans to marry, and have confidence within yourself that it will be a happy and succesful marriage.

• • •

E. D.—What is the oldest branch of the U. S. Military service?

Ans.—The Marine Corps is the oldest branch of the U. S. Military service, first organized Nov. 10, 1775. It is under the direction of the Sec. of the Navy, and the corps as a whole is a complete, small army.

• • •

G. H.—Does he love me?

Ans.—I find that your husband loves you dearly, my friend, and is making every effort to make you happy. Do not doubt his love for you, and cooperate with him in every way to make your home happy.

• • •

V. C.—Who took my gun?

Ans.—Probing into the matter, I find that you told one of your friends where you keep your gun, and this friend took advantage of this information. In the future, be careful with whom you associate and be discreet about your own personal business.

• • •

W. H.—Dear Sir: I have been using your products for the past two years and through their use, I have found peace of mind and contentment. Your Prayer and Meditation Combination has helped me to find happiness, and my faith has been restored in myself and all mankind. I will tell my frjends about your wonderful work.

• • •

M. E.—Will I become a mother?

Ans.—The nature of your question requires a private reply. I suggest that you send for one at your earliest convenience.

• • •

T. R.—Will I be successful?

Ans.—It is revealed to me that you are now in training to become an Army Nurse. According to your Zodiacal sign, you are destined to be successful in your undertakings, and through your determination to make good, you will be a successful nurse.

• • •

G. R.—Will he marry me?

Ans.—After a careful study of your question, I find you are wondering if your soldier boy friend will keep his promise. I vision that marriage will be the result of your friendship with this boy, and the marriage will take place in the near future.

• • •

L. K.—I have read your column every week, Prof. Herman, and I would like for you to answer this question for me. Will I be lucky?

Ans.—My Psycho-Mentalist Crystal indicates the fact that your luck will improve, and you will accomplish your desires in life. Look toward the future with hope and renewed courage.

Monrovia News

The Community Baptist Sunday School opened on time, with a very good attendance. The morning service was well-attended also. The pastor delivered the morning message to an anxious congregation, subject of the message being "The evidence of True Wisdom."

The Children's Day program was rendered at 8 p. m. Mrs. DeVance and Brother J. Wallace rendered solos. Estell and Bermie Vance gave recitations and a paper was read by Mrs. Louise Oatis. There were several visitors at the meeting.

Next Sunday will be Men's Day. Rev. W. H. Hughes will preach at the morning service. Rev. G. A. Miller and his people from Second Baptist Church in Alhambra will worship with us at 3 p. m. The men will render a program of local talent at 8 p. m. Free meals will be served after the morning service. Everyone is welcome and invited to these services.

Bethel A. M. E. Church is giving a Turkey dinner on Friday, beginning at noon, under the auspices of the Woman's Day Club of that Church.

Landmark Lodge had an initiation last Saturday night, at which time a number of men were given their first degree.

Mrs. M. Carter of 412 East Maple is in bed sick. Mrs. Roena Thompson is also confined with a very bad cold.

Last Thursday, tragedy came to the home of Mrs. Lucille Tonsills of Walnut Avenue, when her soldier-husband shot and killed himself. The late Private Tonsills was to be sent overseas some time in the near future. Deciding that before he would go overseas he would prefer to kill himself, his wife and baby, he arrived home Thursday from Camp Hahn in Riverside.

The camp authorities had wired the police department in Monrovia as to Private Tonsills intentions. The police in Monrovia went to his house and found him at home. One of the policemen inquired about his gun and was informed that it was outside in the truck. While one of the policemen went out to get the gun, the other remained in the house, litle suspecting a suicide would be committed. Private Tonsills went into the bathroom and killed himself.

The fortunate thing is that his wife and baby were not in the house when he arrived, for had they been, they too would have been killed. There would have been three deaths instead of one.

Private Tonsills' body was sent back to his home in Texas.

AWVS NEWS

Monday, June 7, a group of AWVS members and friends attended a Dinner-Dance in Burbank as the guests of the 74th Chemical Co. Earlier in the day, Joe Louis and other members of "This Is the Army" put on a show for the servicemen and their guests. After which a very sumptuous feast was served. The dancing took place on an outdoor platform.

Tuesday, June 8, the girls were guests of the servicemen in Downey. Highlights of the evening: movies, a very enjoyable dinner, and a lovely dance.

Sunday morning, the servicemen were served breakfast at the Center, under the faithful care of Sister Ada Russell, and with the help of Mesdames Lucille Henderson, Sarah Lews, and Clara Brown. These Sunday morning breakfasts are free to all servicemen, from 8:00 til 10:00 a. m.

Sunday evening, the Fifth Avenue Girls took over the Snack Bar for the servicemen, and served punch, coffee, sandwiches, and delicious home-made cakes. Junior hostesses were on hand to dance with the servicemen, or play the various games. Special guests for the affair were 20 men from Tonapah, Nev., with Mstr. Sgt. John P. Gueringer in charge. This was the first entertainment these servicemen have had, since they are stationed a million miles from civilization! They were so grateful, they were unable to express their utmost thanks. Here's hoping they may come again.

The AWVS wishes to thank the following persons for their gracious donations: Women's Civic Luncheon Club, Mr. Baron Lawson, London Bridge Club, Excelsoir Girls' Club, December Club, Mrs. Wilson, Mrs. R. Johnson, Mrs. Margaret Hairston, Godmother's Guild, Allied Arts League, and the Gay Matrons.

Real Estate business is a profession, and should be dealt with accordingly. So here are ten points that might help. (Quote:)

Ten Commandments of Selling

1.—BE Agreeable. If your voice is disagreeable and your manner of speech indistinct, see specialists. And remember I like to be sunny, but I don't want to get freckles.
2.—KNOW Your Goods. And when you tell me anything, talk plainly. Most salesmen lack imagination. They cannot conceive of the extent of my ignorance.
3.—DON'T Argue. When you argue with a man, you are trying to push him. He may be weak and pretend to be convinced. Overnight he will change.
4.—MAKE It Plain. Get a grasp on the fellow with whom you are talking. Do not get out that little book that will puzzle him. Answer his questions without looking at your books, charts and tables.
5.—TELL The Truth. By the law of average, honesty gives the greatest profits. If you are working for a concern where you cannot tell the truth, quit and go elsewhere.
6.—BE Dependable. If you tell a man you are going to do a thing, do it if it costs a leg.
7.—REMEMBER Names and Faces. Don't call me Green when my name is Crane. I am sensitive about my name. Don't call me Mister if my title is Doctor. Don't call me Colonel, Major.
8.—DON'T Be Egotistical. I am. You must not be. Don't show off. You came to sell me something, not to make a good impression. Magnify my ego, not yours.
9.—THINK Success. Radiate prosperity. Do not mention calamities, dirges, operations, funerals. Be a Pollyana—without however being a bore.
10.—BE Human. If the company merely wanted to disseminate information they would use a catalog—not you. (Unquote).

THIRTY DEAD—DETROIT!

NATION UNITES TO HALT RIOTS SWEEPING FROM COAST TO COAST

SPECIAL—EXCLUSIVE!

TELEPHOTO RIOT SCENES

RIOT FURY . . . at its height, as the mob set ablaze this car driven by a Negro in the streets of Detroit.

THE KU KLUX KLAN led riot mob which surged through Detroit is in high gear in this teletype photo rushed to The EAGLE. Arrow shows hapless Negro lad.

(NEA Telephoto)

LAST NIGHT THESE SOLDIERS guarded mob-torn Detroit. Thirty were dead. 2,000 jailed.

NAZI MONEY, KU KLUX KLAN BEHIND DETROIT RIOT!

Walter White, national chieftain of the NAACP, charged today that the Ku Klux Klan led three days of bloody rioting in Detroit and that the disturbance was financed by "Nazi money circulating in Detroit."

Over a year ago the government was advised that the Ku Kux Klan had filed a financial statement with tax authorities listing assets at well over $3,000,000. At that time, it was pointed out that these funds would be used to incite racial conflict and disrupt war production.

Rioting subsided today, with federal troops holding affairs in check.

Twenty-six Negroes had paid with their lives for the disturbances and four whites were dead.

The Negro section had been invaded by mobs. Police stated, "hardly a single glass window in the Negro area is left."

Objectives of the fascist instigators of the riot were obtained as Ford and General Motors announced today absenteeism of Negro workers ranging from 50 to 70 per cent. The cut in production will seriously effect the war effort.

Seven hundred have been wounded in the rioting, and 2,000 have been jailed.

Walter White additionally charged that the city police department "openly sided" with the rioters.

In California, death struck during a disturbance between Negro and white troops at March Field, near Riverside.

Shooting and disorder prevailed there early last week when Ne-

By Their Fruits You Shall Know Them

We know Hitler.

His name is emblazoned on the desert sands of Africa, in the ruins of little Poland, sprawled across the wrecked schools, cathedrals, churches and the industrial centers of decadent France. The fertile fields of Russia lay scorched beneath his tread.

We know Hitler.

Europe is not blotted off the map of the world, but it has disappeared in a black abyss.

Hitler changed the thinking of the German people. He made tyrants of men. Like the early slave merchants of our country, he separated families, people of one race, and now, like a vampire, Hitler sucks the life-blood of America's war effort.

Hitler's secret agents are at work in our fields, factories, churches and war plants, disrupting the people's social relationships, creating unrest in our industrial ranks, reviving the infamous Ku Klux Klan, —as has been seen in the Detroit race riots,—coining a new type of ill-will between Negro and Mexican minorities and the army and navy, spreading the zoot suit terror,—yes, this, all of it, this is Hitler.

And he goes beyond this. His terrible influence, like sleeping sickness, spreads even among the Negro people. Negro leaders, consciously or unconsciously, have fallen victim of the Nazi propaganda,—and some of them solemnly mouth that lie which history has already repudiated with ten million dead,—the lie of the Red Menace.

Negro leaders in many cases fail to recognize that the hue and cry against communism, emanating in every case from the fascist or the fascist dupe, is sand in our eyes, sand to blind us to the real enemies of our freedom and our nation. Who are they?—These real enemies?

They are the Hearst newspapers, the Ku Klux Klan, the Jack Tenney leg-

CAN'T FIGURE IT OUT!

Slay Pretty Watts Girl In Baffling Mystery

MURDER? SUICIDE?

MARY JOHNSON . . . 23-year old Watts wife and mother . . . happy all day Saturday . . shot that afternoon . . suicide? Police wonder.

COPS, FAMILY ARE BAFFLED BY DEATH

Pretty Mary Johnson, 23, housewife of East 109th street, gayly left the home of her friend, Mrs. Lilla Thornton, 1615 East 109th street, last Saturday afternoon at about 3:15 p. m. Four hours later she was discovered laying across the bed of her nearby home, a bullet through her heart.

Police just can't figure it out.

Maybe you can. Here's what happened, according to all information now available:

Mrs. Johnson, wife of 28-year-old postal employe, Walter Johnson, and mother of a three-year-old daughter, got up early last Saturday morning to clean her house and to make an early shopping trip to Huntington Park.

Her mother, Mrs. James Price, 9322 Pace avenue, came to see her some time during the morning.

The mother remarked on how clean the house was for that time in the day. Her daughter happily informed her that a shopping trip lay ahead.

CALIFORN EAGLE

VOL. 64—NO. 11 LOS ANGELES, CALIF., THURSDAY, JUNE 24, 1943 PRICE 5c

Form City-Wide Anti-Bias Body; Sun. Meet

Massive national organization to combat the fifth column wave of terror rioting against minority groups in America was seen today as labor and the Negro people joined ranks to smash disruption aimed at the heart of the nation's war for survival.

Fast breaking developments were President Roosevelt's promise of prompt prosecution of riot provacateurs, a militant demand by President Phil Murray of the CIO to crack down upon the Hearst newspaper riot-incitement cabal, formation of a major bias-fighting organization in Los Angeles, along with demands for an all-out offensive against the domestic fifth-column from the National Association for the Advancement of Colored People, National Negro Congress, Negro Labor Victory Committee, and thousands of other groups and individuals.

With rioting halted scarcely a week ago in Los Angeles and revelation of a major disturbance at March Field, near Riverside, with reported fatalities of one or more Negro soldiers, Los Angeles Negro population has called a mass meeting for Sunday afternoon at 3:30 p. m. at Second Baptist church under sponsorship of the National Association for the Advancement of Colored People.

The monster meet will articulate this community's demand for courageous government action against the organized national campaign to sabotage the country's domestic and foreign war policy through the Hitlerite tactic of racial division.

The campaign, say spokesmen for the Second Baptist meet, is a deliberate effort on the part of the agents of our enemies to create disunity, to undermine the forthright democratic policy expressed in executive order 8802 and to halt war production by inciting racial friction, at the

SEGREGATION OK SAYS TENNEY COMMITTEE

Sen. Jack Tenney's State Committee on Un-American activities rolled into Los Angeles Monday to investigate zooter-servicemen rioting.

Not to be confused with Gov. Earl Warren's committee, which was guided by Attorney General Robert Kenny, the Tenney gang is out to prove that neither the press nor the police, jim-crow or race discrimination had anything to do with the disturbance.

It was all,—guess!—a red plot!

At any rate, that would appear to be what Tenney's mob are trying to get at.

The Committee wasn't too careful during its first two days of investigation, during which time it interviewed Pedro Villasenor and a Senor Cabrero, local leaders of the fascist Sinarquistas organization (whitewashed), A. L. Wax-

N. Y. Housing Will Have No J.-Crow

NEW YORK CITY—The people of this city showed the nation how to whip Jim-Crow down to a nub this week as the multi-million dollar Metropolitan Life Insurance Co. Negro-exclusion housing project, scheduled for elaborate post-war construction, was refused a license by the City Council.

A blitz campaign waged against the project by Councilman Adam Clayton Powell Jr., was richly rewarded as the Jim Crow petition of Stuyvesant Town Corp. was not only turned down but a city law passed specifically prohibiting discrimination on account of race, creed or color in the proposed housing site.

This resolution was amended to include any war housing project and was reintroduced as the Sharkey, Digiovanna, Isaac, Powell bill.

Objections to this resolution were raised by Councilman Quinn of Queens supported by the votes of Councilmen Kingsley of the Bronx and Conrad and Phillips of Queens. Hitler and his Storm Troopers—Quinn and his lackies came out in the open in support of Hitler's program in America.

Quinn, the arch enemy, fought all the way like a true Hitlerite to be finally overruled by President of the Council Newbold Morris. On the motion of Councilman

BOILERMAKERS TO F. E. P. C.

Another forward step was scored by Negroes employed at Calship, Western Pipe and Steel and Consolidated shipyard plants this week as the National War Labor Board referred their case against Jim-Crow Boilermakers' International to the newly strengthened Fair Employment.

That the Boilermakers, who have attempted to establish a Los Angeles Jim-Crow union local, may be the first major union to be handled by the new Fair Employment Practice Committee was indicated in a wire from the WLB received here this week by the Shipyard Workers Committee for Equal Participation.

The wire follows:

Practise of the National War Labor Board is to handle only those disputes certified to it by Secretary of Labor. Dispute described at "Cal-Ship," "Western Pipe & Steel" and "Consolidated Shipyard" has not so been certified. We have telephoned office of Presidents committee on Fair Employment Practise and have referred copy of your telegram to its chairman, Monsigneur Francis J. Haas. We are assured you will hear from that committee shortly. Meanwhile, War Labor Board urges all interested parties to refrain from any conduct that may tend to aggravate present situation to the end that full production may be maintaineed of vital war instruments.

Deputy Executive Director,
National War Labor Board.

INVESTIGATION LAUNCHED INTO DEATH OF PULLMAN PORTER UNDER WHEELS

Believed at first by many to have met with foul play engendered by strained race relations here, such as elsewhere in the country, Walter "Sonny" Watson, 23, and a former Jefferson High School student, was mysteriously killed on Wednesday night of last week. He was found dead on the right of way of the U. P. R. R. a few miles above Victorville, the body badly mangled, and both legs cut off, by the Challenger" the U. P. night train that had just passed. Watson had been a Pullman porter on this train, having been in service only three months and having made a good record according to his superiors.

Mrs. Edith Watson, wife of the dead man, who lived with him in the Au Le Noir Courts at 733 East 24th street, was notified of the tragedy by railroad authorities, the same night, as were also his parents at 1152 East 27th street. Mrs. Minnie Watson, the mother, told an Eagle reporter that next day a representative of the railroad company informed her that it had been an accident, and asked her not to allow anyone to start an investigation, for they had already made necessary investigations. She is also reported to have been requested by them to allow no one ot see the body. The body was brought to Roberts Funeral Home here after being prepared for shipment by an undertaker in San Bernardino.

WHITE SOLDIER REPORTED DEATH FALL

No member of the train crew saw Watson fall, and the report of the tragedy was made to the conductor of the train by a white soldier whose name had not been learned at press time. The last fellow-worker to have seen him alive was another porter, who saw him talking to a white soldier and two white civilians, in the vestibule of Watson's car as he passed through to his own. He declared that he did not hesitate long enough to ascertain whether the conversation between the porter and the three men was a friendly one, or a quarrel. Watson had his broom and mop with him at the time.

The soldier, however, in explaining the accident to the conductor, said that in passing he had noticed a vestibule door open on the opposite side of the car from the station at Victorville through which they had just passed. He had gone to the porter and told him about it, and he had gone to close it. While he and two civilians were standing in the vestibule talking to Watson, with the door still open, the train had hit a sharp curve and Watson had lost his balance and reeled out. He declared that they tried to grab him and save him, but failed.

TROUBLE AT MARCH FIELD

Friends of Watson and the general public at first were not satisfied with the purely accident theory, although the army officials would give out no facts on the matter, reports leaked in from March Field that some of the large number of colored servicemen stationed there had trouble with white civilians there during last week. Fighting is reported to have taken place with injuries on both sides. As the train had passed through there it was thought by some that the ill-feeling prevalent here had been reflected in the attitude of the white passengers, or that the trio he had last seen Watson with, may have boarded the train there. Daily Pullman porters, and dining car waiters come in from their runs with complaints of the insults and mistreatment they have had to undergo at present, especially from the white servicemen. The sailors are the worst offenders, especially since the disputed "berth 13" Folkes murder case.

Strengthening the first belief that Watson may have been the innocent victim of the racial hatred of which this type of the traveling public openly makes them the target, every new instance of race trouble elsewhere seems to increase the bitterness and tenseness on the trains. On the S. P. line, the most stringent of restrictions are said to have been levied against the colored train crews on account of the Folkes case, the former freedom of movement throughout the train being strictly forbidden.

Besides his mother and wife, Watson is also survived by his father Walter, and three sisters, the Misses Mary and Marguerite Watson, and Mrs. Anna Deeming.

DEFENSE COUNCIL WANT VOLUNTEER WARDENS, LEADERS

The City Defense Council's Volunteer Office and warden leaders everywhere in Los Angeles are asking for volunteer air raid wardens.

Induction of many men into the armed forces has left gaping holes in the ranks of air raid wardens in many precincts and these vacancies need to be filled by patriotic men or women. Volunteers who can take their training either in night or day instruction groups, should apply to their local air raid warden or nearest police station or Defense Council Volunteer Office in the City Hall.

Among the other important volunteers needed are auxiliary police, men or women, who should apply at nearest fire station; causualty station workers, men, women, youth, nurses, doctors, first aiders, messengers, ambulance drivers, telephonists, clerks, etc.

Apply to nearest casualty station, generally in high school buildings, or call Defense Council Volunteer Office, Los Angeles City Hall, MI. 5211.

The American soldier's average coffee ration is 40 cups a month.

islative committee—they are fascism in high places.

"Don't you believe segregation and discrimination are necessary for the Mexican and Negro people?"—that is the question asked by Nelson Dilworth, Tenny committee member who, from his own eminence of democratic purity, recently fathered a bill, now passed, in the State Assembly, labeling communists as un-American.

I appeal ot the Negro people, inheritors of a mighty tradition of struggle toward freedom, to abolish all selfishness and complacency,—to face unflinchingly the historic demands of this moment; I appeal to the true hearts of our people and to their calloused hands. Let us join the great labor movement and press forward to the goal of freedom, the cherished hope of a nobler civilization.

Let us understand that the first element of this achievement is the total, ruthless and devastating defeat of the power of all fascism everywhere in this world.

Let us understand that today we must storm the citadel of the fascist order on the continent of Europe, permitting no riot, no division and no disruption to bar us from this mighty task!

Journalist Winner, $2,500 Award

Roi Ottley, distinguished Negro journalist, was announced recently as winner of the $2,500 award, given for books published ni the Life-in-America series by Houghton Mifflin Company.

Mr. Ottley's book, "New World A-Coming," scheduled for August publication, is an inside picture of the Negro's world, a world which has its center in Harlem, the capital of Black America. As a "native son," Mr. Ottley knows Harlem from penthouse to shanty, from Holy Holler Temple to hot spot, and in his book traces the dramatic history of Harlem from the earliest days down to the present war in which the Negro has so much at stake. He examines, beneath the flimflam of Harlem, the Negro's search for democracy, his essential drive and ultimate goal.

Connected for several years with the New York Amsterdam-Star News, the author is now publicity director for the National CIO Committe for American and Allied War Relief.

MC DONOUGH SEEKS PRIORITIES TO COMPLETE 108TH STREET DITCH

An appeal was made this week to Washington Officials by Supervisor Gordon I. McDonough urging that priorities be granted Los Angeles County to proceed with the improvement of the 108th Street Ditch, also urging the cooperation of the United States Army Engineers. McDonough conferred with Congressman Cecil King, who assured him that he would lend every assistance and cooperation in Washington.

Chief Engineer M. E. Salsbury has been sent to Washington, D. C., to confer with General Reybold of the United States Army Engineers on this project. In the meantime, Supervisor McDonough has ordered a Watchman Patrol to keep children from entering the water holes in the ditch.

"Every precaution must be taken to prevent children from entering the water holes in the 108th Street Ditch, therefore, I have ordered a Watchman Patrol to keep children out until we obtain approval of the War Production Board in Washington and the cooperation of the United States Army Engineers to proceed with this improvement. This job would have been completed if orders from Washington had not been issued to stop the work, due to war priorities," said McDonough.

St. Paul Baptist Church Marches On Under The Banner of The Holy Ghost

My Dear Public:

I have so many phone calls from you asking information about our beloved Pastor, S. A. Williams, and his loyal wife and helpmate in the ministry, as to their health, whereabouts and when they will return, that I thought it would be a capital idea to give you a little write-up concerning them and the Church in general.

Pastor and Mrs. Williams have been away, as you know, since the 4th of May, on an extended vacation and rest period; I say extended, because of the fact that their vacation last September was interrupted and terminated by the sudden attack of neurosis suffered by Mrs. Williams on the eve of her departure, and incidentally, from which she did not finally recover, until last April; therefore their vacation consists of what we might dub a two in one, i. e., for 1942-1943.

How are they?

They are enjoying the best health desirable.

Where are they?

At this time they are residing in Portland, Ore., at 104 N. E. Halsey St., a lovely residential district, high above the business section of the city, no heavy traffic on the streets, free from the noise and din of the shipyards and manufacturing plants seen below along the Willamette river, Portland's water front, in such environment they cannot feel other than fine.

Have they been in Portland ever since leaving Los Angeles?

No they went direct from here to Denver, Colo., the mile high city, where the sun shines every day, their sojourn in Denver was lovely and rejuvinating. They made a short side trip from there to Salina, Kansas, where Pastor Williams was formerly situated, and pastored the leading Baptist Church, there they met many old friends, and the reminiscences were many and added zest to the visit, by making a host of new friends.

They had planned their itinerary to include a tour of the south and east, as far as Chattanooga, Tenn., but the recent floods of the rivers in the Mississippi valley caused them to defer that part of their travel until the transportation facilities are more favorable, so returning to Denver, they decided to take the advice of Horace Greeley, so they are now in Portland.

How long will they be away?

That is an undetermined phase of their vacation, and since the church voted them an indefinite vacation, the termination of it is left for them to decide, adlibitum, insofar as the church is concerned, they recognize the fact that the pastor is called for life, therefore they may be away for a single day or for any length of time during his natural life; however, when they do return they will be the recipients of a very special homecoming program, being rehearsed by the Choirs, under the able direction of the Rev. George R. Garner.

How is St. Paul doing in the absence of the pastor?

This question is the one most frequently asked, and to be able to give or receive an intelligent answer, one must know something about the church as an organization; few people really know the set-up in the St. Paul Baptist Church; some leading pastors in this city, as well as noted ministers from other states and from the Isles of the Seas, who have been fortunate to witness some of the business meetings held here, were very frank in stating that "the St. Paul Baptist Church is the best organized Baptist Church in the world."

So my answer to your query is, first, Pastor Williams is not absent, his person is away, but his personality, his spirit, and his influence are here, being manifest in every meeting of the constituency. The organization is so complete, even in its complexity, that it is almost automatic; Pastor Williams, tho miles away, in person, directs the activities of this church thru his able and loyal assistant, E. A. Anderson, as smoothly as if he were in the next room; you realize, of course, that such efficiency is the outcome of organization. When the President of these United States goes away from the White House to visit other cities, countries or nations, he is constantly in touch with the activities in the Capitol; like conditions obtain in St. Paul, Pastor Williams' cabinet is in constant communication with him, and any emergency that may arise, is as speedily and amicably adjusted, as if he were here in person; my answer then, brought to its final analysis is, "St. Paul is doing in the absence of the Pastor just what it would have done in his immediate presence. The 1st Asst. Pastor, E. A. Anderson, in charge, is very jubilant on account of the loyal support being given him by the staff of associate ministers, in carrying out the great program of the church. The members as a whole seem determined to remember the Pastor's goodbye sermon, the text of which was "I am doing a great work, and I cannot come down," with this message ringing in our ears, there has been nothing but peace and harmony in our myrid church activities. There has been that usual influx of new members, our records show that there has been 109 members added to the church since pastor's departure, 16 for baptism, 93 reclaimed. Our financial status has been up to par in every department.

MEMBERS POUR INTO EQUAL RIGHTS BODY

DEMAND PROTECTION FOR NEGRO CITIZENS AS WAVE OF RIOTS RISE!
LENA HORNE AND BILL ROBINSON TO BE PRESENT.

This Sunday, June 27, The Second Baptist Church, 24th and Griffith, at 3:30 p. m. will be the scene of a huge emergency mass meeting, called by the local branch of The N. A. A. C. P. in protest of the killing and jim crowing of Negroes in THE ARMED FORCES.

Also from this meeting will come a demand for the protection of Negroes in civilian life against whom within the last month, there has developed a wave of riots, of which the current riot in Detroit has reached the greatest proportions with martial law being declared by the governor of Michigan.

In the riot at Detroit it is generally felt that the hand of the Klan or its successor body can be seen, in so far as the riot occurred right after the settlement of a walkout in the Packard plant, which was caused by the hiring and the placing of Negroes on the production lines along with whites. At the recent convention of the NAACP, held in Detroit, R. J. Thomas, president of the United Automobile Workers, CIO, stated at the meeting: "Just before this meeting, I came into possession of absolute evidence that the strike at Packard Motor Company, one of the most shameful exhibitions of this war, was in fact actively promoted and carried out by the Ku Kux Klan in Detroit."

Local leaders here in Los Angeles, have within the last week received numerous communication from Negro soldiers throughout the nation asking for assistance in getting a fair break in the armed forces. Their complaints tell of Jim Crowism in the camps, unfair punishments, the lack of medical treatment in time of illness, and being addressed by superior officers as "N----" and "black b----." All of these letters of complaint tell of the tense situation in the camps because of this treatment.

This meeting Sunday at The Second Baptist Church will be an attempt on the part of the Negro people of Los Angeles to solve many of the complaints and bring to the attention of the authorities the conditions of our sons and husbands in the armed forces who are making the supreme sacrifice for democracy, while they and their families are receiving none of the democracy which they are fighting for. The local branch of the NAACP in its drive has recruited over 3000 members in the last three weeks and to its members pledges its untiring activity in the fight to win the war and to build democracy at home.

Rev. Clayton D. Russell, chairman of the NAACP Drive Committee and chairman of the Negro Victory Committee, in speaking of the riots in Detroit and the riots in the various army camps, said, "Now is the time for the greatest unity among the Negro people to let our voices be heard in order to protect and save our sons who have been taken from our homes to fight for democracy, yet are being denied democracy, right in the army camps. They are fighting the battle of the nation. The Nation must protect them from Jim Crow and undemocratic treatment. And we, the Negro people, must be the first to take steps in this matter. Here in Los Angeles, we are starting now, this Sunday and every Negro who has a son, a husband, or a friend in the armed forces should be present to take their stand for democracy."

P. G. Winnett

P. G. Winnett, first chairman of the Los Angeles Area War Chest, will head 50,000 other volunteers this fall in the greatest fund-raising appeal ever to take place in this area. Contributions will be asked in a single campaign for home front health and welfare needs, services to men in the armed forces, and for aid to civilians in Allied nations.

WAR CHEST HEAD ANNOUNCED

P. G. Winnett, president of Bullock's Inc., has been announced as the campaign chairman for the Los Angeles Area War Chest, the biggest fund-raising job ever scheduled for Southern California.

The combined campaign for war related and home front needs will take place this fall, according to Harvey S. Mudd, president of the War Chest, in announcing Winnett's acceptance of the volunteer post.

Winnett will have the responsibility of raising funds for the annual needs for agencies serving men in the armed forces, for suffering citizens in the Allied nations, and for home front health and welfare needs. He now is proceeding with the organization of the 50,000 volunteers who will be needed.

The War Chest, it is pointed ont, will unite numerous appeals and will save manpower and reduce campaign expense. The goal will be announced within a few weeks, Mudd stated, after careful study by volunteers of the needs of each organization participating.

War Chest Headquarters have been established at 204 West Seventh Street, TRinity 6441. The Community Chest, U. S. O., Allied war causes and other organizations participating in the appeal have been asked to loan their facilities, equipment and supplies.

In accepting the chairmanship for the first War Chest appeal, Winnett said:

"It's a great honor to be named campaign chairman, but it is my intention that this honor, as well as the work to be done, be shared with the splendid group of leadin gcitizens who are stepping forward to lend their skill and enthusiasm.

"We will have to have the help of every citizen. We are certain we will have it for no American can refuse to contribute to three such worthy causes—our boys, our homes and our Allies."

LUMPKIN-SCOTT CEREMONY BEAUTIFUL

On Sunday, June 13, two o'clock in the afternoon, at a beautiful setting, laid in First AME Church, 8th and Towne, wedding vows were taken by Cpl. Frederick D. Scott and Cornelia H. Lumpkin before hundreds of friends. Reverend Brown united the couple.

The bride wore a full-fashioned gown of white satin with fitted bodice trimmed in lace, and from a headpiece of pearls and white tulle, fell a fingertip veil. Her bouquet was of Lilies of the Valley and white orchids.

Cpl. Harry Richard Smith of Arizona was best man. The bride's sister, Miss Sarah Lumpkin, was maid of honor and Mrs. Mattye Bluett, matron of honor. Misses Dolores Hollins, Jessie May Brown, Ella May Crossland and Paullyn Garner served as lovely bridesmaids, dressed in pastel colors.

Little Bernice Meggerson and Ruth Herring were flower girls and tiny Charles Hill, ringbearer.

The Misses Dorothea Rollins and Ernie May Maxey graciously lit the candles on the beautiful altar. Miss Yvonne Cummings rendered "Because", and Maudie Bilbrew sang 'Oh Promise Me", while Mr. Jimmie Cowan played the organ.

A lovely reception was held at the home of the bride's parents, 1646 E. 52nd Street. Hundreds of beautiful presents were received. Miss Elaine Miles played for the evening.

Mrs. Minnie Tucker of Los Angeles efficiently served as wedding hostess.

The couple left for Murray's Ranch at Victorville, California, Sunday evening, and then, last Saturday, proceeded on to Camp Swift, Texas, where the bride will soujourn with hr husband for a fe wweeks.

The bride, who graduated from Los Angeles High School and attended L. A. City College, is also an accomplished violinist and an ardent church worker. Cpl. Frederick Scott, the son of Mrs. Pauline Scott of Oakland, attended Coronado High School near San Diego, and then U.S.C., has sung, on many occasions, throughout the country.

Mrs. McCullough Entertains

Mrs. Bewsie McCullough, prominent member of the order of Elks and Eastern Star matron, who was hostess at an elaborately appointed turkey dinner Friday evening, June 11, in her East 42nd Street home.

Ten guests enjoyed Mrs. McCullough's hospitality.

"A pretty young steno named

Though she dodged very deftly
Now she types only leftly . . .
But her "short hand" is growing
quite well."

Let us promise ourselves this:
When this interlude grows stagnant
We will release it, as a swift bird,
Bidding it Godspeed and safe flight
Onto other high flung branches!

Dr. Henry McPherson, now Lieutenant McPherson, reports for Army life this Friday . . . we'll miss him, by cracky! . . . As luck would have it, Phil Fortier will be stationed on this coast, not in Dixie. . . . Tessie Harris is an Army wife, her hubby left last week. . . . Bobbee B. Borders leaves for Ft. Wayne on the sixth. She's had a thoroughly happy return visit here, and folk fell in love with her son, who happens to be one of those babies who is lovable thru and thru.

Ann Lawrie (Bill's wife) made her debut as concert singer in Chi the other day . . . my, my. . . . Kay Robinson and her grandmother, Mrs. Kate Wilson, are here from Omaha for a visit. . . . Mentioning Omaha, Joe LaCour and his wife, who live in DeeCee (shudder), didn't visit Mexico City only for a vacation. If they find it to their liking they'll move to Mexico! . . . Here from Chi: Evelyn Lockett, who was slated to return there ere you read this.

Ethel Waters and Marie Joe Brown stepped off the Super Chief Sunday morn. They'll be here a week, then to Sacramento for the opening. . . . Altho she didn't know her studio would allow her to leave until late Friday night, lovable Marietta Canty was with her ailing mother when she drawing-roomed out to N. Y. Sunday noon. She'll be East for two or three weeks, providing she doesn't have to TWA back to Hollywood on call. . . . Scruggs, Jr., was focal point of a birthday party in their patio, Sunday. He returned to camp soon after. . . . Birthdays on the twenty-seventh: Ceth Lee. . . . Exactly where IS Alfred Darby? . . . Bob Robinson, enjoying life of luxury in the hospital, will be discharged any day, now. . . . Brilliant Carlton Moss, in town briefly, is impressing villagers right and left. . . . Chauncey Reynolds, bag and baggage, has returned to N. Y. for the duration, no less. And happy as a jaybird in the sun.

Della McDonald has changed her address, with a song her soul. . . . Gladys Childress leaves next week, bag and baggage. . . . Weekend guests of Edythe Wilson: WAC Pfc. Gwendolyn Harris, of Huachuca, and her hubby, Louis Harris, of the Oakland Naval Base. They popped in the AWVS for a turn-around or two. . . . By the bye, it may interest Maurine Browning to know everywhere one goes these days they hear glowing tribute paid her splendid job as AWVS canteen head! Hats off to her! . . . We never see Neile Adams any more, somehow. . . . Chi weekly reports Gwen and Clayton Russell are slated to be visitors in that city. . . . Found: Freddy Doyle! He's stationed at Huachuca and busy with the band. Well, gosh, we didn't know Freddy had gone! . . . Harold Batiste writes: "When you do come to Huachuca, our place is yours, for all Calif. beats a path to our door sooner or later!"

Si Lan Chen is studying dancing in Hollywood, in case you wondered what became of her. . . . Offered a fine recreational job for the summer, Joan Robinson refused it, still leaves for the East in August. . . Since viewing his art work, we've been planning to corner Malcolm Thurburn for a long arty chat, but somehow something always waylays us, and that's as far as we get! . . . Sissle's ace arranger, Don Pasquall, choo chooed to N. Y. to pack his things to return here to live, but walked right into an Internal Revenue position of merit. . . . Recent chat with Ruby Barbee Wilson, who we see entirely too little these busy days. Buby's lyrical voice is haunting thru the seasons. . . . Tues., after speaking on our contribution to art at the Univ. Women's Club, onto dine with Dr. Ed Estrada, here from Detroit. Discussion there anent Gen'l Hospital's policy of not admitting race internes. Why, we argued, blame the Bd. of Supervisors, when the County Medical Assoc. is the sore spot? Why should our brilliant lads go four years, then not be allowed to interne at Gen'l? Ed sighed, looked at the calendar, and began musing on his return reservation to Detroit.

Jack Bratton may be mildly surprised to learn his case is argued pro and con, 'round town. All of which is ok, but, like Jack, I'd like to see something DONE, not DISCUSSED. . . . Reggie Beane, kickin' up his heels in Chi, will rejoin La Waters in Sacramento on the third. . . . The Girl Friends dine and wine their hubbies Satd. nite. . . . Jeni Le Gon is sensational in the show which had its Bway opening last wk. Fats Waller did the score. . . . Cal Bailey will learn here he still has a heluva lot of denying to do back East ! ! That rumor is still going the rounds, bub ! ! . . . Still no sign of Chi's Bertine Tildon who was due here for a visit. . . . Luvercha Bray dashes home these beautiful June nites to get phone calls from Chi. They come thru on the dot, what's more. . . . Hey now ! ! . . . JTGipson slips outve our line of vision ever so often and we don't see or hear of him for wks. He's done it again. . . . Ideal match: Daisy and Harvey Brooks. . . . The Jno. Sengstackes (Myrtle) have another son in Chi.

Local interracial progressiveness would do well to learn of the effectiveness achieved in Chi against discrimination in Northside cafes. The bull's eye work is done by CORE (Committe of Racial Equality), and you'll feel like jumpin' up and shoutin' hooray! . . . Once they're prodded, Chi folk get things done. . . . Lookalike: Edith Houston and Frances McKelvey. Edith's den is a room I'd like to be in on a rainy, windy nite, with a fire in the grate, hot buttered rums at your reach, and pleasant conversationalists lounging around. . . . Extra! We've actually met two servicemen who WON'T return here to live after its all over. We had to stare at 'em, unbelieving.

I'd like to have heard the censors' comment, but Danny Hopkins writes from England: "The U. S. must do an about face on our treatment. We heard of the Packard strike and were ready then and there to say to hell with building roads and machinery over here, or anywhere. Why should we, when our folks are being kicked around back home?"

SPILLING THE BEANS IN A BEAN SPILLER

By JACQUELINE WOODS

While Harry Levette sat knocking out his "Behind the scenes" this week, I peeped over his shoulder and saw him broadly giving recognition to a number of other local newspaper columnists, which reminded me that during all the run of my "Orchids of merit", I had never mentioned one of the most versatile writers in the game. So as Levette has played an important part in film, stage, sports, and the career of the California Eagle, since he arrived here from Chicago in 1926, here's an orchid for him in chronological form. (He'll probably kick about the publicity though.)

Few persons have been able to do so many things well. Former clever boxer, expert swimmer, ice and roller skater, bal player, stage and screen actor, radio news columnist, and promoter: very active in all until an unfortunate accident during one of first black-outs at the Lincoln Theatre. Made first attacks on Hollywood Legion Stadium for color-bar, keeping it up from 1926 when he started on the Eagle as Sports editor. Started also on studios armed with letters of introduction to all from Spencer Williams. Tried to influence them as to varied parts for colored actors, and to advertise in the race papers. All turned courteous but deaf ears, but he kept pitching, softening them up for Jerry Geisler and the Walter White-Wilkie gesture.—Placed Eagle on sale on Broadway, Spring, and Main, first race paper downtown.

1927, with Jimmy Smith, Henry Jones, Claude Neal followed Wrigley $25,000 channel swim. 1928—Held $50 prize footrace down Central from Eagle ofifce: staged two open-air fights at White Sox park benefit Urban League, and Ben Bowie Post—headed campaign on Amendment No. 5, to save boxing in state—Started in pictures, working in more than 120 to 1941.

1936—Introduced soft-ball for colored girls with 8 team league, also midget auto races with colored drivers, 'till barred by jim-crow Midget Association. 1937 to 1941 publicity director, Million Dollar Productions then manager of Lincoln Theatre. Writes poetry, short stories, or with equal ease.

"Faith And World Of Tomorrow"

"Faith and the World of Tomorrow" will be the subject discussed by Mrs. Charles Reed Bishop, Sunday, June 27, at 3 p.m., at the Baha'i Center, 1709 West 8th street.

"The Baha'i view," says Mrs. Bishop, "is that all social problems must be solved at a higher level than the one on which they appear. To solve our economic conflicts man's nature must be renewed: excessive competitiveness changed into cooperation; greed into eagerness to share. Prejudice must be discarded."

"The part played by Faith in the post-war world lies directly within man himself, for only when mankind itself has been transformed, will it transform the environment. The main pillars of this changed consciousness are implanted in the Baha'i writings, wherein we find the elements of faith for a future world order suited to the needs of maturing humanity in this new cycle of human power. As stated by the founder of the Baha'i Faith: 'Man was created to carry forward an ever-advancing civilization.'"

All are welcome—there are no charges or collections.

JUDGE EDWIN L. JEFFERSON CIVIC SUNDAY SPEAKER JUNE 27TH

Honorable Edwin L. Jefferson, a judge of the Municipal Court, will be the guest speaker at the first annual Civic Sunday service to be held Sunday, June 27th, 11 a.m. at Lincoln Memorial Congregational Church, Hooper and Vernon avenues.

This service is of special interest because it is an honest effort to give recognition to and blessings upon organizations and persons united in our community for the betterment of the Negro. It is our philosophy that the church must be on the front lines of battle for justice and truth. This does not mean the stooping of the church to cheap politics nor the promotion of any special candidate. Rather it means an appeal for Christian statesmanship in whatever office or profession a man stands. The treatment that Negroes are receiving must be the concern of the Christian church!

Representatives from many types of civic activities have been invited and are expected to participate in this service vital to every patriotic American. These will receive the blessings of the Church and will be honored with a special gift from the church and commended for the carrying of Christ into their work. These will be called to dedicate themselves to their respective civic responsibilities in the name of Christ.

We are desirous that in a spirit of worship, these civic offices and professions will be lifted up as contributions to God. We are saying in this service that through these offices and professions God's hands must be allowed to work lifting humanity — lifting the individual to a higher and more satisfying life—redeeming society. It is the sort of thing John Calvin speaks of when he describes the "divine state" and the individual citizen a trustee of its divinity—its justice and its good.

The message will be approached from the Christian viewpoint. No one can afford to miss the message to be delivered by Judge E. L. Jefferson.

Dr. Reynolds Is Men's Day Organist

Dr. Clarence Reynolds, world famous concert organist, will be present Sunday evening at 7:30, rendering an organ recital at the Zion Methodist Church, Pico and Paloma.

Dr. Reynold's renditions will be played on a new Eliut Organ.

A cordial invitation is extended to the many music lovers of Los Angeles, by Rev. P. M. Marshall, minister of First AME Zion Methodist Church.

This affair is benefit of Men's Day.

MINISTERS HOLD HEALTH INSTITUTE

Cornely, of the school medicine at Howard University, prominent authorities in medicine offered lectures and demonstrations of particular value to minister interested in raising the local standards of health.

THREE GOSPEL TONES

The "Three Gospel Tones" of the St. Paul Baptist Church left for Cincinnati, Ohio, on June 16th, to attend the S. S. and B. T. U. Congress.

When the "Three Gospel Tones" leave Ohio, they are going to Chicago, Illinois, New York, Indiana and Washington, D. C. They received many lovely gifts before leaving.

The trio, namely Ruth Black, Julia McClain and Dora B. Walker, thanked the pastor, members and friends of the St. Paul Baptist Church for making this trip possible.

Maynor Sings

Like many other famous singers, Dorothy Maynor, who makes her third appearance on "The Pause That Refreshes On the Air" via CBS Sunday afternoon, June 27, received her first taste of music in a church choir. The daughter of a Norfolk, Va., minister, Miss Maynor also studied at Hampton Institute and at the Westminster Choir School, Princeton, N. J.

Dorothy Maynor, brilliant American soprano supported by a mixed chorus, will be the guest of Conductor Andre Kostelantz on "The Pause That Refreshes on the Air," via CBS Sunday afternoon (June 27).

Highlighting the program will be an a cappella number, "Sometimes I Feel Like A Motherless Child," by Miss Maynor and the chorus and an orchestra arrangement of three Rudolph Friml tunes — "Chansonette," "Allah's holiday," and "Song of the Vagabonds."

Miss Maynor also will sing Edvard Grieg's "A Dream," "Bells of Eventide," a poetic work set to the music of Rachmanoff's, "C Sharp Minor," will be featured by the choral group.

A native of Norfolk, Va., Miss Maynor enjoyed almost immediate success following her "discovery" fice years ago by Serge Koussevitsky, famous conductor of the Boston Symphony Orchestra. Her appearance on "The Pause" Sunday, June 27, will be her third under thea Kostelantz baton.

CHRISTIAN SCIENCE CHURCHES

"Arise, shine; for thy light is come, and the glory of the Lord is risen upon thee." This verse from Isaiah will be the Golden Text in the Sunday Lesson-Sermon on "Christian Science" in all branches of The Mother Church, The First Church of Christ, Scientist, in Boston.

The Lesson-Sermon includes these citations from Matthew: "And Jesus went about all the cities and villages, teaching in their synagogues, and preaching the gospel of the kingdom, and healing every sickness and every disease among the people. . . . And when he had called unto him his twelve disciples, he gave them power against unclean spirits, to cast them out, . . . These twelve Jesus sent forth, and commanded them, saying, . . . The kingdom of heaven is at hand. Heal the sick, cleanse the lepers, raise the dead, cast out devils: freely ye have received, freely give."

Mary Baker Eddy, the author of "Science and Health with Key to the Scriptures" writes: "Jesus demonstrated the power of Christian Science to heal mortal minds and bodies. But this power was lost sight of, and must again be spiritually discerned, taught, and demonstrated according to Christ's command, with 'signs following.'"

L. Baker.

"In consideration of the race, this present generation will be noted by its wayward children. But back of nearly every child delinquent is a delinquent parent. In applying the remedy, therefore, the ax must be laid at the root of the tree. We must return to God and religion to solve the juvenile problem of today."

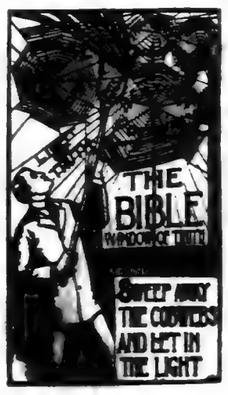
NOTE: A free correspondence course in the study of the Bible will be mailed upon request to readers of this column. The course consists of 25 printed lessons (sent consecutively) with outlines that can adapted very easily to the program of busy people. There is nothing to buy. The Bible is your only textbook. Valuable "helps" are included in the lessons themselves. On completion of the course you will receive a beautiful certificate of achievement. Send letter or post card to the Eagle Bible Question Corner, 4075 S. Central Ave., Los Angeles, Calif.

Dear Sirs:

In the new dispensation, that is, since the time of Jesus, shouldn't Christians confine their study to the New Testament?



In the New Testament record of the life and teachings of Jesus, we have the account that Jesus admonished his hearers to "search the scriptures." That statement is found in John 5:39.

Now the only scriptures or Bible that was in existence in the days of Jesus were the writings of that part of the Bible which we call today the Old Testament.

In the first recorded sermon of Jesus which is mentioned in Luke 4:16-32, Jesus took his text from Isaiah 61. The book of Isaiah, as you know, is a part of the Old Testament.

After the resurrection of Jesus, when some of his followers still believed that he had not been raised from the dead, he talked with two men on the way to Emmaus. These men could not understand how the messiah could suffer these thinks which Jesus had suffered.

Then Jesus said unto them, "O fools, and slow of heart to believe all that the prophets have spoken: ought not Christ to have suffered these things, and enter into his glory? And beginning at Moses and all the prophets, he expounded unto them in all the scriptures the things concerning himself." Luke 24:25-27.

From this we see that Jesus regarded the writings of Moses and the old testament prophets as the scriptures or the Bible of his day. Peter, Paul, John and the early disciples had only the Old Testament to study and preach from. It was their only Bible.

If Jesus is the Christian's example and since he used the Old Testament, certainly we should study and profit from its teachings.

The Eagle Question Corner:

Please explain the expression "for ever" as found in 1 Samuel 1:22.

The verse refers to Samuel's mother who made a vow to take her son Samuel to the tabernacle where he was to abide forever. Verse twenty-eight of the same chapter shows that the expression "for ever" means as long as he would live, for the length of his life.

Verse 25 reads: "Therefore also I have lent him to the Lord; as long as he liveth he shall be lent to the Lord.

Bataan On the Home Front

The nation-wide conspiracy of fascist riot provocateurs scored its biggest victory this week on the blood-spattered streets of Detroit, where nearly thirty Negroes and a handful of whites were killd during intrracial disturbances.

All the heavy artillery of the U. S. Fifth Column was concentrated upon strategic Detroit, producer of munitions for every war front on this earth. Of first importance was the venomous Detroit Times, Hearst newspaper. The Ku Klux Klan has operated with striking success in Detroit for over three years, obtaining huge funds from mysterious quarters. Third, there has developed within Detroit's trade union movement, a sinister cliche of Fifth Columnist anti-Negrophobes, Trotskyites and renegade CIO supporters of John L. Lewis.

It is important, even in the face of the riots and in a moment when we recognize fully the danger of national division inherent in them, that we understand the background against which they occur. Detroit has made stupendous forward strides in the solution of the race problem. The unity of black and white workers in hundreds of CIO Detroit plants has been written in blood, baptized in the fire of great strike movements during the thirties. It is here, in riot-scared Detroit, that the clearest indications of eventual Negro-white labor unity may be glimpsed.

Employment of Negroes without discrimination in basic war industries of Detroit surpasses the entire nation.

There are a thousand Negro street car conductors and operators in all sections of the city.

It is in Detroit that a Negro is secretary of the largest union local in the world, the Ford plant body of 100,000 members.

Unity in support of the anti-fascist war effort has been predominant in Detroit. It is a great town for Negroes, it is a great town for the war effort.

That is PRECISELY WHY fascist America levelled all its big guns to crack this fortress of Negro-white unity and unity behind this war against all fascists, everywhere.

A great influx of backward workers from the deep South created for the Hearst press in Detroit a fertile propaganda field, just as is the case in Los Angeles.

Skilled in disruption, the vile Ku Klux Klan stirred every national and racial irritation bound to exist in that major metropolitan center.

The riot is a danger signal for all America. It tells us that Hitler is on the march within our midst...

Now Is Fascists' Last Chance

The desperate violence of the American Fifth Column today is an accurate reflection of the crisis of the entire fascist world.

Every trump card of the Hearsts, Bilbos, Dies and Tenney's must be played now.

The white hot breath of two-front warfare spanks the neck of Adolph Hitler.

The prospect of unconditional surrender looms before the Reichstag. The dead and conquered nations of occupied Europe refuse to recognize their demise. The fascists of America have provoked a riot in the streets of Detroit. But a thousand riots straddle Europe, a thousand thousand daily acts of sabotage stab the back of the Nazis.

And on a front 2000 miles long, where every military law demands an immediate German offensive, the Wehrmacht is stalled by the colossal fortitude of the Red Army.

The Chinese roll back Jap armies from pivotal points in southern China, and the Prime Minister of Australia announces that his country is now safe from invasion.

Wherever fascist soldiers face men of the United Nations, defeat stares them in the eyes.

The sharp weapon of blitzkreig has become in the end only a boomerang.

Its dagger points, turned inward, prick the Nazis wherever they sit.

There is only one Hitlerite army remaining which has the power to launch an offensive. It is the hidden army—the black legions of the fascist Fifth Column in every country.

The Nazis must gamble everything now. Their friends in America, the Ku Klux Klan, the Hearst press, the poll-tax Congressman, Westbrook Pegler and Jack Tenny—they must all sing for their supper in strident, bold tones loud enough, they pray, to drown out the words, "second front", "unconditional surrender,"—or the sound of bombs in the Ruhr valley.

Simply, the task of the Fifth Column is to disrupt American war production on the home front in order to avert invasion of the continent of Europe.

An essential method in the accomplishment of this task is the incitation of race riot.

Bloody and terrible as is the story of Detroit, it will not gain its end. An aroused nation will rise to stamp out the Fifth Column responsible for it, and the armies of liberation will pour across Europe and will hang Herr Hitler to a sour apple tee.

For the mighty fascist world, which dreamed of ruling slave mankind from its mint-julep veranda, confidently predicted to shower steel and fire across the United States, and whose armies were scheduled to set ablaze five continents at one fell swoop—is reduced to a street brawl in Detroit, Mich.

We must move swiftly to stamp out the American Fifth Column—yes, but we must also understand that its exertions are the desperation of men whom history has caught with their pants down.

High Court Goes to War

The Supreme Court of the United States went to war this week.

In a blow which shattered Hitler's Secret Weapon in America, the nation's highest tribunal announced that membership in the Communist party is not grounds for recovation of citizenship and that no one has proved Communists intend to overthrow the government by "force and violence".

As a newspaper with sixty years of affiliation with the Republican party, we hail the achievement of the Supreme Court.

The right of an American naturalized citizen to hold free political beliefs was defended before the high court by Wendell Willkie, who thus contributed another major boon to the country's war for survival.

Most Americans are not Communists. As a matter of fact, only a tiny percentage of the entire nation is Communist, something over 100,000 people out of our whole 130,000,000.

Why, then, is the "Communist question" one of the central issues of press and public today? Why is the protection of the political rights of this minority party so important that it commands the gratis service of such a figure as Wendell Willkie?

Why is the resistance to persecution of the Communists a life and death suestion to the nation and to the Negro people?

Today most Americans know the answer.

We know that fascists everywhere come to power ON THE EXCUSE of fighting "the communist menace". The Anti-Comintern is the entire basis for Axis political and military existence. Hitler shouted himself hoarse for twenty years proclaiming that he graced this globe to protect it "from the bolsheviks".

Today it turns out that the bolshevik Red army has protected the world against Hitler.

Without exception, the self-annointed "protectors against communism" are the forerunners of fascist reaction.

First, there are the Axis nations themselves.

Second, there is Martin Dies, protector of the Ku Klux Klan and enemy of Negro rights, chief U. S. red hunter.

• And in California, we are graced with the infamous presence of the Jack Tenny committee, one of whose members, Assemblyman Nelson S. Dilworth, author of a California State anti-Communist law, recently asked, "Don't you believe segregation and discrimination are necessary for the Negroes and Mexicans?"

The question was put to Carey McWilliams, Tuesday during the course of the Tenny Committee's mock "investigation" of recent Los Angeles riots.

When the Supreme Court robbed Dies and Tenny of their basic contention—"the Communist menace"—a great blow was struck the whole American Fifth Column.

PLAIN TALK

By Elmer A. Carter

We should send more people like Marian Anderson and other eminent artists to England was the gist of the statement by Yehudi Menuhin, one of the world's greatest violinists, as he faced the newspaper men on his return from England. There is, he intimated, a great need and demand in England for the interpreter of the best in music not only among the armed forces but other groups as well.

This suggestion by such a distinguished figure in the world of music as Menuhin deserves the serious consideration of the War Department. And if it is favorably acted upon will be, in our humble opinion, one of the most effective means of raising the morale of American soldiers.

Certainly the presence in England or Africa or Australia of a great Negro artist such as Marian Anderson or Roland Hayes or Dorothy Maynor will do much to give the Negro soldier that sense of pride and loyalty which repeated humiliation, the inevitable consequence of discrimination and segregation tends to rob him of. The presence of artists such as these would have a salutary effect on America's white soldiers, too, many of whom have never heard of or seen a great white concert artist let alone a Negro. Europe has always been kindly disposed toward Negro musicians and our English allies would unquestionably give them an enthusiastic reception.

Every military or naval officer knows the value of a high state of morale in the troops under his command. Superiority of arms and equipment does not necessarily insure victory. The history of warfare is replete with instances where an army outnumbered and outgunned has by the sheer force of spirit overcome its enemy. That spirit, the inconquerable will to win can only be inculcated in the soldier when he is moved by the profound conviction that the cause for which he fights is more important than anything else including life. No secret weapon no matter how powerful can take the place of morale. Without it even the largest army has a fatal weakness, with it the smallest army has immeasurable strength.

It is the disintegrating effect of racial segregation and discrimination on the Negro soldier's morale which provokes the unflagging protest of Negro leadership against the continuation of this policy. For racial segregation must invite racial discrimination, and racial discrimination creates unnecessary antagonisms, nourishes bitterness and resentment. Marian Anderson, Catarina Jarboro, Dorothy Maynard, Joe Louis, Roland Hayes can lift the Negro soldier's morale—but they alone cannot fill them with that spirit which will make of them a great fighting force.

American Negro leadership of press, church and school wants to feel that the Negro soldier is giving his best for his country. White American leadership should want no less. Indeed it may become imperative before the victory is won and the forces of Nazism are crushed to utilize Negro soldiers on many fronts in highly important operations.

The chief concern of the War and Navy Departments should be —How can we make the best use of the Negro's potential strength and of his matchless spirit of devotion and loyalty. By racial discrimination? By racial segregation? By extending even into the valley of the shadow of death the social appurtenances of the slave system?

The honest answer is obvious. And it is not beyond the realm of possibility that the answer will be made on the sandy beaches of Europe. But the tragedy of this war insofar as the Negro is concerned is that too often decisions as momentous as this are conditioned by the resourcefulness and cunning of Hitler and Hirohito and not by the faith of American leadership in the democratic principle.

LOOKING AROUND IN HARLEM

By Don DeLeighbur

NEW YORK.—Colored patronage is eagerly sought by an ever increasing number of big time white night clubs and restaurants on Broadway, in Gay Gotham's world-famed Swing Alley, Fifty-second street, and in fascinating Greenwich Village. In fact, the owners of many such places like the Ubangi Club, Safe Society Uptown and Downtown, The Place, George's, the Plantation, the Onyx Club, Kelly's Stables, the Village Vanguard and others, have told me on many occasions that they would be tickled to get well-bred, cultured colored patrons to coming to their places.

But Negroes in these parts evidently don't like to mix, even though they are not actually cooped up in Harlem.

While the downtown Broadway clubs have superior entertainmen to offer with prices comparable with those paid in Harlem, they get little or no notice from Harlem except for occasional parties and the habitual seekers of pleasure on the white side of the line.

In most of the places named, Negro entertainment is the main fare, especially so at the Ubangi Club, the Cafe Society.

Many people don't know that Albert Ammons, Pete Johnson, Teddy Wilson and his orchestra, any many, many others are working nightly at Cafe Society. Neither do they know about the hard-hitting music combinations that play at the Village Vanguard, Kelly's Stables and at Ryan's. Yet in all these places the cream of small bands can be heard hightly and in an atmosphere far different from that which one finds in the traditional club in Harlem.

Broadway at night offers a brand new, beautiful world for the Negroes who want something different for a change.

It has been said that no place on Broadway, not even Child's Restaurants (where I have dined several times) actually have the nerve to deliberately tell Negroes they are not wanted.

What the Broadway clubs don't want are couples—colored men and white women. New York, despite its liberalism and relaxed social attitude toward minority races, still doesn't want to take the lead in encouraging colored men and white women to parade around in the big places.

It doesn't frown, however, on white men with colored women. The reasoning there is that the colored consort of a white woman is nine times out of ten a "playboy" or in harsher words, a pimp, and that connotation of such relationship is enough to give the white patron in these clubs a severe case of the shakes.

The motivating forces at work in New York's liberal attitude in the matter of intermingling of the races in places of public amusement is due mostly to the softening influences of Negro musicians who play under intimate conditions in the most exclusive places that have only white audiences.

There are colored musicians who never see colored faces outside of their own band members from night to night, from week to week, month to month and year to year.

They get to know the Park Avenue debutante, the movie star, the daughter of some Wall Street tycoon, as well as the fathers and mothers of these people.

A new tolerance is thus born into the minds of the older folk and the prejudices are a bit lessened.

Meanwhile, the younger generation, all het up over swing music, jive terminology, and jitterbug dancing, sells its birthright to learn it, to become masters of boogie-woogie, rugcutting, and hep-talking.

There are Negroes in various sections of the country who have longed for the time to come when no distinction in races will be made along social lines. They have prayed for that day; other have written about it, and some have made speeches about it and led organized movements for that purpose. In 1943 New York City it has come into being, although in a comparatively slight manner, but few are taking advantage of it.

AS I SEE IT!

I wish someone would tell me if I'm wrong, but it seems to me that there hasn't been one single headline in the metropolitan press in the past week that would indicate that a report might be found inside their pages on some of the findings and recommendations of the special committee set up by Gov. Earl Warren to investigate the recent outbreaks of violence in this city.

These same papers were right on the spot the previous week to condemn the "zoot-suiters" and to besmirch the Mexican and Negro people. No doubt they were satisfied to have played their role in inciting further riots.

In order to redeem themselves, they could have run a headline reading something like this: GOVERNOR'S COMMITTEE RECOMMENDS NO DISCRIMINATION AGAINST ANY RACE. Instead, their front pages carried the news of Charlie Chaplin's fourth marriage. Perhaps they believe THAT will help win the war!

It is certainly not because of their keen understanding nor out of the goodness of their hearts that they are now forced to print stories of the heroism of Mexican men in the armed forces, men who in civilian life wore "zoot-suits." But, they were in for a good deal of criticism from a large portion of the public WHO DEMANDED THAT THE TRUTH BE PRINTED. As stated by the investigating committee, in their opinion **"One of the causes has been the failure properly to present the facts."** If any paper could be more guilty of this than the Daily News, it must be the Los Angeles Examiner.

It seems a shame in these critical times, when there is so much for everybody to do to help win the war, that we are forced to have special committees set up for investigation after something has happened. **If we were to follow the real American way of life, these things would not be necessary.** But since they are necessary, I am glad we have men like Attorney General Robert W. Kenny at the head of such a committee to help solve the problem. He has openly condemned discrimination many times.

This committee got right down to brass tacks and negated the whole idea of "zoot-suits" being the cause of the trouble. Some of the recommendations made by them only prove the inadequacies of our law enforcement agencies—the viciousness of the press—the lack of educational programs for American youth of all nationalities and color—the need for adequate housing projects and most of all the shameful existence of race prejudice.

Investigations and recommendations have been made before and have gotten no further than the files of the committees. The most important task is left to us, the people. We must give our full support to these men appointed by the Governor. Through our communities, churches, trade unions, Victory committees and various other organizations, we must see to it that their recommendations are put into action.

Too long have we known the ravages of race hatred—the major weapon of the Axis. We must root out the forces responsible for it. We must hold them up for everyone to see, point out their methods of work and then prosecute them to the last letter of the law.

The Pioneer Club was the guest of Mr. and Mrs. M. L. White, Mrs. Will Gray and Mrs. Taylor at the lovely residence of Mr. and Mrs. White, 1158 E. 41st place Saturday night.

It was one of delightful sessions, so often enjoyed by the Pioneers, that leave pleasant memories. Two hours were spent in discussing yesteryears and the people who made history. In keeping with our policy of keeping alive the deeds of the early pioneers and their way of life, at each meeting, we give the factual history of one of our forefathers. Last night we paid tribute in honor of Mr. Benjamin F. Talbot, the father of Mrs. Laura E. Talbot Young, efficient Secretary of the club.

Ben C. Talbot of Oakland and William Talbot of San Francisco and Norman Jr. and Ivan Houston, grandfather of Mrs. Dorris Houston, came to Los Angeles in the year 1887 from Chatham, Ontario, Canada.

Benjamin F. Talbot found employment as a wheelright with one of the leading carriage builders, The Maloney Carriage Company, and spon rose to the position of foreman.

Active in civic, religious and social life, Mr. Talbot was a trustee of the Old Agusa Street A.M.E. Church, Superintendent of the Sunday School, one of the founders of the St. Johns Lodge of Masons and also served as a Grand Master of the State for three terms.

At his death in February, 1900, he was one of the highest Masons in the country, being a 33° degree Scottish Rite Mason and the first to be accorded the honor of mid-night funeral service by the Lodge of Sorrows.

In the year of 1893 Benjamin F. Talbot was nominated for the City Council from the old Eight Ward. One of the founders of the Afro-American League in 1893, he was also a member of the Knights of Pythas and the Forresters.

The old Pioneers will long remember the funeral service for the beloved pioneer who won admiration, respect and love of all who knew him, and who was known to be exceedingly generous. His home was the headquarters for the fraternal and political big men of the period.

His funeral, held in the Illinoise Hall, corner of Sixth and Spring Streets, where the Hayward Hotel stands today, attracted such large crowds that hundreds could not get into the hall.

All of our Ministers participated in the funeral services. The funeral cortege, one of the longest ever held in Los Angeles up to that time, headed by a brass band, moved up Spring Street to First, thence to Evergreen Cemetery. There he lies with his beloved comrades of the Grand Army of the Republic.

He was survived by his widow, two daughters, Mrs. Laura E. Young and Mrs. Bernice Alexander, three sons, Elza, Ben C. and William Talbot, and one grand daughter, Mrs. Doris Young Houston.

We, the Pioneers, neighbors and friends of Benjamin F. Talbot revere and honor his memory.

The club was thrilled with two very sweet solos rendered by the child protegee, little Miss Marjorie Day. Mrs. Maggie Roberts, guest of retired postman I. Threadwell, gave a reading entitled "Forty Years Ago," which was timely and highly enjoyed by all.

Mrs. White, the hostess read a paper "The Promises of Choice". This was a classic, proving again that Mrs. White is worthy of a place in the sun.

Those Pioneers and friends who joined the president in eulogizing Pioneer Benjamin F. Talbot were Will Gray, Rev. Robert Jones, Deacon Hodge, Mrs. S. J. Bruington, Mrs. John Fowler and Pioneers John Sellers and C. Posey.

During the evening the guests who were introduced included Rev. and Mrs. Marshall of Zion A. M. E. Church, Mr. P. Robinson and Mrs. Maggie Roberts.

At the conclusion of the program a delightful supper was served.

Pioneer J. J. Neighroes, one of the founders of California will be honored, at the next meeting.

For a long time I have promised myself the joy of visiting the third oldest Baptist Church in the city, St. Pauls.

Sunday morning, I finally fulfilled my promise to myself and Arthur Cole. I enjoyed every moment of the service. I especially admired, among many other things, the manner in which collection is taken.

I immediately fell under the spell of Directress of the Gospel Choir—they have two of them, you know—Mrs. Eva Stephenson. She faces the congregation and directs them. My! they can sing. Everyone in the church was singing, as though they had been at choir practice.

Miss Revere Williams directs the Evangelical Choir and Mrs. Olivia Glover is the organist. When those two choirs get together on one of those wonderful spirituals, one has a hard time trying to sit still.

I did not get the name of the young man with the deep bari-tone voice, who sang "Nothing

KINLOCH'S COR!

A Poem to My Chum, Martin

By JOHN S. K.

DEAR MARTIN
I have an idea.
You are sitting
On some damn stump
Or other.
Thinking
What the hell
Are you fighting for
Anyway.

Fort Van Dorn
Had its riot.
And I guess
You know more
About that
Than I do.

Well, L. A.
Had its, too.

And Detroit
And a burg in Texas
Named Beaumont

And all over the
Bloomin country
Guys are whackin
Stew
Out of us.

It is a logical
Thing to wonder
Where the war is
And why we are
Fighting and
What for.

And that ain't
Such a bad idea
Because a lot of
Other guys are
In this war
Because they
Got drafted
Period.

Only when a people
Are in the crack
We are.
Explanations have got to be
A damn site better
Than just 1-A.
And they have got
To add up to
A whole lot more
Than a brass band.

And, Martin my chum,
I am dashing off
This little note
Because I believe
I got this mess
Doped out
Six ways
From the middle.

TO-WIT
There are guys
In Germany
And Italy
And the honorable
Japanese Empire
Who Think
That God made them
To make us
Their slaves.

And there are jerks
In Mississippi
And Alabama and unpleasant
Joints like that
Who've got the same
Damn bee
Buzzin in their
Konks.

Well, it is a natural
Thing.
That all these eggs
Get together
And figure how
They can scratch
Each others
Butts.

And one way,
Tried and true.
Is to kid us
That our war
Ain't against them
ALL
But only against
Those of them
In the same county.

So that
The fascists
In Alabama
Will try to make
Us fight them

There
While Hitler
Has a ball
Somewhere else.

And they will
Tell us
That other poor
Suckers
Are our real
Enemies.

And hope to God
That we spend
All our time
Whaling hell
Out of these other
Guys
Who ought to be
At our sides.
On the continent

Of Europe,
Where the
Fascist world
Has staked
All its chips
And where
In the end,
It will sink
Or swim.

So, dear Martin,
Please rise
In your seat
And start
Practicing
How to shoot Nazis
Where they won't
Sit down
No more.
Sincerely,
—JOHN.

THOMAS JEFFERSON GRADUATION CLASS IN GRAND PARADE

The Bombadier class of summer 1943, one hundred sixty-two strong, of Thomas Jefferson high school, and twenty Corinthians, all of whom have met graduation requirements in the accelerated curricula, graduated yesterday in the school auditorium.

Dr. Clarence A. Pierce of Los Angeles Board of Education, presented the diplomas and made the address. Following the processional of the graduates garbed in blue caps and gowns was an organ solo by Mr. Samuel Brown of the Jefferson music department, and a trio composed of Virginia Grace, Martha Phillips and Katherine Myers.

The speakers, three girls and one boy, spoke on "The Kind of a World We Want Tomorrow," in which the Four Freedoms were considered. Rene Rivera's topic was "Freedom of Speech," Cora Thomas' "Freedom of Religion," Odis Lindsay's "Freedom from Want" and Annie Mae Moody's "Freedom from Fear." At the close of the symposium, the A Cappella Choir sang "Victory Tide."

The Ephebians, Grace Boykin, Odis Lindsay, Cora Thomas, and Rene Rivera, were presented by Mrs. Elsa Mae Smith, the girls' vice principal. Mr. George Costello, boys' vice principal, presented the scholarship awards. Cora Thomas and Rene Rivera are both members of the California Scholarship Federation; Excelsa Herrera, Mary Lee, and May Wong are two semester members of Who's Who honor scholarship society; and Grace Boykin, Odessa Estes, Jose Martinez, and Annie Mae Moody are one semester members.

When Mr. C. A. Dickinson, principal, presented the class, he announced other awards. May Wong and Harry Cage received the American Legion awards. Rene Rivera was the recipient of the Bausch-Lomb science award. Joan Dickenson and Kenneth Howard, student body president, received the Danforth Foundation award; Cora Thomas, the superintendent's award; and Excelsa Herrera the Readers' Digest award.

After Dr. Pierce presented the diplomas, John Curiel, president of the senior class, spoke a few words of acceptance, the class sang "America," and left the auditorium to the strains of "God of Our Fathers."

Among the graduates were nine who had a perfect attendance record for their three years of high school. They are Burnece Brookins, Thelma Carter, Mary Joan Dickenson, Odessa Estes, Edward McKay, Elizabeth Scott, Gloria Speed and May Wong.

The ter who received honorable mention for a perfect merit record for the three years of high school are Albert Beskangy, Grace Boykin, Thelma Carter, Barbara Eugene, James Fong, Ruth Geoghegan, Jessie King, Gloria Speed, and May Wong.

WARN NEW LANDLORDS

OPA Rent Director for Los Angeles and Orange County, David Barry, Jr., recently warned all "new" landlords to register all rental dwelling accommodations.

All property rented for housing accommodations must be registered with the rent control office of OPA. Registration forms may be obtained either by mail or by calling at the OPA office, 1023 South Broadway, Los Angeles.

"All persons who have failed to register because of ignorance or mistake, or for any other reason, should do so immediately in order to avoid serious penalties," Barry declared.

CITED BY UNIVERSITY

Etta Moten, one of 12 alumni of the University of Kansas who are the recipients this year of the "Citation for Distinguished Service," by the Alumni Association of K. U. A commanding general and the mayor of Kansas City, Mo., were among the 12 receiving the awards.

Miss Moten, a graduate of the School of Fine Arts at the University, began her concert, radio and dramatic career shortly after her graduation.

Miss Moten was to appear at the university commencement exercises this month for the public presentation of the award but because she is currently starring in "Porgy and Bess," could not do so.

Two other colored graduates of K. U. have been awarded similar citations in years past. These are Bishop John A. Gregg of the A. M. E. church and Lt. Col. M. O. Bousfield, head of the station hospital at Fort Hauchuca, Arizona.

Wage Increase Is Announced

An increase of 143 per cent in number of wage earners, and a jump of 303 per cent in wages paid to California workers from 1939 to 1942 in all industries is revealed in a new economic survey issued by the Research Department of the California State Chamber of Commerce. During this same period, the report shows, the increase in number of wage earners for the nation as a whole was 48 per cent and the increase in wages paid was 135 per cent.

In the metals and metal products industries which include machinery, transpartation equipment, aircraft, ships and similar products, the effect of the war production program in California is clearly evident. In these industries there was a gain in 1942 over the pre-war year, 1939, of 455 per cent in number of wage earners and an increase of 823 per cent in wages paid. The durable goods industries, which include other essential materials closely identified with the war production, such as lumber, timber products, stone, clay and glass have shown an increase over the three-year period of 297 per cent in number of wage earners and 568 per cent in wages paid.

NURSES TRAINING BILL AMENDED

The National Non-Partisan Council on Public Affairs of the Alpha Kappa Alpha Sorority scored another victory recently when they were able to get an anti-discrimination amendment in the Nurses Training Bill.

"There shall be no discrimination in the administration of the benefits and appropriations made under the respective provisions of this act, on account of race, creed or color", reads this amendment in the Nurses Training Bill.

Due largely to the thorough canvas of the Senate by Mrs. Thomasina Walker Johnson, able Lobbyist of the Council on Public Affairs, the amendment, when added in the Senate after Senator Warren Barbour (R—N. J.) introduced it, was accepted without a dissenting vote.

The National Association of Colored Graduate Nurses, under the leadership of Mrs. Mable K. Staupers, supported the amendments.

14 Men In Naval Training

Fourteen of our local men have recently reported to the U. S. Naval Training Station at Great Lakes, Illinois, where they have begun training to become bluejackets in Uncle Sam's Navy.

Wells, 1144 East Vernon Avenue; Eugene Leroy Phillips, 23, 1540 East 51st Street; Louis Willian Scipio, 33, 998 East 34th Street; Donald Roy Reed, 32, 715 East 48th Street; Edward Freeman, 19, 1618 East 32nd Street; Perry Hide Jones, 28, 163 East 41st Place; Addison Hall, 18, 1245 East 27th Street; James Henry Bland, 27, 5332 Staunton Avenue; Wesley Stanley Cotton, 28, 2195 West 29th Street; Earl Roberson, 18, 2868 Lancaster Avenue; Frelin Morgan, 29, 1540 East 49th Street; and Albert Sidney Baxter, 24, 610 East 24th Street.

ANNOUNCEMENT OF EDUCATIONAL ADVANCEMENT AND IMPROVEMENT

Professor Phillips is now seeking sponsors among The Best Minds of Today to aid him in bringing before The People His Invaluable and GOD SENT Mission.

Address all communications to Professor George W. Phillips, care of The California Eagle.

Professor George W. Phillips introduces himself at this hour (after more than twenty years of research) as being The Spiro-Electronic Messenger, founder and exponent of The Spiroelectronic Theory and Doctrine of Spiroelectronism.

Professor Phillips proclaims that Spiroelectronism is a doctrine which gives the tangible information and structure within the universe, for the complete salvation of the soul and mind of human beings.

Whereas the unfoldment of the same does require much detailed and illustrative discussions, it be an invaluable system of reasoning things out for what they are and are not upon a tangible basis.

The Spiroelectronic Theory be not theory at all to the mind of immortality, yet to the mind of mortals, it cannot be rated more than a theory, but I do proclaim that I can propound and expound from the same so clear that a fool cannot err in conceivement of the same to be not less than a godsend.

Sporielectronism was found through by scientific support, yet it be not the gift of science alone, but the gift of both science and revelations; or rightly quoted, be of revelations supported by scientific recordings, etc. It be the transcendent of all other religious doctrines, I am assured by the donor of the same.

POSTAL ZONES ARE LISTED!

You can advance the distribution and receipt of your own mail, as well as expedite the delivery of important military and war production mail, if you will include in your return address on every letter you write, the zone number for your address, which will be supplied by your postmaster, your nearest post office or by your letter carrier.

The armed forces and important war production have taken from the postoffice many experienced distributors — distributors that cannot be easily replaced. Consequently it has become necessary to call on the general public to help with this distribution.

The plan is to assign a zone number to each section of the city. This zone number will become a permanent part of your mailing address, and will simplify the distribution of letters to such an extent that it will be practically an imporsibility for a distributor to make a mistake. The zone number will speed up distribution.

This plan has been tried and proved in many large cities throughout the land. It was found to be the only solution to the great problem of expediting and simplifying the handling of communications.

The postoffice can effectively put this plan into operation right here in Los Angeles, with the cooperation of every citizen in placing his zone number on the return address of all mail sent out, so that all his correspondents will include this number in the address when they communicate with him by mail.

Our city has grown to the point where we must place this plan in operation and expedite our important Los Angeles mail. Please do your part by obtaining your zone number at your nearest postoffice or from your letter carrier and using it.—BEGIN TODAY.

Negroes on Eastside Face Greater T. B. Problems Than Ever

With the influx of war workers boosting the Negro population from 61,000 to 75,000 within a year, the already crowded eastside section faces a greater tuberculosis problem than any other section of the city, declared the Health Education of the East Area Health Program last week. A meeting was held on Friday at the George Washington Carver Junior High School.

"Something can and must be done now declared Mrs. C. D. Fredrick, chairman, adding that the organization has all necessary funds and facilities, but that it must have the support, cooperation and counsel of all the citizens and the civic organizations of the eastside.

Her remarks were greeted with enthusiasm, and the seriousness of the situation was apathetically felt by all present as they pledged their aid.

MEMORIAL SERVICE

Angelus service is two-fold in purpose: First, it is a fitting tribute to the departed; second, a source of consolation for those who remain. In order to distinguish this new and finer type of service from the average funeral, we speak of it as a Memorial Service. Yet this newer and finer type of service costs no more.

NO PARKING PROBLEMS AT ANGELUS

STAGE KISSES

The critics praised our love scenes generously
As perfect acting, but they did not know
How hungrily our lips clung; how the fire
Of passion through our veins swept: how the glow
Lit up our eyes: how our hearts throbbed with love!
But you are someone else's, so am I:
The show's run finished: we are far apart:
Fate rules, but memories will never die.

JUST THINKING, THAT'S ALL, but now for a bit of news, chatter and comment, since that's what you want, not my personal thoughts. "Run Little Chillun," will open at the Hudson theater on Broadway, New York, about the middle of July. This will be only the temporary locale as it goes into a more important house not yet available. Hall Johnson, who has been here over a month, has been rehearsing the chorus that is there, with those to join it from here leaving this week. They were to have gone on the 18th but the current difficulty in securing railroad transportation held them over. Clarence Muse, who will direct, left last Sunday, and the scene painter and designer, fortunately the same one who did those at the Mayan is already at work on the sets. Among those who will leave this week are Andrew Taylor, Bertha Powell, Willie Mays, Olive Ball, Bessie Guy, Wm. O. Davis, Violet McDowell, and Chauncey Reynolds.

SOME TIME AGO I PROMISED TO SAY something about the other hard working news and feature writers in the local newspaper colony, but time galloped on before I got it started. Here I am about to take a much needed rest and it isn't done yet. But nevertheless here's a word or two describing a few, with the balance at another time. JOHN FOWLER, faithful veteran, specialist in early L. A. history in his "Spreading Joy"—BILL SMALLWOOD, unique, chatty, well informed on local and national society—EARL WRIGHT, one of the best and one of the best liked.—HALLEY HARDING, aggressive, even combative, but knows sports, especially football and baseball—J. CULLEN FENTRESS, gave up music for journalism, specializes in fight stuff—MARGURITE CARRERE, charming both in society news treatment and personality—LAWRENCE F. LAMAR, gave up sure-shot law future for reporting, thorough, fearless, concise—JESSE MAE BROWN, name should have been "Sparkle" instead of Jesse, describing eyes, personality, and column in one—JACQUELINE WOODS, her "Orchids of Merit," missed very much by many readers—EDDIE BURBRIDGE, one of the most versatile in game: steady, methodical: writes fiction and poetry as well as excellent sports.

By substituting paper-board boxes for those made of critical materials the folding box industry in 1942 saved 215 million pounds of critical metals, 8 million board feet of lumber, 750,000 pounds of glass, 220,000 pounds of cellophane, 36,000 pounds of pliofilm, and 12,000 pounds of rubber.

Lunceford Quits Trianon Cabaret Because of Racial Bias

Because he refused to have fellow musicians who came at his invitation to visit him, insulted, and also objecting to being addressed disrespectfully, Jimmy Lunceford, noted band leader has given notice that he will quit the Trianon Cabaret. He opened there two weeks ago and has been packing the white night lifers to whom it caters, to capacity. His has been one of the most popular "name" bands here, since Hollywood first became sold on him in the Warner Bros. picture "Blues in the Night", originally titled "New Orleans Blues."

The trouble between Lunceford and the Trianon management came when "Snooky" Young and Harry Edelson, trumpeters with Count Basie presented themselves at the door, on their night off. They were refused admittance by the doorman, but insisted that word be taken to Lunceford. Lunceford came but when he registered a complaint to Manager W. Jamison at the treatment of his guests, he was informed curtly that since he only worked there like the rest, he must "stay in his place." Thoroughly angered and resentful the band leader finished out the evening, then announced his intention of quitting.

However according to W. E. Bailey, president of Musicians Local 767, regardless of how much they may sanction his action, he may be forced to fill out the engagement his contract calls for, unless the management consents to the notice he gave. Otherwise he is subject to a heavy fine and suspension from the National Federation of Musicians.

While this was "the straw that broke the camel's back," it is not the first time that visiting musicians or personal friends of the players have been snubbed. Just a few days previous Walter "Dootsie" Williams was admitted by a doorman because he was mistaken for one of Lunceford's musicians. Williams is himself a widely known band leader, but when the attendant observed him standing by the bandstand instead of in a seat playing he ordered him out. He added contempsiously "If I let you stay, a lot of you will be coming out here."

Both musicians and their friends see in the action of the Trianon management, the acme of prejudice, rather than that the presence of occasional visitors would "hurt their business." It is well remembered in the days of Frank Sebastians famous Cotton Club, that Frank would personally seat colored visitors at the ringside, and see to it that they were served if they wished it. The Paradise Cafe, Bud Taylors, were similarly courteous to friends of musicians or entertainers.

Detectives Closing in On Killer of Innocent Bystander

Reported to have clues that will bring him to bay within the next few days, Detective Sergeant Earl Broady, and Detective F. C. McGruder, are especially anxious to capture an unknown man here within eight days. Firing from the door into a cafe at 1472½ S. Central, he shot Mrs. Lulu Brown, 27, wife of the proprietor, while trying to shoot Johnny Armstrong of 1357 East 15th street, one of several patrons there. Wounded in the left forearm and stomach Mrs. Brown died later at the General Hospital.

According to the dead woman's husband, Jesse Brown, proprietor of the cafe, the murderer had entered the cafe at 2:15 and had gotten into an argument with two men, one of whom was named DeWitt. In the midst of the quarrel, the belligerent stranger left, but returned shortly afterwards and started an argument with Seastrong. When Seastrong refused to come outside as his assailant ordered, he backed to the door, and started shooting. Mrs. Christina Mikes, of 1227 Clinton Street, also an eye-witness, can also identify the killed when captured.

NINE NEGRO PHYSICIANS GRADUATE FROM ARMY TRAINING SCHOOL

Nine Negro physicians, who graduated from the Army's Medical Field Service School, Carlisle Barracks, Pa., brought to a total of 137 the number of Negro medical, dental and veterinary officers to receive diplomas from this national training center, the only military school for training Medical Department officers for field duty.

The nine officers are Capt. Foster M. Brown, 40, of 824 Lombard Street, Wilmington, Delaware; Capt. Stanley E. Brown, 100022 Westchester Avenue, Cleveland, Ohio; Capt. George W. W. Little, of 1400 Glenn Street, Homestead, Pennsylvania; First Lt. John F. Evans, of 133 East 3rd Street, Pittsburg, Kansas; First Lt. Frederick F. Richards, 34, of 70 Grove Street, Hempstead, Long Island, New York; First Lt. Andrew K. Roberts, 32, of 103 Atkinson Street, Rochester, N. Y.; First Lt. Leon H. S. Thomas, of 631 E. 22nd Street, Paterson, New Jersey; First Lt. Henry A. Washington, of 818 Fayette Street, Syracuse, New York; and First Lt. William H. Wilson, 29, of 136 Cambridge Street, Abbeyville, South Carolina.

Captain Foster Brown, Captain Little, Lieutenant Richards, Lieutenant Roberts, Lieutenant Thomas and Lieutenant Washington received their M. D. degrees from Howard University. Lieutenant Evans and Lieutenant Wilson were graduated from Meharry Medical College and Captain Stanley Brown was awarded his degree from Western Reserve Medical College.

"Coney Island" Is Now Playing at The United Artists

The picture is a dazzling show in which Technicolor has been put to wise use. Miss Grable, Montgomery and Romero get their strongest assistance from Charles Winninger and Phil Silvers, who carry away the acting honors with ease in the film's chief comedy assignments. Prominent among the other players are Matt Briggs, Paul Hurst and Frank Orth.

"AIR RAID WARDENS," with Stan Laurel and Oliver Hardy is the companion feature. Their fun-making is typical of the brand of blundering they have elevated to a fine art, but always they are kidding themselves, not the sensible wardens with whom they come in contrasting contact. That the Zeidman production under Edward Sedgwick's happy direction is a riot is phrasing it mildly.

Hawkins Gets Advanced Flying

Kenneth R. Hawkins, son of Mr. and Mrs. Clarence Hawkins of 1701 Serritoes Street, San completed his preflight training at the Tuskegee Institute, Alabama, where he will begin actual flight training. Hawkins who attended California State Polytechnical College from 1937 to 1941, was an employee of the Agricultural Commerce-Office of Los Angeles County, prior to entering the Aviation Cadet Corps.

Bill Robinson And Wife Fannie Are Now Divorced

Bringing to light what has for some time been an unconfirmed rumor, of impending divorce between Bill Robinson and wife Fannie, official court notice has come from Reno, Nevada, that they were separated by legal decree, Friday, June 18.

Following the establishment of her residence in Reno, six weeks ago in compliance with the Nevada law, Mrs. Robinson was granted a decree by Judge A. J. Maestretti. She had lived there quietly without any of the other famous residents of the divorce colony or the general Reno public knowing it. In fact it was the agreement between the couple to conduct the court action as unostentatiously as good form requires.

Witnesses to the action were Mr. and Mrs. Fluis with whom Mrs. Robinson lived. All the records in the case were ordered sealed, and the hearing took place behind closed doors. No defense or counter charges were offered by Bill's counsel. Mrs. Robinson refused to discuss the case with reporters who urged her to make a statement, and after remaining in Reno a few days she returned to Los Angeles.

Bill likewise has been very reticent about the matter, although in March he voluntarily mentioned to the drama editor that he deplored the actions of certain eastern reporters in attempting to play up the rumors. He said that even if it were so, they would not be the first married couple to separate.

The famous couple, once considered "perfect pals", were married on February 28, 1923. They jointly owned valuable property in New York, and built a home costing over $50,000 here, designed by Paul Williams famous architect. Although details of the property settlement has not been made public, it is reported that Mrs. Robinson was awarded the Los Angeles mansion.

Board of Equalization Announces Sales Tax Reduction

According to a report received from the State Board of Equalization, a reduction in the sales tax rate from 3 per cent to 2½ per cent will become effective July 1, in accordance with an amendment to the sales tax act, passed by the recent session of the legislature.

Under the revised schedule, no tax is collected on sales from one cent to 14 cents. A tax of one cent will be collected on sales from 15 cents to 59 cents, two cents on sales from 60 to 99 cents and one cent on each subsequent 40 cents.

PAY ADJUSTMENTS FOR WOMEN MAY STILL BE MADE

Adjustments to equalize the wage or salary rates paid to women with rates paid to men for comparable work may still be made without board approval under the "hold the line" executive order of April 8, the National War Labor Board has announced.

WLB Chairman William H. Davis in a letter to Secretary of Labor Frances Perkins said in part:

"General order No. 16 has neither been impaired nor amended as a result of executive order No. 9328. It stands today in full force and effect."

The order permits an employer, without prior approval from the board, to make adjustments "which equalize the wage or salary rates paid to females wiht the rates paid to males for comparable quality and quantity of work on the same or similar operations," provided that such adjustments shall not furnish a basis either to increase price ceilings or to resist otherwise justified reductions in price ceilings.

The application of the order is quite plain and simple in cases where women are employed to replace men on jobs which are not changed," David said.

Wife Kills Shipyard Worker Over Supper

Firing five shots in rapid succession from a 32 automatic pistol, Mrs. Olivia Tyler, 28, killed her husband, Waverly, 34, at their home at 412 East 30th street, on Thursday of last week. The tragedy developed from a bitter quarrel over Tyler's supper, at the height of which neighbors had called the police. They arrived in time to hear the last of the shots.

Tyler, a worker at the Calship Shipbuilding Company had come home from work and according to Mrs. Taylor, started quarreling because his supper was not ready. As their words flew thick and fast he became so enraged, she said, that he hit her a hard blow and knocked her down. Arising, she had run into the bedroom with him following. Seeing the gun laying on the dresser, she had seized it and started shooting. The stricken man crumpled to the flood dying almost instantly.

As Officers Bowers and Perry of University Station rushed in, Mrs. Tyler surrendered her weapon and was placed under arrest by them, booked on a charge of suspicion of murder. With a plan for a plea of self-defense, Attorney Curtis C. Taylor has been engaged as her defense counsel.

COMMISH RE-SET ARMSTRONG — JOYCE REMATCH FOR JULY 24

CALIFORNIA SHOULD TAKE RIGHTFUL PLACE IN BOXING SUN

While sitting in the presence of a couple of the members of the State Athletic Commission of California the other day, one of whom was the chairman, we were reminded of a hope held by another chairman—one who preceded this one.

His name—Jerry Geisler. His successor—Jules Covey. Both are attorneys; the former more famous, perhaps.

The commission, under Geisler, took on affluence, forced boxing bodies throughout the country to respect its stands. His oft-repeated hope, expressed at most sessions of the obdy and in the press, was that he wanted to see California stage boxing attractions that would merit the support of every fight fan in the State. Under his regime the commission went a long way in laying the foundation upon which California could demand and get the best fistic attractions, here an delsewhere.

The other day, his successor, Chairman Covey, impressed us to the extent that he, too, would like to see California take her rightful place in the boxing sun.

There is no reason why this should not be done. It can be done, in fact. But, it can't be done by staging two-bit shows. Ten dollar fighters deserve $10 net gates. If they can get that here, they'll come here, and fight here against the best the State affords.

A growing population, more so now because of the defense boom in industry, not to mention the movie industry, just about guarantees a successful large scale outdoor promotion. Handled right, by responsible people, and properly adverticed, California IS READY NOW to offer the best in the way of fistic entertainment.

ARMSTRONG HOTTEST FIGHT ATTRACTION IN U. S.

You may have your Jimmy Bivins, Tami Mauriello, Beau Jack, Bob Montgomery, et al. We'll take Old Perpetual Motion, otherwise known as Henry Armstrong.

Hammerin' Hank is the biggest boxing attraction in the country. If you don't think so look at the way every section of the country is bidding for his services.

And now that the Armstrong-Willie Joyce show is definitely on for July 24, Los Angeles gets first call on the man who not only has cleared up the lightweight muddle to an appreciable extent but who also qualifies as the Mister Big of all the lightweights.

In other words, these days, in order to be the bona fide king of the lightweights the public demands that the would-be titleholder fight our Hammerin' Hank. And though Hank's opponent receipts for a thorough trimming his check for the evening usually more than suffices as a balm for his wounds.

It will be interesting to watch these developments in the Armstrong-Joyce picture:

(1) How Joyce's jaw, broken by Hank in his losing fight last March, holds up from now to July 24.

(2) What part Mister Whiskers may play, now that Joyce faces induction;

(3) What will be the outcome of Armstrong's examination by commission medicos next Monday;

(4) How Armstrong's most recent injury holds up in training a few weeks from now; and lastly

(5) The kind of a gate these fighters, one, Armstrong, whose amazing comeback string was recently studded by a brilliant victory over former lightweight champion Sammy Angott; and the other, Willie Joyce, who holds the only unquestionable decision over Armstrong during the latter's comeback.

SGT. JOE LOUIS HAILED AT SAN DIEGO

Sgt. Joe Louis, heavyweight boxing champion of the world, was the houseguest of George Ramsey's Rancho De Amour Wednesday and Thursday of last week. The champion was escorted to San Diego by Mr. Howard (Skippy) Smith, president of the Pacific Parachute Company of San Diego, the only race-owned one in the world.

A private dinner was given at Ramsey. The twelve guests were Mayor Knox and wife, Mr. Skippy Smith, Joe Louis, Mr. and Mrs. Herman Warren, Superintendent of the Pacific Parachute Company, Reccie Young, Mae Ramsey Shores, Mrs. Vincent Cooke, George Ramsey, the host and Mr. and Mrs. Bert Ritchie.

Bert Ritchie, of the San Diego Police Department, served also as bodyguard for Joe while he was in the city.

Sergeant Louis played Sammy Sneed, champion golfer, 18 holes of golf Thursday morning. The score was 65 for Sneed, while Louis shot 79.

A tour was made of all the airplane factories Thursday. Joe also visited the colored U.S.O. A public reception was held at the Rancho De Amour from 7:30 until 11 p.m. The champion left late Thursday afternoon for Los Angeles and then will go back to Fort Riley, Kansas.

Government Costs Go Up

State Controller Harry B. Riley announced in Sacramento today that the combined cost of city and county government in California has increased nearly fourfold in the past 25 years.

Riley said that expenditures of the State's 284 cities, including San Francisco, and 57 counties, last year exceeded those of the World War I year of 1917 by 38 per cent. The figures were revealed with the release of the Controller's annual report on financial transactions of cities and counties.

35 Teachers Get Certificates

Thirty-five New Orleans Public School teachers were awarded certificates at the close of the Health Education Institute held for them at Dillard University last week. Donald Marshall, Assistant Superintendent of Public Schools in charge of Negro Schools, made the closing address.

Lectures at the institute included representatives from the National Tuberculosis Association, the medical department of the Orleans Parish School Board, and the state and city departments of health.

Under wartime operation, railroad freight cars must travel about 16 per cent farther on the average haul.

ON THE TURF

By Geo. A. Ramsey

CALIENTE, Mexico. — Upsets were one of the feature attractions at Caliente Sunday, when three odds-on favorites failed to land in the money. The Post time favorite, however, managed to score for the form players.

C. Miller stole the show by riding five winners.

The feature handicap of the day was won by the longshot Plumita, with Slappy second and Army Song third. The secondary feature for three-year-olds was won by J. W. Deel's Bon Cherie. The winner paid $18.00 for two.

Herrisson, the odd-on favorite, stopped as if hit by a four ton block buster. The daily-double, consisting of Hoot Owl, a first starter at the track and Ida's Cry, paid $120.60.

The Nightcap, known as The Quiniela was the largest payoff since racing was resumed, paying $354.80. The winning combination was Estimulo, first, and the fifty to one shot, Valdina Rouge, second. The place and show price on Valdina Rouge was $36.00 and $21.40.

The horsemen received good news from the popular Generalissimo Eddie Nealis when he announced that the seven big stakes will start on July 4th. The Generalissimo has raised all the values of the stakes. For instance, the Derby had been doubled in value as well as all other stakes.

Some of the features for the summer are Caliente mile for three-year-olds and up, with an added value of $2,000 to be run July 4th. The Derby trail value $1,200, the Midsummer Derby, August 1st, value $2,500, the Phar Lap Handicap, value $1,500, the Labor Day Handicap, value $2,500 and the Fall juvenile stakes at siv furlongs, valued at $2,000.

One of the popular features to be the Powder Puff Derby for women riders. This novel race has always attracted large crowds to the border course.

Judge Joe Erwin Water, racing secretary and pinch hitter for every position at the track, has worked hard in arranging the summer stakes, and also filling twelve races to fit horses every Sunday.

We say that he has a man-size job, but does it to perfection.

So, until next Sunday, when the Sport of Kings will parade before the lovers of the World's greatest sport, I'll say, keep smiling, have a little fun and be glad that you are living in a God-loving country. Buy more U. S. War stamps and bonds in order to enjoy this freedom.

So long,
George.

Bobby Birch Shades LaSalle

Barely outlasting his opponent, Bobby Birch won a close six-round verdict over Kenny LaSalle in the Monday night boxing feature at Ocean Park Arena.

LaSalle closed fast in the stretch. Both weighed 154. There were no knockdowns.

Banty King In Legion Ring Friday

Manuel Ortiz, the El Centro rancher and bantamweight champion of the world, laces on the gloves tomorrow night for a leather party with Tony Olivera, his No. 1 challenger, in Hollywood Legion stadium's main event.

Ortiz's title will not be at stake, the bout being at 120 pounds.

Olivera is the only boy to beat the banty ruler since Tommy Farmer, the Mexican's manager, has been handling the reins. It's his 27th setto under the Farmer banner.

HUDSON SCORES

Rudy Campa mixes with Art Gonzales in tomorrow's six-round semi.

Last Friday night, Cecil Hudson, 143¾, scored a 9th round technical knockout over Lige Drew, 143½, in the scheduled 10-round main event.

A left hook to the chin did the trick. Drew was unable to protect himself when he reached his feet at the count of 9 and Referee Billy Kershner halted the bout.

Paul Guerrero, 119½, and Ceferino Robleto, 115½, battled to a draw in the 8-round semi.

In the fours, Clay Rowan, 165, nodded Flash Gordon, 168; Frankie Lieberman, 130½, and Babe Antuna, 130, saw their alleged fight called "no contest" in the second round; and Lane Hale, 163, TKOed Chuck Neiffer, 162, in three heats.

CAMPAIGN FOR VACATIONS ON WEEK-DAYS

A campaign to persuade civilians to vacation on week-days so resorts will be left for service men on Saturdays and Sundays was started recently by the Newport Harbor Chamber of Commerce.

In a resolution, the Newport civic leaders called upon all other Southern California resorts to join the effort.

Most service men's leaves are limited to week-ends, while civilians may well start their vacations Mondays and end them Saturday noon, declared President W. M. Longmore.

He urged that civilians make every effort to provide an opportunity for soldiers, sailors, and marines to enjoy the matchless vacation attractions of beach, surf, mountains and lakes.

The Chamber asked cooperation of the All-Year Club, the Southland's community vacation organization, and of Californians, Inc., its San Francisco counterpart.

"WE'LL BE READY TO GO ON JULY 24" HANK'S MANAGER TELLS RING BOARD

In a lively session in the offices of the State Athletic Commission here Tuesday the postponed Henry Armstrong-Willie Joyce lightweight classic was re-set for the early evening of Saturday, July 24, at Gilmore Stadium.

The former triple titleholder was originally scheduled to fight Joyce Saturday, June 26, at the same site, but when Armstrong sustained a lacerated mouth in the Sammy Angott fight June 11, which he won, the bout had to be postponed.

Attended by George Moore and George Trafton, the respective managers of Armstrong and Joyce, and Promoter Joe Lynch, the session was presided over by Jules Covey, commission chairman.

DISREGARDS RUMORS

When asked by Covey when Armstrong would be ready to fight, Moore began by scotching rumors that Hank contemplated a run-out on the Joyce bout for a more lucrative Bob Montgomery go for the New York version of the lightweight title.

"I am disregarding the rumors I have heard; I know nothing about them. We'll be ready to go on July 24, if that is all right with the promoter and Joyce's manager," Moore declared.

He then showed Commissioner Covey a letter written by Dr. Alexander Schiff, of New York, who took 8 stitches in Hank's lower lip following the Angott scrap. The commissioner read it.

In the letter Dr. Schiff stated that he had to take the stitches in the left side of the boxer's lower lip, and advised that Armstrong do no fighting for at least 8 weeks to allow the scar tissue to heal completely.

The injury in the Angott battle broke into an old wound Armstrong suffered in a Lou Ambers battle which, of course, made it worse.

FACES CALL

The new date for the Armstrong-Joyce go is but 7 weeks after the Angott battle, and although the scar tissue should be built up in about four weeks Moore told the commission Tuesday that unlike a former handler of Armstrong he wanted to protect his fighter and at the same time afford as much protection as possible to the promoter and other principal.

Trafton, when asked by Covey what he thought of the July 24 date, said he thought it was all right but wasn't sure as Joyce, although married, is childless, and faces a call into the armed forces.

Armstrong, in St. Louis this week visiting relatives and friends is due here this weekend, and Monday will submit to an examination by commission order as of Tuesday of this week.

One of three Negro doctors attached to the commission's medical staff will assist in the examination. They are Drs. E. L. Robinson, Warner Wright and N. Curtis King.

Chairman Covey also stated that neither principal in the July 24 contest engage in any other bout before that date will be added to the contract.

A twilight affair to allow the thousands of war workers of the Southland to attend, Promoter Lynch stated that the first preliminary will begin at approximately 5:05 p. m. Seating capacity has been placed at 26,000. —J. C. F.

HENRY ARMSTRONG
... ready on July 24.

INSIDE THE ROPES

Here are the figures on the Luther (Slugger) White-Zuan Zurita thrillfest staged last week at the Olympic:

Paid attendance: 8321; gross gate: $20,841.25; net gate: $17,704.86. Both principals received 30 per cent of the net.

Albert (Turkey) Thompson, the coast's best heavyweight, although Big Boy Bray is still regarded by the Athletic Commission of California as State kingpin, fights Sgt. Bobby Jones in a 10-rounder at Hollywood on July 16.

The "Sarge" recently whipped State Light Heavyweight Champ Jack Coggins, and the boys down San Diego way do say that Jones is some prospect. He had to be to whip Coggins.

A proposed Thompson-Tami Mauriello bout for Service Sports, Inc., is off indefinitely. Mike Jacobs wired Jerry Giesler, head of the local body, that previous commitments and a defense job will keep Tami back East.

John Thomas is looking mighty fit again. We look for this fine lightweight to hit the top in 12 months. He'll need all of the confidence and skill that is his to hurdle the Armstrongs, Montgomerys, Beau Jacks, "Slugger" Whites, Willie Joyces, and Juan Zuritas who currently lead the pack. The division is probably the toughest in the boxing weight bracket.—J.C.F.

The Chinese are more surprising than feathers on an eggplant. They have had Japs in their hair for over ten years now—but they still haven't lost their combs. The squatty boys from Nippon are wearing themselves out trying to get two hands on the rice bowl, and their advances lately have been all in reverse. The Chinese have been under the disadvantage of not having the proper kind of weapons—but if you hate somebody hard enough you can do plenty of damage with a pair of second hand chopsticks and a painted fan. Of course, it's not quite that bad—and the U. S. is rushing new supplies—but you've certainly got to give the Chinese a hand for giving the Japs a boot.

very moment when our country and our allies are conducting new offensive actions against the military forces of our enemies.

American Unity Committee Formed

The minority groups of Los Angeles county were formed into a power bloc last Sunday afternoon at a meeting which may become significant in the social history of California.

Under auspices of the American Unity Committee, emergency body formed during Los Angeles rioting, the gathering was called together at the Hotel Alexander. Representatives of 500,000 persons sounded here a battle cry against racial discrimination.

The committee, supported by the CIO, California Eagle, Eastside Journal, Carey McWilliams, former state director of immigration, Ted LeBerthon, Daily News writer, the Los Angeles Urban League, Negro Victory Committee, Mexican organizations, along with scores of religious and civic bodies, charged, in a resolution.

"Ever since Pearl Harbor, Fascist agents, clothed in the American flag, have been trying to stop the fight against Hitler and increase a race war against the Japanese. Not a war against an aggressor, but a race war. They have exploited every opportunity to make a condition where a public demand could be created for a negotiated peace with Hitler as the basis of an all-out effort in a race war."

The report of Gov. Earl Warren's committee investigating the Los Angeles zooter-servicemen riots was praised, but a warning note was sounded with regard to this report:

If the governor's committee does not carry on and execute all the beneficial changes it recommended, then the new Committee for American Unity will step into the picture and take over the wheel.

Bishop Joseph T. McGucken, chairman of the governor's committee, was called upon in a resolution to summon together the leaders of all groups, minority as well as majority, to mobilize all citizens' organizations and public opinion generally.

Connelly Speaks

Philip M. Connelly, president of the state CIO council, said:

"We must find the provoking force. One is the Fascist press. If minority groups weren't penned up in ghettos, if they were given jobs and a chance, no amount of agitation could stir them up. The police are prejudiced against minority groups, also."

The original committee for unity was composed of Carey McWilliams, Phil Connelly, Eduardo Queveda, Charlotta Bass, Floyd L. Covington, Harry Braverman and A. L. Waxman.

It was the committee's prompt action during the heights of the riot which brought special Washington OWI representatives here, secured the militant five-man committee of Gov. Earl Warren and mobilized a coherent demand of the city's minority groups for full police protection of their communities.

Los Angeles May Set Pattern

This forthright action in Los Angeles may set a pattern nationally for combatting the superbly organized Fifth Column attack upon racial minorities. Several delegations from the Negro Labor Victory Committee of New York are in Washington today demanding immediate halt to the riot spree.

It was pointed out by them that in ever ycity where rioting has occurred an identical pattern has been followed.

Preparatory to the disturbance, there are months of Hearst press agitation against "criminal" youth of the minority groups. Sometimes the youth are called "zoot suiters," and in other cases they are smeared with the word, "mugger."

In most places, police departments are shot through with fascist-minded personnel, ready to take advantage of the Hearst press incitement to launch a terror campaign against minority group youth.

Finally, there is an altercation between the races. It is usually small, not fatal, and of little real significance. However, the incident is picked up by the fascist local press and smeared across front-page headlines.

The imaginery riot of the front-page quickly becomes a reality . . . and just so much of Hitler's "divide an drule" boast is realized.

In Detroit, the Ku Klux Klan joined Hearst's Detroit Times as the spearhead of the city's anti-Negro attack.

Triple pronged action against the appeaser press, local police who did that press, and open fascist outfits like the Klan are central demands of the nation's patriotic, Negro and Labor forces today.

The United States was producing fighting equipment eight times as fast as Japan in the spring of 1943.

Cops Baffled By Girl's Death

(Continued from Page 1)

The two women planned to make a wreath to place upon the grave of the girl's recently departed father on Sunday, Father's Day.

The mother left, having received a promise that her daughter would visit her home that night to arrange the floral piece.

Mary joined a friend in a shopping visit at Huntington Park.

When the girl returned from the trip she had purchased her husband a Father's Day gift. The man works nights but was awake by the time she returned.

He attempted to tease his gift from her, but she gayly defied him, saying "This time you'll get it on the right day."

Amid laughter, she hid the present.

At about 1:45, Walter Johnson left for his work at the Los Angeles postoffice, where he is scheduled to go on duty daily at 2:00 p.m.

His wife ran across the street from her home to visit Mrs. Thornton, who had purchased a new dress she wanted to examine. The two women chatted briefly, comparing style notes.

At 3:15 Mrs. Johnson left.

Four hours later Smith Sanford, 1640 East 109 street, a close family friend of the Johnsons, having been raised with them, was visiting the home of the girl's father and mother-in-law, Mr. and Mrs. Clarence E. Summey, 1633 East 109 street.

Darline, the 3-year-old daughter of the Johnsons was also at the house.

At the suggestion of Clarence Summey, Sanford and little Darline crossed the street to the Johnson home to call Mary.

Sanford sent the baby in the house while he waited outside.

The child returned, saying, "Mommy asleep; mommy has a nasty mouth."

Sanford went into the house.

He discovered Mary Johnson laying on her back across the bed in her bedroom. He returned to the Summey residence and called police authorities.

When they arrived, it was disclosed that Mary had been dead "three or four" hours. The death gun was found behind the bed.

She was shot in the heart.

Walter Johnson was sent for. Smith Sanford drove to the girl's mother's house, telling of the tragedy.

Johnson identified the death gun. He said his father had given it to him. It had not been seen, he said, for two years, having disappeared from his house. He stated that on many occasions he had questioned his wife concerning the whereabouts of the weapon.

Police investigation revealed that Smith Sanford had been picked up with the gun in his possession a year ago.

Tuesday, the police released Mary's body to the South Los Angeles mortuary.

There had been no inquest.

The Summey's family announced that the funeral would be held Friday (tomorrow) at 10 a.m. at Grant's Chapel church.

No arrests have been made.

Walter Johnson states, "I cannot believe my wife has committed suicide."

Investigating officers from the 77th Street Police Station are Didion and Canady.

Mary Johnson was a native of the Central Avenue Gardens district, having been raised there. She had been employed at North American Aircraft Company until she suffered an attack of pneumonia about a month ago.

She left no messages.

28th Street U. S. O.

It seems as though most of the brides featured in the last weeks local papers were also hostesses of our USO. Some of these brides and their husbands are Pvt. and Mrs. Willard Lester nee Celestine Arleta Corley; Corpl. and Mrs. Harry Richard Smith, nee Rosalia Safford; Lt. and Mrs. Russel Wheeler Lacey, Jr., nee Elweise James; and last but by no means least, Corpl. and Mrs. Caryl W. Thomas, nee Vye Aldridge, USO director.

Two trips that were taken last week were to Santa Anna and to Camp Lockette, both were very interesting and enjoyable for all present. Right now, plans are underway for a Fourth of July Back Yard Picnic that promises to be loads of fun. The Eastside USO board met this week as did the USO club to discuss matters of grave importance.

This week the USO received donations from The Wadsworth School, Mrs. E. Jackson, Mrs. Spencer, Mrs. Dicy Boston, Mrs. Hibler, Mrs. M H. Johnson, Mrs. Viola Anderson, Mrs. Maggie Kirk, Mrs. Elsie Seth Lee, Mrs. Adrene Miller, Mrs. Natabelle Glover, Mrs. Berma Gains, Frances Holland, Mrs. Sarah Mars, Charlotta Morse, Miss Clara McLemors, Mr. William Theadford, Mrs. Bessie Hosmon, Cora Spencer, Lula Wilson, Rev. Anna McMillan, and her Monday workers, Mr. Haet, Mrs. Rose Jefferson, Mrs. Mamie Proffort, Mrs. Eugene Fisher, Mrs. Verlena Webb and Cornelia Roberson, Mrs. Alice Parker, Mrs. Ida Ramsey, Mrs. Cordia Graves, Mrs. Mae O. Stanwell, and Miss Geraldine Sorrell.

The soldiers from Tonopah, Nevada were extremely glad to see the charming hostesses when they came to Los Angeles, after having been isolated in their desert camp for such a long period of time. They have not seen women for such a long while, that they immediately wrote thank-you letters to the USO for their lovely visit, when they returned to camp. Some of the letters that were received are as follows:

We the boys of the Tonopah airbase wish to thank the USO Club of Los Angeles for the wonderful things that you did for us, while visiting in your city. We also wish to thank the most beautiful ladies in the world for putting up with our bad dancing.

Please allow us to use this method of thanking you and you can bet that when we get the chance we will be back. Commanding officer Lt. Allen F. Wagner joins us and thanking you also.

Yours truly,
Sgt. Howard and the boys from the 1022nd QM. and 350 Fighter Group

Another such letter also was received:

My deepest respect goes to the USO, speaking for myself and the entire Company 350th at Tonopah. We sincerely enjoyed ourselves, and the hostesses made us feel at home. For that much we are grateful. May I say again that your kindness will never be forgotten. Thanks again for everything you have done.

Sincerely yours,
Sgt. Joseph Bromes

Segregation OK Says Tenney Committee

(Continued from Page 1)

man, Phil Connelly, Eduardo Quevedo, Mexican community leader, Mrs. Charlotta Bass, and Carey McWilliams, former state director of housing and immigration.

Every now and again a gust from one of the Sacramento investigating gentry would lift the Tenny committee's skirts and reveal its dainty fascist pantaloons.

During the cross-examination of A. L. Waxman, publisher of the Eastside Journal, and a stout friend of the Mexican and Negro community, Fresno's mustached Senator Hugh M. Burns challenged A. L. to find "any discrimination against Negroes" in Los Angeles.

Waxman promptly obliged, recalling a recent incident when a Negro friend was denied service at a restaurant.

The Senator allowed this didn't count because "Negroes wouldn't go in such a place ordinarily. Negroes have a rule not to impose on whites, and whites don't impose on Negroes."

Come the next day and the boys were in there pitching again.

During the questioning of Carey McWilliams, Assemblyman Nelson S. Dilworth asked, "Don't you believe segregation and discrimination are necessary for the Negroes and Mexicans?"

McWilliams hit the ceiling.

"I most certainly do not," he replied.

CONTRAST

Contrast the flabby efforts of the Tenny Committee with the Governor's five-man investigating body. Tenny thinks the riot was "started by the reds."

The Governor's committee charges: 1—daily press, 2—police, 3—social conditions. It proposed a constructive program of social reform including "an end to all discrimination against minorities."

Tenny's committee, wearily dragging the same red herring across State politics which passed into never-never land two years ago this June 22, is composed of Senator Jack B. Tenny, chairman; Senator Hugh M. Burns, Assemblyman Randall F. Dickey, Assemblyman Nelson S. Wilworth and Assemblyman Jesse Randolph Kellems.

Nazi Money Behind Detroit Riot,—White

(Continued from Page 1)

groes were barred from the March Field USO house and shunted into an inferior building. Heavy army censorship weighs over the Riverside events.

Other accounts of race disturbance come from:

1. Riot at Alameda Naval Base. White sailors and marines attacked Negro servicemen. Violence continued for several days.

2. Free-for-all between white and Negro boys in Jersey School. Fifteen-year-old Negro worker killed on way home from defense job.

3. Four Negroes wearing zoot trousers, were beaten severaly by 25 boys in a South Philadelphia street brawl marked by fist fighting and gunshots.

4. John Johnson, a Negro, succumbed to gunshot wounds in Beaumont, Texas, another victim of race rioting. Martial law was declared after 60 Negroes were taken to hospitals and more than 100 stores and homes in the Negro district were damaged by the rioters. To avoid further outbreaks, city authorities ordered Negroes not to try to celebrate the 19th of June, when Texas Negroes traditionally observe the freeing of the slaves in Texas.

5. Servicemen invaded Mexico and Negro communities of Los Angeles attacking zoot suit wearers, stopping street cars, searching for Mexicans, removing their trousers and hunting them through the streets. Police on the scene of the riofing did not interfere. Mexican boys were arrested in wholesale lots for no given reason. Newspapers whipping up the lynch spirit incited citizens to blood-thirsty intolerance.

Anyone familiar with fascist techniques will recognize that these are not isolated incidents, but a planned pattern to divide and divert. Divide the people by arousing dormant prejudices and divert the nation's effort from the main task of an offensive war in Europe. Anyone doubting this analysis need but listen to the Tokyo short wave broadcasts which use these race riots for their propoganda mill, saying, in effect: the Allies persecute dark races in their midst. Brothers of the deeper pigmentation (that is, under the skin) unite and attack your oppressors!

VIGILANCE: Who starts the Hate? We're not sure. But these names are suspect—and bear watching:

Hamilton Fish
Clare Hoffman
Senator Wheeler
Representative Rankin
Agnes Waters
Gerald K. Smith

Hart of Brooklyn final vote was 21 affirmative, one negative—Quinn, and three not voting—Conrad, Kingsley and Phillips.

On June 7th the People's Committee and the Negro Labor Victory Committee held a mass meeting at Madison Square Garden. Councilman Powell was the principal speaker and in his speech threatened to have Mayor LaGuardia impeached for daring to try to sign a bill that would discriminate against Negroes living in a project to be built, tax free for 25 years, by the Metropolitan Life Insurance Company.

Resolutions were passed and delegations elected. These various delegations visited and wrote letters to the councilmen asking their support of the Isaac's and Powell resolution. This vote today comes as a result of the People's Committee and the Negro Labor Victory Committee's efforts.

THE POWER OF SPEECH

There is nothing more wonderful than the power of speech... and man is given a tongue which will enable him to express himself and talking distinguishes him from all the brute creation.

Whatever the greatness, hope or honor, or faith there is in man, it is by speech that he expresses that greatness. Since written words are only a sign for the spoken word, it is by speech that man describes the glories of the universe, the beauty of the world and the affections and longings of the heart.

But it also shows man's faults and sins. There are few if any, who do not have regret that in some moment of provocation, anger, hurt, thoughlessness or irreveernce, or unkindness have sinned with their tongues. Remember, a civil tongue is an asset, and you would not want to know that instead of helping another, you have hurt him and wounded him.

* * *

Dear Prof. Herman: Just think 3 weeks ago, I was worried and upset about my son, wondering if he would get out of trouble and change his way of living. I wrote to you explaining my condition and you answered immediately giving me courage and strength to carry on. And as you predicted, he is out of this trouble and has started to work. With God's help and yours I am sure everything will work out alright for him, for I have all the faith in the world in you!! Sincerely yours, E. T.

D. W. What is a Teletypwriter?
Ans. A Teletypwriter or Teleprinter, is an improvement of the printing telegraphy mechanism. A message at the transmitting end is printed with a typewriter which perforates a tape, the holes representing the longs and shorts of the Morse Code. This tape governs the sending of the message over the wire. The receiving machine perforates a similar tape according to the message received, the holes governing the typing of another typewriter which prints the message.

* * *

Y. L. What shall I do?
Ans. Probing into the matter I find that you are planning on leaving the city and going to the camp where your husband is station. But you are wondering if this move is a wise one. I see no reason why you should not go ahead with your plans, you have no responsibility here, and your husband would feel so much better if you were with him, or as near as possible.

* * *

H. N. Does my future look interesting?
Ans. According to your Lucky Stars and Guiding Planet, you are destined to have a change in heart which will bring much happiness into your life. This new love affair will result in marriage and security which you so justly deserve.

* * *

I. A. Will I succeed in attending college?
Ans. It appears to me that you will be successful in starting your college career in the fall. There may be some changes made a little later on due to the draft, but until such time I suggest that you go ahead with your plans for the future.

* * *

E. P. I read your column in the California Eagle, every week, and find it very helpful. Would you please help me with this problem. My husband is unfaithful to me, should I get a divorce?
Ans. A careful analysis of your case indicates the fact that the only evidence you have of your husband's infidelity is what you have heard. Don't make the mistake of breaking up your home and happiness because of some gossip which doesn't appear to be true.

* * *

WORRIED. Will I get the job?
Ans. According to your Zodiacal Sign you are destined to be quite lucky. And it seems that you will get the job you have in mind. You will also hear some good news within the next week. For further information I suggest you write in for a private reply.

300 NEGRO PILOTS

Arrived in NORTH AFRICA *in May 1943*

★

"BUY A BOMBER"

FOR THESE TRAINED AMERICAN FLYERS

★

Why? Here Are the Reasons—

THE WAR DEPARTMENT ISSUED THIS FACT a few days ago through the press the Negro Pilots of Pursuit planes had arrived in North Africa and were being trained by veteran white pilots in new War tactics. That is recognition. Not all that we want. But a step forward. We want our trained men to Fly Bombers.

. . We want them to drop the bombs on Berlin. . . We want them to drop bombs on Tokio. . . So that everybody will know what we mean. . . We have launched a BUY A BOMBER CAMPAIGN.

. . . We are going to buy one and give it to Uncle Sam with our compliments. . . He will know that we mean business in fighting Fascism . . . We mean business in fighting discrimination. . . . Not only will we fight with protest and mass meetings. . . . We will fight with our dollars out in the open. . . . the American way. . .

WHO ARE THE WE that are saying this? . . . It is the NEGRO WAR SAVINGS COMMITTEE OF SOUTHERN CALIFORNIA, formed by the United States Treasury Dept. The same way we want everybody to know that the Negro peope are fighting discrimination in jobs, in pubic places is the same reason we want everybody to know that the Negro people are buying a bomber known as the PURSUIT OF FREEDOM.

The Phi Beta Sigma fraternity, a national business society is heading this drive as the first job of the Negro War Savings Committee . . . Pursuit of Freedom . . . is a true emblem of our struggles.

When the world is told that a bomber bought by the Negro people of Southern California is called "Pursuit of Freedom," they will know that we mean business. . . They will know that we believe in the four freedoms they will know that the day of the common man is near. . . .

Again we must remember that the Negro people are buying millions of dollars worth of Bonds. . . But those 300 Negro pilots will thrill with pride when they know that the folks back home are putting words into deeds . . . that they must learn to fly bombers as well as pursuit planes and that the "Pursuit of Freedom" was bought with nickels and dimes for them to bring glory to the U. S. The and of the FREE!

Dr. George Washington Carver, the immortal contributor to all humanity was a foundler member of Phi-Beta-Sigma fraternity.

The motto of this national organization is "Culture for Service, and Service for Humanity." Dr. Carver, lived every word of this motto. Monuments will be erected all over the world for his contribution. It is with these strong words in mind that men of Sigma are asking every red blooded American to buy Bonds . . E . . Bonds so that they can send "The Pursuit of Freedom" to 300 new young Carvers, who will carve freedom all around the world with heroism, true Americans fighting the American way.

Many of you are buying Bonds regularly. All you have to do to get your name on this "Pursuit of Freedom" list is to give your Serial Number, if the Bond is bought between June 7th and August 6th to the Liberty Loan Association at 2512 Central Avenue or call any member of the Negro War Savings Committee . . . You can also call any Sigma man. WE ARE ALL ORGANIZED TO PUT OVER THIS CAMPAIGN.

Story of Boys Who Bombed Pantelleria

MOTHER OF TWO KILLS HUBBY IN SUNDAY NIGHT SQUABBLE

On the Sidewalk

by c. a. b.

"We'll hammer it out together, on the assembly line, white folk and black folk, hand in hand. We'll work together and fight together till freedom comes," thundered Paul Robeson over the CIO national radio "Labor Victory" program last Sunday.

And this shall be our theme song throughout the nation until victory is won and peace is established on earth and unto all mankind.

Ours is the people's war. This fact must be establishe not in newspaper articles or radio speeches but in the hearts and minds of the people, black, white, yellow, brown, Jew and gentile.

The mighty voice of Paul Robeson speaks and sings for the unity of America. It is only this unity which can win our freedom's war and bring with victory a people's peace.

But the people's war has great and powerful enemies—enemies who have developed, like a vile disease, within the very heart of the nation.

These enemies are the logical consequence of the compromise which violated another people's war fought in this land seventy years ago.

The Southern slave-owning oligarchy was crushed to the ground at the close of the Civil War. It was stripped of its possessions and upon its ruins the common people of the South, black and white, had begun the construction of a new, free society.

But President Andrew Johnson, Lincoln's vile successor, returned to the Dixie war-lords all their vast holdings, laying the economic base for their later resurgence to full political power.

Up from barbarism to the present achievements of civilization, man has struggled heroically to free himself from some form of slavery. This is the whole meaning of today's war—it is part of the struggle toward freedom. This war is opposed by the spiritual descendants of the slave-owners of all times.

To win our war, then, it is necessary that we understand the theory and tactics of these enemies. Nowhere is that story better told than in the history of the South.

One of the great weapons of all slave-masters is the weapon of terror, of brute force. It was this weapon that beat down the accomplishment of Reconstruction in America, gain-

Boys Bomb Pantelleria

The Army Air Forces fighter squadron in North Africa composed of Negro pilots has weathered its first aerial combat test, six of its planes encountering a larger formation of German fighters and damaging two of the enemy without loss to themselves, according to a message to the War Department today.

This squadron, after careful training in this country and in North Africa, had previously been in action during the air siege of the island of Pantelleria. Its pilots did patrol duty, escorted heavy bombers and served as fighter bombers with other units of the tactical air force over Pantelleria and Lampedusa. However, during the first half of June

Congress Blows Top!

WASHINGTON.—The poll-tax South mobilized all its forces here this week to smash the President's war program into bits.

First on the Dixie boys' list was the Office of War Information.

Waving copies of the OWI's splendid "Negroes In the War" booklet as their battle-flag, Joe Starnes, Martin Dies, John Rankin and mob surged thru the House to destroy the appropriation for OWI's domestic office.

Tie-up between the poll-taxers and their largely Republican House cohorts with the press fifth column was evident since the OWI is the only government agency with any authority over newspapers. Negro and progressive organizations had been de-

Harrison Gets Conviction; Cop Is Free

It took a municipal court jury four hours of deliberation last Friday to decide that three Negroes arrested for inciting riot after the celebrated police shooting of defense worker Lenza Smith several weeks ago had not incited riot, had not destroyed public property but had "disturbed the peace."

One of the defendants, William E. Harrison, 1832 East 115th street, war veteran and city employee, was beaten and cursed at Newton street police station. Following a mass meeting called by the Negro Victory Committee and the NAACP, authorities launched an investigation to locate the prisoner-beating cop, who turned out to be Det. Cecil Woods.

Today Harrison, along with two other defendants, Chauncey Watson, 859 East 52nd place, and Denard Johnson, 569½ West 51st street, face a $500 fine or six months imprisonment, while Det. Woods has not been indicted by the grand jury, has not been brought up for prosecution by the district attorney's office or even suspended pending further investigation.

The Harrison-Johnson-Watson trial lasted three hectic days in Judge R. Morgan Galbreath's municipal court, with Negro officers J. Kelly and E. C. McGruder

Tumble-Down House Is Scene Of Death

A tumble-down shack dwelling at 1556 East 116th place was the scene of sudden death for John Dennis Jackson, 23-year-old defense worker, Sunday night as a family quarrel hurtled toward tragedy.

County police are holding the man' wife, Mrs. Beatrice Jackson, on suspicion of murder.

Jackson was shot with a shotgun in the hands of his wife.

Conflicting statements as to the nature of the shooting proceed from the widow and police authorities.

Investigators claim that neighbors of the Jacksons heard them quarreling violently Sunday night and that the death shot came as a climax to the argument.

Mrs. Jackson states, however, that her husband had cleaned the family shot-gun Sunday, removing its screws and laying it aside the wall of the front room of their home.

Mother of two children, aged 2 and 5, Mrs. Jackson says she started to move the gun out of her children's path when it accidentally discharged, its bullet biting out her husband's life.

She said that screws removed

In Detroit Now, Urge F.E.P.C. Here

WASHINGTON.—A real answer to the Ku Klux Klan and the Hearst press today was the announcement of Chairman Francis J. Haas of the President's Fair Employment Practice Committee that hearings on race discrimination will be held within the month in riot-torn Detrot.

Hass further promised action against railroads charged with discrimination in the upgrading of Negroes, and he asserted that the Capital Transit Company case wil come before the Committee.

The latter controversy rages around the Negro-exclusion policy of the Washington, D. C., public transit system, a case similar in all details to the Los Angeles Railway anti-Negro war sabotage.

DEMAND MEET HERE

The Negro Victory Committee and both senior and junior sections of the National Association for the Advancement of Colored People issued prompt demands that the Fair Employment Practice Committee come to Los Angeles.

The Los Angeles Railway's continued defiance of executive order 8802, the organizations stressed, contributes toward tie-ups of all vital traffic in Los Angeles and seriously impairs prosecution of the war.

AN EMERGENCY STATEMENT

100,000 L. A. Negroes Say

(This statement sponsored by the local branch of the National Association for the Advancement of Colored People and the Negro Victory Committee, two major Negro Rights bodies of this city.)

The 100,000 Negro citizens of Los Angeles declare that the recent rac riots sweeping through America were not accidental and that they were the result of planned Fifth Column incitement.

In the words of Walter White, this Fifth Column, supplied with Nazi money, aims "at the destruction of America's war effort."

We declare that the Hearst press is the spearhead of Axis propaganda in the United States.

We proclaim that the Ku Klux Klan, WHICH IS ORGANIZING IN LOS ANGELES, is a threat to our country's survival.

We, therefore, demand:

1. Immediate investigation of Fifth Column incitement to riot by the Department of Justice.

2. A conference immediately between the Mayor, newspaper publishers, ministers, Negro citizens, and defense plant personnel managers to work out a broad program of education in national unity within our city.

THOMAS L. GRIFFITH, President, Local Branch, NAACP.

REV. CLAYTON D. RUSSELL, Chairman, Negro Victory Committee.

Negroes Must Unify, Fight Riots—Russell

Two thousand Negro citizens gathered Sunday at Second Baptist church to declare the wave of race riot sweeping the nation as a fifth column plot against the war effort and to demand immediate government action to smash the anti-Negro conspiracy at its fascist roots.

Spurning the false interpretation of the rioting as a "natural result" of large influxes of southerners, black and white, the meet roared its approval when keynote speaker, Rev. Clayton D. Russell, proclaimed, "the fascist forces in America are organized. They have conspired to produce riots against minorities, taking advantage of latent race prejudice and intolerance.

"In answer to the organized attack of the fifth column, the Negro people and their allies must consolidate all forces so that we may defeat reaction and win this people's war!"

The monster mass meet, called by the National Association for the Advancement of Colored People, saw fifty additional volunteer workers join up in the organization's record-smashing membership drive. Beauteous film star Lena Horne was on hand to contribute $50.

Atty. Thomas L. Griffith, local branch president, hailed achievements of the membership drive, which has already scaled an unprecedented 4,500 memberships.

Rev. Russell's fighting speech was adopted by the body as local branch policy in the present crisis.

RUSSELL'S ADDRESS:

Pointing to the huge accomplishments of the Negro people in waging the nation's all-out war, Russell listed executive order 8802, the Fair Employment Practice Committee, passage of the anti-poll tax bill in the lower House of Congress and the recent equal-pay for races decision of the War Labor Board as significant accomplishments.

These, he said, were indications of the broad progress of the race during the war period.

"Such progress by an oppressed people naturally creates a reaction among those elements of our national life which are backward and filled with prejudice. This reaction has been taken over by the powerful American Fifth Column, with its great daily press and poll-tax Congressional strength, to level a death blow at the heart of our country's war for survival."

Russell dwelled upon the planned race riot, now revealed in all its stark dishonor, which tore through the war-boom town of Beaumont, Texas, recently.

The white woman supposedly

How Nation Mobilizes to Fight Rioting

The Nation mobilized all its forces today to condemn the Fifth Column assault against racial minorities which percolated throughout the country last week. There follows a comprehensive round-up of major events as the win-the-war masses of Americans, speaking through several organizations and individuals, shout their determination to halt the disrupton of our war effort contained in race riting:

PHIL MURRAY . . . who rallied the National CIO to combat race riot this week.

WASHINGTON—

Phil Murray, national director of the CIO, today labelled rioting against Negroes throughout the nation as "part of the Axis campaign of disruption aimed at crippling American war production and bringing the nation to defeat before the fascist powers."

Murray voiced a strong demand on the part of the national CIO that the Department of Justice immediately move against riot-inciters all over the country.

Hurling blame at the fascist Hearst press, Murray declared, "The Hearst press is a potent section of the U. S. Fifth Column. It incites racial hatreds and serves Hitler better than six panzer divisions."

Murray termed the Detroit riot "equivalent to a major defeat for our nation on the field of battle. We must stop such defeats here and now!"

The CIO president viewed anti-

NEW YORK—

President Roosevelt was asked today by the National Urban League for Social Service Among Negroes to take official action to bring an end to the serious racial conflicts which are occurring throughout the nation.

Reports from Urban League branches and field staff indicate strong possibility of organized subversive activity designed to impede the war effort through the spread of racial conflicts.

Lester B. Granger, the executive secretary of the League, declared that the morale of white as well as Negro Americans is being seriously affected by such clashes as have occurred in Mobile, Alabama; Beaumont, Texas; Detroit, Michigan; St. Louis, Missouri; Brooklyn, New York; Newark, New Jersey, and Los Angeles, California. Equally serious and disgraceful are the clashes in Army camps.

CHICAGO—

The National Non-Partisan Council on Public Affairs of Alpha Kappa Alpha sorority through its legislative representative, Mrs. Thomasina W. Johnson, urged that the President prepare and deliver immediately a "fireside chat" on race relations.

The request further stated that a "public policy and an administrative policy of silence on this issue is directly responsible for the recent race riots in America.

"We appeal to you to immediately direct a Federal investigation into the officials of the city of Detroit to determine why Federal troops were not called in earlier and to take the necessary steps to guarantee that public officials of any town or political subdivision of the United States will not allow a postponement of a re-

DETROIT—

DETROIT, Mich.—A state or a joint Federal and state investigation of the Detroit police department and of the administration of Mayor Edward J. Jeffries was asked of Governor Harry S. Kelly by a representative group of Detroit citizens this week at a conference arranged by the N. A. A. C. P.

"There is overwhelming evidence that the riot could have been stopped at its inception Sunday night had the police wanted to stop it," the delegation declared. "So inefficient is the police force and so many of its members are from the deep South with all the anti-Negro prejudices of the Ku Kux Klan that the trouble may break out all over again as soon as the troops leave," was the blunt appraisal given the governor.

LOS ANGELES—

SAMUEL GRAFTON, writing in Daily News yesterday:

The parading of troops in Detroit does not restore order. It merely renders disorder static for the time being. Soldiers cannot restore order. They can only halt disorder until something better happens.

Only the people can restore order; they can do so only by counter-demonstrations against the hoodlums who have broken order.

We shall have order in Detroit only when it is clear that in every gathering place, park, drug store or juke joint, a majority of the citizens present are in favor of order. What Detroit needs (and many another city, too) is an anti-race riot parade, or large meeting, to prove to the disorderly that the streets belong to order.

Alameda CIO Wages Real J-Crow War

The Alameda County CIO Council's record in combatting Jim-Crow and all forms of racial discrimination "is commendable," but it's no more than a beginning on the job that must be done, said Revels Cayton, California CIO Council vice-president at the Alameda body this week.

Under the stres... Area's manpower... gro population is... mendously and within the Negro population the "greatest feeling since the Civil War" is rising, said Cayton, adding, "Everyone else is fighting for democracy, say the Negroes, and we want some, too."

The reactionary forces of Alameda County and the whole state of California are rallying for a Jim-Crow program in this state, warned Cayton.

In his talk, Cayton made it clear that labor must either go forward with a positive program to bring real democracy and freedom to the racial minorities or reactionary interests will "set the clock back" in a drive that will end with Negroes confined to "geographic ghettoes" and herded apart in ways that will threaten the whole economic and political structure of the community.

The CIO must take the lead and prove by its acts that it has the right program for the Negro people, said Cayton. Fine resolutions and declarations of policy will have no real meaning in this situation.

CIO unions must undertake investigations of their plants to discover whether Negroes are being upgraded on the job. Negroes must be elected to union offices and trained to handle union affairs so they can carry the CIO program into the ranks of the Negro people.

"You can't expect the Negroes to take the initiative in this," declared Cayton. "A man who is down on his back with somebody's foot on his neck can't take the initiative.

Minner Gets Car-Stealing Acquittal

Edgar B. Minner, 1134 E. 24th Street was acquitted of charges of grand theft, a felony involving the alleged stealing of an automobile and a number of gasoline coupons, recently, in Judge Byron Walter's Court.

The case blew up when neither police officers or witnesses could testify as to whether Minner had actually driven the stolen car.

The prosecution witness admitted that the gasoline coupons that were allegedly stolen were from a prior book, which had expired.

The motion to dismiss all charges for lack of sufficient evidence was granted by Judge Walters.

San Diegans Form Own Victory Body

SAN DIEGO—A huge mass meeting under the auspices of the CITIZEN'S COMMITTEE [redacted] 8 p. m. featuring Rev. Clayton D. Russell, pastor of the People's Independent Church of Christ, and chairman of the Negro Victory Committee of Los Angeles, as guest speaker, Mrs. Lynn Londa, chairman of the organization announced, Monday.

The planned mass meeting was the outcome of a round-table conference held at the same church last Friday which was attended by more than 100 leading citizens who heard the Rev. Russell.

ADOPTED RESOLUTIONS

The group went on record as opposing discrimination in the armed forces of the United States, in housing and transportation, and upgrading in defense industries.

Following the conference, a business session was held Friday night at which a report on the conference was made.

DEPLORES RACE RIOTS

The Rev. Clayton Russell, in giving an account of how the Negro Victory Committee operates, deplored the recent "zoot-suit" riots and told his audience that racial discrimination in employment, housing and educational facilities were the basis for the outbreaks. He also blamed fifth column elements for the racial friction. In urging the group to become active and help rid San Diego of the racial problem which faces the entire nation, the pastor declared, "The Negro and other minorities are the yardstick of measurement of American democracy."

COUNCILMAN DIAL ATTENDS

Among those who attended the sessions were Councilman Charles C. Dail, the Rev. Chas. H. Hampton, pastor of the church; the Rev. C. Johnson, David Buchanan, William Decker, Dr. Edward A. AAU National Meet Sees Negro Shut-Out

TRIBORO STADIUM, N. Y. (Special)—The 55th Annual National AAU Senior track and field championships run off here Sunday were almost a total blackout where colored athletes were concerned, only one of the many outstanding Negro runners, jumpers, and weight tossers having the moxie to crash through into the charmed circle of 1943 champions along with Gunder Hagg, the striding Swede; Hal Davis, California's famed White Hope, now ruler of the roost as the "World's Fastest Human," and others. Pvt. Frank Dixon, the ace colored miler, and Pvt. Barney Ewell, sprint king, were on the sidelines and not in action.

But Saturday's Junior AAU championships were a different story. Although a junior title can in no conceivable way be compared with the winning of a senior crown, no less than six Negroes grabbed off championships. And it was on Saturday that the lone Negro winner of a senior title—James Wilson of the Caccabi A. C. in the 3,000 meter walk—crashed through into the king's row.

Junior championships were won by diminutive 17-year-old Claude Young, Wendell Phillips high school flash, representing the Olde Tymers Club of Chicago, in the 100 meters dash with a mark of 10.5 seconds; Clifford Goldstein, New York Pioneers Club, the former City College of New York distance ace, who carted off the 5,000-meters title in 16:18; Herbert McKenley, the scholarly West Indian representing Boston College, who won the 400 meters run in 47.4; Leonard Bates, former New York University football player, representing the New York Pioneer Club, who took the discus throw with 147 ft. 7¼ in.; and Harold Mayes, Pioneer Club, in the hop-step-and-jump with 43 ft. 10¼ in.

Harold Davis, running under the colors of the Olympic Club of San Francisco, continued making old time track followers to wish runners like Jesse Owens, Ralph Metcalf, Eddie Tolan, Eulace Peacock and Ben Johnson were around to test more severely this flying white comet whose heels made faces at the panting colored runners who followed him across the tape in both the 100 and 200 meters run on Sunday.

Davis beat down all challenges to his supremacy in the sprints and hit the wire in the 100 meters in the record equaling time of 10.3 seconds. He grabbed off the 200 meters in 20.2 seconds, a new world record, but this was disallowed because of a strong wind at his back.

Exclusive Story Tells Plot Behind Detroit Riot

Detroit Rioting Was Planned By Fascists

By EDWARD E. STRONG
National Secretary of the National Negro Congress
(Mr. Strong has been in Detroit the past few days in connection with the fascist uprising).

DETROIT, Michigan, June 24.—An unprecedented insurrection, organized and led by the Ku Klux Klan, the Coughlinites, the gang of Gerald L. K. Smith, and other fascist groups, against the war effort of the United States and the democraic aspiraions of the American people, took place in the City of Detroit beginning around midnight Sunday, June 20th, and lasting until early Tuesday morning, June 22. For forty-eight hours the streets of Detroit were taken over by organized groups of American fifth columnists, working in direct collaboration with the Rome-Berlin-Tokio Axis, and abetted by the Detroit police department. There can be no doubt but what the insurrection in Detroit was Nazi inspired and led by American fascists who have been cultivating the ground in this center of American war industry for the past two years.

Thirty-one persons, 28 Negro and three whites are dead. Over 60 people were shot—all Negroes —with few exceptions. Another 1,300 are in jail, 1,200 of whom are Negroes. With hardly an exception, all shooting of Negroes was done by police. Instead of arresting the hoodlums, they arrested 1,200 Negroes. Hundreds of thousands of dollars worth of property has been destroyed. For four days war production was reduced by nearly 50 per cent. The good name of American democracy, in the eyes of people throughout the world, has been disgraced.

This outbreak in Detroit is what the President of the United States said it was—an insurrection. It was not a race riot. It was an insurrection. A race riot could possibly be spontaneous,—but an insurrection cannot be. It must be preconceived, planned for, led and organized. If we fail to understand the organized nature of the insurrection in Detroit during the past few days, we will miss the central truth about what took place, and will certainly be unable to take those steps necessary to prevent similar disruptions in the country.

We may be sure that every possible explanation will be given as to the cause of the Detroit insurrection. Some say that it was merely another struggle between Negroes and whites—a continuation of their age-old hatreds and prejudices. Surely prejudice was a considerable factor, but the basic truth is that it was the manipulation, the organization, and the direction of the prejudices of backward white migrants to Detroit that must be seen. There is the argument advanced by some that young Negro and white hoodlums are equally responsible, and therefore both races are equally responsible. There is not a shred of truth in this interpretation.

HERO SAVES BOY'S LIFE

It was only the prompt action of Calvin Driscoll, 1150 East 51st Street, that saved the life of thirteen-year-old Thomas J. Lewis, 1248 East 23rd Street, at the 22nd Street Pool Sunday, between 11:30 and 12:00 noon.

Young Lewis climbed over the fence with 75 or 80 other boys to enjoy a swim before directors or lifeguards had opened the pool. Hearing cries of distress, Galvin Driscoll, a bystander, plunged into the pool and pulled the lad out. Driscoll then administered artificial respiration until ambulance surgeon arrived.

Adequate safety measures are provided at pool for patrons during hours the pool is open to the public. A director and two lifeguards are on duty from 10:30 a.m. to 12 noon; 1 p.m. to 3 p.m.; 3:30 to 5:30, and on Sundays, 1 p.m. to 3 p.m., and 3:30 to 5:30 p.m.

Golden State Licensed In Texas

Announcement is made this week by Norman O. Houston, Secretary-Treasurer of Golden State Mutual Life, that this company has received a Certificate of Authority from the State of Texas to transact business in that State. The information was received with great joy by all officers and employees of the fast growing company.

Since 1921, when he first left Texas and came to California, it has been the dream and ambition of William Nickerson Jr., president-manager, to head an old line legal reserve insurance company that would serve the people of California and Texas. Now that the company has been licensed by the Lone Star state, his dream has come true and his ambition realized.

George A. Beavers Jr., vice-president and director of agencies, stated that entry into the state of Texas means more employment opportunities. "In addition to the unusually attractive opportunities for agents in California and Illinois, the Golden State Mutual will now need agents for the new field in Texas.

A MILLION DOLLAR COMPANY

Simultaneously with the news of Golden State Mutual's entry into Texas comes the significant announcement that the company has crossed the million dollar mark in admitted assets, and the ten million dollar mark in life insurance in force. In addition to the life insurance business the company also has a health and accident income of more than $1,000 daily.

In Britain, about 150,000 tons of timber, salvaged from bombed buildings, have been refinished and made into crates and boxes for important war uses.

WAR WORK CLASSES OPEN AT JEFF.

The Evening School office of Jefferson High School, 1319 W. 41st Street, recently announced the opening of a summer War Production class in power sewing.

Women and girls, age 16 to 65, desiring instruction and training in power machine operating may enroll immediately. Classes are on Monday, Tuesday, Wednesday, Thursday and Friday, from 6 to 10 p.m. Those enrolling will be trained from two to four weeks, depending upon aptitude of trainee, using for material own garments, Red Cross material or garments for county hospital.

When the course is finished, there will be work opportunities in defense factories and private industry, which are desperately in need of workers, regardless of race, creed or age.

He'll Have No More Hitchers

Robert Mosley, 1109 E. 27th St., defense worker, will never give another hitch-hiker a ride.

Mosley made this decision and said "never again" last Thursday morning after he was acquitted of grand theft auto by Judge Harold B. Landreth, who tried the case without a jury. Mosley was represented by Attorney Curtis C. Taylor.

According to the evidence brought out at the trial, Mosley was driving down Central Avenue going North on the nightt of May 12th when he was intercepted at 42nd and Central by Earl Rowland, who thumbed a ride as far as Santa Barbara Ave.

There Rowland alighted and got into another automobile which proved to be a stolen car and upon which police officers were maintaining a "stake-out." As soon as Rowland drove the stolen car away, the officers apprehended him and then gave chase to Mosley, whom they also arrested on the theory that he was assisting Rowland in the theft of the car.

Mosley stoutly defended his innocense and said he had never met Rowland before. Both men gave this testimony at the trial with the result that Mosley was acquitted and freed of all charges, but the Court held that Rowland was guilty of driving a car without the owner's permission.

Mosley has now composed a new adage, it is "never give a hitch-hiker a ride, especially when he is going to get into another automobile. It might be stolen."

Y Institute Sponsors Water Safety

A Water Safety Institute will be sponsored by the 28th Street YMCA for mid-July to qualify men and women for certificate as life guards, swimming pool attendants, and swimming instructors. Operating one of the pools in the community the "Y" is in position to undertake this service of discovering and qualifying a list of persons who are already skilled swimmers and need only to take a "refresher course" and to take a series of test in order to be eligible for certification as "lifesavers,"

Curlee Monroe, a former Tennessee State College athlete and last year's life guard at the Orange Mound pool in Memphis, has received local accreditation and will conduct the refresher course. Dave Briggs of Downtown "Y" physical section will conduct the tests and award the "Y" life-saving certificates.

Registrations are now being received at the 28th Y. M. C. A. from men and women above the age of 17, who can swim at least one hundred yards and have basic knowledge of "livesaving." A doctor's statement verifying the physical fitness of each registrant is required but no charge is being made except for the certificate, since the Y. M. C. A. regards the institute as its contribution to the community in helping to build a "water safety corps" to fill the ranks of those who have gone into military service.

COST vs. PRICE!

Funerals are the rite by which civilized man pays his final respects to those who pass into another realm. . . . Everyone wants for his departed loved one the best, the most bautiful final tribute which individual circumstances will allow.

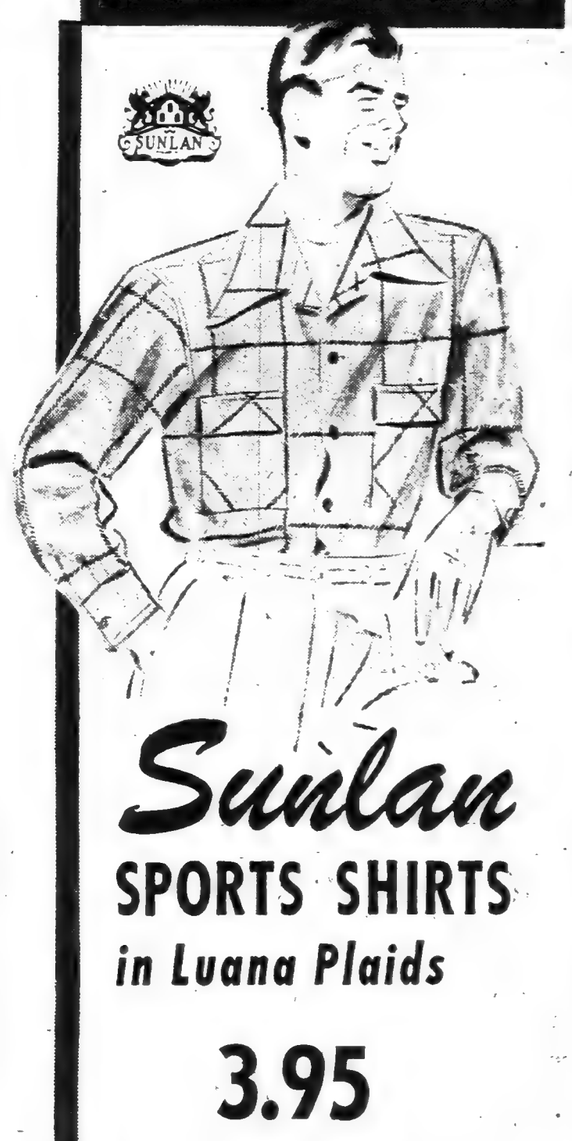
A lovely casket, flowers, music, a distinctive chapel, unobtrusive attention to every detail—these are the things which make this great rite into the kind of tribute which we all want for our loved one.

However, it is not always within the power of those who pay this tribute to **pay the price** for the type of funeral which is desired. . . . The matter of **cost** enters into the picture.

Yet, at the People's Funeral Home, where the Golden Rule is the guiding principle, cost determines only ccrtain elements of a funeral service. Regardless of circumstances, no one need fail to give unto the daparted loved one the very best, because here, price is adjusted to individual circumstances—and quality is never sacrificed—regardless!

Those not acquainted with this friendly institution may well ask how this can be. Those whom we have served could tell better than we. They could tell of the warm, human understanding with which their needs and desires are met. They could tell of our lovely Ivory Chapel with its hidden organ, and of the private rooms for the family . . . and they could tell that from beginning to end, from the time this institution is given the case, to the cemetery service, every detail receives scrupulous attention.

For at The People's Funeral Home the owners, themselves morticians of long experience, personally handle every important part of their work. There is no shortage of help here!



Centrally located in the very heart of the community where there is always plenty of parking space, this institution can and does offer to every patron, regardless of purse, the best.

With us, sorrow is sacred; its penetration into the hearts of those who have suffered a loss is not a signal for profit making, but rather an opportunity to serve.

Your problems are ours. Bring them to us, day or night, with the assurance that an arrangement can be worked out to suit every purse, every need and every desire.

We glimpsed briefly Betty Scott rounding a corner in her run-about the other day, and later fell to admiring the highly commendable way in which so many of our young war wives are carrying their normal run of family life courageously on while their men are busy fighting this war for all of us. Too much cannot be said in praise of our young wives—brides, many of them—who are determined to keep the ole home fires not only burning, but a song in their souls to match the cheerful crackling of the logs. . . . My hat is always off, bless them, and I know you, you 'n' you join me in sticking 100 per cent with them.

The Gladys Childress recital: what can I say, here, that I haven't said before about the Childress gifts at the piano? Her recital debut was as brilliant a feat as you, by now, doubtless have heard. More poised than before, tonally and technically assured, Childress gave a sensitive, inspired interpretation of a well-chosen program. She, alone, now may command her future. As beforementioned, time will give her mature touches of assurance. AKA rightly should be proud of her. She left Satd. for two months vacation in Colo., then back to study. And do concerts, I hope.

Disappointment of the season: Isabel Morse Jones, who should know better, calling Gladys Childress a "Negress" in print! Isabel should thumb a Webster and learn what that gentleman terms a "Negress."

Velma Brown Adkins marks the thirteenth as their first anniversary. . . . Have you seen hair up-do? . . . Sam Morgan will be transferred in his war job to local scene, from Frisco. . . . Kenneth Spencer met Barney Josephson (owner of N. Y.'s Cafe Society), and the first thing Barney said was: "When d'ya want to start to work?" Wedding of Skanks, Collier Is Stunning

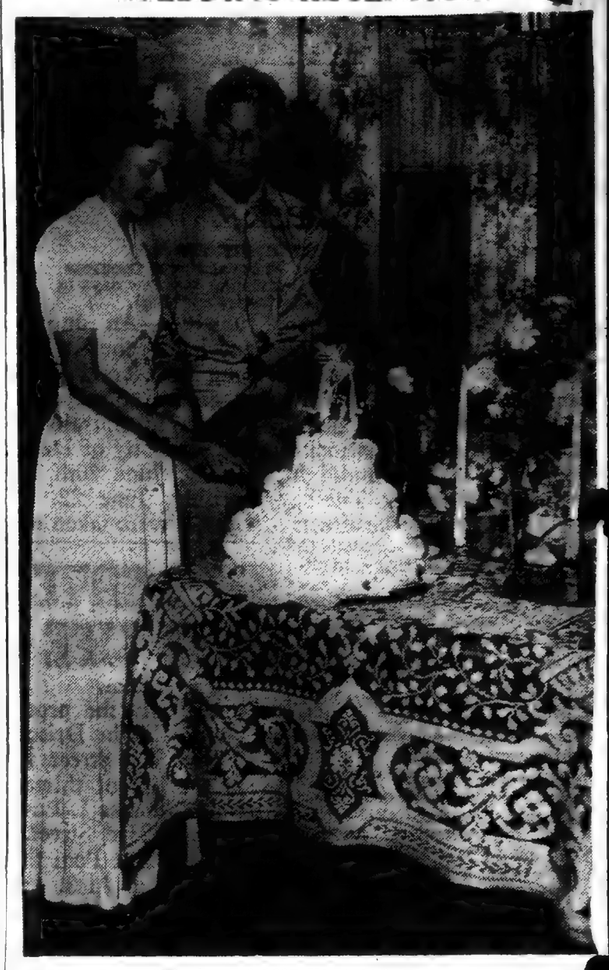
One of the most beautiful weddings of the month was that of Miss Louise Skanks and Mr. Charles E. Collier, Jr., at the home of the bride's parents, Mr. and Mrs. Harrie Byron Skanks of 2420 6th Ave.

Miss Skanks had chosen June 16th, the anniversary of her parents, as her wedding day; also the same ceremony read from the same book that had united Mr. and Mrs. Skanks was used.



The living and dining rooms had been turned into a garden of palms, ferns, white gladiolas, roses and dahlias and under a beautiful arch, in the presence of a group of friends, the vows were exchanged. Rev. Walter J. Bryant of the Christian Church officiating.

The bride was lovely in a gown of white satin with three-quarter length tulle veil held by a halo of orange blossoms; her bouquet was orchids, mystery gardenias and showers of stephanotis. Miss Francis Bowdoin, maid of honor, was charming in blue marquisette and carried a bouquet of mystery gardenias and red rosebuds. Mrs. Ever Adkins, Miss Hortense Allen, Miss Birdie Lee Bright and Miss Elizabeth Kennard, other assistants, were most attractive in gowns of pastel shades and corsages of mystery gardenias. Mr. Carl Cotterell was best man. Mrs. Jessie Grayson, a lifelong friend of the family, was soloist. She was accompanied by Miss Naida McCullough who rendered the music for the wedding.

Mr. Collier is the son of Mr. and Mrs. Charles E. Collier of Berkeley. A native of California, he holds a prominent position with the government at Mare Island. The bride, who was born in Los Angeles, is the only daughter of Mr. and Mrs. H. B. Sknaks and the granddaughter of four of Los Angeles' pioneer citizens, the late Colonel and Mrs. Allen Allensworth and the late Mr. and Mrs. J. H. Skanks. Miss Skanks was interested in the Y. W. C. A. and other civic activities and her popularity was shown by the many beautiful gifts received. Outstanding among them being a sixty-two-piece set of sterling silver, 120 years old, given to her by Mrs. Sadie Jennings in honor of her husband, the late Attorney E. C. Jennings, who was very fond of the bride and a close friend of Mr. and Mrs. Skanks.

Amid showers of good wishes the young people left for Riverside where they spent a short honeymoon at Mission Inn. Sunday morning they left for Berkeley, where they will make their home.

The bride, a lovely picture in white crepe and gold sequin trimmings, with white satin sandals, carried a bride shower of gardenias, bouvordias, and adiantum. Her mother, becomingly attired in white crepe and silver slippers, with a corsage of Columbia roses and gardenias, was assisted by Mrs. James Hamilton, mother of the groom, in a gown of old rose crepe and black accessories, wearing Briarcliff roses. Luscious Beauty Is 1943 Summer Wedding Mode

Knox-Herrington Ceremony Is Elaborate

Last week South Los Angeles witnessed one of the highlights of the traditional month of brides, when the very attractive daughter of Mrs. Mary A. Knox-Kerr and the late Walter R. Knox, prominent Real Estate Brokers of South Los Angeles and Stewart B. Herrington, son of Mr. and Mrs. Hicks Herrington were wed in a beautiful ceremony.

Macedonia Baptist Church was the setting. Rev. F. Douglas Ferrell officiated, while her uncle, Mr. Frank A. Laws, gave her in marriage.

Her beautiful gown was of white satin and lace, with a long train and a fingertip veil held in place with halo of pearls. She wore a heirloom broach, and carried an orchid and shower of stephanotis, the latter presented to her by friends, Rev. and Mrs. L. M. Curtis.

Mrs. Esthyr Nash-Minor, matron of honor, wore a beautiful gown of orchid lace and veil and Miss Zelma M. Farr, maid of honor, wore organza, her gown carrying all of the rainbow colors.

Attendants all wore rainbow-hued organza dresses which made a lovely background.

At the beginning of the ceremony, James Jackson Jr. rendered a saxophone solo, "Because." Then Mrs. Eva Knox-Bragg, aunt of the bride, sang "At Dawning" and after the wedding ceremony Mrs. Maxine Malry sang "The Lord's Prayer." The accompanists were Mrs. Ralph Smith and Mrs. John Hale.

A reception followed immediately at the home of the groom's parents, Mr. and Mrs. Hicks Herrington. The bridal table was attended by Mrs. Wiggins and the reception was largely attended.

Friends and the bridal party departed, with the bride and groom going to their honeymoon cottage at 10606½ Wilmington avenue.

The bride graduated from Jordan High School and then attended Compton Junior College. She spent several months in Washington, D. C., as senior typist in government employ and was recently typist and inspector of records for the Rainbow Record Company on Crenshaw Blvd. in Los Angeles.

Her husband, Stewart Herrington, was also a graduate of Jordan High School and attended Compton Junior College. He worked in postal service until recently, but is now engaged in vital defense.

Many beautiful and useful gifts were given to the bride and groom, too many to enumerate.

Nine years ago, after their marriage in Atlanta, Georgia, the Lewises settled in Santa Monica.

WPSC COUNCIL HAS MEET

Reports submitted at Thursday's Council meeting of The Woman's Political Study Club continue to show the revived interest of the Units in the program of the Organization.

The Theodore Roosevelt Unit of the West Side is responsible for the establishment of a Child Care Center at the 36th Street School in the very near future.

A letter from Murray Chotiner, State Chairman of the Republican Assembly, gratefully acknowledged the presence of Thirty Club patrons at their Party Birthday Dinner at the Friday Morning Club, June 17th. The Council is still working on plans to solve our Juvenile Delinquency and Adult Behavior problem that is fast becoming a serious menace to the race.

Outlying districts in the State sent flattering reports and despite transportation difficulties, San Bernardio's five delegates were given a rousing ovation.

Mrs. Clarisa Matthews, Chairman of the Club's Annual Betty Hill Scholarship Fund announces the Committee is ready to receive any worthy applications for the 1943 scholarship. Write her at 735 East 33rd Street, or call CE 2-6156 for detailed information.

Great results cannot be achieved at once, and we must be satisfied to advance in life as we walk—step by step.—Smiles.

WHAT'S DOING IN THE YOUNGER SET

Jessie Mae Brown

Last week, the Senior A's around town received their sheep skins, and brought back memories of the pre-war fun making days as they celebrated the occasion, making all the parties, and doing bit of night clubbing. In past years, the partying has centered around the Jeff graduation, with the super dance at the Breakfast Club following. This year, the L. A. Hi-Y and Tri-Y combined forces and stole the show, when they presented the annual Aloha dance on a larger scale. Instead of Good Templars or Music Town Aud, the affair was held at the Masonic Hall, and a complete orchestra was on hand to furnish the music.

Must say the affair was really on, with the different debs making their entrances in the latest creations, took note of Lula Green and LaVone Patterson, chatting with Dr. Webb (principal of L. A.), and his wife. Ann Cunningham was cutting a few new steps in the LaConga line, Jack Terry was on hand, introducing the comely granddaughter of Booker T. Washington, Marilyn Williams changing from arm to arm, on the tag dance number, Nita Hippard and Vance Jones still making a grand twosome, Robert Battle chatting with old friends, Terry Williams, Hi-Y member, looking the affair over with a pleasing smile. Alex Penland feeling only too fine, Becky Brown dancing smoothly with Bill Rowen, Cookie Cook, Pyrom Taylor, Nita Clifton and Chickie Jackson representing the College set, Edith Brown receiving congrats for her honors, Ramona Robinson being her charming self, and Betty House dancing with Leonard Grimes.

When the affair was jumping, and all the gang was there, Betty Williams and Peaches Coleman made their entrances fashionably late if you please, looking gorgeous in white creations—yards and yards of material, etc. And, oh, yes, Donald Martin apparelled in tails, a bit off the beam, but the cool cat was best man at a wedding, and didn't have time to change. Anyway, he pitched a ball and like all others attending the affair, had a super time. Mrs. Portwig and the Hi-Y and Tri-Y's really put it on last Thursday night.

Following the dance, a few of the grads topped the evening's fun with a wee hour meal at the Black Flamingo—Connie Smart and Lincoln Foster, honor grad Ouida Pruit and Orchid Oliver and their company had a reserved table. Friday night, following the L. A. High graduation, lots of the kids took in the Alabam, and the Aregon.

IN RECITAL

Over the last week or two, several important recitals have taken place. The Jr. Choir of Second Baptist Church was presented last Sunday afternoon in their first recital. Proceeds from the affair will be used to buy new choir robes. On the 20th of June Benzell Graham was presented in a whistling recital along with other members of her class. Being the only race student in the class, we were definitely proud of her, when she was the first to be applauded for the second bow. Gladys Childress was presented by the AKAs last Thursday evening in a piano recital.

Gladys is a Phi Beta Kappa, and has received her master's degree in music. The affair was well attended by the sorority members and their friends. Members from the Ivy Leaf Pledge Club served as usherettes.

NORM LEE McDANIEL ENTERTAINS

The beautiful McDaniel home was the setting last Saturday night, for an elaborate dinner, honoring George Winchester who departed for the Army. Guest at the affair included Celia Hutchins, and Carl Cotterell, Norma and George, Yours Truly and Mattye and Fred Bluett joined the party later that night, as they made a few stops 'round town.

WELL! WELL! WELL!

Looks like Doris Garrison is going to do that little stepping down the aisle. She's being feted next Friday at Ouida Pruitt's home . . . The Delaware Green (Wilma Mack) baby is here and it's a bouncing baby girl . . . Melrose Carson and the Santa Monica USO Jr. hostesses are doing their bit entertaining the soldiers . . . Leo Williams was feeling very gay last week, when her Lieut. Carl Gross came to town on furlough. No arrangements have been made for a ceremony, the couple may wait 'till after the duration. Carl is a first lieutenant now . . . According to the latest, Barbra McMorris has broken her engagement, and is now playing the field with the other local debs . . . Caught a glimpse of Roy Loggins who was in town t'other week on furlough—rumor has it that he's a changed man—many thanks to the Army . . . Now for a chance bit—Marion Patterson is wearing a ring on that special finger and she lets me know that William Spencer is the main guy in her life . . . By the way, Naomi Davis arrives in town Friday morning and plans to spend three days . . . According to the fast moving bunch, the Cocktail Hour at the Black Flamingo is on the solid side . . . The Elinore Rayford-Edgar Lester combo is a constant sight nodadays—wonder if marriage is on their minds?

The Jr. N. A. A. C. P. meetings are well attended these days. Maxine Clarke and Lillian Lomax were at the last . . . Joe Spaulding is really getting his basic training in the Navy—he writes from points unknown, somewhere on the deep Pacific. By the way, my brother Hoyt was drafted into the Navy and not the Army as stated, and he is stationed at Great Lakes . . . Melonee Temple is still vocationing in Chicago and will remain all summer . . . The Catherine Dwight-Lieut. Ernie Ashford vows were scheduled to be taken last week. As yet, haven't received any info on the matter . . . Learned a few days ago that Herold Jackson is a sergeant and is doing too fine in the Army . . . Blanche Groggs is still in Arizona and thinks it's a pretty nice place.

'TIL NEXT WEEK!

Mrs. Claudia Munford, retiring president of Thomas Jefferson High P.-T. A., was awarded, last year, a life membership for her outstanding work in the association.

During Mrs. Munford's administration, the following accomplishments were achieved: four life memberships were awarded; a Minute Man flag was given to the student body; 462 memberships; and furnishand serving of refreshments to soldiers at the U. S. O. on April 11th.

All National goals have been attained.

DAVE HALLS GET GOING-AWAY PARTY

A very pleasant time was enjoyed by all at a party given in honor of the going away of Mr. and Mrs. Dave Hall at the beautiful home of Mr. and Mrs. Isaac Hall, brother of the guest, at 10321 Compton Avenue.

Cocktails and a delicious chicken dinner was served.

Among the many guests present were Mrs. Tom Hall, Mrs. Percy Bates, Mr. and Mrs. Pearl Daniels, Mrs. Nolal Hines, Mr. and Mrs. George Le Bruce, Mr. and Mrs. Wells, Mrs. Harriet Washington, and a host of friends.

Many beautiful gifts were received. The couple and their small son will take an extended trip through the south.

Lilac Girls Club

The Lilac Girl's Club met with Mrs. Anna Washington on June 10th. The meeting was called to order by Madam Vice. Minutes were read, and adopted as read.

A lovely repast was served by the hostess and then bridge was played. Alice Cotton won first prize, Mrs. Ella Cotton second prize and Velda Peden third prize.

The next meeting will be with Mrs. Hazel Bruce.

Alice Cotton, Reporter.

ATTENTION! MINISTERS OF LOS ANGELES CITY AND COUNTY

By the grace of our Lord, greetings, and a prayer that you as one in a cause for humanity bear with me in the following communication.

I deem it propitious at this time of world strife to call attention to the stirring need for the church to take definite and intensive steps to put a stop to race riots and other outbreaks of violence, springing like venous weeds from the roots of prejudice.

As the American Anti-Prejudice Society INC. has for the past three years been fighting alone and unfinanced, that it cannot put forth the urgent effort necessitated by events of the past few weeks without assistance. We as a society sworn and pledged to tear out the tenacles of prejudice that is hampering the work of God, the progress of our race, and the unity of the nation itself, know our work, and know where of we speak. This is my request to you as president of the American Anti Prejudice Society INC.

Let each and every one of you as my brothers, name a certain date at your respective charges, when I can appear before your congregations and accept donations to the worthy cause of preventing further race trouble. Money is needed for telegrams to lawmakers, the Government, for newspaper releases, radio broadcasts, etc. and without it the work is badly crippled. I feel sure that with your cooperation, and the influence each of you holds over his particular flock, that at least small sums can be secured.

Cooperation, born of necessity, and forged by experience, will certainly not be in vain, in this particular instance. This will be but one more pathway through you as ministers and leaders may lead the world into tolerance and Christianity. The Society is not a separate entity, but all of you are included in the obligation it bears. I urge you to feel in that manner towards it, and then it can prove what can be done.

Recent outbreaks left smouldering embers of revengefulness and hatred, that will break into holocausts of nationwide violence upon the least pretense, at some not far distant time unless immediate steps are taken to smother them. As we have for the past three years made close, careful, and comprehensive studies of the causes, and incentives of such troubles, no organization is better fitted to mark out the way in which we know, you are conscientiously eager to remedy this terrible situation.

We cannot look upon this matter lightly or with a thought of procrastination, but must act, and act at once. Again offering to lead the van, if you will only aid with reinforcements, we remain:

Rev. C. Townsend Tucker, Pres.
Rev. Augustus C. Capers, Vice-Pres.
Harry Levette, Dir. Pub. Relations

Friends Entertain For Nat Joseph

Mr. Nat Joseph, well-known man-about-town, who considers Los Angeles his home next to the Rancho Yucca Loma at Victorville, where he has been employed for the past 10 years, was lavishly entertained by various friends over week-ends prior to leaving Monday, June 28th, for the Presidio at Monterey. Mr. Joseph was inducted into the army June 2nd.

Among the many interesting events staged for the popular Nat, was the swimming and luncheon party given by Mr. and Mrs. N. B. Murray of Murray's Ranch, Victorville, and a gay time was had during the long, hot afternoon and the cool evening.

Here in Los Angeles, Nat's long-time friends, Mr. and Mrs. Julius Mosley of 2051 W. 30th St., entertained Saturday evening, the 26th, with a full-course buffet supper which was enjoyed by about 25 close friends. Ant and Julius have the magic touch where buffet suppers are concerned.

A week-end at Lake Arrowhead as guest of Mr. Nat Smith was another lovely gesture. This past Sunday afternoon guests gathered at the spacious apartment of Mr. Herbert Anderson on South Serrano, for cocktails in honor of Uncle Sam's "newest." That evening Nat was the guest of Broomfield and Greeley, top-notch entertainers at the Bal Tavern.

Home Coming Month At Mt. Carmel

The Mount Carmel Missionary Baptist Church, 3064 East First Street, is planning to have their Homecoming the entire month of July, during which time each Sunday will be sponsored by an auxiliary of the church. Each auxiliary will be responsible for their respective Sunday for the Homecoming of former members and friends.

Rev. J. S. Peterson, pastor of Mt. Carmel, will bring a series of sermons, based on the life of the Prodigal Son to conform with our Homecoming month. All former members and friends can't afford to miss these all-inspiring messages as only Rev. Peterson can bring.

The third Sunday in July has been set aside as Young People's Day. Last Sunday will be remembered as one of the most successful Young People's days. A grand program by the young people is being planned to make your Homecoming worth while.

BAPTISTS DISCUSS FOOD

Francis A. Flood, assistant to the War Food Administrator, addressed the Thirty-eighth Annual Convention of the National Sunday School and Baptist Training Union Congress, Friday, June 25. The meeting was being held in Cincinnati, Ohio, June 21-27.

Mr. Flood discussed war-time food production in America and in England. He also pointed out how England has handled her manpower shortage and her rationing problems. Having traveled extensively in Europe, South America, and the Far East, Mr. Flood has first-hand knowledge of the over-all importance of food in this war.

Dr. W. H. Jernagin, president of the congress, is deeply interested in the food production program and has cooperated with the U. S. Department of Agriculture on several occasions by working with other ministers in encouraging farmers to increase their food crops.

MRS. HATCH AT BAHA'I CENTER

Speaking at the Baha'i Center, 1709 West 8th Street, Sunday, July 4, at 3 p.m. Mr. Willard P. Hatch will discuss: "A New Spiritual Focus." "The masses of mankind," says Mr. Hatch, "have been going through a period of intense mental and spiritual dimout. As a direct result of this dimout, the violance and suffering of present day upheavals can alone awaken mankind to the necessity for seeking a new spiritual focus."

Rev. D. Jordan Returns To City

An overflowing congregation is expected this Sunday morning at the First A. M. E. Church, 801 Towne Avenue to welcome the pastor, Rev. Frederick D. Jordan, who returned to the city this week, after an extensive visit in the East.

Dr. Jordan attended the Bishops Council held at St. James A. M. E. Church, St. Louis, Mo., and delivered the welcome address on behalf of the Fifth Episcopal district.

Dr. A. S. Jackson of Washington, D. C., and Bishop D. Ward Nichols of Alabama delivered responded to the address.

Last Sunday morning, Dr. Jordan preached the Mortgage Rally sermon at St. John A. M. E. Church, Topeka, Kansas, pastored by Rev. C. W. Love, one of his former students from Western University School of Religion at Kansas City, Kansas. The church raised $2,500 and will burn the mortgage at Conference this fall.

Dr. Jordan also attended the commencement exercises and mortgage burning at Western University, and the annual meeting of the Board of Missions of the A. M. E. Church held in New York City.

Dr. Jordan will occupy the pulpit this Sunday at both the morning and evening services, and administer the holy communion. The senior choir under the able direction of Mr. Gilbert Allen has prepared special music for the occasion. One of the numbers to be rendered by the choir will be the "Inflamatus" by Rossini. Miss La Vida Ervin, soloist. The J. E. Edwards Choir will present special gospel selections for the evening worship service.

REV. FREDERICK D. JORDAN . . . who returns to his pulpit at First A.M.E. Church this Sunday morning.

JUDGE EDWIN JEFFERSON AT LINCOLN

Sunday was a red letter day at the Lincoln Memorial Congregational church.

The order of service was "Civic Sunday" and the Hon. Judge Edwin Jefferson was speaker. Los Angeles' first Negro Judge is a young man who grew up and received his education in the lower grade schools and the university in this community. He is as well liked as he is well known.

Sunday's address delivered by Judge Jefferson was in keeping with the spirit of the times. He admonished his hearers to conduct their affairs in the community in such fashion that would reflect credit upon the group.

Beware of the briet-case politician who is very vocal in political campaigns selling votes at a sliding price, starting often at $150 and getting down as low as my fare back home, said the Judge.

We have much of importance to accomplish, especially among our new citizens coming to us daily from other sections of the country. Let us stop resolving and set ourselves to the task of lifting our citizenship to a high standard — one above reproach of some who seek to humiliate and discourage us. Equal educational facilities, housing privileges commensurate with our numerical needs, full protection of our citizenship rights—these are the things for which we must fight, concluded Judge Jefferson.

District Attorney Present

District Attorney Fred Howser was among those on hand to accept civic service awards. His presence Sunday marked the D. A.'s first Eastside appearance since his elevation to the State's second post.

Choir Director Jackson To Leave City

Miss Annie Lois Jackson, popular young choir director, will leave the city tomorrow evening at 6:45 for San Francisco, via the Transcontinental & Western Air Lines for a vacation trip. While away, Miss Jackson expects to visit friends and relatives in San Mateo, Berkeley, and Oakland, California.

Miss Jackson is a choir director at Bethel Church of Christ, a member of the Delta Sigma Theta sorority, a member of the Business and Professional Girls' Club, and a social worker of long standing with the Los Angeles County Department of Public Assistance, Old Age Division.

Some time during July, Miss Jackson expects to return home. Prior to leaving, she was feted with many socials and received many valuable gifts.

CHRISTIAN SCIENCE CHURCHES

"God" will be the subject of the Sunday Lesson-Sermon in all branches of The Mother Church, The First Church of Christ, Scientist, in Boston. This declaration from Isaiah is the Golden Text: "The Lord is our judge, the Lord is our lawgiver, the Lord is our king; he will save us."

In Daniel the story is told of Nebuchadnezzar who believed the "great Babylon" was built by his power and for the honor of his majesty. Then "there fell a voice from heaven, saying, . . . The kingdom is departed from thee. And they shall drive thee from men, and thy dwelling shall be with the beasts of the field: . . . until thou know that the most High ruleth in the kingdom of men, . . . And at the end of the days I Nebuchadnezzar . . . blessed the most High, and I praised and honoured him that liveth for ever, whose dominion is an everlasting dominion, . . . At the same time my reason returned unto me; . . . and I was established in my kingdom, and excellent majesty was added unto me."

Mary Baker Eddy says in "Science and Health with Key to the Scriptures:" "The only guarantee of obedience is a right apprehension of Him whom to know aright is Life eternal. Though empires fall, 'the Lord shall reign forever.'"

SHIFT DATES FOR VICTORY SOIREE

The Victory Soiree which is being sponsored by the Young Women's Club of Hamilton has been scheduled for Sunday, July 18th, at 4260 Woodlawn Avenue, Y. W. C. A., 3 'til 7 p.m., instead of Sunday, July 4th, as was previously announced.

Each and everyone is urged to bear this change of date in mind and plan to attend this unique and novel affair. Even though the date has been changed it will, nevertheless, be a real Independence Day-Victory for the young women and their friends.

A program consisting of outstanding artists of Los Angeles, popular on radio, stage and screen will be presented throughout the afternoon. Among the participants will be Harvey Brooks, well known composer and pianist and pupils from the Mildred Sennett Music Studio. Silver offering.

Penticostal Confab Ends

The convention of the F. B. Penticostal Holiness Church, which convened here Sunday, June 22nd to 27th, 5400 Compton Avenue, is over.

Reverend G. G. Gary of Detroit, Michigan, overseer, presided. The sessions were well attended. Reports show marked improvements under the leadership of Reverend M. C. Jenkins.

This is Reverend Gary's first visit to Los Angeles. He is a cousin and house guest of Mrs. Lula Stoudamire of 877 East 46th Street, Los Angeles.

The members were very pleased to have Reverend Gary as their presiding overseer. He was shown places of interest by the members.

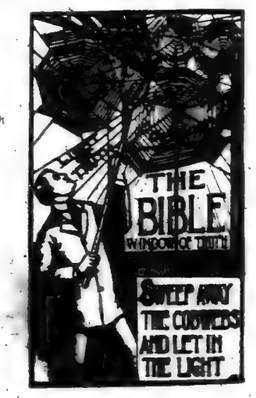
THE SWEET CHARIOT HOUR
BIBLE CORRESPONDENCE SCHOOL
Address All Questions to Eagle Question Corner
4075 S. Central Ave., Los Angeles, Calif.

NOTE: A free correspondence course in the study of the Bible will be mailed upon request to readers of this column. The course consists of 25 printed lessons (sent consecutively) with outlines that can adapted very easily to the program of busy people. There is nothing to buy. The Bible is your only textbook. Valuable "helps" are included in the lessons themselves. On completion of the course you will receive a beautiful certificate of achievement. Send letter or post card to the Eagle Bible Question Corner, 4075 S. Central Ave., Los Angeles, Calif.

Dear Sirs:

What is the Bible explanation for crime, strife, immorality and evil that we see in the world today? What is the cause of all this?

Sgt. A. L., Burbank, Calif.



There is a cause. In the Bible, the apostle James asks a similar question, and answers it in James 4:1. "From whence come wars and fightings among you? Come they not hence, even of your lusts that war in your members?"

If we go to the root of these things we find that all strife with its accompanying suffering and misery, comes from greed, envy, and hatred. These things come out of the heart of man.

Only God can change the heart, and when man refuses the counsel and teachings of God —as he is doing today—the result is that he devotes his thoughts to "the lust of the flesh, the lust of the eyes, and the pride of life." 1 John 2:16.

In a time of national calamity Isaiah uttered these significant words: "O that thou hadst harkened to my commandments! then had thy peace been as a river, and thy righteousness as the waves of the sea." Isaiah 48:18.

To ignore or reject the law and teachings of God is to invite every sort of trouble and disaster. We cannot escape the fact that we reap what we sow. It is because men have defiled the earth with their wickedness and have forsaken God that the present conditions are permitted.

Transgression brings inevitable penalties. "The curse cause less shall not come." Proverb 26:2.

* * *

Sirs: Why is there such an increase of crime among the youth?

Mrs. A. C. B., Oakland, Calif.

There are many explanation to your question. Time does not permit opportunity to present them all. But let us beware of blaming too much on the war. J. Edgar Hoover, director of the Federal Bureau of Investigation says:

"There has been a lack of parental control . . . No nation is stronger than its homes. The home is the cornerstone of democracy. We hear much talk about rights of all kinds, but not enough about the right of a child to be brought up in an atmosphere of decency in a good home. It is a lack of religious training in the home, and in the school, that usually breeds criminals. We must instill a moral sense of responsibility in our youth through religious instruction."

The Fifth Column Threat

Trembling at the imminent invasion of their fascist dream world, Hitler's "Festung Europe," the American Fifth Column has mobilized its every resource in a furious drive to disrupt the nation's home front and prevent our progress toward "unconditional surrender" of the Axis.

The appeasers and defeatists have chalked up a week of terror and disruption of which they may well be proud.

1—Race riots, directly incited by the fascist Hearst press and in many cases led by the Nazi-subsidized Ku Klux Klan, have seared national unity from coast to coast.

2—The vicious Smith-Connally anti-strike bill was passed over the President's veto in a wild Congressional insurrection against the war effort . . . passed, mind you, as a direct result of the treasonable John L. Lewis coal strikes.

3—For the crime of printing a pamphlet on the heroism of American Negro soldiers, the domestic office of the Office of War Information has been scuttled by the House of Representatives (although Senate confirmation is still awaited).

4—The very soul of our home front war economy was assailed in Congress as food subsidies were voted out of existence and a path opened for unprecedented spiralling of food prices.

5—All this, as was intended, is used to fortify the defeatist wails against the invasion of Europe "just now" and the advocacy of a "Pacific First" war against the Japanese.

The Negro people cannot view race riots deliberately provoked throughout the nation as in any way separate from the entire Fifth Column disruptionist campaign outlined above.

These forces which menace America's security in its war for survival are the deadly secret weapon of Adolph Hitler. They are the only panzer divisions in Hitler's world today capable of a mass offensive.

This is a moment when the Negro people reaffirm their unflinching support of our country's war for freedom and demand in the clearest voice an end to coddling of those defeatist elements which provoke divisive rioting, anti-labor legislation, strikes, and sabotage of war production.

We demand the fullest integration of Negroes and other minorities, especially California's Mexican population, in all defense industry, because we are mindful that the five percent decrease in American war production for the last month is a sinister threat to the military success of our armies in the field.

We demand the immediate investigation by the Fair Employment Practice Committee of the war sabotage of the Los Angeles Railway Company.

We demand instant action by the Department of Justice to determine those forces responsible for race rioting in America and subsequently to prosecute them to the fullest extent of the law.

We declare that the moment has arrived for direct, offensive action against the enemies of the Negro people and the enemies of victory in America.

AS I SEE IT!

By Jeanette Cohen

I sat in the Hollywood Bowl on June 22nd and listened to speaker after speaker pay "Tribute to Russia." The Navy, the Marines, our local government officials, actors and actresses all praised the Soviet people.

Edward G. Robinson, noted actor, made a stirring speech in which he pointed out that the Soviet people were able to blow to bits the theory of "Nazi invincibility," **because they are a united people, because all the Russian people hate fascism, as one man.**

Madame Nila Magidoff, Soviet citizen and newspaper woman, brought tears to the eyes of those in the audience when she told of the sufferings of her people. But in spite of their hardships, the tortures they suffer at the hands of the Nazis, she said **they fight on with unequalled determination. Such determination, she assured the American people, comes only when all nationalities have the kind of freedom her people have known.**

Yes, today few can deny that the Soviet people know how to fight fascism. They got rid of their fifth columnists a long time ago. They are not squeamish about pointing out those traitors and putting an end to them. Today they have no ENEMY WITHIN to worry about —every man, woman and child in the Soviet Union is fighting Hitler.

Unfortunately in America we still have this ENEMY WITHIN to contend with. Evidence of this has been shown by the country-wide campaign to stir up riots among the minority peoples. We have our Hearsts and Dies and Tenneys taking the lead.

I was discussing with Joe Marty, business agent of the CIO United Electrical Workers Union and chairman of the Committee for Defense of Mexican-American Youth, the part these pro-fascists played in the recent "riots" in this city, and he told me of a meeting held by the CIO at which the whole question was raised.

"Slim" Connelly, State President of the CIO, delivered a report to that meeting and according to Marty, he went all the way back to the "Sleepy Lagoon" case and traced various incidents right up to the happenings of a couple of weeks ago. In every one of these these incidents the hand of the fifth column could be seen, insidiously working to divide the people, to take their minds off fighting Hitler.

From that meeting a Committee of Mexican Trade Union leaders was formed—a committee so far without a name—but what does it matter, it has a good program. The Mexican people must be organized. They must join with their Negro and white brothers and sisters into the trade unions where they will be assured of the great strength of numbers in their fight against discrimination. This committee will bring to the people through community meetings in areas such as Boyle Heights, Watts and the Harbor district, the guidance of the CIO in combatting the Hitler agent, whose only aim is to disrupt the war effort of the American people.

Trade unionists, CIO and AFL have a great stake in this war. Under Hitlerism there is no such thing as a Trade Union and if it were up to Dies, Hearst, Tenney and Company they would do away with it here, too. Together, though, Negro, Mexican, Jew and Gentile, we can whip Hitler and his pals. **Let's take a lesson from the great Russian people and get rid of the fifth column, before it is too late.**

How It Can Be Done!

The patriotic white and Negro citizens of New York City have demonstrated to the nation how the Fifth Column can be rocked off its heels.

Last week the New York City Council turned down the application of the all-powerful Metropolitan Life Insurance Company to build a post-war dream city there which would bar Negro occupancy. Supported and endorsed by Mayor LaGuardia and all its allies in high places, the Insurance Company was virtualy assured a snappy OK from the Council.

But these hasty betrayers of the people's war reckoned without the aroused Negro populace of New York and their stout friends of that city's progressive trade union movement. They did not take into account the unapologetic leadership of Adam Clayton Powell.

A Negro Freedom Rally was called at which FORTY THOUSAND Negro and white persons gathered to announce the political suicide of whatever Councilman dared to approve the Hitlerite program of the Metropolitan's "Stuyvestant Town, Inc."

Powell himself announced that approval of the Metropolitan scheme would inaugurate a city-wide campaign for the impeachment of Mayor LaGuardia, a one-time friend of the Negro people, now deserted.

This MILITANT, unhesitating ACTION — unfettered by handkerchief-headism, led to "unconditional surrender" of the city's jim-crow forces.

Not only did the city Council deny the Metropolitan its Jim-Crow approval but passed an ordinance specifically outlawing discrimination or segregation within Stuyvestant Town, Inc. And carried by the impetus of that move, the Council surged on to end forever any segregation or discrimination in all the city's war housing!

Here, then, is the pattern for victory over the fascist disruptionists who have run riot across America: UNITY, of all the win-the-war forces of any city to defeat the defeatists; unity with the fighting labor movement, unity of all national minorities; unity and a program of unhesitant militance in the face of reaction.

Our nation is confronted with the gravest peril from those who would destroy it from within.

These elements cannot be handled with kind words, or with pious lectures. They will react only to the aroused demand of a united nation determined to secure victory NOW.

Now Is the Moment . . . Now!

The splendid mobilization of Los Angeles behind its Committee for American Unity, drawn together at the moment when bloody riot threatened to inundate our whole city, has accomplished a great task.

It was through this emergency body that Governor Earl Warren's hard-hitting five-man riot investigating committee was secured. It was through this group that the organized demand of the Mexican, Negro and so-called white communities was driven home to government authorities, both local and national.

Today, however, we are faced with a bigger job. We must organize a solid phalanx of the labor movement and minorities, along with all progressive forces in the city, to blast the local Fifth Column until it will not know its bow from its stern.

We have questions to ask the city authorities.

We wish to know where was the voice of Mayor Fletcher Bowron in the midst of the riot turmoil perpetrated by the fascist Hearst press. We question the weak squirming of our Mayor in the face of this emergency, his lame promise to the reactionaries of "increased police control" as a solution rather than a bold statement promising protection to the Negro and Mexican communiy and labelling the disrupters of peaceful war production in our city for what they are.

As our neighborhoods reeled under armed attack, we wish to know where were the voices of Councilmen Rasmussen, Allen and Bennett.

Are we to be deserted by these men at the first crack of Willy Hearst's whip?

Furthermore, let the Negro stooges, pussyfooters, and hat-in-handers understand that this city's Negro people are determined that no whitewash will hide the Fifth Column which has attacked us in the streets of our own neighborhoods.

To the black auxiliaries of the Jack Tenney committee, let this be known: unity of the Negro, Mexican and patriotic white citizens of Los Angeles will expose all who dare pussyfoot at a moment which demands a giant's stride.

W. J. WHEATON SAYS-

San Francisco, Calif., strikes at the root of the mob phychology when she so bravely places the blame on the vicious statements of the YELLOW PRESS. Without doubt the newspapers published by the Hearst chain has done more to fan the flame of racial intolerance and incited the spirit of mob violence than any other medium, except, possibly, the ignorant an ddiabolical ideology of some of the elect of the southland posing as statesmen.

When Elmer Davis . . . Office of War Information . . . told over the radio how great was the Negro's contribution to the war effort, both in combat and in financial contribution; there was an immediate resolution presented by an Alabama representative to ban the appropriation for the office. It is well known that Alabama is a POLL TAX STATE. If there happens to be afist fight between some arrogant service man from the southland and a young Negro who has resented the insult; that insignificant brawl is instantly seized upon and magnified into a racial riot.

The majority of the Anglo-Press, instead of trying to educate the masses that citizenship in a democracy has an equal right, and that the constitutional right of all citizens, regardless of color, creed or previous condition is one of the guarantees; they take every opportunity to fertilize the plant of vicions mentalities and foment strife and hatreds. Such propaganda can be exposed and, possibly, curtailed by giving a greater support to those sources in a position to disseminate it.

If every subscriber to a newspaper or magazine, whose articles are a refutation of the slanderous stories, would see that a copy reached the desk if some influential person much good could and would be accomplished. It has been ascertained through personal knowledge that such is the case. There are people who do not know of the many indignities heaped on the Negro and the obstacles placed in his path as he struggles upward. Many have questioned the fact that there are minority groups in a democracy.

Yes, Mr. and Mrs. John Q. Public must me educated to the fact that there are so-called minority groups in this boasted democracy and unless those minorities are acknowledged as NATIONALS the term of democracy will be but an idle phrase and a butt of ridicule throughout the civilized world.

While Los Angeles has its "Zoot-Suit" problem, San Francisco has a problem of great significance. The housing problem! When the Japanese were evacuated from this zone the area formerly occupied by them was immediately taken over by Negroes. Many of the buildings are antiquated and in need of repair. Contrary to the opinion that most of the property was owned by the Japanese it has been found that it was rented at exorbitant rates and owned by a syndicate of real estate men who before the evacuation of the Japanese, refused to rent to Negroes. The influx of Negro war workers—who have no other place to go—has converted the area into a veritable Ghetto. The conditions have been such that the congestion has become a health menace so great that it has been called forcibly to the attention of the city government.

Not alone is this condition prevalent among the Negroes, but the southern whites who have migrated to California and settled in the city of San Francisco have created a like situation. There have been several sessions of interested groups and various suggestions made to alleviate the condition. The Mayor (Rossi) has proposed that the Federal Government halt the migration until the situation has been solved. Many of the districts are in such an unsanitary condition that the Board of Health has recommended its immediate evacuation. But, where will they go? The vicious and diabolical RESIDENCE RESTRICTION CLAUSE is one of the many and the main reason for today's housing problem.

The city has condoned it and every meeting that has been called to break down the barrier has ended in resolutions never acted upon and almost forgotten fefore the meeting adjourned. Too much oratory and no sane or logical planning. Now is the time to fight to make those clauses of residential restriction unpopular. We hope that the task will be taken over by the women of the city. They can and will accomplish the task that others have failed to do.

Too long have we been squawking and complaining without planning. There is work to be done, and much to be accomplished before, even the silver cloud can be seen. The task is and will be a thankless one. Even those whom we seek to beenfit will look with dubious glances and question the motives. A hard uphill pull confronts up and the toil will receive no recompense except that we save our fair city from falling into the abyss of the ideologies and intolerant ideas now being disseminated by the Aryan migrants of DIXIE WAY.

To Madame Chiang Kai-Sheg

Lovely, gracious Lady,—
China's rare, exquisite Flower,
Thy sweet Sanctity surpasseth,
Ancient Princess' fragrant Bower!

Violets sweet,—and rich Camellias,—
Crimson Rose, and Lotus rare,—
Purple Iris,—graceful Lillies,—
Still thou are beyond compare!

Tiny hands, with Branch of Olive,
Tiny feet, toward Paths of Peace,—
Eyes that pierce the Distant Future,—
Hope profound, that will not cease!

Voice, like strains of ancient music,—
From Harps of gold,—with Silvery Tone,—
Smiles that melt the Snows of Sorrows,—
Reflect a Soul that is your Own!

Like the Jade upon your finger,
Or Priceless gem of Master's art,—
Wisdom's Harbinger of Mercy,—
Thou art China's Bleeding heart!

Strange Ambassador, Thy Virtues,—
God hath numbered manifold,
From the Crucible of Suffering
Hath brought forth Thy heart of Gold!

And o'er China's crimson wastelands
He hath kissed the wounded God,—
And blest, indeed, the weary footprints
Where Thy angelic feet have trod!

Wisdom's child, Seraphic creature,—
Heirloom of China's ancient Lore,—
In Thy bosom rests the Future,—
God give Thee strength to ope Its Door!

● LETTERS TO THE EDITOR

Dear Editor and Friend,

Quite a long time has elapsed since you last heard from me. You have wondered, no doubt, what has happened and whether or not I have been receiving my paper.

The EAGLE has been coming to me regularly, and I must say that the news printed in it is very interesting.

I enjoy reading the news, especially stories of the fight this paper wages for the Negro race. I pray that you will continue on and wish you every success in doing so.

Enclosed you will find $6.00. Please apply this to my bill. I regret that I have delayed in mailing my remittance until this time, but there was so much to be done and so little with which to do it, that I was forced to overlook some of my obligations.

Should this sum fail to settle my bill, please notify me. I will mail the balance, as I want my copy to continue as long as it is printed. I really cannot express adequately just how much I do enjoy your paper.

Thank you for the kindness you have extended. I wish you and your staff success and happiness.

Very truly yours,
James A. G. Edmonds.

Spreading Joy.

This morning I attended historic old Eighth and Towne, where the beloved Shepherd of the Hills, Rev. Judge Wiley was the speaker of the morning. We are always glad to welcome this poet of Val Verde for he always has a message. Living as he does, so close to nature, he constantly communes with God and his creations.

Rev. Wiley's message was thrilling and inspiring. Gilbert Allen was in charge of the choir and with Mrs. Robert Edwards at the great organ, and Gloria Roberts at the piano, the music was heavenly. Mrs. Lillian Craw, wife of a former pastor was present and introduced.

Last Tuesday the elite of Watts, and I do mean Watts, were out in full, filling Macidonia Baptist Church to overflowing for the wedding ceremonies of Dorcas Knox and Stewart Harington.

It was a very pretty wedding. Yea, a thing of rare beauty and perfection down to the last detail. The church artistically decorated with white and green as the color scheme, in which gardenias, roses and lilacs played a dominant role.

The seats reserved for the families of the contracting parties and their guests were roped off with wide bands of white silk ribbon.

In the wedding party were the brides maids and a maid and matron of honor, all dressed in pastel shades and carrying huge boquets of varicolored roses. The gentlemen were all in full dress, white ties, tails and kid gloves.

While the wedding party was getting prepared in the vestibule, Mrs. Bragg, the aunt of the bride, sang "Dawn" and a friend of the groom played a saxaphone solo, "I Come to Thee".

With the first strains of that famous wedding march, the first couple entered the church and took their place on the Choir loft in the rear of the Bridal Arch, where Rev. F. D. Ferrell awaited the happy couple. When the bridesmaids and their escorts were assembled, they formed a crescent semicircle, a handsome picture, I assure you. The maid of honor, then the matron of honor took their places at the left of the Arch. The ushers then hurriedly laid an aisle strip of white from the door to the Bridal Arch.

We heard those famous strains, "Here Comes the Bride" and there she was, a visjon of loviliness, dressed in a form fitting white satin dress, carrying a white prayer book.

But wait a moment! Ahead of her was the little ring bearer, Albert Nash, Jr., dressed in conventional black and white, carrying the ring on a satin pillar.

The four little flower girls, Iona Hale, Gwendoline Rayford, Ovanola Smith and Audrew Martin, dressed in pink, carried baskets of pink rose petals which they scattered before the bride.

Then came the bride—a happy smiling bride—on the arm of her uncle, Mr. Laws. As they neared the altar, the groom and his best man came through the side door and joined the bride at the altar, where Reverend Ferrell joined them in holy wedlock.

The wedding reception was held at the home of the groom's parents on East 115th street.

The bridesmaids were Mary Ella Kelley, Carlita Bowdan, Lois Bowdan, Venita Dunn, Rosalind Van Meter, Rose King, Ophelia Huntley, Maud Elam, and Zerlease Shamberger. The maid of honor was Zella M. Farr, the matron of honor, Edith Minor.

The train bearer was Jean Thompson. Escorts were Bruce Morris, Marion Knox, Carlos Campbell, Royludd, David Washington, Wilbert Perkins, Elmer Holden, Samuel Kelley, William Brooks and Albert Nash.

My hearty congratulations to Mr. and Mrs. Harrington.

I wish to thank my fellow-columnist, Harry Levett, for the plug he gave me in his column last week. He is generous! Harry is the dean of colored columnists of the West and a top notch writer. Of course I am grateful for any kindness shown me. Thanks again old chap!

Jordan Wellboune, one of the old gang, called Sunday afternoon and we enjoyed a delightful chat of odl friends and old times. Forty odd years ago Jordan drove a hack for Henry Owens. The sctable was on Spring Street, between Third and Fourth Streets.

KINLOCH'S CORNER

—By John S. K.

You're a reasonable guy, see. But every time you read about Negroes getting cold steel through their vitals for being born black or hear a pal of yours tell how he got banged up while rusticating with the armed forces down yonder, something hot and big and uncontrolable starts scrounging around inside you.

On these occasions, your language ain't often very pretty and if somebody was to rub your fur just a wee bit to the right you'd probably whang the living daylight out of him.

This is just a little notice to remind you that your disposition aint gonna be worth a milldewed Seventeen stamp from now on in if something isn't done and done fast!

BROTHERS, THIS IS WAR!

A lug by the name of Shicklegruber once wrote a book in which he pointed out that the safe and sure way of licking the stuffing out of the U. S. A. is to divide her via racial and national minorities.

Adolph Hitler is now a desperate man because of the enterprise of the British, Russian and American armies.

He is bottled up on the continent of Europe tighter than New Year's Eve.

He is in the same fix as William Tell's son on the occasion when Junior stood with an apple on his dome waiting for Poppa to shoot it off with a bow and arrow.

The only difference is that the United Nations are not Hitler's Poppa and they are not aiming at any apple on his head. As a matter of fact, the greatest military concentrations in the history of the world are poised, arrow-like, to take a whack at Adolph's "Festung" rear, stretching from Norway's hunk of the Arctic circle to the South of France, Italy and the Balkan states.

THE FIFTH COLUMN

Hitler is just about to get thrown up for grabs and with him all the members of his little club all over the world.

And the charter members of that club in the U. S. A. are those characters who've been practicing up for fascism ever since Reconstruction) throwing neck-tie parties, robbing citizens of their vote and having their flowery sisters raped by hulking black brutes, aged 13.

All these guys know damn well that once the free people of this earth cut out the heart of fascism on the continent of Europe they will not come home to tolerate the domestic fascist crop, scratching their heads and saying kyah-kyah you show is one good white man! kick me some more, please suh, at convenient intervals.

So Hitler's fascist Fifth Column in America, the Hearst press, Martin Dies, Jack Tenny, John Rankin, the Ku Klux Klan, etc., are provoking riots against Negro and other minorities, disrupting war production and, in Congress, attempting to blitz the entire war program of Franklin Roosevelt.

WHAT YOU CAN DO

No matter how mad you get or how many dangerous juices get to squirting thruout your glandular system, there ain't a blooming thing you or I or any of us can do unless we get together in an organized fashion.

The Junior Council of the NAACP, understanding the threat of defeat for our nation which the Fifth Column conspiracy against the Negro people entails, has launched an all-out membership drive, so that the young people of our city can play the ORGANIZED, MILITANT, ANTI-FASCIST role for which God and history has prepared them.

With a first goal of 1,000 members and a program of day-to-day action against the anti-Negro Fifth Column, the Junior Council, open to all under 25 years of age, meets tomorrow night at 8 o'clock at the YMCA. (28th and Paloma streets).

BE THERE. And remember that wherever the common people organize to smash fascism, there also is a battlefront of freedom.

I'll look for you in full battle regalia!

Worn out tires are like worn out jokes in that nobody can see anything to laugh about in either.

YOUTH! LET'S STOP THESE BUMS!

Soldiers Look to Us For Fite Against J-Crow

AT THE FRONT, OUR MEN ARE HAPPY, FIGHT HARD; HOME CAMPS REEK WITH BIAS

By Herbert Simmons

American Negro Soldiers on all battlefronts have been dependable, hard-fighting men, their letters home cheerful and ringing with the spirit of victory in this people's war.

But the high morale of the battlefronts take an awful licking when the home front situation of Negro troops is surveyed.

LETTERS TELL STORY

Letters received here from army camps at Fort Van Dorn, Miss., Camp Stewart, Miss., Camp Claybourne, La., Camp Carson, Colo., Camp Lockett, Calif., and scores of other locales tell the real story of what is happening to our boys at camp on the American mainland.

All of them have a common determination to fight fascism on any battlefield in the world with no holds barred. All of them, however, demand at least a minimum of democratic practice in the armed forces. All of them look to those of us not in the armed services to carry the ball.

It is a responsibility we cannot shirk.

There is an investigation of bias in the armed forces impending in the United States Senate, called for by California Senator Sheridan Downey, it can be a national sounding board for the just grievances of American Negro boys who have offered their lives in the cause of freedom to find, in many cases, oppression and insane prejudice within our own armed forces.

How effective Sen. Downey's investigation and hearings will become depend upon the support, endorsement and cooperation of the Negro people, especially youth.

Letters describing bias and discrimination should be forwarded to Sen. Sheridan Downey, Senate Office Building, Washington, D. C., accompanied with a demand for a sweeping probe of the case.

The boys at camp are looking to us. If we fail to act, how can we look back at them?

AUTO CRASHER WAS DRUNK

Herman Gray, 1228 East 52nd Street, was held to answer on a charge of drunk driving this week after he assertedly crashed into an automobile which was parked on 48th and Avalon on the night of June 19th, severely injuring the occupants of the car and practically demolishing it.

AMERICAN UNITY COM. JUNIORS MOVE TO ACTION

Plans for groups of Mexican, white and Negro youth to visit Southland entertainment meccas to determine minorities' civil liberties rights and to fight any discrimnation revealed were laid this week by the hard-hitting Junior division of the American Unity Committee.

The body, composed of religious and campus youth organizations, was mobilized at the heighth of recent anti-Mexican and Negro rioting in Los Angeles. Its parent group, the American Unity Committee, stepped into the breach during the riots, caused a gubernatorial investigation and action by the Federal government which stopped the disorder in time to prevent deaths and a major disruption of war production.

The youth body plans preparation of a mass youth statement for presentation to the Mayor, City Council and Board of Supervisors.

A city-wide youth conference is scheduled by the Unity group within the next two months.

Fifth column forces in Los Angeles, the committee said yesterday, are attempting to stimulate a further riot condition through importing Dixie racial segregation and discrimination here.

Public recreation facilities, bowling alleys, dance halls, and restaurants all over the city, have launched a campaign to prohibit Mexican and Negro attendance. This policy is in violation of state laws and at this time threatens national unity

Jr. Council Fights for Minorities

MEMBERSHIP DRIVE TO SCALE 1000

Terming race riots which have blazed across the nation as the work of Fifth Column elements aiming to destroy American war production and save Hitler from defeat, the Junior Council of the NAACP this week announced an all-out campaign of organization of Negro youth to combat discrimination aimed at all local minorities.

Hailing significant accomplishments of the senior branch membership drive, hurtling toward its 6,000 goal under the guidance of Rev. Clayton D. Russell, the Council pledged to continue its efforts in recruiting senior membership at the same time setting a preliminary Junior's goal at 1,000.

All under 25 years of age are eligible for Junior Council membership.

The Council, which meets every Friday night at the 28th Street branch of the YMCA at 8 o'clock, announced today that it would welcome all cases of discrimination against Negro or Mexican youth in dance halls, skate rinks, and other places of public amusement along with its already functioning department for handling grievance of young Negro defense workers.

POWER IN ORGANIZATION

Herbert Simmons, noted campus leader, was selected to head the 1943 membership drive.

"Without organization, Negro youth can't fight the Fifth Column which is attempting to split us from the nation, to whip us into subjection, to snatch away the great achievements gained by our people behind the war for survival.

Recreational opportunities in the Negro and Mexican communities being limited, the jim-crow policy of dance halls, bowling alleys and skate rinks stimulates congestion in minority group neighborhoods and leads to juvenile delinquency.

Operating with the support of the Junior Council of the NAACP, the Mexican Youth Victory clubs, the Jewish Community Council and other bodies, the American Unity Committee Juniors met last Tuesday at the downtown YMCA, 715 So. Hope street.

MEMORIAL SERVICE

Angelus service is two-fold in purpose: First, it is a fitting tribute to the departed; second, a source of consolation for those who remain. In order to distinguish this new and finer type of service from the average funeral, we speak of it as a Memorial Service. Yet this newer and finer type of service costs no more.

NO PARKING PROBLEMS AT ANGELUS

Our location on the triangle formed by Jefferson Blvd., and 35th St., just off Central Ave., provides plenty of parking space for patrons and visitors at the 35th St. entrance to Angelus Funeral Home.

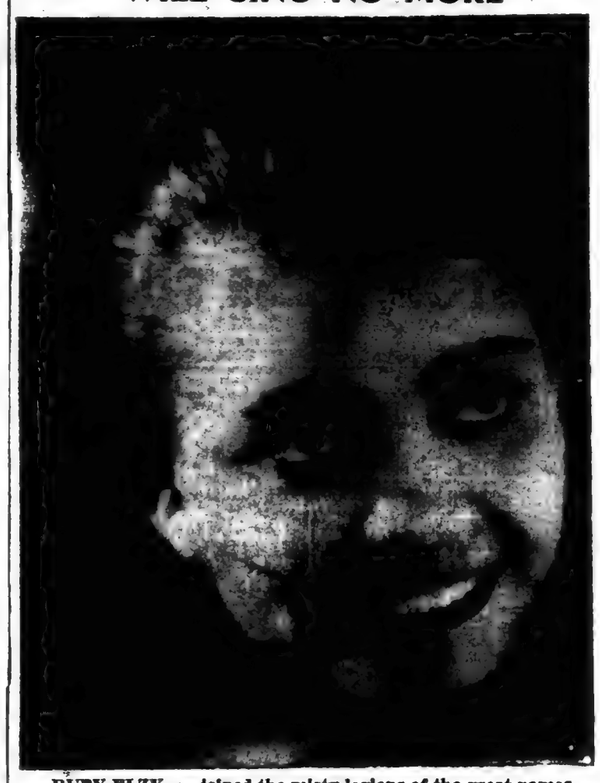
Permission to visit the studios is going to be a bit harder to secure this summer than before, because of the war, but each summer I have shown a few vacationists the inside of a few of the studios. The record for one particular class of citizen was five school teachers from New York, friends of "Madam" Bass. They took many notes for future class work, and would have taken pictures, had I not whispered to them that this is forbidden, except by special permission from the publicity department to newsmen. However, write me, Harry Levette, 727 East 24th Street, giving 48 hours' time and I'll see what I can do about your visitors.



Elzy Passing Is Real Blow to Theater

MAYNOR COMES HERE

DOROTHY MAYNOR . . . world-famed soprano, who will again visit California to star at the Hollywood Bowl concert series.

WILL SING NO MORE

RUBY ELZY . . . joined the misty legions of the great names of the American theater this week as she passed away under surgery in Detroit, Mich. Appearing there as a star of the triumphant "Porgy and Bess" revival, Miss Elzy was the victim of sudden illness.

Great Star, Ruby Elzy, Joins Immortal Ranks

Ruby Elzy, who appeared here at the opening of the Light Opera season in "Porgy and Bess," died last night (Saturday) on the operating table in Detroit, Michigan.

Tour of the Gershwin folk opera ended last week in Denver. Miss Elzy was 35, married ot Jack Carr, actor.

Born in Pontotoc, Mississippi, Miss Elzy attended Rust College at Holly Springs, Miss. At the end of her freshman year, Dr. C. C. McCracken, general director of the board of education of the Presbyterian church, took her to Ohio State University. There she majored in public school music and studied voice with Dr. Royal Hughes.

In 1930, she was graduated from the university and obtained a Rosenwald Fellowship to attend the Institute of Musical Art in New York where she continued vocal work with Mrs. Lucia Dunham.

She made her formal concert debut at Town Hall, N. Y. C., October 10, 1937. Later appeared as soloist with N. Y. Philharmonic Orchestra, at the Lewishon Stadium and with the L. A. Philharmonic Orchestra in the Hollywood Bowl.

As the stricken Serena in Porgy and Bess, Miss Elzy had an instant success with the beautiful lament, "My Man's Gone Now."

Two seasons ago she appeared opposite Paul Robeson in "John Henry." She starred in the memorable Hall Johnson folk drama musical, "Run, Little Chillun," which ran for over a year here at the Mayan theater.

Film work was done with Bing Crosby and Mary Martin in "The Birth of the Blues," and the film version of Eugene O'Neill's "Emperor Jones."

Her radio engagements included coast-to-coast and international networks of CBS and NBC.

A touching posthumous tribute to Miss Elzy is this story, written by Army men prior to the star's death. She had recently appeared with Porgy and Bess in Seattle, Wash. The news story follows:

SEATTLE, Wash., June 17.—As

Mabel Scott Headlines Alabam Revue

Curtis Mosby, owner-manager of the Club Alabam, announced the signing of Mabel Scott, one of the continent's outstanding danseuse as stellar attraction for the new edition of the topflight floor revues staged at the club under the direction of Patsy Hunter.

Miss Scott is one of the loveliest exponents of the terpsichorean arts ever to perform in a night club. She is a star attraction with a record hardly matched by any stage artist in her line. A young woman, Miss Scott started her dancing career in Small's Paradise in New York City in 1932.

MABEL SCOTT

Since then she has risen rapidly to a pinnacle of finished success. Her nimble dancing feet and unique forte has since carried her back and forth across the Atlantic to principle European entertainment palaces. Recently she closed an engagement as stellar dancing attraction with the Bill Robinson starring show "Born Happy."

In 1933-4 Miss Scott was headline attraction at New York's famed Cotton Club, in 1934 she was at the Ubangi Club in the same city, then to the Harlem Club at Atlantic City in 1935-6, and across the Atlantic to London, Holland, Paris, Switzerland and Italy in 1935-39. She has toured on and off with Jimmy Lunceford's orchestra. In Chicago where she just closed at the new and swank Rhumboogie Club, Miss Scott was for a long time starring the Grand Terrace ballroom.

'OX-BOW INCIDENT' HAS MEANING TO NEGROES

"The OX-BOW INCIDENT" now playing at the United Artists Theatre, 933 So. Broadway, downtown Los Angeles, carries a background of frontier Nevada in the 1885 era, and is an artistic triumph that will surely take its place among the great pictures of all time.

In a small town on a Nevada range, news comes that a well-known cattleman has been shot through the head. The informer didn't actually see the victim; he's not sure whether it was rustlers; he doesn't know whether any cattle were stolen. When someone sounds the keynote—lynching—a mob forms, goes in search of the murderer or murderers. Near a campfire in the Ox-Bow Valley, three men are huddled near a fire. The mob arouses them, while the leader charges them with murder. The accused men are flabbergasted, vainly protest their innocence, and at dawn, they are hanged. On the way back to town, the mob learns the horror of the deed; the cattleman was only wounded, the sheriff is on the trail of the rustlers.

Henry Fonda measures up to star rating, as one of the few level-headed cowhands.

The second attraction "Two Senoritas from Chicago" with Joan Davis and Jinx Falkenburg, is a jamboree of joy from beginning to end.

Don't miss "The Ox-Bow Incident" and "Two Senoritas from Chicago" now playing at the United Artists Theater, downtown Los Angeles.

'CANTEEN' STARS WATERS

The above scene shows Ethel Waters giving out to Count Basie's music in the movie, "STAGE DOOR CANTEEN" which features many outstanding Negro performers. Proceeds of "STAGE DOOR CANTEEN" will go to the maintenance and construction of many more canteens for servicemen here and abroad.

WILL THOMAS GO ON TO THE TOP

John Thomas, the coast's foremost contender for top honors in the lightweight division, gets back on the road next Tuesday night that should lead him right into the throne room in the next 12 months.

He is fighting one of the biggies in the division for matchmaker Babe McCoy at the Olympic auditorium, said opponent being Aldo Spoldi, a rough, tough slugger who in the past year has met such good ones as Willie Joyce, Leo Rodak, Henry Armstrong and Sammy Angott.

Top name in the Bert Lewis-George Tolson stable, Thomas was forced to detour a few months ago when he ran up against Willie Joyce and Slugger White. The former whipped Henry Armstrong his last time out, and the latter shaded Juan Zurita. It can be easily seen therefore that Thomas is definitely in big time company.

The fights with Joyce and White were thrilleroos. One of the judges in the Joyce fight voted the bout a draw, which showed how close it was. Thomas' supporters got the scare of their lives in the Slugger White tiff. The Slugger connected with a hard right to the chin and Thomas sniffed resin only to be saved by the bell. That was in Round One.

The remaining 9 rounds produced the kind of action that made the fight one of the best ever staged in these environs.

* * *

IT WAS THE WAY HE LOST

Both of these fights, one right after the other, figured to test the mettle of a youngster. They were rough, bruising sensational tiffs. And it wasn't so much that Thomas lost, it was the way he lost—with colors flying! That, after all, is the stuff of which champs are made.

This, too, must have been apparent to Messers. Lewis and Tolson, for they immediately let their lanky charge take it easy, fight several lesser fights. Thomas took them in his characteristic stride, and when he steps into the Olympic ring Tuesday night he goes back after the biggies of the division.

A top-notch boxer, who oozes class with his every motion, Thomas is also developing a punch. Tolson told the column several weeks ago that he and Lewis have had John rowing a boat to develop his arm, shoulder and back muscles.

John Thomas—plus punch—should mean that that road the column is talking about will be minus a lot of pitfalls he might otherwise encounter.

It is interesting to note that in tomorrow night's main event at Hollywood Legion stadium both principals have tasted defeat at the hands of Long John. In 1941 at the Olympic in a six-rounded, Thomas won six out of six at the expense of Cleo Shans who subsequently went East and established quite a reputation. He has also defeated Lupe Gonzales.

By way of comparison, Thomas has met veterans before, two of whom were Lew Jenkins and Petey Scalzo, both ex-champions. He kayoed Lew Jenkins in five stanzas, and decisioned Scalzo in 10.

A brilliant future ahead of him, John Thomas makes a tough division, probabyl boxing's toughest, tougher, and this column is of the opinion that Aldo Spoldi, following Tuesday night's scuffle, will be mute testimony of the fact.

Jack Chase Registers KO In 3rd

Former state middleweight kingpin Jack Chase registered a three-round knockout Tuesday night over Miguel Madero of Mexico City in the main event at Olympic auditorium.

Chase weighed 158; Madero 161.

Chase was in command of the action as long as the bout lasted, although Madero was game enough to make it interesting.

A long left hook floored Madero, and he was counted out in a squatting position by referee Benny Whitman.

Lalo Rodriguez, 160, scored a two-round knockout over Larry Martin, 162, scored a two-round knockout over Larry Martin, 162, in the scheduled six-round semi, while in the fours Mario Luna, 135, decisioned Ray Arregon, 135; Don Lemos, 140, shaded Manuel Villa, 140; and Leonard Nix, 173, knocked out Eddie Nash in the second heat of the curtain raiser.

NAT CORUM ON SHELF

The State Athletic commission of California last week announced through secretary J. M. Genshlea that Nat Corum, high ranking bantamweight of Berkeley, had been placed on the ill and unavailable list for an indefinite period because of an injured eye.

Genshlea also disclosed that a five-year contract had been filed on Doll Nelson by J. Elbert Jones as manager.

Sgt. Scores In Seattle Tennis Meet

SEATTLE—Sgt. Rayfield Lundy of Pasadena established a precedent here this week when he became the first Negro ever to have participated in the Annual City Tennis Tournament.

The tournament, which attracted the nationally ranking player from Hollywood, Bob Faulkenberg, is held on the edge of beautiful Lake Washington at the exclusive Seattle Tennis Club.

Sergeant Lundy, post sergeant-major at the only all-Negro post in Seattle, easily disposed of Judd Nelson, ranking player from Fort Lawton, Washington, by the score of 6-3, 6-3. In the second round he ran into a tartar in Art Holbrook of the University of Washington tennis team and was defeated 6-4, 6-1.

Being the only Negro in the tournament of 118 participants Lundy stated that he was determined to make good so that other Negroes would gain recognition in future tournaments.

By virtue of his good sportsmanship and conduct he was invited to participate in the State tournament to be held July 17. He said that he plans to be in good condition for that tournament in order to acquit himself in the eyes of most people who have not associated nor seen Negroes in tennis here.

A former captain of the Howard University tennis team in 1939 and 1940 Sergeant Lundy was Southern California and Pacific Coast junior champion in 1932 and 1933. He also won the Alpha tournament at Ross Snyder courts in 1932. In 1940 he was fifth ranking doubles player in Negro intercollegiate tennis.

ON THE TURF

By Geo. A. Ramsey

CALIENTE, Mexico — Yesterday the fans that attended Generalissimo Eddie Nealis' playgrounds, better known as Caliente Race Course, saw more action than at any other time since the sport of kings was revived some seven weeks ago.

He started the fans off by giving the large crowd on hand the largest daily-double payoff in many months. But just before that, in the first race, a mild killing was made on a maiden three-year-old, who answers to the name of Newhall.

Opening at 6 to 1 in the books, the ones that were in the know set it in and by post time the public nearly made him the favorite. The good thing won by one length and paid in the mutuels $6.80 while the real favorite, Dick Macaw, finished fourth.

The second race started the daily double, found the improved mare, My Gretchen, winning her second straight race. Then in the third race the public made Gold Sun favorite and on cold dope looked like a cinch to win. But the fans had forgotten about the good win some Sundays back, when High Jour on the same kind of track beat just about the same field.

Well, history repeated itself. High Jour won the second half of the daily double. The holders of the lucky combination collected $929.80 for two.

Those that bet on High Jour were rewarded $118.40 for the two dollar investment. About ten people held the winning tickets.

Hettie's Pride proved that she is about the best two-year-old on the track, making it two straight wins. In the fifth race Lieutenant Greenock, the favorite, was carried very wide by the well backed second choice, Ferncreek, although the latter won but was disqualified and placed second.

In the tenth race the fans saw a bad spill. At first it looked from the grandstand, as though both jockeys were seriously injured. After an examination at the track's hospital, however, Frank Wilbourn, who was on Lichema, had a fractured wrist and was badly shaken up, while Jockey Volzke, on Wahlune, was unhurt.

Five favorites won, while four well backed second choices found pay dirt.

This Sunday another card of twelve races will be staged by that genial, jovial Judge Joe Walter. Three big feature attractions will bring out some of the newcomers from Mexico City who will compete in these events. So until next Sunday, when I hope to see you, I'll say, so-long. George.

ARMSTRONG TO BOX GARRISON

PORTLAND, July 1.—Joe Waterman, matchmaker of the National Boxing club, announced this week that Henry Armstrong, former triple boxing champion of the world, will fight Jimmy Garrison, Kansas City veteran, here Aug. 9.

JIMMY BROOKS WINS AGAIN

SAN FRANCISCO, July 1.—Continuing his newly acquired winning streak, Jimmy Brooks of Los Angeles technically knocked out Auriel Coutoure of Bangor, Maine, in the fifth round at Coliseum bowl here Monday night.

Gonzales, Cleo Shans At Legion

Cleo Shans and Lupe Gonzales, lightweights, headline tomorrow night's boxing program at Hollywood Legion stadium. They meet over the 10-round route.

Managed by Pete (Silver Fox) Reilly, Shans knocked out Russ Romero his last start.

Before Henry Armstrong started his comeback he took Shans to New Orleans, and from there Shans went to New York where he entered the lightweight picture in earnest. He drew $48,000 when he fought Johnny Greco at Madison Square Garden.

MIDGET ON CARD

Gonzales, wearing the colors of Roxy Eisen, holds wins over Julio Jiminez, Aldo Spoldi, Tony Mar, Jimmy Floriat, a drew with Carlos Malacara, and a knockout over Ray Salas.

The bout is a rematch. Gonzales upset Shans last month in San Diego. In his first West coast start, Shans dropped the duke to Richie Lemos at Hollywood.

Midget Jones, who has won 73 out of 75 starts, boxes Johnny Armando in the six-round semi. Armando has won 19 straight bouts.

"Time and Tide Awaits No Man"

Problem No. 1 delves into the mysteries of reverse bidding, and preference responses.

With 3 or less Honor-Tricks and two biddable suits of equal length, open with the higher ranking, and re-bid the lower: this procedure is not in the sense of the word a Reverse bid, but a Normal bid.

EXAMPLES

1. North	South	2. North	South
1 H	1 S	1 H	1 NT
2 D		2 S	

Explanations

No. 1-Example is a normal bid, and may not show more than 3 HT, if not less.

No. 2 Show a minimum of 3½ HT, and two biddable suits of unequal length with distributional values, or sufficient Honor Strength to play the contract at the level of three even if South held the minimum in HT.

Preference Responses

With equal length in both suits, support the first regardless of Honor Strength in the second.

With more support in the second bid suit than the first, and not more than 1½ HT, pass.

The correct response to Problem No. 1 of two issues ago was a jump raise in the first bid suit, since the hand contained 2 plus HT.

Brilliant Local Lightweight, Vet Headline Tuesday's Boxing Card

John Thomas

Meets Veteran Here Tuesday

John Thomas, brilliant young lightweight from Central Avenue, will fight the veteran Aldo Spoldi in the 10-round main event at the Olympic Auditorium next Tuesday night (July 6th).

Thomas will be making his first start, locally, since his blistering battle with Slugger White at the Olympic Auditorium, two months ago. However, John is not rusty, having scored an easy win over Jimmy Florita up North a few weeks ago.

On December 22nd, last year, Thomas knocked out ex-champion Lew Jenkins in the 5th round, to score his 32nd straight win as a pro. Since then, he has dropped two verdicts, but both were to top-notchers — Willie Joyce and Slugger White.

The defeat at the hands of Joyce was by no means a mile-wide affair. Johnny Indrisano, one of the judges, called it a draw, and referee Mushy Callahan scored it 67½ for Joyce against 63½ for Thomas.

In 1942, John scored nine wins in nine trips to the plate. Three were knockouts: Lew Jenkins, 5 rounds; Charley Miegels, 5, and Manuel Villagran, 9. Two of John's victims were ex-champions: Petey Scalzo, whom he whipped in 10, and Lew Jenkins, above mentioned. He alsa defeated Toby Vigil, Eddie Marcus, Lupe Gonzales and Jimmy Doyle.

SPOLDI HAS MET ALL

In 1941, Thomas took six out of six from Cleo Shans, and whipped a raft of other good boys.

Spoldi has been boxing in this country since 1935, has met them all. In 1941 he boxed a 10-round draw with Willie Joyce; last year (1942) he had nine fights, won 6, drew with Leo Rodak in 10, and lost to Henry Armstrong and champion Sammy Angott.

Aldo is a rough, tough, slugger, who keeps coming in—a left hand.

perfect foil for Thomas' snaky

Last Thursday night, in Stockton, Spoldi scored a 10-round decision over Jimmy Florita.

Babe McCoy plans a powerful supporting card, and may book another 10-rounder on the same program.

Around the Rings

The more we see of streamlined Manuel Ortiz, the bantamweight champion of the world, the more he seems like a pocekt edition of heavyweight champion Joe Louis.

Last Friday night at Hollywood Legion, Tommy Farmer's prize package who owns a ranch in El Centro, proved he's one of the hardest and deadliest punchers in the business when he technically kayoed Tony Olivera in 7 heats.

We didn't get to see him because he came on in the curtain raiser at the same place, but the name interests us. It's Chicken Woods. He was his bout, flooring his oponent six times before ehe go was halted in t ehsecond stanza.

As this is written (Tuesday afternoon) Henry Armstrong, boxing Miarcle Man, still hadn't put in an appearance, a call to the State Athletic commission disclosed.

Drs. Joe Zeiler and Emory Robinson are slated to look over his lacerations, an order of the commission, and then the former triple champion is slated to take a short rest before training for his jojust with Willie Joyce at Gilmore stadium the 24th inst.

We are looking forward to tomorrow night's semi-final at H'wood when Midget Jones and Johnny Armando tee off. Midget, who has won 73 out of 75 starts and fights under the banner of Baron Stumme, showed a world of class in out-classing Torpedo Reed at the stadium several months ago.

For his semi under the John Thomas-Aldo Spoldi main brawl Tuesday night matchmaker Babe McCoy has announced a re-match that should have the fans in the aisles.

"Punchin'" Paul Altman is slated to box soldier Francois de Tombeau. Both were on the floor at Ocean Park Monday night, with Altman winning.

Turkey Thompson goes against Sgt. Bobby Jones at H'wood Legion July 16. Rated a trouble-maker, Jones' most impressive win is over Jack Coggins.—J. C. F.

K. WATKINS, BURLEY SCORE

SAN DIEGO, July 1.—In the fight fight of twin main events here at Lane Field Saturday, Kenny Watkins, Los Angeles middleweight, scored a three-round knockout over Reecy Davis, Gainesville, Texas. Both weighed 159.

Charley Burley, 156, Minneapolis, decisioned Bobby Birch, 154, New York, in the second 10-rounder. Burley floored Birch for a nine count in the ninth round.

500 Colored and White Sponsor Campaign

Last Tuesday the 120 buses and street cars in Gary, northern Indiana steel city, began carrying the first of the colorful Tolerance Cards which the Association for Tolerance in America, 270 Convent Avenue, New York City, is using to "sell" the Negro to the masses of white people.

The card, executed by Elton C. Fax, prominent Brooklyn Negro artist, is in red and black, size 11 by 28 inches, and shows the large helmeted head of a colored American soldier.

The simple text reads, "500,000 of These Lads Are Fighting for you. . . Let Them and Theirs Share in Our Democracy." They will appear for 90 days.

George S. Schuyler, director of the group of 500 prominent colored and white people sponsoring the campaign, says, "This is only the first step. Similar cards will appear all over the country as bus space is available. We are also planning to use every medium generally used to secure a mass market. We are out to change the mind of white America about the Negro."

EX-FIGHTER ON WAY FOR FILM

Canada Lee, former boxer and prominent figure on the New York stage, is on his way to the coast for a role in 20th Century-Fox's "Life Boat," the EAGLE sports editor was reliably informed this week.

The first actor to be signed to play the role in the film, Lee will enact the role of cabin boy on a ship. Subsequently he is one of 7 people marooned in a life boat.

While the noted actor is in the city he will probably do important radio work.

Keeping In Step With the Boys At MARCH FIELD

The Roamer at this time has chosen to write what you might call a swing editorial. I call it that because it is taken from the Script, a March Field Weekly. . . . First let me introduce to you the Script Staff . . . Cpl. Andrew J. Howard, "Editor," Sgt. Vernon S. McDonald, "Mgr. Editor," PFC Ellsworth D. Smith, "Assoc. Editor."

How many of us realize or appreciate the efforts of the charming junior hostesses who come to the dances weekly to entertain us? There is nothing compulsory about their work; their only reward is the knowledge that they are building our morale. . . . Let us look into the program of a group of Los Angeles girls. . . . The girls must leave about 6:30 p. m. in order to arrive early enough to make the dance worthwhile. The ride, as most of us know, is pretty dull, and even the prospect of an exciting evening cannot improve the trip here.

These dances aren't like those in civilian life; the girls don't have escorts with whom they may sit this or that dance out. Upon their arrival they move upon the floor and seldom leave it until the dance is over. Those who wear fancy cut-out shoes on their first visit, usually change to something more practical and defensive with their next trip. Those "G. I." shoes can do a lot of damage to dainty toes. And the girl who can "Jitterbug" should be preesnted the nation's highest medal for bravery. Her only defenses are speed, maneuverability, grace, endurance, and a smile as she is tossed from one soldier to another.

At the close of the dance after the farewells are said, the soldiers return to their barracks. Not so with the hostesses; they face that long ride back during the cold hour of the night, and although bubling over with talk as they leave the field, soon tired feet and the late hour brings a lull to the group and they fall in the the cramped arms of Morpheus.

To the young ladies who voluntarily come to entertain us, we cannot fully express our appreciation. We shall always remember your part in this war, and when we can no longer see your smiling faces, the memories shall help to goad us onto a quicker victory.

NAMES IN THE NEWS

One of the many guests that has visited March Field is Jeanette Rutland, wife of Sgt. Hershel Andre Rutland, a member of a March Field Aviation Eng. Bn. Mrs. Rutland is a favorite entertainers with the soldiers at the field whenever she comes to visit her husband, she always finds time to play and sing for the boys. She follows her husband from camp to camp and really does her bit in building the morale. Mrs. Rutland's home is in Shreveport, Louisiana, and she is a graduate of Wiley College, in Marshall, Texas, also a member of the Delta Sigma Theta Sorority.

POST OFFICE FACTS

"Better is a dinner of herbs when love is, than a stalled ox and hatred therewith." Proverbs 15:17.

There is no loyal American citizen who criticizes any government agency because he wishes to demoralize or destroy it. The average American merely wishes to offer constructive criticism. He realizes that all agencies need overhauling periodically. Any agency that fails to realize this must necessarily become antiquated.

In many cases men have been discouraged from offering suggestions. This has a bad effect in more than one way. It stifles ambition and builds up a barrier of resentment between employees and supervision. Many supervisors fail to realize this as a dangerous element. "As a man thinketh in his heart so is he." Men give lies with their lips while in their heart lies the truth. When men are encouraged to lend self expression how much enjoyable their work becomes. After all men are only overgrown boys, they never tire of experimenting. Sometimes their ideas are very good and some time not so good. Take a general average and it is found the percentage runs high.

Supervisors who are found to be incapable of handling there job should be demoted. Too often these men seek to hide their ignorance by a domineering attitude toward their subordinates. An intelligent leader appreciates and encourages new ideas. He realizes that capable an efficient men elevate him. Only leaders with an inferiority complex resent new ideas presented by their men. They fear the security of their own position.

As a result of post office organizations conferences held with the Postmaster General a letter was issued in the Postal Bulletin, April 29, 1943. This letter outlined a suggestion program and instructed all postmasters, supervisors, and postal personnel to encourage all employees to present new ideas. Every idea properly presented will be dated and sent to Washington. For particulars consult your postmaster or supervisor. The P. M. G. is to be congratulated for this forward step in the right direction.

Let us see how this plan has worked in private industry. Henry Ford has used it with amazing success for years. Three men namely George A. Annable, Taft Bell, and Howard W. Jollett, saved Vultee 57,216 man hours for building Liberators. Shipyards and other defense plants are using it very effectively. From personal experience I can tell Mr. Walker there is room for plenty of new ideas in the Post Office Department. Employees should take advantage of this suggestion as there may be an opportunity for advancement.

Friendship Musicale Is PTA Success

WESTSIDE HOME SCENE OF INTERRACIAL MEET

The Thirty-sixth Street School P.-T. A. wishes to take this means of thanking those whose efforts made their Friendship Musical a grand success. Especially do they thank those artists who so unselfishly rendered the very fine program.

Daniel Fernandez played two piano selections and Loria Ann Rhemm played three. Mrs. M. Smith, teacher, gave a reading of a sixteen-year-old girl's interpretation of the Pledge of Allegiance. Mr. Otis Rene played and sang several of his original compositions. Mr. Rosemond of motion-picture fame, accompanied by his sister, Mrs. Watson, sang two numbers, one of which was "A Perfect Day" by Carrie Jacobs Bond.

Miss J. Rose, principal, who by the way, is being transferred from 36th Street to the Crenshaw District, presented the outgoing past president, Mrs. G. Casler, with her past president's pin.

Miss Annela Rice, accompanied by Mr. Johnson, sang a composition of her sister, Miss Victoria Rice, of voilin fame. Later, by many requests, Mr. Rene rendered many of his old familiar numbers. This program was well received and enjoyed by those present.

Among the honored guests were: Mrs. D. W. Fisher, President, and Mrs. J. Doyle, secretary, of the Exposition Council; Miss A. DeCuir of the California Eagle, Miss L. Rose, sister of the principal, Dr. and Mrs. C. Ennis, Dr. I. Mitchell, Mrs. B. Arnaud, Mrs. D. Fernandez, Mrs. M. Carrere, Mrs. M. Fortier, Mrs. G. Helm, Mrs. A. Vande, and a host of others attended this function, which is the final gesture of the semester.

Much credit for the success of this affair goes to Mrs. S. Casey, chairman, Miss F. Hayden, co-chairman, Mrs. O. Rene, Mrs. V. Pickard and Mrs. M. Mitchell. The small open-faced sandwiches, made by Mrs. Rene, Miss Hayden and Mrs. Casey, were in all fairness a work of art. These were served with delectable cake, candies and punch.

Mrs. Gladys Rhemm, president of the association, at whose attractive home this affair was given, was declared an ideal hostess. Guests lingered long after seven which proves that the 36th Street P.-T. A. has scored again.

By HARRY MORGAN

I see where some New York psychiatrist has been putting in a few rounds with radio soap operas. They're the heatr-breaking serials that make housewives happy that their husbands only beat them occasionally. The soap operas go in for various kinds of murder, romance, sickness and people having offspring. The ladies like them better than a back fence gossip fest, but to this doctor they're about the worst thing that could happen to anybody. He listened to 10 of them a day for weeks. He didn't say how many floors he mopped or the number of dishes he washed while listening. The doctor may be rish—but I notice soap is still selling like hot cakes.

Oona O'Neil, the fourth Mrs. Chaplin, got a headline when she married the comedian because she loves him. Hollywood doesn't consider that as a reason.

Well, let's drop that subject and swing around to your own marriage. If you are making plans for being married soon—then you'll naturally want a lot of refreshments on hand for your guests. And the House of Morgan, 2729 Central Ave., can provide you with any and all the refreshments you need. We have the very finest of liquors, wines and beer—plus mixers, tobacco—in fact, everything to make your wedding party a huge success. So come over and pick up what you'll be needing.

Rieras Becomes Soldier's Bride

Miss Vera Rieras, daughter of Mrs. Beatrice D. Rieras of 1723 West 35th Street, Los Angeles, and Joseph H. Rieras of Houston, Texas, was married, June 27th, to Sergeant Rudolph A. Collins, son of Mr. and Mrs. Chris R. Collins of New Orleans, Louisiana.

S. M.'s Carter Has Anniversary

Last Sunday was a big day at Calvary Baptist Church in Santa Monica when the members observed the 4th anniversary of Rev. W. D. Carter and wife.

Many expressions were heard from the many departments of the church and much interest was manifested by each member. This church has appreciated what these two servants of God have done in the four years of service here. Appreciation was expressed not only in words but in the many lovely gifts presented to the pastor and his wife.

Among the many lovely gifts given was a new tailor made suit, costing $87.50, for the pastor, a hat made of currency for Mrs. Carter and a check for $377.46. Individuals gave personal gifts also.

Real Estate business is a profession, and should be dealt with accordingly. So here are ten points Real Estate business is a profession that might help. (Quote:)

Ten Commandments of Selling

1.—BE Agreeable. If your voice is disagreeable and your manner of speech indistinct, see specialists. And remember I like to be sunny, but I don't want to get freckles.

2.—KNOW Your Goods. And when you tell me anything, talk plainly. Most salesmen lack imagination. They cannot conceive of the extent of my ignorance.

3.—DON'T Argue. When you argue with a man, you are trying to push him. He may be weak and pretend to be convinced. Overnight he will change.

4.—MAKE It Plain. Get a grasp on the fellow with whom you are talking. Do not get out that little book that will puzzle him. Answer his questions without looking at your books, charts and tables.

5.—TELL The Truth. By the law of average, honesty gives the greatest profits. If you are working for a concern where you cannot tell the truth, quit and go elsewhere.

6.—BE Dependable. If you tell a man you are going to do a thing, do it if it costs a leg.

7.—REMEMBER Names and Faces. Don't call me Green when my name is Crane. I am sensitive about my name. Don't call me Mister if my title is Doctor. Don't call me Colonel, Major.

8.—DON'T Be Egotistical. I am. You must not be. Don't show off. You came to sell me something, not to make a good impression. Magnify my ego, not yours.

9.—THINK Success. Radiate prosperity. Do not mention calamities, dirges, operations, funerals. Be a Pollyana—without however being a bore.

10.—BE Human. If the company merely wanted to disseminate information they would use a catalog—not you. (Unquote). Income property in all its branches, as low as $1,000 down, and up, furnished or unfurnished. Phone PA. 1516 or PA. 8476.

Detroit Rioting Was Planned

(Continued from Page 3-A)

In fact ,it is dangerous nonsense, because it exonerates the Klan and the other fascists of their ilk, and for their attack upon the Negro people.

We are told by others that the war has nothing to do with it. It seems to me that this is also a grave fallacy as the war has everything to do with this insurrection. The final offensive against Hitler is on the immediate agenda of the United Nations. For the past several months, the fascists hordes have received one defeat after another. First came Stalingrad, then Guadalcanal, the Solomons, North Africa. The invincible fascist armies are receiving one blow after another. The fascist rats in Berlin, Rome, Tokio, Beaumont, Los Angeles and Mobile are desperate. From their points of view, talk about democracy and democratic rights has gone too far. Who would have thought the American fascist whine, that America would ever reach the point where the President of the United States would issue an order outlawing Jim Crowism in industry, or that an official agency of the American government would issue an order requiring the elimination of wage differentials based upon race? Who would have believed two years ago that an official of the United States Army would stand before 5,000 white workers, as did Colonel Strong, a few weeks ago, at the time of the Packard incident, and tell them that they were either going to work on a basis of equality with Negro workers, or that they were not going to work in any war plant in the country for the duration? These events have grown out of the imperatives of a people's war—as did the Emancipation Proclamation in 1863.

The American fascists are acutely aware of the fact that the destruction of the Nazi armies will be an irretrievable blow to their mission of seizing control of the American government, returning the Negro people to chattel slavery and destroying the last remnants of democratic government in the United States. If the Negro people clearly understand the oneness of their fight with the people of Africa, China, India, the Soviet Union, etc., how can it be argued then, that the home grown fascists are too stupid to see the oneness of their reactionary aims with Berlin, Rome and Tokio?

When the great people of Ethiopia cried for help in 1935, every democratically minded person demanded aid for Ethiopia. When the fascist legions of Berlin and Rome were hammering at the gates of Madrid in 1936, every believer in democracy with any understanding knew instinctively that the cry "They shall not pass," held true, not only for Madrid, but for Washington, Baltimore, Chicago, and Birmingham as well. If we understand as a people who our allies are and give our all to help them, we may be sure that the enemies of the Negro people in this country—the Klan, Martin Dies, Gerald L. K. Smith and Company—are fully aware of the fact that their colleagues in Berlin are being hard pressed, and that without immediate, extensive, and widescale assistance, the citadel of world fascism will be destroyed.

This, in my opinion, is the meaning and the warning of Detroit. The American fifth column has boldly launched a large scale diversion, of great military significance and value to the armies of the Nazis, within what they believe to be the weakest spot in our armor—the traditional prejudices that exist in this country. They are organized; they are articulate; they have large funds at their disposal. Unless they are isolated and crushed, they may be successful in carrying through similar uprisings in the country. Therefore, it seems to me, that the major and universal demand in this country must be for the destruction of the Klan and all organized centers of fascist conspiracy in the United States. Their leaders must be arrested and jailed. Their accomplices, operating from within police departments and holding high posts in government and industry, must be ferreted out. This is the responsibility of the Department of Justice and other Federal authorities.

But the American fifth column is powerful; their contacts and connections are many. Therefore the Department of Justice will never move against these groups unless organized labor, the Negro people, the Church, and every progressive group in the United States raise this demand. As a matter of fact, a major official in the Department of Justice told a delegation of Negro youths some time ago that the department had no basis for moving against the Klan as most of the members were law abiding citizens and good patriots. With such an opinion, it can be readily seen that the Department of Justice will not move of its own volition. The people must speak. We must speak as we spoke for the freedom of the Scottsboro boys and Angelo Herndon. We must speak today for the destruction of the fifth column, the Klan, and all organized centers of fascist conspiracy in the United States. The Department of Justice must be forced to act against these groups. Huge mass meetings in all parts of America, of white and Negro citizens, to demand the destruction of the fascist fifth column are urgently needed! Tens of thousands of communications should be sent to Washington with the demand—destroy the Klan! Wipe out the fascist fifth column! Hundreds of delegations to local authorities should be organized to demand that the Klan be outlawed. In the interest of victory and the unity of our nation, the Klan and all organized cesspools of fascist reaction must be swept from America. This is the grave warning of the Detroit insurrection.

ANNOUNCEMENT OF EDUCATIONAL ADVANCEMENT AND IMPROVEMENT

Professor Phillips is now seeking sponsors among The Best Minds of Today to aid him in bringing before The People His Invaluable and GOD SENT Mission.

Address all communications to Professor George W. Phillips, care of The California Eagle.

Professor George W. Phillips introduces himself at this hour (after more than twenty years of research) as being The Spiro-Electronic Messenger, founder and exponent o fThe Spiroelectronic Theory and Doctrine of Spiroelectronism.

Professor Phillips proclaims that Spiroelectronism is a doctrine which gives the tangible information and structure within the universe for the complete salvation of the soul and mind of human beings.

Whereas the unfoldment of the same does require much detailed and illustrative discussions, it be an invaluable system of reasoning things out for what they are and are not upon a tangible basis.

The Spiroelectronic Theory be not theory at all to the mind of immortality, yet to the mind of mortals, it cannot be rated more than a theory, but I do proclaim that I can propound and expound from the same so clear that a fool cannot err in conceivement to the same to be not less than a godsend.

Spiroelectronism was found through by scientific support, yet it be not the gift of science alone, but the gift of both science and revelations; or rightly quoted, be of revelations supported by scientific recordings, etc. It be the transcendent of all other religious doctrines, I am assured by the donor of the same.—Adv.

Sam Colemans Celebrate

The birthday party of Mr. and Mrs. Samuel Coleman, 4067 Trinity Street, Saturday evening, June 26th, was really a galla affair.

Mrs. Coleman is an active worker with the N. A. A. C. P. membership campaign drive.

The color scheme, red, white and blue, was beautiful and exciting. Candles lighted the table, on which was a big bowl of fern and deep red dahlias. On the buffet were white carnations and deep red snapdragons.

The party was served in buffet style. Games were played and prizes won by Mrs. Dorothy Price and Mrs. Julia Patten.

Pictures were made of the host and hostess, including all guests. Guests present at this lovely party were Mr. and Mrs. James Price, Mrs. Mary Ann Pete, sister of the hostess; Mrs. Julia Patten, Mrs. Ella Mae Whitaker, Mrs. Christeen Chaney, Mr. Jessie Mason, Miss Betty Jean Luste, Mrs. George Cowling, mother of the host; Mrs. Dorothy Mae Hughes, Mr. and Mrs. Jerome Williamson, and Mr. and Mrs. Samuel Coleman, the host and hostess.

Thrifty Drug Opens New Book Department

Thrifty Drug Store patrons will be glad to hear that an exciting department has been added to this already versatile concern. Thrifty has recently opened a brand new Book Department, and is now prepared to serve and suit the most captious literary critics.

For readers interested in "the news behind the news," there are such eminent titles as "Days of Our Years," by Pierre Van Passen, and "Only the Stars are Neutral" by Quintin Reynolds. Pre-war France is nostagically described by Elliott Paul in "The Last Time I Saw Paris." Reference books, too, are well represented — Webster's "Collegiate Dictionary," Roget's "Thesaurus," to say nothing of books by Thomas Wolfe, Thorne Smith, Leslie Charteris, Lloyd Douglas, and many others, equally famous.

The most pleasing thought is that Thrifty Drug Stores, in books as well as in all other merchandise, consistently maintains a policy of "value at a price!" Next time you're out on a shopping tour, take a little time out to browse around the Thrifty book shelves. They're books you've always wanted to own, we're sure you're be able to now, for each book is priced amazingly low.

LOVE AT FIRST SIGHT

In studying the pro and con of marriages and those who are happy, and those who are not, Prof. Herman has found that a good beginning sometimes makes a good ending.

In most cases we find that in the past, marriages were seldom a case of love at first sight. The average couples had known each other for a year or more and had been engaged for months. Then, it seemed that most everyone believed in long engagements.

In most instances young people can work out a marriage without a long engagement, even if it involves a lot of effort and sacrifice. The time to marry is when you have found the right individual, and every day delayed after that is merely a day of lost happiness which can never be replaced.

* * *

T. Y. Dear Prof. Herman. My home problems were beginning to be a constant source of trouble for me. I was worried sick with grief when I found your advertisement in the paper and decided to write to you. I took the advice you gave me and I have found a solution for my problems. Your wonderful work has helped me and my friends will hear of your work.

* * *

E. M. Should I leave him?

Ans. Concentrating upon your question, I find that you are suspicious of your husband's late hours, but your suspicions are unfounded. Going further into the matter, I also find that you are to become a mother and suggest that you put all of these other things from your mind and concentrate upon being a good mother and wife. If you will have a little more confidence in your husband, your marriage life will be much happier.

* * *

M. F. Will I be successful with my plans?

Ans. Your lucky stars and guiding planet indicate your being successful with the plans you have for attending school in the fall. You will find your work there very interesting and the students congenial.

* * *

B. W. What happened to my cat?

Ans. It appears to me that your cat met with an accident; it was run over by an automobile.

* * *

M. R. Dear Sir: Your letter brought happiness to my mind and you told me I should have good news soon and I received good news the same day. I am writing you for some of your wonderful products as I know that through them and faith in you, I will be successful in my undertakings.

* * *

B. M. A. Why doesn't my uncle send for us?

Ans. A careful analysis of your question reveals the fact that your uncle has not been financially able to send for you. You will hear from him within the next few weeks in regards to the whole family moving to California.

* * *

F. D. Who wrote my husband the letter?

Ans. The letter that you think was written to your husband was not for him but for someone else. Before you misjudge him in the future, thus causing a lot of confusion in your home, investigate the matter more thoroughly.

* * *

B. A. S. What are his intentions?

Ans. It seems that this young man's intentions are honorable. He wishes to marry you as soon as he is able. This may require a little time, but since you both love each other it is well worth waiting for.

* * *

B. B. B. Who took my gun?

Ans. Probing into the matter, I find that your gun was stolen by one of your friends. You made the mistake of telling when and where this gun was and they took advantage of this information.

* * *

T. B. Where does my husband spend his time after work?

Ans. Your husband is interested in being an air-raid warden and goes to the library getting all information he can in order to advance himself in that respect.

"AN UNUSUAL MAN"

By Coley W. Stafford

During my lifettime I have known rather intimately many employers, executives, public officials and politicians of the Caucasian race but I wish to introduce herewith a gentleman of that race who in my opinion towers highly above them all.

In the matter of simple fairness in dealing with persons of the minority race. I refer to William (Jim) Burns, a high Catholic churchman and currently the superintendent of Federal Works Agency, public buildings administration. It has been my pleasure during the existence of the WPA throughout its entirety to work with this man and I have been deeply impressed with the broad sense of fairness toward the so-called persecuted races.

Hence I made an attempt to ascertain the reasons for his willingness to put himself on the spot in behalf of these friendless individuals or groups. Whereupon I discovered the manifestations of which I described, to be merely a natural religion to him. In these terrible times where racial tension appears to be approaching a danger point, it is too bad that such a man as Jim Burns cannot have a larger sphere of influence in the matter of personal relationship in our state or nation, a field wherein he has no pere.

God grant that this opportunity will be his during this world crisis.

AWVS NEWS

Last week-end, a bus full of AWVS members and friends, made an overnite trip to Camp Lockette, leaving L. A. Saturday afternoon at 2:00, and returning to the Center, Sunday evening at 6:00. A grand time of horseback riding and other outdoor sports, was enjoyed by all. Not to mention the delicious meals and lovely dance.

Sunday, June 20th, the Utility Club of Bethel A. M. E. Church invited the servicemen and friends to one hour of services for their Pew Rally. Special guest was Capt. White, speaker for the evening, was Rev. J. C. White, and music by the Bethel Choir under the direction of Lt. Leslie King. Mrs. F. A. Watkins, of the Program Committee, (also an AWVS member) took a group of servicemen from the AWVS Center to the affair.

As usual, our ever dependable members, Sister Ada Russell and Mrs. Lucille Henderson, are serving breakfast to the servicemen on Sunday mornings at the Center. These women deserve a rising vote of thanks!

Friday nite, June 25th, the Five and Over Charity Club had charge of the Snack Bar and served coffee, punch, sandwiches cake and cigarettes. Special guests were servicemen from Camp Anza.

Sunday afternoon, June 27th, the Fleur-De-Lis Club gave a very beautiful Talent Tea for the benefit of the AWVS, at the Center, from 3 'til 8 p. m. Alma Travers gave a vocal number, also Richard Dudley (formerly of Fletcher Henderson's orchestra), and Samuel Kelley; Libby Taylor (of movie fame) gave two dramatic sketches, Miss King Frazier gave a vocal selection and a piano number, Jerry Harris (an AWVS member), sang and danced, Virgil Johnson gave two classical piano renditions.

Al Smith of the U. S. Navy, gave a piano selection. Miss Clara Lewis accompanied all vocal numbers at the piano, and rendered a vocal number. Delicious sandwiches of all varieties were served at the Snack Bar, also punch, coffee, cakes and cigarettes. There were several popular celebrities in the large audience, also many servicemen. At the close of the evening, Mrs. Pearl Toney, president of the Club, contributed ($41) forty-one dollars to our Chairman, Mrs. Maurine Browning, which was the grand total of Silver Subscriptions.

The following is one of the many letters of thanks from the servicemen we entertained a few weeks ago:

We wish to thank you again and again for a lovely time. Loads of thanks to you, Mrs. Browning. You are a nice person to know and you can bet, that you and your girls, have made every one of us happy. We hope that some day, you will be rewarded, so just keep up the good work. We are fighting for people like you.

Lieut. F. Wagner, Commanding Officer of the 1022 Nd. Q. M., also joins us in sending his thanks.

Yours truly,
Sgt. Smith

All the AWVS members wish to thank the following persons for their generosity: Dr. F. T. Moore, Dr. Jefferson Fowler, Mrs. Edith Spencer Brooks, Ruby Barbee Wilson, Mrs. Susie Anderson, Sister Ada Russell's Bible Class, the Fifth Avenue Girls, the Five and Over Charity Club, and the Fleur-De-Lis Club.

Mrs. Lena Kirk, Chairman of the Workshop, is asking for volunteers to help with the sewing on Wednesday afternoon from 12:30 'til 6:00 p. m. If you can spare at least one hour, your aid with be greatly appreciated. Anyone having a croquet set, or horseshoes to donate to the Center, please call ADams 1-5862.

To the ladies: our boys need your discarded jewelry, to use in trade with natives on strange islands. Sometimes they are on a ship wrecked island, or wounded on strange native land and unable to speak the native language, the jewelry is used to speak for them, and has saved many lives. So, bring your discarded jewelry to us, for them.

ANCRUM'S SHOP CLOSED FOR REPAIRS

Ancrum's Dress and Uniform Shop, located at 4059 South Central Avenue, AD. 4976, will be closed for repairs from July 2 to July 28th. We wish to extend sincere thanks to the many patrons responsible for our success.

Since many of our customers have gone into war work, wearing pants now, instead of uniforms, we have put away our stock of uniforms, for the duration of the war.

Watch for our reopening July 28th! We will be back with new stock.

Fewer accidents at the home front mean more guns and tanks at the war front.

GREW UP IN WATTS

The pair, both 23, are said to have grown up in the little Watts community.

The home they were forced to live in is an eloquent plea for city housing projects and the break-down of property race restrictions.

Married in 1937, the Jacksons were apparently happily wed.

CORONER'S INQUEST

Testimony at a coroner's inquest yesterday morning brought out the fact that neighbors of the pair had heard Mrs. Jackson say three times, "I'll kill him."

It was further disclosed that just after the shooting she rushed to a friend's, gun in hand, sobbing.

She was held to answer.

The woman is the daughter of a respected Watts citizen and has enjoyed a fine reputation.

serving as witnesses against the defendants.

The three men were arrested Sunday, May 23, out of a crowd which milled around 852 East 52nd place following the shooting of Lenza Smith, Negro war worker, by Police Officer Paul Van DeBogart. Smith, participant in a poker game at that address had assertedly resisted arrest after a car he drove had grazed the policeman's. Smith was returning to the 52nd place house to collect a gambling debt when the auto mishap occurred.

Scores of persons gathered around the scene, decrying what they felt had been an unjustified fatality.

Van DeBogart was later exonerated by the county grand jury.

BEATEN AT STATION

Harrison one of the three men arrested at this time on a charge of inciting riot was taken to the Newton street police station, where he was struck in the jaw and cursed by an officer later identified by Harrison and another witness out of a room of thirty policeman as Det. Cecil Woods.

An EAGLE reporter was on hand and witnessed every phase of the identification, which was clear and conclusive. Immediately following the show-up of detectives, Woods was served with papers to appear before the county grand jury.

He has never made that appearance.

NAACP, VICTORY COMMITTEE DEMAND ACTION

In a joint statement yesterday, the NAACP, sparked by Thomas L. Griffith, jr., and the Negro Victory Committee, led by Rev. Clayton D. Russell, demanded immediate completion of the investigation into Harrison's beating and promised vigorous action in support of that demand.

Attorney Crispus Wright, Jr., representing Harrison and Watson, and Atty. David Williams, representing Johnson promise to take their cases to the highest courts. First step will be to the appelate tribunal.

and long range issues discussed with the governor were the wanton shooting by State Policeman Ted Anders of Julian Witherspoon, 26-year-old medical student in the St. Antoine Y. M. C. A. June 22, the alleged looting of homes and apartments of Negroes by state policemen, the critical food situation in the Negro areas on the east and north side, the wholly disproportionate arrests and convictions of alleged Negro rioters in contrast with white rioters, and the failure to use Negro soldiers, state troopers and city police. Specific methods of attack on each of these problems were worked out by the conferees.

Los Angeles

(Continued from Page 1)

Race riots are demonstrations. There is nothing "inevitable" about them. And order must make its demonstrations first, and seize the streets first, if it really wants to control them.

That means work. It means (or should mean) local radio speeches by every mayor in America, telling the populace what to do in case of threatened disorder. It means discussion of the problem in every church, union meeting, business luncheon, school, army camp, lodge meeting. It means a deliberate, nationwide campaign to build up a public impulse which will result in the instant surrounding and shouldering of any wouldbe hoodlum, anywhere, the moment he begins his activities, whether with half-bricks, lead pipe or spoken word. It means destroying the rioter's faith that he has social approval. It means making him as lonely as he thinks his victim is. It means going back to the people for our answers, as we always must.

MMES. BUSBY, ROWE ENTERTAIN VIVIAN MARSH

Among the many social courtesies tendered to Mrs. Vivian Osborne Marsh, Grand Worthy Matron of the Golden State Grand Chapter, Order of Eastern Star, during her recent sojourn in the southland was the luncheon by Mrs. Allie M. Busby at her residence, 724 Clanton street, with Mrs. Olivia J. Rowe as cohostess.

The decorations throughout the home and of the beautifully appointed and well-laid table carried out the floral scheme of the Eastern Star and a most delicious repast was served.

Covers were laid for the honored guest, and her charming mother, Mrs. A. M. Osborne, and Mesdames Marion Evans, Venita Evans, V. P. Lewis Rowe and Busby.

Mrs. Busby is the Worthy Queen of Sheba Chapter No. 7, Mrs. Rowe is serving that organization as secretary, Mrs. Marion Evans as Adah and Mrs. V. Evans and Lewis are past matrons of the same body.

Suicide, Not Murder Proved

What had at first baffled the police and had set the whole community wondering, was cleared up last Friday after a five-day investigation in to the violent death of Mrs. Mary Price Johnson, 23-year-old defense worker, at her home, 1615 E. 109th Street, Saturday, June 19.

The pretty young mother, wife of Walter Johnson, post-office employe, was found by her three-year-old daughter, shot through the heart, lying across the bed in her bedroom.

No inquest was held and the body was released to South Los Angeles Mortuary. Funeral services were held last Friday from Grant Chapel, Watts. Relatives and friends alike with whom the young mother was quite popular were greatly shocked by the tragedy made the more poignant by its nature and suddenness.

Neither the mother, Mrs. James Price, 1922 Pace Avenue, or the husband were at first willing to believe that the dead woman had committed suicide, because of the location of the death weapon, a revolver. The belief that an unknown assailant had fired the shot was caused when the death gun was found on the other side of the bed, on the floor. But it was revealed that the fall of the stricken woman, and the force of the charge would have contributed to throwing the gun out of the victim's hand to where it fell. Its entanglement with bed-clothes, would have smudged the fingerprints so that they could not be identified as hers, declared the report of the coroner.

Motive for the apparently happy woman's rash act was said to have been that she had been informed by her physician that she had contracted tuberculosis. She worked as a riveter at North American Aircraft plant, but recently had stopped work, when she became ill with pneumonia. That she had carefully planned her self-destruction appears from the fact that the gun, which was her husband's, had been missing for some time, and that she had that day cleaned the house and put it in order with more than her usual care.

EVELYN BRAXTON IS CAPITAL BRIDE

A marriage marked with wartime simplicity was that of Miss Evelyn Marie Braxton, daughter of Mrs. Marie Braxton of San Pedro, who became the bride of Rudolph Holt Miller on June 6, in Washington, D. C.

After the wedding Dr. and Mrs. Albert Hughes gave a delightful reception in their home where a few close friends attended. Among other affairs given for the newlyweds was a smart dinner party given by Mr. and Mrs. John P. Murchison.

The bride is formerly of Los Angeles and for the past year has been employed by the War Manpower Commission. Mr. Miller is connected with the National Capital Housing Authority.

Boys Bomb Pantelleria

(Continued from Page 1)

they did not have much chance to show their ability in a test of strength against enemy fighters. During that time they were fired on only once and when they turned toward the enemy aircraft, the latter fled.

June 18, First Engagement

On the late afternoon of June 18, came the first engagement in the air. A flight of six P-40's led by First Lieutenant Charles W. Dryden, 22 years old, of 800 Home Street, Bronx, New York City was attacked over Pantelleria, then in Allied hands, by a force of twelve German FW 190's trying to raid the island. Ten more German fighters hovered above to protect the bombers which the FW 190's were escorting. In a lively encounter the American Negro flyers parried the Nazi thrust, damaged two of the German fighter planes and forced the remainder to retreat.

First Lieutenant Lee Rayford of Ardwick, Maryland, said he was more surprised than alarmed when his wing was struck by machine gun and cannon fire in this, his first flight under the guns of enemy aircraft. He brought his ship back safely.

Lieutenant Colonel B. O. Davis, Jr., Commanding Officer of the squadron said, "It was the first time any of them ever shot at the enemy. They gave a good account of themselves considering the odds against them and, most important, they all came back safely."

Lieutenant Dryden who left City College, New York, where he was an engineering student, to become a pilot, said he thought the fight would give the flyers the confidence they needed, the confidence that could not be gained by mere training.

First Lieutenant Sidney P. Brooks of 3009 East J Street, Cleveland, Ohio, sighted the enemy fighters above his formation and warned the others just as the FW's dived to attack.

"They attacked in formation of four," said Lieutenant Dryden, "and we counted twelve coming down on us. Another ten stayed above as high cover for the enemy bombers. We turned into them and they made diving attacks on us individually. When they started back up we went with them and they began a wide circle, with us after them. Then they broke off and climbed above us and stayed there waiting for another chance to dive on us. We stayed around until the controller ordered us home."

Second Lieutenant Willie Ashley, Jr., of 212 West Bartlett St., Sumter, South Carolina said his gas needle pointed to empty when he finally landed. The other planes were all low on gas also.

Lieutenant Rayford said his plane was hit while he was firing on two FW 190's. "While I was after the two," he said, "a third one got on my tail. That's the first time I've ever been shot at."

The Americans were too busy to get a close shot at the bombers although Lieutenant Dryden fired one fleeting burst at one of them. They were unable to state whether the bombers had reached their objectives but Lieutenant Rayford said he saw at least four bombs strike the water without doing any damage. Besides Lieutenants Dryden, Rayford, Ashley and Brooks, pilots participating in the engagement were Second Lieutenant Spann Watson of 122 J St., Hackensack, New Jersey and Second Lieutenant Leon C. Roberts of Murphy and McGee Streets, Prichard, Alabama.

An advantage that the squadron has over many others is that nearly all its personnel, commissioned and enlisted, has worked together since the outfit was formed in 1941.

The pilots are enthusiastic in their praise of their P-40's, said Lieutenant Dryden. "I can honestly say I'd rather fly the Warhawk than any other ship I know of," he added.

Most of the pilots are college-trained, while a great many of the enlisted ground crew have had civilian training in flying and aircraft mechanics. The knowledge thus gained has in most cases been polished at air corps technical schools in the United States.

an anti-climax to a complete conquest of the city of Seattle, where she had just completed a seven-day run starring in Gershwin's "Porgy and Bess," Miss Ruby Elzy gave out with an impromptu song-concert foir soldiers at the only all-Negro post here last Sunday morning.

Beginning with the "Lord's Prayer," the internationally known songstress touched the heartstrings of the men by singing request spirituals while they themselves furnished the background of humming and harmony. She was to have concluded with "Summertime" from Porgy and Bess but instead finished in tears as she and the boys sang "Swing Low, Sweet Chariot."

RUSSELL SPEECH

(Continued from Page 1)

raped by a Negro had been untouched, according to a Beaumont physician's report, the minister said. Yet, he stressed, organized gangs of hoodlums, probably paid off, were ready to take up the lynch cry, kill Negroes and burn the Negro district to the ground.

The fact that Beaumont daily papers themselves have condemned the riot as fifth column incited, he said, indicates the strength of the conspiracy against Negroes in the nation today.

WHAT WE MUST DO

"We must answer organized attack with organization and unity. We must understand that the day of individualism is gone, that individual leaders no longer count, that unity of the broad masses of all minorities and all patriotic Americans is the only guarantee of freedom for the Negro people or victory for the nation.

"We must demand the unity of the Negro press on the vital issues which effect our people today. The press is a powerful weapon in moulding public opinion. It must speak to our people in one voice.

"A recent demonstration of disunity was the attack of one newspaper upon another on the grounds of assertions made by the notorious Jack Tenney committee. Yet the Jack Tenney committee is the sworn enemy of the Negro people and all minority groups. Can't we understand that the mission of that committee is to divide and weaken the Negro people? Can't we understand that Negroes can no longer afford to fall into such traps?"

UNITY OF CHURCH

"Secondly," Russell continued, "there must be a fast unity of the Negro pulpit.

"We ministers come into contact with more thousands of the rank-and-file of our people every day than any other force in the community.

"It is our responsibility to unify around a program of unhesitant militance in the support of the war effort and the demand of our people to serve that war effort on a basis of total equality."

UNITY OF MINORITIES

"We have learned a great lesson from the recent rioting. It has welded us ever closer to the Mexican community of this city. That is good, for one of the clear requisites for victory is the unlimited unity of all minority groups, Jews, Chinese, Negroes, Mexicans and the oppressed people of the world."

DEMANDS LISTED

Russell listed the following demands as the immediate campaign of the Negro community in Los Angeles:

1. A conference of daily press publishers, police officials, defense plant personnel managers and ministers at which a vigorous educational campaign may be launched to combat the fifth column incitement to riot which seizes upon every prejudice of our people to serve Hitler's end.

2. Negro leadership must bury all hatchets, for when riot bullets fly the big-shots and the little shots fall together.

3. We must demand repeal of the Chinese Exclusion Act, barring citizenship to Chinese-Americans, in support of the action taken by the Federal Council of Churches.

4. We must weld fast unity with the Mexican community.

5. We must demand, as an IMMEDIATE action, that the war department investigate all personnel in command of Negro troops to weed out prejudiced officers who are psychologically unfit to train Negroes.

6. We must demand full protection of Negro troops in the South or urge that colored troops be accommodated in Northern areas.

Patient Thanks Doctor, Nurses

Clarence Hamilton of 1639 East 33rd Street, victim of a hit and run driver, is resting as well as can be expected in the Los Angeles County General Hospital, according to a report recently received from his wife, Mrs. Margie Hamilton.

In the hospital for almost three weeks, after being injured near 4th and Gless Streets by a hit and run driver, Clarence Hamilton and his wife said, "The nurses and doctors at the Los Angeles County General Hospital are the most accommodating people we have ever seen.

"Those whom we especially wish to praise and thank for their kindness are the head nurse, Mr. F. Conals and Mrs. May Caldres, Mrs. Margruder and Mr. ac, the nurse who attends to the patients bedding.

"We wish to thank all of these people who are in the 4800 Ward of the L. A. County General Hospital. We think they are all very nice people. Those whose names we did not mention will not feel hurt, we hope, for we simply could not get their names."

manding OWI action against the Hearst press and other papers which have been notorious in their incitement of race riots.

SMITH-CONNOLLY BILL

Poll-taxer Tom Connolly's anti-labor bill was jammed through both houses this week over the President's veto. As Mr. Roosevelt pointed out in his veto message, the measure goes far to stir labor strife rather than to prevent strike outbreaks.

FOOD PROGRAM HIT

The House, where rampant disorder prevailed, also passed a bill cutting off appropriations for the Office of Price Administration food subsidy program.

This means that housewives will have no protection against soaring food costs unless the Senate reverses House action on this measure.

Political observers here interpret the Congress action this week as part and parcel of the fifth column drive to block allied war strategy, prevent a second front in Europe, and preserve Hitler's Europe to fight another day.

Seriousness of the situation was stressed. The grim memory of France, betrayed by its highest elected officials, hung before the eyes of those Washington elements fighting back the tide of Congressional reaction.

AIMED AT ROOSEVELT

It was pointed out here that the poll-taxer fifth column must be stopped in its tracks and that the task of Negro-America during the summer congressional recess is to build up a terrific national campaign in support of the anti-poll tax bill and secure its overwhelming passage in the next Senate session.

WOMAN'S DAY VICTORY TEA

A Woman's Day Victory Tea sponsored by enlistment officers Mrs. Hallie Randall, and Mrs. Snody Winlock of the First A. M. E. Church, will be given this Sunday afternoon from 3 to 7 p.m., at the home of Mr. and Mrs. Richard J. City, 956 East 23rd Street.

The public is cordially invited to attend.

Madeline Lindsey Surprised On Birthday

Madeline P. Lindsey was the honoree Tuesday evening at a surprise birthday dinner at the home of the host, James Cookie, well known florist, 511 E. 46th street.

Escorted by William E. Timms, the honoree was overcome by the occasion when a ruse to get her to the scene of the affair worked successfully.

Guests at the dinner, prepared by Mary E. Cooke, sister of the host, included Audrey Davis, Timms, the honoree, Mr. and Mrs. J. Cullen Fentress, and Mae Delle J. Riles.

CLUB WOCONSI

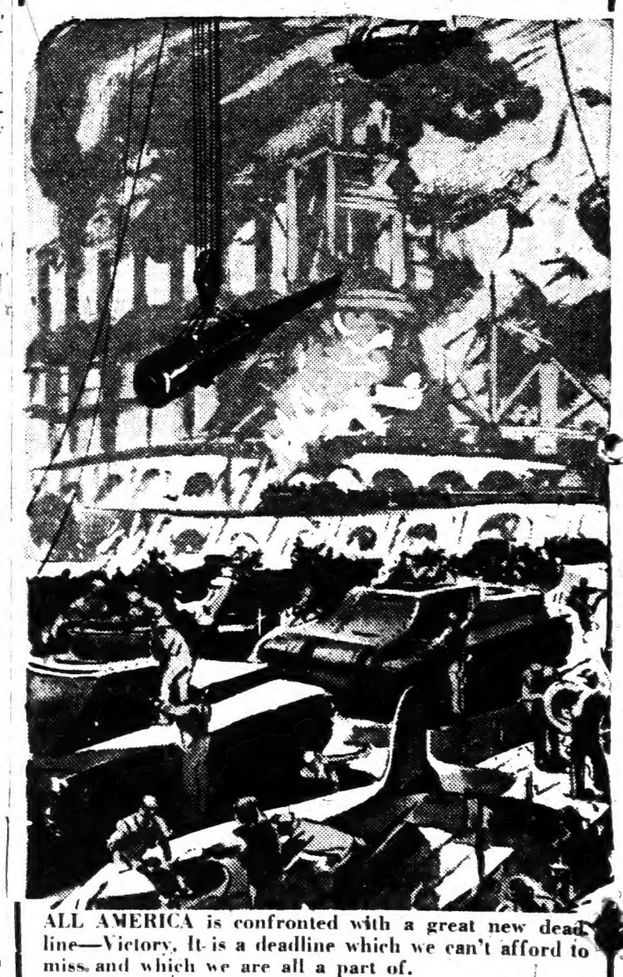
At Camille's Party Den, 9 p.m. Sunday, June 27th, the newly elected officers of Club Woconsi were installed in a very beautiful and unique ceremony, called "A bouquet of flowers," by Mrs. Esther T. Greenly.

New officers are Mrs. Anna Russell, president; Mrs. Agnes Fry, vice-president; Mrs. Henrietta Clark, secretary; Mrs. Alma Sims, treasurer; Mrs. Thelma Lee, financial secretary; Mrs. Esther T. Greenly, parliamentarian; and Dorothy S. McDonald, reporter, Mrs. Anna Washington is the club mother.

Mrs. McDonald and Mrs. Irene Caldwell, the outgoing officers, were presented with substantial gifts of money from the club.

Several friends witnessed the installation.

Mrs. Russell, the new president, is an active member of the Alabama State Club, and also an active church worker.



Mrs. Fry, the new vice-president, is an active worker in the Catholic Church and belongs to several bridge clubs.

Club Woconsi will go steadily ahead with these two very capable women as its leaders, and with the very efficient Henrietta Clark as its secretary.

Dorothy S. McDonald, reporter.
